## Henry R. Gering Dies at the Family Home in This City

Long Time Resident and Leader in Community Passed Away on Saturday Evening.

From Monday's Daily—  
On Saturday evening at 11:30 at the family home on North 6th street, occurred the death of Henry R. Gering, former city treasurer and mayor and for many years one of the leading business men of the city.

For the past two and a half years Mr. Gering has been an invalid and confined to the home, he having suffered a paralytic stroke at his apartment in Omaha in January, 1926 and since which time he has been given all the loving care and devotion of his two sisters at the home here and where he has borne with fortitude and a happy resignation the great burden of helplessness that was such a sudden change from his always active and strenuous life. While his passing was not unexpected in view of the nature of his illness, still it came very suddenly and gently and quietly the patient passed to the last reward.

Henry G. Gering came with his parents Mr. and Mrs. Paul Gering from Cedar Rapids, Iowa, in 1887 and settled in this city where the father and later the son were engaged in the conduct of a drug store, the firm continuing in business until 1910 when Henry Gering sold the business and became interested in the Henry R. Gering Co., of Omaha, one of the largest manufacturing druggist supply houses in the west and in which he continued in active charge until his last illness.

Mr. Gering was long a leading figure in the democratic political circles of Nebraska and his services to his party in the past were many. He was elected in 1896 as the city treasurer of Plattsmouth and served several terms in this office and in 1903 was elected as the mayor of the city by a large majority and during his term he was very active in the business life of the city and for many years was the secretary of the Livingston Loan & Building association as well as clerk of the Modern Woodmen camp of this city.

Mr. Gering was a devout member of the Episcopal church and both in his home and in his services to the city as well as in his financial and personal work in the church and here he will be greatly missed as despite his illness he retained the greatest personal interest in the church to the last.

The deceased was a member of Plattsmouth lodge No. 6 of the A. F. & A. M., Nebraska chapter No. 3, R. A. M., and No. 2 Zion commandery No. 5, Knights Templar of this city and also held membership in many of the other fraternal orders of the city.

## Mexican Caught While Robbing an Alvo Home Today

Francisco Acosta Discovered in Foreman Home at Alvo—Resists Officers; Brought to City.

From Tuesday's Daily—  
This morning the members of the Foreman family residing on a farm east of Alvo discovered when they returned home that the house had been invaded in their absence and that a small dark man, apparently a Mexican, was in possession of the house.

The Mexican on discovering the family retreated to one of the rooms of the house and there stood off the men of the family and the neighbors who had gathered, the man being armed with two large butcher knives that had been taken from the kitchen of the home.

The family called Marshall W. E. Norris, of Eagle, better known as "Two Gun Bill" as the result of his driving away a gang of bank robbers from Eagle three years ago, and the Eagle marshal soon reached the scene of action, and slipping around the house gained position where he could command the interior of the room where the Mexican was armed and defiant and pulling his revolver the marshal called on the Mexican to surrender which he did without further trouble.

Marshall Norris came on in with his prisoner and turned him over to Sheriff Bert Reed at the county jail. When seen at the county jail this afternoon Acosta stated that he had resided in the United States for the past ten years and had been living at Grand Island for several years and where he has a wife and four children living. He was formerly employed in the beet sugar factory at that place. While a hard looking man, Acosta did not seem of a very desperate type and was calm and peaceful when interviewed at the jail this afternoon.

The man is being held here until a complaint is filed against him and the Hall county authorities communicated with as to whether or not he is wanted in that section.

### LOCAL TEAM WINS

From Monday's Daily—  
Yesterday afternoon the local city football team won a hard fought game on the local gridiron when they laid away the Omaha Giants by the score of 7 to 0 in which the Plattsmouth players were largely on the aggressive and at no stage of the game in serious danger of being scored on, altho the Omaha players broke up many chances of the locals to score.

The scoring of the Plattsmouth team occurred in the early part of the second quarter when the visitors were driven back to their ten yard line and in the face of the strong offensive of the Plattsmouth team the visitors were forced to punt, the kick being short and caught by George Sedlacek who raced around the left wing of the visitors line for the touchdown. The extra point was scored on a pass from George Sedlacek to Frank Koubek back of the line which was good for the extra point.

