CLAIM LARSON SPEEDING Testimony that Ewin Larson was riding his motorcycle at fifty miles an hour when it collided with W. E. Palling's car last Oct. 18, was adduced in federal court at Lincoln, Tuesday afternoon by several witnesses. Among these were Joe Hamlow of Waverly and Loren W. Ellison of Greenwood. Ellison was working in the same oil station with Hamlow at that time.

Both said they saw him coming thru Waverly at a high rate of speed, and noticed a spare tire dragging three or four feet behind him in the road. Hamlow tried to attract his attention by waving his arms and shouting. Ellison said it was eight or ten seconds until he heard a crash and heard the motorcycle, apparently running wild. The two got into Hamlow's car and drove to the scene of the crash, some 600 feet west of Waverly. Hamlow asked Larson what was wrong and he said his clutch had stuck. Larson also asked if his left leg was broken.

Fred W. Ethridge of Greenwood, who was in the back seat of the Palling car when the crash occurred, said Larson threw up his hands as the handlebars struck the car, and his body swerved away from the car. Mr. Ethridge looked out at the back and saw Larson lying in the road about forty feet away. He picked up the severed foot and took it to Waverly. First he tried to find out who Larson was, and heard several people in the crowd say they knew him. He stayed there a little while to help keep traffic off.

Larson is suing Palling for \$50,000 for the loss of his leg.

Our policy of maintaining low average prices is meeting the approval of an ever increasing number of food buyers.

Price is not everything — but when you have that combined with quality foods — you have a combination that is well to reckon with.

Friday and Saturday we again offer you one of our remarkable bargains—

Rosedale Peaches

Halves or Sliced Large No. 2 1/2 Size Cans 2 Cans for 35c

This Peach sells regularly for 23c per can. We had a big run on them once at 19c per can, and now a fortunate purchase of 50 cases enables us to cut the price still further. Get at least a half dozen cans while the supply holds out.

Our Golden Krust Bread (large 22-oz. loaves at 8c) is always fresh. In fact, so great is the demand for this bread, we are sold out by mid-afternoon each day and seldom have enough to supply late comers among the Saturday night shoppers. We are increasing our order with the bakery to take care of the increased demand.

We will have some very nice Missouri Strawberries for Friday and Saturday. The quality is better than last week, following a let-up of continued rain in the berry growing section and you can depend on our price being right.

Bring your list here Saturday and save money on each item.

Rapidry is Its Name!

Just imagine! No longer do you have to make folks jump from chair to chair for days, waiting for the paint to dry. Cook's Rapidry dries more slowly than Lacquer, enabling you to finish a large surface without showing brush laps, yet it dries faster than the old type Enamel or Varnish. Two coats can be applied in a single day

To the First Fifty Persons

A lovely piece of Art Statuary, ready to be decorated, will be given to the first fifty attending this event and making any purchase of Cook's Products. See these in our north window.
