### County Board Repeals Former Resolutions

Board Votes to Withdraw Plan to Allow Service Charge on County Fund Deposits

From Wednesday's Daily—  
The board of county commissioners at their session yesterday took up a matter that has for the past several months been a cause of much worry to the county boards of the state, that of the payment of a service charge for county funds deposited in banks as checking accounts. The board some time ago passed a resolution that there would be a reduction allowed the banks in the interest rate to be paid the county on its funds, the banks putting up bonds for the covering of the deposits, which they repaid yesterday and the matter remains as before.

The banks have claimed that the payment of the interest rate and the cost of securing bonds on the county deposits was not profitable to the banks and for this reason they asked that the county pay a service charge through reduction of the interest rate so that the banks could handle the funds.

To help straighten out the dispute that has raged since the suit filed by the banks over the payment of an assessment in the bank guarantee has been in court, the board was willing to do all possible to secure a place to deposit their funds, but this was shattered by the opinion of the state auditor that the payment of a service charge was unauthorized and that this amount so deducted would be charged against the treasurers in counties as a shortage.

#### W. C. T. U. MEETS

The W. C. T. U. held a very fine meeting on Monday afternoon at the home of Mrs. Frank J. Morgan in the Coronado apartments, with a fine attendance of the members being out to enjoy the occasion despite the cold weather that prevailed.

The meeting was the first of the new year and accordingly partook of the nature of a New Year's gathering and most fittingly opened by Miss Jessie Robertson with a fine paper of "The Twelfth Night" and a history of the customs of this observance.

In the line of the new year's resolutions Mrs. R. B. Hayes gave the resolutions adopted by the national organization of the W. C. T. U. and which had been sent to all of the state and local organizations of the society.

Mrs. Robert Troop gave a very pleasing group of readings, "The New Year" and "Nebraska," both of which were enjoyed to the utmost.

Miss Olive Gass gave a very fine poem, "Good Morning," appropriate to the new year while Mrs. V. T. Arn gave one, "Dirge for the Old Year," both being well given and most appropriate to the occasion.

At the close of the afternoon dainty and delicious refreshments were served by the hostess and which were very much enjoyed by all of the members of the party.

#### EXPRESSES APPRECIATION

Mrs. Nelson Berger went to Lincoln to attend the 25th anniversary meeting of Organized Agriculture, held at the Agricultural College campus, January 7-8-9.

This year for the first time recognition will be given to the first group of Master Farm Homemakers of Nebraska. Mrs. Berger acted as one of State Committee of Judges, who selected these homemakers. Mrs. Berger received the following letter from Daniel A. Wallace, Director, Editor of the Farmer's Wife Magazine in appreciation of the work rendered. The letter is as follows:

"May I express to you the deep appreciation of 'The Farmer's Wife' for your work as a member of the State Committee of Judges which chose the first group of Master Farm Homemakers in Nebraska. We appreciate that it is no small task and no light responsibility to act as a member of this committee, but I feel sure when the recognition is given next January (1930) your pride in the group of women chosen will make you feel well repaid for the time and effort you have put in."

#### HAS A FINE VISIT

From Tuesday's Daily—  
Last evening Edward Ahrens, of Rapid City, South Dakota, departed for his home after a visit for several days at the home of his brother, Ernest Ahrens, one of the well known and highly esteemed residents of Nebraska. The visit was one of the rarest pleasure as the brothers had not met for some seventeen years and found the event one of great happiness as they visited over again the younger years. Edward Ahrens formerly resided near Wyoming, in Otoe county, before he located in the Black Hills. Ahrens was brought to this city by his nephew, Fred Ahrens and took the train here for his home at Rapid City.

### Death of Long Time Resident of Nebraska

Edwin Jeary, Who Organized First Banks at Elmwood and Greenwood Dies at Lincoln

Edwin Jeary, seventy-nine, a Nebraska resident for fifty-eight years and a former member of the Nebraska legislature, died suddenly at 9 a. m. Monday while eating breakfast with his wife, Kittie, at their home, 2318 Bradford drive, Lincoln. Mr. Jeary is the father of Clark Jeary, Lincoln lawyer and state senator.

Mr. Jeary was the founder of three Nebraska banks, all of which had national charters. He organized the first banks in Greenwood, Elmwood and Staplehurst, respectively, and was the managing officer of the Elmwood institution for twenty-five years.

Mr. Jeary was born in Statham, Norfolk county, England, and came to the United States when he was twenty-one years old. After reaching this country he came directly to Lincoln, arriving here on May 16, 1872, and hired out to a farmer, George Richards, who lived between Greenwood and Waverly in Cass county. While working on the farm and at odd jobs Mr. Jeary bought numerous school books and studied, having previously had but a fifth grade education. During his first year in this country Mr. Jeary became a naturalized citizen.

After eighteen months in the United States, Mr. Jeary obtained from George B. Prince, then county superintendent of Seward county, a third grade certificate to teach. For \$20 a month, Mr. Jeary taught school in a sod house in Highland precinct, Seward county. He had a total enrollment, this first year, of five, and an average attendance of three. After teaching this term, Mr. Jeary moved to Cass county, where he taught several terms in the public schools. Among the students was Prof. E. L. Rouse, once head of Peru normal. While teaching, Mr. Jeary studied law from books borrowed from an Ashland lawyer. He was admitted to the bar in Cass county by Circuit Judge Pound, early in the '80's. He practiced law for a short time in Greenwood, and while there organized the Salt Creek Valley bank, which is now the First National bank of Greenwood.