The work of George Sedlacek in the ball carrying was shared by Frank Krejci while the tackling of Frank Koubek, Louie Lohnes and Frank Sedlacek were features of the game from the local standpoint. The visitors tumbled a great deal and many of these were recovered by the locals and kept the visitors largely on the defensive.

## Golden Rule Club to Aid on Christmas Eve

Santa Claus Urged Youngsters and Older Ones to Join in Helping Out Unfortunate.

Icy Cape, Northland, Nov. 20. Mr. E. A. Wurl, Chairman Retail Section, Chamber of Commerce, Plattsmouth, Neb.

Dear Mr. Wurl:

Since writing you the other day that I would make a pre-Christmas visit to your city on Dec. 15th, I have been thinking that perhaps your boys and girls down there would like to join my Golden Rule Club. I find that I am going to need a little assistance in filling the many stockings that are going to be hung up for me this Christmas and I have a plan whereby the boys and girls in the towns I visit can help me greatly in taking care of this large number. The plan is fully outlined in the pamphlet which I am enclosing in this letter and I wish you would have it published in your Journal and tell everybody to get in the game and help old Santa take care of all the boys and girls. I don't want to leave out a single one. You can find no doubt some centrally located stores where the boys and things can be left—I believe there is a furniture store down there by the name of Christ—that would be willing to do this for you. They are good natured people and have always been willing to help me out in former times, and I think if the boys and girls will leave the toys there they would see that they get to me all right.

Now be sure and give this good publicity because I want to have the biggest Golden Rule Club in Plattsmouth of any place in eastern Nebraska.

Cheerily yours, SANTA.

### OPPOSE SALE OF CHURCH

From Monday's Daily—  
This morning a large group of the residents of the vicinity of the Lewis-ton church, east of Murray, were here to protest against the action now pending in the district court, in which it was proposed to have the church building and the lots of the church property placed in the hands of a trustee and to have the right and title to the church property vested in the Methodist Episcopal conference of the state of Nebraska.

The objections of the residents of that locality was chiefly that the transfer of the property might cause the sale of the building and that it be placed in other use, although it was proposed in the suit to make the sale of the property.

The church was established in 1832 and was for many years in use as a regular house of worship, although in the past eight years there has been no regular charge of the Methodist church at Lewis-ton.

With the objections offered, the hearing on the petition was laid over until Wednesday, December 19th, when the hearing will be had to the court on the request to transfer the title of the church property to the state church conference.

### GIVEN PLEASANT SURPRISE

There were some thirty in the party and on their arrival at the Stine home they proceeded to take full charge of the home and the remainder of the evening was devoted to the pleasures of a large array of the games and into which all entered with the greatest of enthusiasm and reviving the games of the childhood days.

As the evening drew to the close the members of the party brought forth the well laden baskets of the good things to eat and which produced a fine luncheon that everyone appreciated to the utmost after the opening of fun and frolic and as the homegoing hour arrived all departed wishing Mr. and Mrs. Stine many more such pleasant birthdays.

## Council Accepts Paving Work in New Districts

Will Set as a Board of Equalization on January 7th, to Levy Assessments in Districts

From Tuesday's Daily—  
The city council last evening had a record breaking attendance, every one of the members being present and taking part in the session that was brisk and snappy.

The report of the chief of police for October was received and showed that there had been \$190.50 collected in fines and costs in the month past.

Councilman Kunsman of the streets, alleys and bridges committee stated that he had no formal report to present but that his committee was taking up the matter of the Sixth street paving from Vine to Pearl street and also the protest of the property owners on North 11th street relative to the paving of that street and both of these matters would require some time to look into. The motion was made that Councilman Blunt of the fifth ward urged that property owners that had walks overgrown with weeds, covered with mud or so low that water and mud stood on the walks, get busy and keep these clean as in the winter time it made a dangerous condition. The motion was made that the chief of police notify the property owners to look after this matter.

On motion of Councilman Highfield the chief of police was instructed to see that during the winter season that the electroliners in the main part of the city were turned on at 5:30 as it is dark at that time and to see that this continued during the winter season.

The final estimates in paving districts 52, 53, 54, and 56 were read and it was they were approved by the city engineers, the Bruce Engineering Co., their approval was ordered. The reports by districts was as follows:

District No. 53—(So. 8th street) Total paving and grading, \$2,082.68, engineers fees, \$104.13. Total cost, \$2,186.81. District cost, \$1,577.62. Intersection cost, \$784.14.

