

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

E. W. Thimman was with the big truck hauling ice for storage at the homes of C. Baumgartner and C. E. Kupke.

Bryan McDonald was assisting during the past week in the task of taking the inventory of the stock at the drug store.

Alton, the small son of Rev. and Mrs. H. R. Knosp had a tussle with a severe cold last week, but is much improved at this time.

See the ad of the Farmers Union for the coal to arrive and from the car at a low price, better take advantage of the saving this affords.

Charles Kupke and wife who have been kept to their home on account of both having the flu for the past week, are now better and are able to be out again.

George Work who is working out of Omaha, was a visitor at the home of Mr. and Mrs. A. J. Tool, where Mrs. Work has been visiting for the past two weeks.

Otto Eishoff and wife and Henry Heinemann was looking after some business matters in Lincoln on last Saturday they driving over in the car of Mr. Heinemann.

The farmers union grain company recently received a car load of fencing composed of wire, steel posts and nails, which make a good large car and which was unloaded one day last week.

LeRoy Buskirk of South Bend and John W. Kruger of Murdock were assisting in the cutting of ice at the lake of W. O. Schewe, and which is being stored by many people in this vicinity.

Theo Carnes is dividing his time between Murdock and Greenwood, he being interested at both places hav-

ing the agency for the Chevrolet cars which he is selling for the western portion of Cass county.

Miss Irene McDonald who is teaching in the Louisville public schools and who was spending her midwinter vacation at home in Murdock, returned last Monday to her work with the schools of our neighboring city.

Henry Heinemann who was constructing a chicken house at the farm of Henry Barshmann, was compelled to stop for a while on account of the severity of the weather which was a bit too cold for carpenter work out of doors.

Mrs. Edward Hempke who has been so very poorly for some time is reported as being much better at this time. Her son, Roy, who sustained an injury by a hard lift and was laid up for two weeks is again able to be around again.

Mrs. E. R. Knosp and daughter, Kilma have had considerable dental work done at Elmwood by Dr. O. K. Brt. They were glad when the last trip was made to the dentist as it is not very pleasant to have trouble with your teeth.

Ed Bruckow was filling the ice house of H. W. Tool in Murdock with an excellent quality of ice, and was being assisted by John Kruger, so that the people of Murdock can have some ice to cool their tea with when summer is still to come again.

On last Wednesday C. E. Kupke and Condart Baumgartner were storing their summer supply of ice, which was gotten from the lake of W. O. Schewe, and which is of excellent quality. These gentlemen are getting ice of good thickness, it being about a foot.

Abdulla Hamden who is farming

on one of the places of H. A. Guthmann near Burchard, and where he is making a good success was a business visitor in Murdock last Wednesday and was as well visiting with his many friends in this locality. Mr. Hamden is an excellent worker and Mr. Guthmann is fortunate in that he has so qualified a farmer on his place.

David Campbell who resides near Elmwood was over to Murdock one day last week and secured one of the excellent sets of harness which are made and sold from the store of A. J. Tool. There is a reason why people can afford to come to this place for harness. The overhead in the making of these harness is away less, and no labor troubles which occur in larger places enter into the cost. Mr. Tool who is a finished workman in his line does the work and this makes it the best at the very lowest prices consistent with good business.

Enjoy Excellent Time.

The Royal Neighbors of America, on their meeting night at the Modern Woodman hall, installed the officers for the coming term, and had as their guests for the occasion the members of the Modern Woodmen who enjoyed the exercises very much, and a great deal more the splendid eats which was provided following the business of the lodge and the installation.

Masons Will Make Change

The Masonic lodge of Elmwood who recently purchased the building which has heretofore been known as the Langhorst block, will in the near future make some important changes in the building and will fit it for lodge purposes, and thus have a home of their own. Mr. Harold W. Tool who is a member of the order having his membership in this lodge, and a draftsman as well as lumber dealer made some plans for the change which have been submitted to the lodge for approval. Harold was over to Elmwood last Tuesday evening consulting with other members regarding the changes which are to be made.

Royal Neighbor Officers.

The following is a partial list of the newly elected and installed officers of the Royal Neighbors of America. Officers: Mrs. Ed Brunkow, Oriole; Mrs. J. W. Kruger, Vice Oriole; Mrs. H. W. McDonald, past Oriole; Mrs. Wm. Heier, Marshall; Mrs. H. H. Lawton, Clerk; Mrs. J. A. Bauer, Guardian; Mesdames John Eppings and Una McHugh, managers.

Brought Much Joy.

The stork arrived at the home of Mr. and Mrs. Wm. Lau, Jr., last Friday and brought a very fine little lady which was presented to Mr. and Mrs. Lau, and with it also much joy for the entire household, for grandfather and grandmother Lau are highly pleased over the arrival. All are doing nicely.

Folks are Getting Better.

Frank Zoz and daughter, Miss Josephine were in Murdock consulting with Dr. L. D. Lee, their physician regarding the injuries which were received in an auto wreck some three weeks since at which time Miss Josephine sustained a fracture of one of her arms, and which is at this time getting along nicely. The arm has nicely knitted and is doing fine. Miss Josephine was able to use the arm quite freely.

Heard Aunt had Died.

L. B. Gorthey, postmaster, received the sad news of the death of his aunt, a few days ago, Mrs. Ida Buell, of the east, and who is also an aunt of the Buell boys, her husband being brother of the late George Buell.

W. S. M. Meets.

The W. S. M. of the Murdock Evangelical church, Dec. 27, 1928, to conduct their annual meeting, also election of officers for the ensuing year. The following officers were elected: President, Mrs. Otto Miller; Vice-President, Mrs. H. R. Knosp; Secretary, Mrs. F. Rosenow; Treasurer, Mrs. F. Luetcheus, Supt. of the Mission band, Mrs. H. Schweppe. Mrs. O. Miller has been president of the missionary society for fifteen years and the W. S. M. is proud of her record and of her faithful and efficient service.

