MAN INJURED BY TRAIN

From Saturday's Daily—
This morning the body of a man probably fatally injured was found along the Burlington tracks just out of Bellevue, the discovery of the unfortunate man being made by a section crew while on their way to work. The man had apparently been struck by a freight train at an early hour this morning and suffered the loss of one leg cut off at the thigh while the ankle was severed on the other leg. The man was still alive and rushed to the hospital at Omaha but his condition was such that his death was expected at any moment. The man was thought to be a railroad employe. The train that ran over the man was not known as none of the trains crews had reported the matter and the accident had apparently been un-noticed by the train crews.

NEW SON ARRIVES

From Friday's Daily—

Morrow was gladdened last evening when a fine eight and a half pound son came to make his home with them in the future and bringing a great deal of happiness to the proud parents. The happy parents are receiving the well wishes of their many friends on this joyful event.

IDENTIFY DEAD MAN

The man found dead in a box car at Gretna on Wednesday morning, has been identified as Peter Peterson, who at one time lived in the city but has in late years resided in the west part of the state, his home being at Minatare. The Sarpy officials found letters on him addressed to Ethel Peterson, Plattsmouth, but such a party was not known here but later trace of the former residence of Mr. Peterson here was found. A more thorough search of a girl found near the body of the man yielded the identification and his present residence. He was killed in a box car loaded with grain cars and it is supposed that in switching, the grain cars caught him and crushed him to death.

Last evening Attorney and Mrs. D. O. Dwyer and their guest, Miss Grace Jones of Birmingham, Alabama, returned home from their outing in the mountain country of Colorado, spending the greater part of the time at Manitou and Colorado Springs with trips out over the nearby scenic points in that locality. The party enjoyed the trip very much and feel that they have derived a great deal of benefit from the rest in the cool and pleasant mountain country.

DEPART ON MOTOR TRIP

Stamp and Mrs. Fred Spangler and son, Homer, with Dorothy and Robert Propst of Ralston, departed on an outing trip to the Black Hills, making the trip in the new car of the Spangler family. They will make a short stop at Bayard, Nebraska, with the Pugsley family and from there go on north into the Hills where they will enjoy fishing and the cool and restful climate of that section and are planning on having a real time on the outing.

LAWNS LOOK GOOD

The lawns and yards of Plattsmouth are showing a neatness and well keptness that would be hard to surpass no matter where one might look. We have had enough rain to keep the grass and flowers in the best of shape and the interest that the majority of the residents show in making the city attractive has combined to give an unusually fine appearance to the town.
In passing through a city, one of the first things that a stranger will notice is whether the houses and yards look neat or otherwise, and much bad or good advertising, as the case may be, can be gained through this very medium. This fact, combined with the treatment given to passers-through by the people of a town, is one of the things that will be longest remembered, and best calculated to give the city the very best kind of advertising.

WELL KNOWN LADY MARRIED

The many friends here of the Joel Messersmith family of Havelock, will be interested in learning of the marriage of Mrs. Golda Graham, daughter of Mrs. Messersmith, to Mr. A. B. Klotz of Ashland, one of the well known young men of that vicinity. The newly weds will reside on the farm of Mr. Klotz in the Ashland community.
Mrs. Klotz is a cousin of Mrs. John Alwin of this city and she has been a frequent visitor here and is well known to a large circle of friends.

SENATOR ASKS EVIDENCE

Washington—Senator King, democrat, Utah, said Thursday that if any evidence "can be submitted" that the quarter million dollar political fund mentioned by Mrs. Mabel Walker Willebrandt in a current series of newspaper articles "was used in the 1926 Pennsylvania primary" he would favor an investigation of the circumstances by the senate committee which inquired into the campaign in that year of Senator-elect Vare of Pennsylvania.

DISPOSES OF PROPERTY

The Paul Wohlfarth home on South Sixth street, one of the most attractive and pleasant homes in that section of the city, has been disposed of by Mr. Wohlfarth to P. A. Meisinger, one of the well known residents of west of the city and a son of the late Conrad Meisinger, who will move into the city to enjoy a well deserved rest from the labors on the farm. Mr. and Mrs. Meisinger will find a hearty welcome from the Plattsmouth people and will find their new home a most pleasant one in every way.

