Nehawka

Some fifty of the Masonic order were attending the Methodist church in a body on last Sunday.

Earl Troop was a visitor in Plattsmouth for a short time on last Monday, he going to get some dental work looked after.

Mrs. John Opp was a visitor with friends in Omaha on last Wednesday, and also was calling the doctor, who is looking for her case.

A. G. Murdock was quite ill at his home in Nehawka on last Monday morning, but was feeling better during the latter portion of the day.

Walter J. Wunderlich was a business caller in Omaha for the afternoon on last Monday, he driving over to the big town in his car.

Elmer Philpot, residing north of Nehawka has been quite ill at his home for some time, but was reported as being some better the first of this week.

Little Lyman Anderson, son of Mr. and Mrs. Dan Anderson was taken to the hospital because of an affection of the glands in his neck, but is some better at this time.

Mrs. Fred Rehmeysers who has been at the Lord Lister hospital for some time where she has been receiving treatment for her health is reported as being some better at this time.

Little Kathryn Balfour, daughter of Mr. and Mrs. Ivan Balfour was quite ill at the home of her parents for a number of days last week, but is reported as being better at this time.

Miss Gladys Wolfe and her mother were called to Omaha on last Monday afternoon to look after some business matters to do some shopping and also visited with some of their friends while there.

Mrs. L. M. McVey has been quite ill with an affection of one of her ears, which has been giving this excellent lady trouble for some time past. However the member is not much better.

Henry Wessell and the good wife were over to Nebraska City on last Monday where they went to make an exchange of glasses for Mrs. Wessell, as she had outgrown the ones which she has been using.

Dr. J. L. Barritt was a visitor in Plattsmouth on last Tuesday afternoon and was accompanied by Mrs. Barritt and the kiddie, they driving over to the county seat to see about some business affairs.

Robert D. Taylor was overhauling his trucks and putting them in the best condition, selecting last Tuesday as he had no trip to make on that day and taking advantage of the circumstances, to get the work done on the wagons.

F. A. Hanson who has been home for some two weeks from the hospital where he underwent an operation and is reported as making good progress and his many friends are hoping that he may soon be in his usual health again.

Mr. W. A. Stoll had the misfortune to receive a very severe cut on one of his arms a few days since while he was operating a cream separator, but the member is getting along nicely at this time, which is good news for his many friends.

The Schumaker Brothers who have been conducting the Nehawka Dry goods store, have decided to discontinue the business and will do something else. The business was purchased by Mr. Guy Snyder who assumed the business and is conducting it at this time.

Mr. and Mrs. Stewart Rough, were enjoying a visit on last Sunday at the home of Mrs. D. H. Wilson and the family of Crete. Mr. and Mrs. Rough drove over in their car for the occasion and not alone enjoyed the very pleasant visit at Crete, but also the trip out and back.

M. G. Kime and wife, Mrs. E. A. Kirkpatrick and Mrs. George Kime, the latter the driver, were all over to Plattsmouth on last Tuesday where they went to visit with E. A. Kirkpatrick who is receiving treatment at the infirmary of the Nebraska Masonic Home at Plattsmouth.

Will Meet at Weeping Water. There will be a meeting of the officers of the Society of Religious Education which will be held at the Methodist church at Weeping Water.

GOVERNOR LONG IS CITED

Baton Rouge—Governor Long was served formally Saturday with notice of the impeachment charges voted against him by the house of representatives, and was directed to appear before the senate at noon on May 14 for trial. The senate sergeant at arms and his assistant called at the executive offices in the state house and handed the papers to the governor in person. He took them, glanced hurriedly thru the pages and laughed. He was surrounded by a group of friends.

Governor Long is expected to appear in trial with able constitutional lawyers. He is charged with converting to his own use approximately \$2,000 of the \$6,000 appropriated for entertainment of visiting governors to the gubernatorial conference in New Orleans last winter of attempting to bribe legislators, of attempting to suppress the freedom of the press, with misuse of state funds and with "general incompetency."