We are also proud of the fact that the society has raised during the past year over \$138 and the greater part of this amount was given for missions.

Annual Stockholders Meeting

The 14th annual stockholders meeting of the Farmers Union association of Murdock, Nebr., will be held on Feb. 5th, 1929, at 1:30 p. m. at Union hall at Murdock, for the election of three directors and any business which may come before the meeting, for which every member is requested to be present.

EAGLES BOXING EXHIBITION

Plattsmouth is to be treated to a rare event, this coming Tuesday evening, Jan. 22nd, in the form of a free boxing bout; thrown open to the public and sponsored by the local Eagle lodge. This card is arranged through the courtesy and cooperation of Harry Levey, Omaha promoter and manager of a group of boxers, among them being Billy Love, well known Omaha colored lightweight, who will be matched against Plattsmouth's own boxer, speedy George Schmader, in a six round bout which promises to be a thrilling affair. Preceding the feature bout, two of Plattsmouth's younger followers of the ring will be seen in some of their clever work.

Some time during the evening, the "Mystery Man," a one hundred and sixteen pound Plattsmouth lightning-manager will meet another of Levey's proteges—and this is going to be good!

To be held at the Eagle hall in the Bekin building, this card will open a series of sporting events—if the attendance warrants, to be sponsored by the Eagles in the ensuing months.

No admission will be taken, although the card includes men of considerable merit in boxing circles. Expenses will be partially covered by a "pass-the-hat" campaign after the match, which is, however, in no way binding upon anyone present, and yet is open to all who like the show.

Don't forget. Plan your week that Tuesday may be "Eagle Night" at the Eagle hall Tuesday evening, January 22nd, at 8:14 o'clock. If you like clean boxing, come out and enjoy the evening with the Eagles.

From Saturday's Daily—Marion Stone, son of Mr. and Mrs. Carl W. Stone of Nehawka, who was a star athlete while in high school here, now is doing quite well in athletic lines while attending the University of Nebraska Agricultural college. His latest role is that of a member of the university wrestling team.

Last Saturday evening the university of Nebraska's wrestling team met the team from Indiana's university and Stone upset the dope bucket

Para. Brazil, Jan. 16.—Because of the lack of landing field between here and Caracas, Venezuela, the Peruvian good will aviators tonight decided to fly up the Amazon river by way of Manaus to the west coast of South America. Carlos Martinez de Pinillo and Lieut. Carlos Zagarra arrived here today from Maranhao.

After leaving Lima early in December they flew to Chile, Argentine, Uruguay and thence to Brazil. After reaching the west coast they hope to continue the northward air flights and to eventually arrive in New York.

GOVERNOR IS A WITNESS

Kansas City, Mo., Jan. 18.—Gov. Clyde M. Reed testified today, in support of Kansas interests at the interstate commerce commission hearing here on the complaint of Omaha, Kansas City, and St. Joseph chambers of commerce, that interstate freight rates in Kansas are lower than the rates prescribed by the commission for interstate application.

The governor testified that in his opinion Kansas interstate rates should not be increased as suggested by cities in neighboring states, at least until adjustment of rates in western trunk line territory is effected. He states that Kansas jobbers' inbound rate had been increased, and that Kansas City and St. Joseph outbound rates had been adjusted.

Several exhibits were introduced by Reed to support his testimony.

when he stayed with Scott who was a wrestler on the last Olympic team. The Daily Nebraskan has the following to say concerning this particular match.

"A feature of the match was the courageous fight put up by Julian Stone who wrestled in the 165 class for Nebraska. He was opposed by Scott of the Hoosier state. Scott having wrestled on the American Olympic team at Amsterdam last summer, is one of the best wrestlers in the country. Stone put up a courageous fight and stayed with his opponent the full ten minutes receiving one of the greatest ovations ever given to a Cornhusker wrestler."—Nehawka Enterprise.

Farmers, Listen!

You've been warned to "Stop, Look and Listen" after I mentioned Sweet Clover Seed direct from the Grower.

We gladly admit that our seed comes to you from a country shipper, with only 20 years' experience and cleaned in a little country town, with cleaning machinery of the latest design, electrically driven and the best that money can buy.

We farmers have been purchasing Seed House seed for many years—some of which is good, but to look at some of it would make you think they had no cleaners at all.

Why boast of \$60,000 worth of cleaning machinery and sell us "pure" alfalfa seed containing up to 20% sweet clover seed, together with weed seeds beyond description, when a \$100 feed mixer would do the trick? I also agree that 40 years of experience should work toward efficiency in this profitable mixing business. Now listen, Mr. Seed House Exponent:

One of these so-called reputable seed houses—not so far away—purchased in December two carloads of low grade 2 and 3-year-old Sweet Clover Seed from this same little country shipper, who sells all his high quality new crop seed direct to farmers. The off-grades and carry-over stock goes to seed houses at very low prices.

LOOK for it when you purchase seed house seed. But, perhaps with \$60,000 worth of machinery they can purify it and actually change it to a 1928 (new crop) seed?

Now, a word about this little country shipper, who is a Master Farmer, producing seed good enough to be shipped to three foreign countries following the war, and ships annually into a dozen or more states. He has received certificates of merit from the U. S. Dept. of Agriculture, State College of Agriculture and Governor of his state for eminent services rendered in development of agricultural thought and practice. He is now at Pierre, elected to the Legislature by his neighbors and farmer friends. Did you ever hear of a seed house man elected to a high office in a rural district?

STOP seeing red,
