Murray Study Club Meets.

Our Study Club met February 21 at 2:15 p. m. for our regular monthly meeting at the home of Mrs. Nellie Davis.

The business meeting was presided over by our gracious president, Mrs. Margaret Brendel. We discussed joining the State Federation which was voted down. We selected purple and gold as our club colors. Mrs. Brendel presented the club a beautiful gavel, the gift of her father who made the gavel out of walnut. It was a most beautiful gavel, and one which Mr. Jamison made.

We then decided to have a club banquet March 15, at this time we hope all the sick members will be well by then.

The meeting was then turned over to our leader, Mrs. Nellie Long. The subject of our lesson being "Traits of Character that help keep one healthy. Many very interesting papers were read by various ones. As this is the month of the birthdays of two great men, Mrs. Gilmore read two very interesting papers on the lives of Lincoln and Washington, which everyone greatly enjoyed.

Mrs. Melburn, our parliamentary law leader gave out some very good questions, which we think are fine.

came home wonderfully enthused with the excellence of the Graham-Paige car.

Snow Would Not Hold Tractor.
One day last week, while Charles Land was assisting Will L. Seybolt, they making and excellent team to clean the snow from the roads that when the thaw comes the water may find a place to run instead of the roadway, they were crossing some very hard snow in a heap, when the weight of the tractor broke through and allowed the wheels to settle to the ground and making it very difficult to get the machine out.

Rejects the Bill Prohibiting Sunday Amusement—To Permit the Freshmen "Rush"

Lincoln, Feb. 25.—The house Monday rejected H. R. 297, prohibiting Sunday dances, except in cities with a welfare board. This measure drew considerable fire in the committee of the whole last week and barely escaped execution. With the vote on final passage being insufficient, Representative McLellan, of Grand Island, the introducer, called for a call of the house, but the result did not help his cause. The final vote was 48 to 35, and Speaker Coulter declared the bill failed to pass.

Washington, Feb. 24.—Night session and earlier meeting hours will be employed by congress this week in the hope of clearing up important measures in the few days before the Hoover administration comes in.

Prohibition and reapportionment of the house membership are problems placing the house and senate in a vortex of disagreement. Such vigorous positions are taken on both sides that leaders are looking with anxiety to the effect they will have on the whole legislative calendar.

The dispute between house and senate over a proposal to increase the prohibition fund by 24 million dollars will be only slightly composed by expected adoption by the house Monday of a compromise lowering the increase to \$2,727,000. Advocates in the senate of the higher figure incorporated in the first deficiency bill are showing little signs of abandoning their efforts.

Refuses Walsh Offer.

The house has refused to accept the senate compromise offered by the senate compromise offered by Senator Walsh (dem., Mont.), to permit condemnation of land in the parks except that used for residence, hotel and religious purposes and has demanded that all land be condemnable for the purpose of saving forests without respect to its uses.

Appropriations measures are giving republican leaders concern because of the effect they might have on the program mapped out for special session to be called after Mr. Hoover becomes president. Failure to pass important supply bills such as those for the interior department and for emergency deficiency needs would necessitate the assembling of the house appropriations committee in the special session, something house leaders now are hopeful of avoiding in order to confine the extra session to farm relief and tariff.—World-Herald.

MRS. COOLIDGE JOINS IN A DEDICATION

Washington—Mrs. Coolidge Sunday participated in the dedication of the new Congregational home of the District of Columbia. Her part in the exercise consisted of the unveiling of a memorial tablet to Sarah Frances Tyler, Mary Gardner Smith, and M. Helen Sawyer who were influential in the establishment of the home.

RESERVE FLYER IS KILLED

Selbridge Field, Mich.—Flying an experimental type plane on a test flight, Lieut. Andrew Knox, twenty-five, of Thief River Falls, Minn., was killed Monday afternoon in a crash which followed a voluntary nose dive of several hundred feet. Witnesses said they heard an explosion as Knox attempted to pull his XP-5 type plane from the dive at a height of about 300 feet.

It was impossible to determine from the wreckage what caused the crash. An investigating board was appointed immediately. Knox was a reserve officer but had been on active duty here since Nov. 1, and previously had flown at Kelly and Brooks fields, San Antonio.

But can't seem to remember, and hope in time to be able to give in the proper manner.

We then voted to adjourn.

Denies Offer to Woman

New York—Jesse G. Nichols, former president and now director of the Kansas City art institute, in a deposition read in supreme court Monday, denied that the institute had offered Mrs. Lardoux Hahn \$250,000 for the painting "La Belle Ferroniere."

Nichols stated that, at the time Mrs. Hahn says the Kansas City Art Institute was negotiating for purchase of the painting, the institute did not have assets amounting to more than \$20,000. The institute at that time, he stated, consisted of a school for painting with quarters over the downtown offices of the Kansas City Y. W. C. A.

Nichols' deposition was read in court as trial of the \$500,000 slander of title suit brought by Mrs. Hahn against Sir Joseph began its fourth week.

COOLIDGE BUSY TO FINAL DAY

Washington, Feb. 25.—President Coolidge Monday began his last week in the White House as methodically as he did his first.

He went to his desk early, read carefully and signed a score of bills passed by congress. He then dictated his mail, which has become more voluminous within the last few days. A large part of it is from old friends who wish autographs.

Tuesday he will pose for a series of pictures with various groups of those who have been associated with him, among them his cabinet, White House correspondents, photographers and secret service men.

The president will continue to work until he leaves the White House on March 4 for the capital.

The president expects to leave Washington for Northampton immediately after the inaugural ceremony.
