

Alvo Department

Attorney C. D. Ganz was looking after some legal business at Nebraska City on Wednesday of last week. A number of the young people of Alvo were over to Linomg Beach on last Saturday, where they enjoyed a swim and were recompensed for the trip.

Scott Jordan, of Lincoln, was in Alvo last Wednesday afternoon, having driven over to visit with his mother, Mrs. C. R. Jordan, and other relatives and friends in Alvo. A little daughter of Simon Johnson has been feeling quite poorly for some time, but under the careful treatment of Dr. Muier, is making much progress toward recovery.

Mrs. A. B. Stromer and Miss Marie Stromer were over to Lincoln on last Wednesday afternoon, where they were looking after shopping and as well visiting with friends for the afternoon.

John Nickel, with the required assistance, was stacking his wheat, thinking it would in the end come out better, notwithstanding the fact that it would entail considerably more work.

Robert Garcia, while working on the Rock Island, had the misfortune to get one of his fingers between a pinch bar and the rail, with the result that he is carrying the member bound up until nature can mend it.

Uncle Joe Parsell and the good wife enjoyed a visit at the home of their son, Ray Parsell, south of Elmwood last Sunday. Ray coming over with his car and taking them home with him and also bringing them back home.

Mr. and Mrs. C. F. Rosenow were over to Waverly on last Tuesday evening, where they went to enjoy the evening with their daughter, Esther, now Mrs. Roy Clarke, who resides four miles from Waverly. A very pleasant time was had.

Mrs. L. Meier, who has been at the hospital, where she underwent an operation for the restoration of her health, was able to return home about a week since and is reported as getting along nicely, which is good news to her many friends.

Marvel Skinner and Edith Robertson attended the 4-H Club camp at Bellevue August 5th to 11th. The leader, Miss Lucille Christenson, was unable to go on account of her recent accident with boiling water, in which her face and arms were severely scalded, so her mother accompanied the girls.

John Woods has been looking after things on the farm of late, and has secured Mrs. Pauline S. Rosenow to assist in looking after the business matters at the store while he gets some needed repairs done on the farm. Mr. Woods was fortunate in securing so capable a salesman for the work which he has to do.

Believing in getting the very best when he is making a purchase, F. E. Dickerson, when he desired another car, made purchase of the latest model Chevrolet, and something which brings most for the price paid, bought a two door sedan, and is liking the new purchase very well, he making it through the Ashland distributing station.

John Elliott was in Omaha on last Monday and while there purchased a new line of cats, which he had shipped to Alvo and driven to his farm near here and which he is putting on feed, to be returned when finished to the market there. Mr. Elliott is one of the best and most experienced feeders in this portion of the state and has been very successful in his feeding operations.

The Rev. H. T. Chenoweth, a brother of Rev. R. H. Chenoweth, of Alvo, and accompanied by the good wife, drove in from their home at Morrison, Illinois, last week and were guests at the Chenoweth home in Alvo for a number of days. Rev. H. T. Chenoweth is pastor of the Methodist church at Morrison and is taking his vacation and made it a point to visit the brother and family here for a short time.

Has Good Return in Wheat
The threshing, especially of the wheat, has about been completed in the neighborhood of Alvo, though some oats remain to be threshed, and the returns show very satisfactory yields, though on account of the continued rains, there was much moisture during a portion of the time in the grain, which was otherwise excellent. The moisture and the pressure of the grain on the market has had a rather depressing effect on the price of the cereal, which has broken over fifty cents from the high point of the middle summer. The elevator of Simon Riemeyer will have handled about seventy thousand bushels of this grain by the time all the deliveries are made.

Only One Year from Eighty

Thomas Stout, the veteran veterinarian, and one of the hale and hearty nearly octogenarians of this vicinity, tells us he will celebrate his 79th birthday on August 25th, and is feeling pretty well, thank you. He has lived in the vicinity of Alvo for 52 years and came to America in 1876, landing at Pittsburgh, Pennsylvania with a partner, they having between them just 80 cents. Mr. Stout likes America and says that notwithstanding his years, he would shoulder a musket should one day attack this country and it need a defender. We sure like the loyalty of this excellent citizen and his way of expressing it.

What Do You Think of Alvo?