VERY HAPPY EVENT

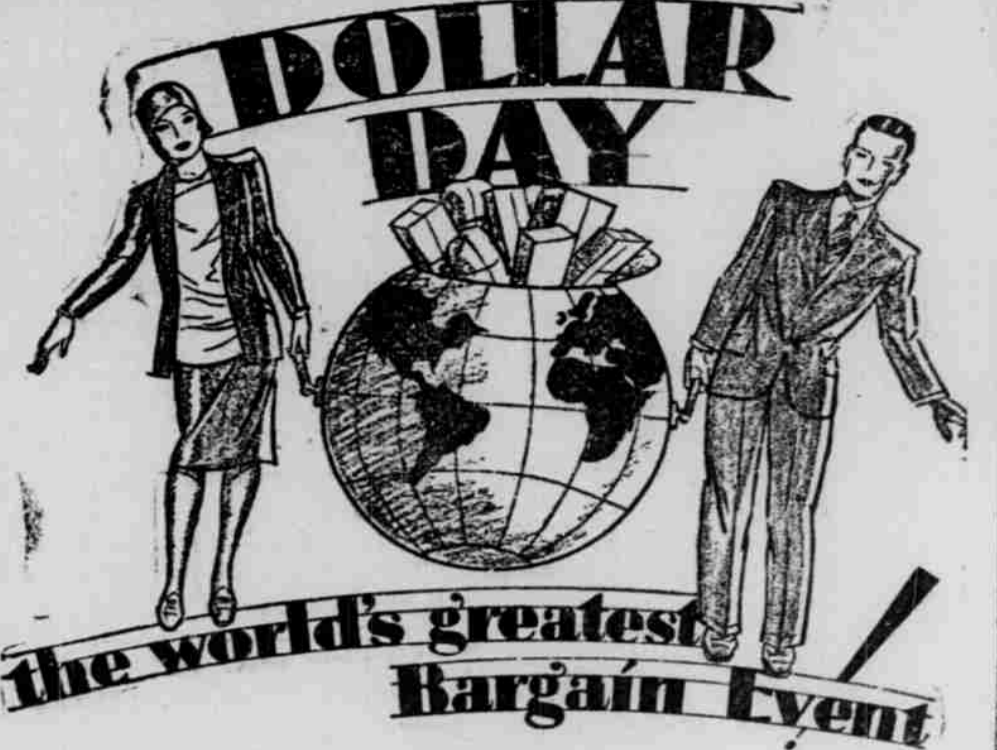

From Friday's Daily—
Last evening a fine little son and heir was born to Mr. and Mrs. George Moreland, residing in the south portion of the city. The mother and little one are doing nicely and the occasion has brought a great deal of pleasure to the happy father. Mrs. Moreland was formerly Miss Sybel Davis of this city. The new son tipped the scales at 9 pounds.

DEADLOCK IN COTTON STRIKE IS BROKEN

Manchester, England, Aug. 7.—(Wednesday)—The Daily News Wednesday said the deadlock in the cotton industry has been relieved. Announcement of arbitration was expected which would restore peace before the end of the week. The stoppage now is in its second week with more than 500,000 operatives idle.

MEXICO GOVERNOR OUSTED

Mexico City—The permanent congressional committee Thursday night, in justification of its removal of Governor Rubiez from office Wednesday, issued a declaration that corruption and disregard of law in that state during the last two and a half years had made conditions so unbearable that one-fifth of the population had emigrated. It was charged that state authorities confiscated public funds for their own use and built themselves palatial residences in Guadalajara while poverty was everywhere evident among the people. In connection with their charge that the police held the populace in terror, it was recalled that a detective in Guadalajara was executed by a firing squad two weeks ago after conviction of kidnaping.
The committee said 30,000 families left Jalisco for the United States in one year. It believed that now that the religious rebellion has been ended it was time to clear up the state government and for that reason the governor was ousted and Deputy Jesus Cuellar named provisional governor.
