To Aid in Securing of Needed Athletic Field

Civic Improvement Committee of Chamber of Commerce Donates \$50 for Use on Park

The need of a suitable athletic field for the use of the high school has long been felt and especially in the past year when the baseball park which was formerly used, became so badly damaged by flood waters from the city drainage system as to be practically useless and which would require a large amount to repair.

The suggestion has been offered by many that the tourist park on Washington avenue, a half block from the school be secured for this purpose and in support of this movement the civic improvement committee of the Chamber of Commerce of which W. G. Kieck is the chairman, has donated the sum of \$50 to be used for this purpose and which is the first of the various organizations of the city to get busy and join in the good work that would give the city an adequate park for the use of the athletic department of the city schools for their track and football activities.

The work on the park will not be started this fall, however, but it is expected with the great interest shown in the spring to perfect the park and make it a permanent athletic field for the school and one that will be ample to care for the track and football activities of the school for the next season. This is a fine location as it is close to the school and much more convenient to the pupils of the school.

WRITES FROM SPAIN

Mrs. E. V. McCrary of this city has received a letter from her son, John A. McCrary, which was written from Madrid, Spain, where John had stopped for a visit while on a tour of that portion of Europe. He had just visited Barcelona, where a world's exposition is now being staged and enjoyed the visit there very much and also the stay at the Spanish seaport. While in Spain he had the opportunity of enjoying a bull fight, the favorite sport of that nation. He states that the country is the poorest that he has visited on a trip that has taken him to South Africa, the South American states and central zone and back to Europe. Mr. McCrary visited Europe last year in attending the American Legion national convention and this year had the opportunity of viewing a number of countries that he was able to see on his previous trip.

Will Appeal Land Damage Award to District Court

State Will Appeal the Award Made by Appraisers to Elbert Wiles—Road Work to Go On

From Wednesday's Daily—County Attorney W. G. Kieck, official legal advisor of Cass county, has been notified by the state department of public works of Nebraska, through R. L. Cochran, secretary, that the state intended to file an appeal of the award made here on September 21st by the appraisers on the land of Elbert Wiles, just south of this city.

The appraisers, O. A. Davis of Murray, F. P. Sheldon of Nebraska, and Charles Troop of this city, found in their report that Mr. Wiles was entitled in their opinion to \$5,000 in the total sum of his damages because of the use of a part of his land for highway purposes, the route of highway No. 75 being placed through the Wiles farm and cutting of a tract of 70 acres from the main body of the farm.

The state, however, will continue on with the road work and expect in a short time to enter on the Wiles farm and start the road construction as the district court has denied the injunction prayed for by Mr. Wiles and which now permits the state to start the road construction after the posting of the necessary bond covering their appeal of the award of the board of appraisers.

The paving work south of this city will soon be ready to enter that portion of highway No. 75 that is being re-routed through the S. A. Wiles and Elbert Wiles farm and it is necessary to have the grading and drainage ready for the coming of the paving force.

MISS SHRYOCK HONORED ON 70TH BIRTHDAY

A very pleasant surprise party was arranged by Mrs. P. C. Stander last Monday afternoon in honor of the 70th birthday anniversary of her sister, Miss Edith Shryock. The guests were few and included the old time friends of Miss Shryock. A niece, Mrs. O. W. Low and two little daughters, Lucretia and Margaret Stander Low, of Minneapolis, who are visiting Mrs. Low's parents, Mr. and Mrs. P. C. Stander, was present and her friends were pleased to meet her and to hear something about their life and work in Minneapolis, where her husband, Rev. Low is pastor of Plymouth Congregational church.

Miss Shryock received a number of gifts in honor of the happy occasion and many hearty congratulations. She was born in Baltimore, Maryland, and came to Nebraska with her parents, the late Mr. and Mrs. T. W. Shryock, in the year 1864. They formerly lived in Plattsmouth and Weeping Water before moving to Louisville. Mr. Shryock was postmaster here during the administration of President Cleveland and Miss Shryock was his able assistant. For many years she had charge of our public library and is most capable and obliging. She is active in church work and is noted for her kindness of heart and broad charities and is greatly loved and respected by the whole town. The community will join in extending best wishes for many happy returns of her birthday.—Louisville Courier.

"JOHN DOE" IN BAD AGAIN

From Monday's Daily—The perusal of the court docket at the office of Charles L. Graves this morning disclosed the fact that "John Doe" was in bad again and as usual John had committed the folly of becoming intoxicated and to such an extent that he fell into the clutches of the night police and was lodged in jail. Later he was released on bond Sunday after his Saturday evening fling into the realm of Gamberinis. This morning, however, a plea of guilty before Judge Graves was followed by the payment in the new paper money of the sum of \$13.50 which represents the sum of \$10 and costs.