On Oct. 22, 1876, Mr. Jeary was married to Kittie Sampson, at Greenwood. In 1889 Mr. Jeary moved his family to Lincoln where he has since lived. Their first home was at 1749 Washington street.

Mr. Jeary was affiliated with Lancaster lodge, No. 54, A. F. & A. M., the Scottish Rite and the Shrine. He had been a member of the First Christian church in Lincoln since 1878 and has been an officer of the church most of the time since. Three years ago he was elected elder-emeritus of the church. Mr. Jeary was one of the original trustees of Cotner college and served on the board of trustees until Oct. 3, 1929, when he was elected trustee-emeritus. At the last commencement exercises at Cotner college, early in June, 1929, Mr. Jeary was granted an honorary L. L. D. degree. He served as a member of the board of trustees of the Lincoln Y. M. C. A. for many years.

Mr. Jeary served in the house of representatives from Cass county in 1887 and served two terms in the house from Lancaster county in 1913 and 1915.

Besides his wife, and son, Clark, Mr. Jeary is survived by two daughters, Mrs. May E. Coats, Lincoln, and Mrs. Fenner E. King, Manchester, N. H., one brother, William, one sister, Mrs. John Stanton, both of Lincoln and four grand children.

Mr. Jeary had been in failing health for the past two years, and was practically bedfast for the past two months. His death was due to an acute heart attack.

## The Way we can best express our Appreciation of Your Patronage

THIS is a fitting time to express our thanks and appreciation to the many friends whose patronage we have been fortunate enough to enjoy during the year that has passed.

We say friends without any attempt at familiarity, for that is the way we feel about you, and that is the way we sincerely have tried to make you feel about us.

However, action speaks louder than words. We want our appreciation to take concrete form; and we can think of no better way than in procuring for you, during the coming year, values that will be even more outstanding than those offered you in the past.

We want to do this, and fortunately we can. The great Purchasing Organization of the Allied Clothiers has made many advantageous contracts with leading American manufacturers, and the benefits of those low prices will be passed on to us . . . and, in turn, to you.

So look to this Allied Clothier Store for Bigger 1930 Values!

### South Bend to Seek to Have Graveled Roads

Delegation Here Tuesday to Seek Means of Extending Gravel Program in Precinct

The residents of South Bend precinct are to launch a movement seeking to have a gravelled highway in that precinct extending from the Louisville precinct line northwest through South Bend and then on toward Ashland where it will come within two miles of the D. L. D. highway.

To further the cause of the graveling program there was a delegation here yesterday afternoon to interview the county commissioners in regard to the matter and which was headed by Mayor William J. O'Brien of South Bend and with him were M. E. Bushnell, James Fidler, Wilham Richards, George Vogel, B. F. Dill, Jacob Carnicle and Oscar Dill.

The plan that will be adopted will be similar to that in the other precincts that have secured graveling, having a petition circulated and which must have the signatures of fifty-one per cent of the resident property owners of the precinct. This petition will call for the levy of a tax in the precinct to raise the cost of half of the graveling and which will be matched by the commissioners if the proposition is carried. Owing to the fact that the amount to be raised for the nine miles of road cannot be secured on a one year levy it is thought that the proposition would have to be divided over a two year period.

The gravel boosters will be busy at once and try and have the proposition all lined up for the opening of the spring season.

#### FINED FOR POSSESSION

From Wednesday's Daily—  
Yesterday afternoon John Mick, a resident of Eagle was here and entered a plea of guilty to the charge of possession of intoxicants. Mr. Mick was arrested last Saturday by state officers and at his place was found forty gallons of mash alleged to be used in beer making. To the charge as preferred, he entered a plea of guilty and received a fine of \$100 and costs. There were several places raided in Eagle but this was the only one where any result was secured.

#### FARM LOANS

I have \$5,000.00 to loan at 5 1/2% on good security. No commission. Terms to suit borrower.

Also have a good 80 acre tract of land for sale, 2 miles west of Murray.

Bonded Abstracts of Title to Real Estate also at reasonable rates. Fire Insurance written. JOHN M. LEYDA, Bates Bldg., South P. O. d21-8aw, 4S

#### TABULATING CRIME

The International Association of Police Chiefs has begun the first systematic attempt at tabulation of crime ever made in this country.

An effort is to be made to interest all states in collecting crime statistics in rural communities. Monthly reports are to be prepared by the police departments of all cities in order to make readily available authoritative information on crime throughout the entire nation. These are to be supplemented by annual reports dealing with different phases of the crime problem.

The value of this program is inestimable. The police department is society's first defense against the criminal and its efficient functioning is the nation's surest safeguard. The police have been hampered in past years because of the dearth of authoritative crime statistics and reports. The actual causes of crime have remained undetermined.

It may be observed that of all great nations we have given our police the least chance to succeed in their fight against crime. There is nothing in the United States to compare with Scotland Yard or the Paris Sirete, with their amazing facilities for the collection of information and their use of the most advanced methods.

Now that our own police are making an intensive effort to better their own work great results may be expected. It is the certainty of detection and punishment that suppresses crime and well informed police departments are worth more than volumes of restrictive laws which infringe on the rights of the law-abiding citizens, to the actual advantage of the criminal who obeys no laws.

#### SHOWS SOME IMPROVEMENT

From Wednesday's Daily—  
The reports from the bedside of D. T. Stary, who has been suffering for the past week from an attack of pneumonia, are to the effect that he is now doing very nicely and rapidly progressing altho he is still confined to his room by the illness.

Mr. and Mrs. Henry Stander of Louisville were here today for a visit with the members of the George Stander family west of the city and will also visit Mr. Stander at the Clarkson hospital at Omaha.
