Mr. Dick Davis has been placed under quarantine at his home on account of having the small pox. It is understood that he is getting along nicely.

Both the Baptist and Methodist church of Union last week as well as their Bible schools were well attended with good services and a very fine lesson presentation.

Senator W. B. Banning who is at the special session of the legislature was a visitor at home for over the week end and returned to wrestle with the bank guaranty law.

Thomas McQuinn was supplying his herd of very fine hogs by purchasing some fine Spotted Poland China sows with their litters from N. C. De Les Rernier on last Monday.

George A. Stites was called to Nehawka on last Monday to look after some business matters and drove over in his car, finding the sister city in peace and glad to receive their friend.

E. E. Morris who has been making his home on the Banning place south of Union and working for A. R. Niday, has moved to north of town and will work for L. G. Todd the coming year.

Harry G. Todd and wife of near Murray and John Vantine of near Wyoming were guests for the day and dinner at the home of Mr. and Mrs. C. B. Smith where they all enjoyed a very pleasant evening last Tuesday.

F. W. Martin has accepted the position of care taker of the two cemeteries and is in position to do special work on the private lots of any who may desire the way of caring for flowers or special attention to the graves of friends.

Wm. James who was so seriously ill some weeks since, resulting from a slight stroke, is feeling much improved and was able to be at services at the Methodist church at both services on last Sunday, which is good news for his many friends.

Robert Eaton and family moved from their late home near Murray to the Mrs. Towne farm east of Murray and are settled, Robert having been able to do some work preparatory to farming, as well as catching a few fish from the old 'Big Muddy.'

Mr. and Mrs. W. H. Porter were attending services at the Methodist church at Nebraska City on last Sunday and following also visited W. A. Copenhaver at the hospital there, who is convalescing following a broken leg in two places which compelled him to go to the hospital.

very careful treatment of Dr. Claybaugh Mrs. Upton is making improvement.

Frank Bauer, the dresser of horses and mules, and Jack Roddy, the handler of real estate were over to Bellevue, on last Sunday afternoon, to see one of the first towns in Nebraska and where there are still many relics of more than a half century since standing in mute evidence of the efforts of the pioneers to make a bigger and better country.

W. H. Porter was over to Murray on last Saturday with a load of hogs for W. O. Troop, which he brought from Nebraska City. He also took a span of mules to John Hobscheidt, which he had purchased from Joseph Shellenberger of south of Nebraska City, and with the many pieces of work made it a neck and neck race whether he was going to get home before Sunday. But he made it by twenty minutes.

Farm Home Burns.

The home of Mrs. Elizabeth Easter which was constructed on the Easter farm some five miles southwest of Union, was burned to the ground on last Saturday despite everything which was done that was possible under the circumstances, as there was no means of fighting the fire except with buckets, and the fire had gained too much headway when neighbors and citizens of Union got there.

The friends and neighbors were able to remove most of the furniture before the house was destroyed. The building was a large farm home, and built some time since. The tenant house also in the yard near, was only prevented from burning by the heroic efforts of the sturdy fighters. Many from Union were there to assist as they could in getting the furniture out and also efforts to extinguish the flames. The building was partially covered by insurance.

The Baptist church Bible school extends a very cordial invitation to all who are not attending Bible school elsewhere to come join the lesson study with them, as well as the church also extended a cordial and personal invitation to come and worship with the church. While S. W. Copenhaver was hauling some logs at his place where he had been clearing some of his land, he had the misfortune to have the logs catch on a stump and with the pulling of the team, switched, striking him, breaking his leg in two places. He was taken to the hospital at Nebraska City where the fractures were reduced and where he is receiving treatment. He is getting along, but still is suffering greatly from the nature of the injury. His many friends are hoping he may soon be able to return to his home and that ere long he will be well again.

U. B. M. C. Luncheon.

(Kindness of "Whit")
On last Tuesday, which is the day set aside for the club meetings, at the set aside for the club meetings, at the Clark Hotel began to be the scene of great activity as 17 men gathered for refreshments and to talk over the problems of the village.

Several of the faithful members were late, being unavoidably detained at their various duties, which required violation of some of the health rules in order for them to take part in the business discussion, but as this included Doctor Claybaugh, the offending members were excused without medical reprimand.

After the excellent dinner, the business of the club was transacted in the regular manner. The first matter brought to our attention by President Rihn was the display of flags on proper occasions, we being advised he had received a bid on the complete installation at \$3.50 each, which included a large flag and a twelve-foot pole to be placed in the sidewalk in front of the business house. Doctor Achenback spoke in favor of the idea, but considered the cost a little high, being of the belief that the work and material for the job could be contracted for by the club, or by each individual for less money. This will be under discussion in future meetings.

On account of the automobile accident in which Mr. Briggs was involved, and which prevented his attendance at this meeting, President Rihn asked Rev. Taylor and Secretary Smith to transmit a message of sympathy from the club to Mr. Briggs.

We learned the six mile paving project on the "O" street highway was not included in contracts made to date, but the fulfillment was not altogether impossible, and the committee will continue work on the proposition, which would mean a paved Main street.

The date of the entertainment to be given by the "Men O. N. C." club of Nebraska City, has been definitely set for May 27th, the proceeds to be equally divided between the firemen and library funds. Sale of tickets will be started soon and everything will be done to try and insure a full house, which is so greatly desired by the entertainers.

