H. W. Tool, E. W. Thimgan and a number of the boys were trying their luck at fishing during the middle of last week, when the weather was so warm that it was difficult to do anything else.

the station can be opened as soon as all the buildings have been completed.

On last Sunday Postmaster L. B. Gorthey and family, accompanied by Mrs. George Vanderberg, were over to Murray, they taking their supper with them and visited the Murray bathing beach, where they took a dip in the cooling waters, and later in the pleasant shade nearby ate their supper before driving home.

**Red Calves Gone.**

**Children Visit Parents**  
Mr. and Mrs. G. V. Pickwell have recently been enjoying a visit from their sons, Gayle Pickwell, who is teaching at the Teachers college of San Jose, in California, and will remain for about a month, and Glen and wife, of Chicago, who, after being here for two weeks, returned to their home last week. Their daughter, Mrs. Eva McRae, has also been visiting here and was met by the husband with the car, they departing last week for their home. Then John Paul Pickwell, the other son, was here for a short time, as he was united in marriage on last Saturday at Ainsworth, at the home of the parents of the bride, who was Miss Harriett Admire, they coming to Murdock and with Henry Angwert departed for a two weeks' trip to Yellowstone park. John Paul will teach at Howells, Nebr., this year.

**Attend Lutheran Trinity Church**  
Having no preaching service at Murdock, the pilgrims enjoyed a fine treat at Lutheran Trinity church last Sunday. It being the regular quarterly communion service, some fifty members partook of the holy sacrament. The Rev. G. A. Zach gave a very searching exhortation, especially to the young communicants, which made a visible and deep impression. We were especially impressed with the fine order in which the people went to the altar, only eight at a time. Others could take a lesson from this, and it would improve the service very much. The crowding of the people to the Lord's table, should by all means be abolished; it is not a dignified or a reverent way.

Thus was spent a very profitable and joyful day. L. NEITZEL.

**Well Equipped for Work**  
Dr. L. D. Lee has just recently purchased and installed in his office and has it portable, so he can carry the apparatus to the homes when necessary, a machine which is used for the removal of tonsils. This machine, which is electrically equipped and administers ether and at the same time removes all effects from the bleeding which is always inseparable from an operation of this kind, and by this apparatus the operation can be performed at one's own home with all the expediency and care that it is possible to receive at the hospital, where many are taken for treatment.

On last Wednesday, at the home of W. T. Weddell, Dr. Lee removed the tonsils of Miss Irene and also those of Miss Dorothy Gorthey, and with as much ease as is afforded in the best regulated hospitals, and without pain. True, there is no guarantee that the throat will not be sore the following day, for such is the case always, but the length of time required for the healing is just the same as though one were in the hospital. Dr. Lee is provided with a room at the office for patients to remain until they can return home if they wish to have it done there, and where the operation is performed in the home, they are there for the care of the home folks.

**Will Have New Business**  
The Golden Rod Cream company, of Lincoln, has rented the building of E. M. Shatto and are to establish

a cream station therein. Mr. Shatto has had the building placed in excellent condition, the interior decorations being the very finest (?) as a result of the execution of the eminent decorators (?) Otto Elchoff and Henry Heinemann. Anyway, it will be serviceable for the conduct of the business and that is the matter of prime importance.

**Bushberry Old Settlers**  
The fourth annual reunion and picnic of Bushberry school district took place Sunday, August 12th. With ideal weather, some 200 people were present, and an abundance of food prepared by the ladies, the music furnished by the Zox orchestra, the singing by the 4-H club ladies, speaking by Frank Lynch, of Lincoln, Rev. Chenoweth, of Alvo, and your humble scribe, made the occasion one not soon to be forgotten.

We would mention the readings by Mrs. John Weichel, "Reminiscences of Bushberry" and another reading, "Our Neighbor," by a lady whose name we did not get, which brought the gathering to a close.

It was voted to continue these gatherings indefinitely. All the old officers were re-elected. The visitors were treated royally and everybody enjoyed a wonderful day. L. NEITZEL.