District No. 52—(No. 5th street) Total paving, grading, etc., \$3,767.31, engineer cost, \$188.37, grand total, \$4,155.68. District cost, \$2,991.40, intersection cost, \$1,175.28.

District No. 54—(Marble street) Total paving, grading, etc., \$8,995.12, engineering fees, \$440.90, grand total, \$9,823.03. District cost, \$6,542.13, intersection cost, \$3,280.89.

District No. 56—(Granite street) Total paving, grading, etc., \$5,879.98, engineering fees, \$294, grand total, \$6,498.98, district cost, \$4,796.42, intersection cost, \$1,702.50.

On motion this report was accepted and the city council voted to sit as a board of equalization to levy the assessment for the paving in the district on Monday, January 7th at 7:30 p. m. at the city hall.

There was some discussion of the necessity of making repairs on the gravelled highway to the Oak Hill cemetery and as the cost will be great to place the road in first class shape for the winter, it was voted to have the streets, alleys and bridges committee secure the necessary gravel at as low a price as possible and have the work done as soon as possible.

Then arose a very delicate situation, the motion was made to adjourn, duly seconded and then Councilman Smith of the second ward arose and demanded to be heard, stating his desire to talk and not to adjourn. Mayor Sattler ruled that the motion prevailed and put the question and adjournment carried, but still the second ward solon insisted on telling just how bad a shape North 15th street has been and still is, and the council finally reconsidered their motion to adjourn and after the statement of the case it was decided to have what was possible done to aid this street and then the council adjourned and the members got out before more eloquence was brought forth.

## Stranger Causes Stir Among the Farm Residents

Section South of This City and North of Rock Bluffs Has a Mysterious Stranger.

From Wednesday's Daily—  
For several days the residents of the territory along the bluffs of the Missouri river and the vicinity of north of Rock Bluffs have been stirred by the appearance there of a stranger and who was apparently without any apparent business in that section.

The first noticed of the presence of the man was when some of the residents of that territory noticed a place where someone had made a small fire along the roadside, doubtless to cook a meal, this fire apparently being started sometime between Saturday night and Sunday afternoon.

Later on Sunday after the members of the Spidell family who reside in the old Sullivan homestead, had retired for the night, someone was heard in the kitchen of the house and the family aroused had evidently frightened the man away from his depredations and as far as could be ascertained there was nothing in the man's going very quiet.

Since the mysterious visitation the members of the family have been very watchful and yesterday afternoon about 4:30 Mrs. Spidell and son, Renner, saw a strange man come from one of the many draws or ditches in the vicinity of the Spidell farm. The man was carrying a small pack on his back and wore a Scotch type of cap and when Renner Spidell called to him he did not reply and quickened his pace to get away from the vicinity.

The elder Mr. Spidell, with the assistance of his son and Charles Warg, a neighbor, representing the family, started in pursuit of the man but he was able to make his getaway in the many ditches and draws and the last that was seen him he was disappearing in the direction of the Ray Willis place and the man is being very quiet.

With the sensational stories of the depredations of prowlers over the country which are now the "news," the presence of the man has caused more or less worry to the residents of the vicinity where he has been seen and it would be well for the man to remain very quiet and get out of this section in rapid order.

### ENJOY DEBATE AT LINCOLN

From Wednesday's Daily—  
The debate squad of the Plattsmouth high school had the pleasure of hearing the international debate between speakers representing the University of Nebraska and the University of Sidney, Australia last night in the coliseum at Lincoln. The trip was made possible through the courtesy of William Mrasek and Richard Fredrick who furnished the cars.

The squad was composed of: Cleveland Rottlesdorff, Doris Young, Chris Bullin, Dorothy Brink, Charles Nowack, Mary Swatek, Robert Livingston, Hazel Harkins, Eugene Bushnell and Mr. Patterson.

The experience was a very valuable one to the local debaters as it gave them an opportunity to hear a discussion of the question to be used by the state high schools his year by able and experienced platform speakers. It was a treat for them to note the difference in the English and American style of debating. The American boys spoke straight from the shoulder and outlined a clear-cut case, while the Anzars were easy-going and used sarcasm and wit very freely.

The Platter orators are scheduled to meet the speakers of Lincoln high school at the capitol city on the 18th of December.