Flood Waters Falling in the Middle West

Mississippi Going Down Except Near Cairo, Ill., and Tributary Rivers Receding.

St. Louis—There was a general recession of flood waters along rivers throughout the middlewest Monday after nearly two weeks of anxiety, during which the Mississippi approached and in some places passed the high stages of the 1927 flood. The only place where the Mississippi still was rising was in the reach below St. Louis to Cairo, Ill., and the weather bureau did not regard this inundation as being serious, altho considerable farm land was being flooded in the vicinity of Grand Tower, where a levee broke Saturday.

With the water receding from the thousands of acres of farm land inundated along the Mississippi from Keokuk, Ia., to below St. Louis, farmers were beginning to take stock of the damage. No estimates were made but at no place was the loss believed to be heavy.

The Mississippi had fallen a foot here Monday and was expected to drop another foot and one-half in the next twenty-four hours. The river still inundated part of the levee, but had fallen back from the lower industrial district of Hannibal, Mo., and the Burlington railroad, forced to suspend operations there during the flood, was preparing to reopen its lines. The Missouri, Illinois and other tributaries of the Mississippi also were falling.

Quincy, Ill.—With the crest of the flood safely past Quincy and the river dropping steadily, rehabilitation of those who lost homes in the flooding of Indian Grove and South Quincy districts got under way.—State Journal.

FACTS ABOUT NEBRASKA

The Pike's Peak gold frenzy threatened to depopulate Nebraska in 1858. The Dakota City Herald reported that 4,000 vehicles had crossed the Loup Fork ferry near Columbus during the first half of 1859, the census being: "1,087 wagons, 20 hand carts, 5,401 men, 424 women, 840 children, 1,610 horses, 496 mules, 610 oxen and 6,099 sheep."

It cost the Nebraska state treasury \$1,729,188 to operate the state's 17 charitable institutions last year. The Hastings, Lincoln, and Norfolk hospitals for the insane cost the best with the penitentiary and the Beatrice institute for feeble minded following. The homes for women at York and Millard were least expensive to operate.

Nebraska ranks 15th among the states in area with 77,520 square miles; was in 31st place in population in 1926 and 21st in wealth, with \$5,329,000,000. The state has 6,189 miles of railway lines and ranks 35th in manufacturing plants.

A Nebraska cow, Beauty Girl, eight years old, has averaged 10 gallons of milk per day for the last three years, or 125 days. She has produced 45 tons of milk, or 3,215 pounds of butterfat.

TORNADO PURSUES A MAN

David City, Neb.—How a tornado wrecked his home, chased him across his own farm and finally twisted off a huge tree two feet above his head was told here Monday by Jesse Howe, one of the victims of last week's storm.

Howe saw the twister coming and ran from the house across a pasture. Pausing long enough to demolish the home, the funnel shaped twister described a short circle and tore down the field after him, at right angles to its former course.

A row of cottonwoods edged the pasture. Howe dodged among them. He threw himself on the ground behind one of the trunks and embraced it. A crash, and the whole top of that very tree was swept away. Not another of the score was damaged, nor was Howe hurt.

LADY HEATH'S PLANE DAMAGED IN LANDING

St. Louis, April 30.—Lady Heath, the noted English aviatrix, notified the Curtiss-Robertson Aviation Corp. by long distance telephone late Tuesday that her plane had been forced down in a storm near Effingham, Ill., and had been blown over and slightly damaged by a heavy wind. She and her mechanic escaped injury, she said.

Suffered for 10 Years; Then She Turns to Sargon

"Sargon and Sargon Soft Mass Pills are the most wonderful medicines I have ever used. I say this because they have brought back my health after I had been trying for ten years to find something that

MRS. ALEXANDER MALCOTT

would relieve me of my suffering. My principal trouble was with my liver, for my complexion was always sallow and I often said my color was as yellow as gold. I believe my entire system was filled with poison, resulting from chronic constipation and liver trouble. I became dreadfully nervous. I did not sleep well and was losing my strength and energy rapidly.

