## 15 new improvements in 1930 RED LINE Delco-Light

Look what you get in the new 1930 "Red Line" Delco-Light...no less than 15 major improvements. Glance over the list. (1) More watts per H. P. (2) Heavier armature. (3) 33% greater oil capacity. (4) Bigger generator. (5) Perfect alignment of brush assembly. (6) New "Tension Control" for uniform brush pressure. (7) "No arcing" brush. (8) Positive "load controller." (9) Instant response to power and lighting loads. (10) New throttle insures proper "trickle charge." (11) Oil filler more accessible. (12) Greater circumference of generator housing gives stability to switchboard. (13) Fewer parts in brush assembly. (14) Better generator ventilation. (15) Heavier construction throughout.

Don't look for these improvements elsewhere. They're exclusive with Delco-Light. May we show them to you? We are authorized dealers for this territory. Come in today.