**SAVE A LIFE CAMPAIGN**  
Many of the auto owners of the city and vicinity have responded to the state "Save a Life Campaign" which is now being conducted over this state, by having their cars examined as to the brakes, lights, steering apparatus, mirror for driving and other steps that tend to make the car safer for the driver and the other persons who may be on the highway.

The persons who have taken part in the "Save a Life Campaign" have the certificate of examination that is issued by the state as a citation of the fact that the car owner has taken this step to try and make it safer for driving on the highway.

In Plattsmouth the examiner of cars as designated by the state is Fred H. Wynn, whose place of business is just east of the Smith-Berger Co., at Fourth and Main streets. Mr. Wynn makes his examination and if there is anything that does not comply with the safety regulations he informs the owner, who has them corrected and then the car is again examined by Mr. Wynn and is found to comply with the regulations the certificate is issued and pasted on the windshield of the car.

This campaign is as has been said, state wide and will be a big step toward safety on the highway for the driver of the car as well as others who may be on the highway and assures the car owner that the car will operate in an emergency.

It is thought likely that the coming legislature will pass a law that will make the examination of autos at stated periods a matter of law, the love being for a safer highway for the travelers.

**CHARLES S. MURFIN**  
Funeral services for the late Chas. S. Murfin, who died at his home near Bennett, Sunday evening, July 22, were conducted at the Bennett Community church on Thursday, July 26, in charge of the Rev. Craig Tinney.

He has resided near Bennett for the past six years.

Murfin of New York City, Benjamin Franklin Murfin of Bennett, and Mrs. Seward P. Day of Weeping Water, Nebraska. The grandchildren are Jean Elizabeth Day and Jack Allen Murfin.

## YOUNG COUPLE MARRIED AT THE BEAUTY PARLOR

The Blue and White Beauty parlors of Mrs. Fred Vincent was the scene of a quiet little wedding on Wednesday evening of last week, when Miss Alma Summers, of Buffalo, Kansas, was married to Fred Holland, formerly of Chanute, but now employed by the Ash Grove Lime & Portland Cement company, as machinist in Louisville.

The bride arrived from Buffalo that day and was met at the station in Plattsmouth. Mr. Vincent and Mr. Holland are friends and fellow workmen and the former invited the young couple to be wedded at their home.

The beauty parlor is very attractively furnished in a color scheme of blue and white and made a handsome setting for the bridal ceremony. The bride and groom were attended by Miss Dolly Gess and Herbert Moore, the ceremony being performed by Rev. W. E. Golbers.

For the present Mr. Holland and his wife will have rooms at the Benedict home.

The bride is a very charming and attractive young lady and Mr. Holland is fast making a large circle of friends in this vicinity.—Louisville Courier.

## EDWARD RUMMEL BETTER

From Thursday's Daily—  
The many Cass county friends of Edward Rummel, well known farmer of near Mynard, will be much interested in knowing that Mr. Rummel, who was in very serious condition at the Immanuel hospital at Omaha following an operation for gall stones, has now progressed so well that he is able to sit up a part of the time and the expectation is that he may soon be able to resume his usual activities and be back home with the friends. The fact that Mr. Rummel is soon to return will be most pleasing to the many friends in the county.

**HAS NEW POSITION**  
From Friday's Daily—  
Earl F. Hoenshell, former baggageman at the local Burlington station and later engaged in telegraph work at various points in the eastern part of the state for the railroad, is again engaged at the station here in the capacity of yard clerk. Mr.

Hoenshell is a fine young man and highly esteemed by a large circle of friends who are more than pleased to have him here again and to be able to enjoy the pleasure of his society once more. The position that Mr. Hoenshell takes up is one that has been created by the large volume of business in the local yard caused by the gravel and sand business and general freight handling that has come to this point in the last few months.

Fred G. Egenberger, who has been confined to his home for several months by illness was able to be out yesterday afternoon and today and feels very much improved in health.