"I always had to be careful about my diet, but I would suffer with indigestion just the same. Gas would form and extend up around my heart and cause severe palpitation. I also had severe pains in my abdomen. Pains in my chest and shoulder also bothered me a great deal, and I was in a badly run-down and weakened condition.

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills, I noticed a remarkable improvement in my condition. My appetite is splendid. I can now digest and assimilate food I hadn't dared touch before in months. I no longer suffer from indigestion, but the greatest blessing of all has been the relief from constipation from which I suffered for so many years. My complexion is now clear and healthy. I have gained weight and feel greatly strengthened in every way.

"The Sargon Soft Mass Pills are wonderful. They are so gentle and yet so thorough and cause no bad after effects whatever."

The above statement was made by Mrs. Alexander Malcott, of 1405 West 6th street, Oklahoma City.

Sargon may be obtained in Plattsmouth from Weyrich & Hadraba.

JUDGE'S CASE CONTINUED

Wahoo—A preliminary hearing of embezzlement charges against County Judge Guy N. Parmenter was continued in justice court here Monday until May 13 at 10 a. m., on motion of the defense.

Judge Parmenter based his plea for a continuance on the claim that he had not retained counsel until Monday morning and that more time was needed in which to prepare his defense. He was represented by Bert Hendricks and H. A. Bryant, Wahoo attorneys.

Halteck Rose of Omaha, special counsel for the state attorney general, appeared in court with a group of state's witnesses, ready to try the case. Judge Parmenter is accused of the embezzlement of approximately \$3,999 in fines and court costs over a period of three years. He had been on the bench here for the past ten years.

WANTS HIS LAW ENFORCED

Washington—Senator Wesley L. Jones of Washington wants to know why the law which bears his name and fixes penalties of five years in prison and fines of \$10,000 for prohibition violators is not being enforced against tourists who attempt to bring liquor into America from foreign countries.

Saying he had only recently been told that persons found with liquor in their possession upon landing from foreign ports are usually fined \$5 for each bottle they have, he declared he intended to take up the matter immediately with the treasury department. He said he did not know of any authority under which the department's customs service could pursue such a policy, and would ask whether it is being done, if so, why such cases are not prosecuted under the Jones law.

GREAT NORTHERN MEETS U. P. TIME TO NORTHWEST

St. Paul, Minn., April 29.—Further reductions in time schedules of fast passenger trains between Chicago and the Pacific northwest, effective June 10, were announced today by the Great Northern railway.

Meeting a reduction by the Union Pacific, the Great Northern today announced it will run its new "Empire Builder" fast train from Seattle to Chicago in 61 hours and 15 minutes instead of 63 hours as previously announced. Officials said, however, they did not intend to engage in any "speed war" with other lines.

The new time on the Great Northern will be six and three-quarters hours faster than any train now in operation in the northwest. The westbound schedule of the "Empire Builder" will be 62½ hours.

The Northern Pacific, the St. Paul road and the Soo line also are expected to make the same time as the Great Northern.

McNary to Seek Vote This Week Upon Farm Bill

Wants Senate Action on Debuture Proposal by Thursday, at Least

Washington, D. C., April 29.—Notice was given the senate today by Chairman McNary of the agriculture committee that a final vote on the farm relief bill would be sought before the week-end adjournment Friday.

Before the final vote is reached, administration leaders will call for a decision on the export debuture section opposed by President Hoover and against which they claim to have a majority.

Advocates of the debuture plan today continued their efforts on its behalf, but a division of sentiment was noted among them over the amendment proposed by Senator Norris (rep., Neb.) to provide for a reduction of debuture rates when export overproduction is forecast in a debuturable product.

Caraway Fights Amendment. The amendment was opposed on the floor by Senator Caraway (dem., Ark.), who with Senator Norris is among those leading the sentiment for the debuture section. The Arkansas senator contended that the amendment in effect penalized the farmer for putting to use the production advice issued in government bulletins.

The senate was able to devote little more than an hour to farm relief discussions today, but Senator McNary hoped to make better headway tomorrow and Wednesday, so that a vote on the debuture section might be taken Thursday.

