Harold W. Tool was looking after some business matters in Omaha on last Tuesday making the trip via the train.

Judge W. E. Newkirk of Greenwood was a visitor in Murdock and a guest at the home of his daughter, Mrs. Dr. L. D. Lee, who was enjoying the visit very much.

A. H. Jacobson was called to Lincoln on last Wednesday where he went to secure some repairs for the use in his garage, and to look after some other business in the automobile line.

Ray Gamblin who has been making his home near Ashland for a few years moved last week to the place across the road from where Louis Bornemeier lives, where he will farm the coming summer.

The sale which was held at the home of Harry Marshall, on last Tuesday was a very successful one, and was conducted by Rex Young the clerk being done by Henry A. Tool of the bank of Murdock.

A. J. Tool was spending a good portion of the last week in Omaha where he was attending the Nebraska Hardware Retailers convention. Mrs. Tool was looking after the store during the absence of Mr. Tool.

There was rejoicing at the home of Mr. and Mrs. Louis Lau, when the stork arrived at their home on last Monday morning bringing them a very fine little blue eyed lady with a smile that won all hearts. The mother and the little lady are getting along nicely and the father is doing reasonably well.

Herman R. Neitzel of Boise, Idaho, was a visitor for a time in Murdock and was guest at the homes of Henry A. Guthmann and Louis Neitzel while here. He, and Mr. and Mrs. Guthmann were over to Plattsmouth for a visit returning and remaining here for a few days, then departing for Plattsmouth where he had some business matters to look after which he will go to Chicago, and South Bend, Indiana, before returning to his home in the west.

Murdock is fortunate in that it has a good cafe and eating house, for there has been many times when it has been impossible to obtain a meal here, and now the case in some places. The coming of Mr. and Mrs. Shelby Bridgeman, has been a good thing for those who have to get meals out. This is also a good thing for the ones who conduct the cafe, for they are enjoying a good business, and why should they not have a good business, for they are conducting a fine restaurant and doing a good business.

Miss Louise Meierjurgan United in Marriage to Mr. Elmer Miller in Beautiful Ceremony

One of the prettiest weddings which ever occurred in this community, was that of Miss Louise Meierjurgan, only daughter of Mr. Henry Meierjurgan, to Mr. Elmer Miller of this place. The large Callahan church which had been beautifully decorated for the occasion was almost filled by the 300 guests who witnessed the ceremony. The bride is an accomplished musician and was reared and educated here.

The groom is the only son of Mr. and Mrs. Otto Miller, old residents of this vicinity. He was educated in the schools here and has spent his entire life in this community.

An improvised altar, with baskets of roses, tied with large bows of white tulle was the setting for the ceremony, while the large candelabra with their many white tapers shed a soft light on the scene.

Preceding the ceremony, Mrs. Ray Veach of Beatrice, an aunt of the bride, sang "Till I'm Called by the Master Above," accompanied on the piano by Miss Margaret Bornemeier of Elmwood, a cousin of the bride and the Misses Esther and Marie Meierjurgan of Lincoln, cousins of the bride sang "The Beautiful Garden of Prayer," accompanied by Miss Grace Backmeier, cousin of the bride, who also played the Mendelssohn Wedding March.

The bride was very beautiful in her gown of ivory satin, trimmed in real lace and pearls. Her veil of lace and she carried a shower bouquet of brides roses and lilies of the valley. She came in on the arm of her father. The groom was dressed in blue serge. A sister of the groom, Miss Ruth Miller of Chicago, was dressed in a gown of peacock blue georgette with slippers to match. She carried a bouquet of sweet peas. Darleen Reickman, the four year old niece of the groom, dressed in pink georgette carried a small basket of pink and white sweet peas and little Gretchen Ann Swoboda of Omaha, dressed in pink georgette carried the ring on a white satin pillow. Walter Meierjurgan was the groom's only attendant, while Carl and Jonas Meierjurgan acted as ushers.

Rev. Hugo Noerenberg, assisted by Rev. Knoss of Murdock, read the marriage lines.

A reception was held in the church parlors, after the ceremony and a most delicious three-course dinner was served in the church dining room which had been beautifully and artistically decorated for the occasion. The color scheme used here was pink and white, long streamers of which had been attached to the lights with large wedding bells suspended above the brides table which made the room a scene of beauty. While pink roses and large pink candles made the tables very attractive.

The dinner, which was excellent in every detail, was served by the members of the Women's Missionary Society, supervised by Mrs. Martha Bornemeier and her able corps of assistants. The color scheme of pink and white was further carried out in the menu, while angel food cakes, frosted in pink, and ice cream with pink wedding bells serving as dessert.

The decorations in the dining room were in charge of Miss Verna Knaup, while Mrs. Ray Veach and Mrs. Paul Bornemeier had charge of the decorations in the church. The guest book was in charge of Miss Esther Meierjurgan. She also made the large wedding cake which adorned the table of the bride.