There are many things of importance to this community to be discussed at every meeting. Get in the game and work for the good of your village and surrounding territory, as well as building up the spirit of co-operation which is beginning to be so strongly displayed.

Meeting adjourned with the singing of "America." Come next Tuesday, and bring a guest.

Card of Thanks.

We wish to express our thanks to our friends and neighbors for their kindness and assistance during our recent loss. Were it possible we would write each of you a personal letter. That being impossible we take this means of expressing our sincerest thanks.—Mrs. Elizabeth Easter, Miss Laura A. Easter, Mr. and Mrs. Joy Christensen.

Thank you very much "Whit."
yours, Briggs.

I have some sixteen head of well broken horses and mules, which I will sell or trade for other property. Better see me before the time comes for commencing farming.—E. E. Leach, Union, Nebraska. 127-31w.

Nebraska Sued for \$2,215,169 of Bank Losses

Depositors Act at Lincoln as Right to Sue Is Given; Ask for Levy to Aid Guaranty.

Passage of a resolution in the state legislature Monday, granting depositors in failed state banks the right to sue the state, was to be followed today by the filing of the first suit, in district court at Lincoln, it was announced by William J. Holz, Omaha attorney, Tuesday.

The suit, while nominally in behalf of George N. Seymour, Leonard N. Seymour and Hoffman & Seymour, Inc., all of Elgin, Neb., and Theodore H. Buelt and James H. Covey of Humboldt, Neb., is in reality a suit on behalf of all depositors who have lost money through operation of failed state banks by the banking department, Mr. Holz said.

The petition alleges that \$2,215,169.35 is owing by the state of Nebraska to the plaintiffs and "other depositors similarly situated," and that "the state of Nebraska should levy taxes and appropriate said amount of money and pay same into the guaranty fund for distribution and payment to plaintiffs and the other depositors similarly situated."

Holds State Liable.

Associated with Mr. Holz as counsel for the depositors is Clinton J. Campbell of Lincoln.

The present suit alleges, in part: "That defendant, state of Nebraska, by legislative act, declared and made the business of banking, including the receiving and repayment of deposits, a quasi-public business, subject to regulation and control of defendant state; and defendant, by legislative act, also restricted and defiled the rights and liabilities of its state banks and the depositors thereof, and generally the relationship, duties, rights, obligations and liabilities of the defendant and state banks, and depositors thereof, in regard to banking business in the state of Nebraska."

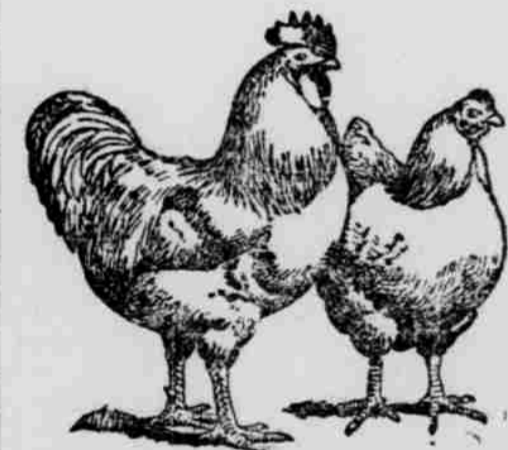

"That by Section 8,928, Compiled Statutes, 1922, defendant provided that if the guarantee fund be depleted or reduced to an amount less than 1 per cent of such average daily deposits, the department of trade and commerce must levy a special assessment against state banks to cover such deficiency, such special assessment to be based on said average daily deposits, and when required for the purpose of immediate payment to depositors, said assessment to be for any amount not exceeding 1 per cent of such deposits."

Failed to Make Levy.

"That for the year 1925, and subsequent years, the maximum special assessment has been levied by the defendant as required by law, but that during the years 1921 to 1924, inclusive, the guarantee fund was depleted below 1 per cent of such average daily deposits of state banks and that said guarantee fund was depleted to such an extent that said maximum special assessments were insufficient to bring said depleted fund up to 1 per cent of such average daily deposits."

their LIVES are in YOUR HANDS!

DOWNY LITTLE THINGS... not long out of their shells... how much they must depend on you for the things they need to live and get big. They need a feed filled with nourishment. A feed which will build bones quickly... building muscles strong... change fuzz to feathers in a hurry... all this they demand... and yet their little crops can handle only one tiny thimbleful of feed a day! What a job for feed!

Consider Purina Chick Startena (mash) for this job! In every thimbleful are twelve ingredients! Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there... each one with a real job to do. Purina Startena is mixed over and over again... 960 times just to be thorough! And you will find the same care taken with Baby Chick Chow (scratch)... to be fed with Startena.

Your chicks... what they do for themselves... what they do for you... is entirely in your hands. They eat so little... yet it counts so much... that you can afford to do only one thing... feed Purina Chick Startena!

amount of \$3,728,000 has been prepared and will be presented to the board of regents at their next meeting," the article reads. "The finance committee will first investigate it and if they pass on it, it then goes to the board of six regents for their final approval. After this is received it is ready to go into effect."

Although the chancellor is in direct charge of everything connected with the university, he must have the approval of the board of regents, elected by popular vote at the regular state elections.