The amendment of Senator Norris was offered by him in the hope of gaining support for the debuture section. It provides a graduated scale of reduced debuture rates when increased production is forecast, the reduction being in comparison with the rate of increase.

Senator Caraway described the amendment as a proposal in direct conflict with the policy of the agricultural department.

Committee Is Summoned. "We have been putting out bulletins telling the farmer how better to produce his crops," he said, "and now we turn around and tell him we will penalize him for using what he has learned."

Chairman McNary has called a meeting of his committee for tomorrow to decide whether the testimony of agricultural department experts regarding the debuture plan should be made public.

This testimony was understood to have favored the debuture plan, and Senator McNary declared after the testimony had been heard that their testimony "made a very favorable impression" upon the committee. The testimony was given before President Hoover had stated his opposition to the debuture plan.

Grange Supports Norris. Coincident with the discussion of the Norris amendment, the National Grange, which has advocated the debuture plan for a number of years, sent to each member of the senate a letter advising that the organization is in favor of Senator Norris' proposal.

"A check on overproduction formed a part of the export debuture plan," McNary presented to congress by the grange," it said.

The Grange added that in presenting the export debuture plan, it never "had any thought of asking for a subsidy or a bounty for agriculture."

"As we view it," said the communication, "the proposal contained in the bill now pending before the senate, would simply give the export branches of our agriculture the benefit of one-half the protection which the tariff is supposed to give American producers."

In the meantime, the house decided to take up on Wednesday several other proposals its agriculture committee has approved for further consideration. The general program of farm relief.

House on New Tack. Four bills that were approved today were the Haugen measure to broaden the definition of oleomargarine and to make several changes in the federal warehouse act, the Ketcham bill to provide for assigning representatives of the department of agriculture abroad, and the Mapes bill to prescribe minimum standards for canned farm products.

Several other measures still are to be considered by the committee, one being the Sumners bill to provide for licensing dealers in perishable farm products.—World-Herald.

Czechs to Observe 1000th Anniversary of King Wenceslas

Memory of Vaclav the Good Will Be Honored With Much Ceremony

Prague, Czechoslovakia—This year, from May on, is largely set apart by the Czechoslovak Government for celebration of the 1000th anniversary of King Vaclav (Wenceslas), known to English speaking people through the Christmas Carol, Good King Wenceslas looked out.

On the feast of Stephen.

Many do not know that the legend of the royal friend of the poor was in all probability brought to England by Anne of Bohemia, the bride of Richard II of England in 1332. Out of compliment to the English visitors to Prague for the celebrations, the carol will be sung in Czech translation.

Just as the immense equestrian statue of Vaclav dominates the finest street in Prague, so does the memory of Vaclav the Good play a dominant part in Czech patriotism. It is very significant to notice that Bohemia's place should be on its way southward within two weeks.

warriors. One has only to think of Jan Hus, Jan Komensky (Comenius), Palucky, and Instky Masaryk to realize the truth of this statement.

A Wenceslas exhibition will be arranged at the castle, at which paintings and historical evidence relating to the king will be exhibited. Dr. Podlaha, the Bishop, will lend his private collection for the occasion. The stadium in Letha, opened for the Sokol Congress, will be used for the tournaments of the International Student Associations. Dvorak's oratorio, "Saint Ludmila," and J. B. Forester's "Holy Wenceslas" are to be given. In September memorial lectures on the significance of Vaclav in Czech history are to be given in all the schools and universities. A special film, of 5000 feet, has been prepared to show the life of the national hero.

NON-STOP FLIGHT TO CHILE

Washington—Christened the Southern Star, a Sikorsky biplane, which is to attempt a non-stop flight from some point in Florida to Chile, was ready Monday for load tests which are to precede its distance attempt. The plane was christened at Bolling field by Senator Don Carlos Davis, wife of the Chilean ambassador. John K. Montgomery, president of the American International Airways, said the load tests were to be made near New York and that the plane should be on its way southward within two weeks.