Mr. and Mrs. Miller received many useful and lovely gifts. They are both well and favorably known here and the entire community joins in wishing them much happiness in their new home. Mr. Miller has kept house for her father and brothers for many years, her mother having passed away when she was very young. In memory of her dear and beloved mother, she placed her wedding bouquet on her grave.

She is much beloved by all who know her and deserves only the best in her future life.

After an extended wedding trip, Mr. and Mrs. Miller will be at home on the modern farm located near Murdock, where Elmer has spent his whole life and where they will be at home to their many friends.

4-H Leaders of Cass County Hold Meeting

Many Notable Events Are Planned for the Ensuing Year by Leaders in This Work.

The 4-H leaders of the county held their annual meeting last Tuesday afternoon in the Congregational church at Weeping Water, and outlined the program for the coming year.

A great deal was planned by County Agent Waincott and his assistants throughout the county for the coming season of work that will soon be running full steam ahead. Many important dates that are given below should be noticed by all that are interested. A complete list can be obtained from the Farm Bureau office for the asking. The corn fed baby beavers for the Ak-Sar-Ben show must be ready by March 15th, also the short feed class on May 15th is the closing date for the short feed class. June 1st, is the date that all material for the State Fair must be owned by the entrants of the 4-H club work.

All are looking forward to the State Club Week to be held at the college the week of June 2 to 7, June 19 and 21 will be the judging day at the college. August 4 to 11 will be the final 4-H judging week at the college. County Agent Waincott believes that everyone interested in the club work is looking forward to the club camp to be held in July.

Other parts of the program for the coming year were brought up and discussed during the meeting. The goal of the Cass county club is set for 500 members this year and the extension workers are hoping for more. Cass county has had a higher average of club members for the past nine years than any other county in Nebraska. This is very encouraging to the leaders of the work here and they expect to hold the lead as long as possible. This year is the second year that Cass county has sent a delegate to the National Camp held at Washington, D. C. Only four delegates from the entire state are chosen, therefore we are very proud of the club work and leaders here. Cass county has also won more trips by their fine work than any other club in the state. We have one of the finest clubs in the state, and let's boost them along all the time, encourage the workers and leaders as well.

Several good talks were given in the meeting held Tuesday by some of the leading citizens of the county and most enthusiastic workers. S. Ray Smith talked on the subject, "Are County and State Fairs Worth While?" Mrs. Ray Norris, "How to Interest Boys and Girls in Games and Stunts," Mrs. Ranney, "Securing Cooperation of Parents," Mrs. Eleanor Norris, "The Place for Club Camps and Club Week in the Program."

Mrs. Ivan Balfour of Union was on the program, as was Mrs. S. E. Lingo, but both ladies were unable to be present on account of the bad roads.

L. I. Frisbie, state 4-H club leader, gave a fine speech to the group, bringing out several fine points in connection with the club work.—Weeping Water Republican.

\$100,000,000.00
Annual Loss
Average Loss \$200.00 Per Farm to Nebraska and Iowa Farmers

In our previous article, we endeavored to point out America's wealth and economic position in the world—the result of using man's productive capacity. The CONSTITUTION has been the fundamental law, directing our activity.

The above astounding figures represent absolutely needless loss. The amount can be verified by referring to the Nebraska and Iowa State Agricultural colleges. To prevent this enormous loss from WEEDS, or impure seeds, the Nebraska Legislature has enacted a number of seed laws.

Prevention of Unnecessary Loss
 The State employs a number of inspectors to prevent the sale and use of impure seed. Seed Houses carrying large stocks, by their requirements early—clean and grade before seeding season. This makes it possible for the State to inspect and sample the entire season's business. This is the best protection against impure seeds. The next best safe-guard against impure seed, is the State's inspection privilege of seed in the local merchant's store.

The buyer of seed in the State of Nebraska has absolute protection if purchasing seed cleaned in the State and sold by local merchants. Seeds shipped into the State of Nebraska by radio houses direct to the consumer, has but little chance of being inspected. The distributor that ships into the State direct is not responsible to our State laws.

Bargain Seed Expensive at Any Price
 The enormous loss sustained through sowing seed not absolutely clean and healthy is a "hidden leak." It is as if there were a hole in the cribs and granaries through which the grain was leaking out day after day. While the loss is insidious, and never suspected, yet the profits keep leaking away each season.

The needless waste can be avoided by better buying methods. The State has used every precaution possible to protect the interest of the seed buyer. The loss annually to Nebraska of forty or fifty million dollars is very material in building up its capital. The National government fully realizes the nation's financial loss. Therefore established a method of verification of alfalfa seed which will be discussed later.

The time to investigate against impure seed is before seeding. A little more care or precaution in the selection of seed may spell the difference between profit and loss on the year's farming operations.