You have selected Alvo as the town to make a home in or near, and you had some sixty thousand other towns in the United States to pick from, so why did you make this selection? There is surely some good reason for your wise choice. Sunday, August 19th, the Rev. R. H. Chenoweth will take for his subject of discourse the topic, "How Near is Alvo an Ideal Community?" Come and hear this subject discussed and know what there is deficient in the town, if anything, and also learn what to do to make the town better, and in fact the perfect community in which to live.

Taking a Rest Last Week

Art Dinges, who is forever on the job and working all the time, and not just putting in time, thought he would take a little of the much needed rest, and so took a vacation last week, and with Mrs. Dinges was visiting friends at a number of places in the state, going first to Central City, where they have relatives.

While they were away, the Rev. R. H. Chenoweth and A. B. Stromer were looking after the work at the garage.

Reduced Air Mail Rates

The new air mail rate which became effective August 1st, is 5 cents for the first ounce and ten cents for each additional ounce between any two points in the United States. This rate includes postage to and from air mail route.

Lincoln air mail arrives at 10:45 a. m. and leaves at 2:45 p. m.

The final dispatch direct from Alvo to Omaha to make connections with air mail planes for all principal cities of the United States is Omaha and Colorado Springs Train 6, leaving Alvo at 1:53 p. m.

PAULINE ROSENOW, Postmistress.

Busy Despite Hot Weather

The food judging team, Clara and Irene Rueter and Edith Robertson, of the Sunshine 4-H Canning club, of Alvo, judged foods at the Johnson home Monday afternoon, August 6th. The girls judged muffins, cookies, canned carrots and pineapple. Miss Jessie Baldwin, the home agent from Cass county, coached the girls. She explained the club's system of judging, then added, "Girls, everything is right here in the lessons. It is up to you to study them, then practice." Outside of canning club meetings, the girls have done no public judging. They will compete at the food judging contest at the Junior Fair at Eagle, Wednesday, August 22nd. The three highest scoring individuals from the county will comprise Cass county's official food judging team and will compete at the state fair.

Genevieve Dougherty and Marvel Skinner, the club's demonstration team, demonstrated on canning. As critic, Miss Baldwin offered a few helpful suggestions.

Charge Fraud in Primary in Missouri

Defeated Dry Candidate Declares Wet and Not His Colleague Won Closely Contested Balloting

St. Louis, Mo., Aug. 10.—David M. Proctor, dry candidate who ran third in the republican senatorial primary race, tonight wired Nathan Frank, wet, who placed second, that "wholesale frauds" were practiced in Kansas City in the election, and that Frank is "in fact and in law the republican senatorial nominee."

Frank was defeated by Roscoe C. Patterson of Springfield, a dry, by a plurality of 7,156 votes in returns from 3,562 precincts out of 4,143. The vote was Patterson, 99,206, Frank 92,050, and Proctor 80,763.

Proctor, who is in San Antonio, Tex., charged that the Kansas City election and police machinery and "a certain newspaper" stole from Frank and from himself 10,000 votes, and "literally gave an equal number in a lump to Patterson."

Proctor's telegram to Frank follows in part: "Permit me to congratulate you on your race and on your victory. I say victory because you are in fact and in law the republican senatorial nominee, and resort to the primary contest statute which I had the honor to write, would reveal the truth of my statement."

It would also expose the perpetrators of wholesale frauds. In Kansas City the election machine, the republican election and police machinery, and a certain newspaper * * * conspired and worked together for your defeat and mine, and for the nomination of our nearest competitor.

"The same crowd stole * * * from you and me 10,000 votes and literally gave an equal number in a lump to Patterson.

"To accomplish this miscarriage, many methods were employed, but the commonest was certifying of votes which were not cast at all. I am reliably informed that in one precinct 525 votes were certified, yet only fifty human beings entered the polling place during the entire day."

Frank was in Asbury Park, N. J., tonight.

Kansas City, Aug. 10.—Dr. Frank B. Hiller, chairman of the board of election commissioners of Kansas City, said tonight that he had heard rumors of irregularities here in Tuesday's primary election, but characterized them as "just talk" when informed of the charges of David M. Proctor, defeated candidate for the republican nomination for United States senator.

Frank, in a telegram to Nathan Frank of St. Louis, also defeated in the senatorial contest in which Roscoe C. Patterson of Springfield was nominated, charged "wholesale fraud and vote stealing" had been practiced in Kansas City.

Dr. Miller said that should the board be confronted with specific charges it would investigate the matter completely.—State Journal.
