## Passes 85th Year

William Balfour was 85 years old on April 5th and his birthday was very fittingly celebrated at the home of his son, Carl, near Nehawka, where almost 100 guests were present to wish him much joy and happiness. Mr. Balfour is a veteran of the civil war having served under his father as captain of Company I, 45th Illinois. He was born in Danzig, Prussia, and came to America with his parents when 4 years of age. They first located at Waukegan, Illinois, and in 1867 came to Nebraska, locating on a farm near what was then called Swift, where he now resides. Mr. Balfour was an early school teacher and fourteen of his former pupils were present at the gathering.

The afternoon was spent in visiting and a program consisting of songs, "Happy Birthday to You, Mr. Balfour," "Listen to the Mocking Bird," an old favorite of the guest of honor; a reading, "Your Flag and My Flag," by Mrs. Ivan Balfour; two vocal solos by Kathleen Balfour, 4-year-old granddaughter of William Balfour; an address by Rev. Taylor, of Union, and a talk by Mr. West of Nehawka. Then more music, closing with "God be with You Till We Meet Again," and instrumental selections by Mrs. Eugene Nutzman.

A delicious lunch was served—everything being carried out truly of a patriotic order. A large birthday cake, decorated with red, white and blue trimmings, was a very fitting centerpiece for the dining room table. A large floral centerpiece was also in red, white and blue. Mr. Starr, who was not present, sent a letter of congratulations and a telegram was received from his son, George, in California.

Mr. Balfour received many pretty gifts and those present went forth and will give him a nice, comfortable chair to spend his retiring years in, reminding of the early pioneer days when herds of buffalo roamed this country—and recall the many familiar incidents of his Civil war days—of his family now grown, the grandchildren and great-grandchildren and of his many kind friends and neighbors who spent the afternoon with him in honor of his 85th birthday.

Everyone present enjoyed themselves immensely and returned home wishing this dear old gentleman many more such happy birthdays.

Union W. C. T. U.  
The W. C. T. U. met at the home of Mrs. J. R. Dysart, with Mrs. Ivan Balfour as assistant hostess on April 8th. The meeting was called to order by the president, Mrs. Cross. The "White Ribbon Rally Song" was followed by prayer by Mrs. Easter. For Scripture reading, Jeremiah 35, verses 1 to 8. A letter was read from our state president, Mrs. Clayton. Extracts from the Union Signal were read. Mrs. Lee Faris was leader of W. C. T. U. history. "The Story of the Crusade," Mrs. Allison. Two of our members, Mrs. Cross and Mrs. Allison, remembered the time in 1873. "The White Ribbons of Japan" read by Mrs. Dysart, Mrs. Hansel, Mrs. Rihn and Mrs. Easter, showing how work is growing in Japan. "The Story of the World's W. C. T. U.," which every loyal W. C. T. U. woman loves to hear read, Mrs. Todd; "Busy Women and the W. C. T. U.," Mrs. Hansel, and "Prosperity in Our Own U. S. A.," by Mrs. Ivan Balfour, showing that in 1915 billions were spent for rum, while in 1930 billions were being spent for beer, homes and all that goes to make living better.

We are proud of the fact that 5,000,000 new homes have been built in the past eight years. There is no longer any doubt about prohibition being an economic success.

The meeting closed with "Some Glad Day." Delicious refreshments were served by the hostesses. The May meeting will be held at Mrs. Hansel's, with her daughter, Mrs. Pearsley, as assistant, and Mrs. Garrison leader of Child Welfare and Mother's Day program.

—Mrs. Ivan Balfour, Reporter.

### WHAT A DIFFERENCE 90 DAYS MAKE!

TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days!

A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growena and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks.

Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs aplenty in fall and winter when eggs are always worth good money.

**MINISTERIAL ASSOCIATION**  
The ministers of the Cass County Ministerial Association assembled in the United Brethren church at Mynard on Monday, April 7, at 2:00 p. m. to conduct their regular monthly meeting. G. B. Weaver of the local church had charge of the devotional service. H. A. Noerenberg was elected temporary chairman as the regular chairman, H. A. Sortor, was detained on account of a funeral service. O. G. Wichman of Plattsmouth read a very interesting and well prepared essay on the theme "The Religious Contribution Which the German People Have Made to America." This essay was constructive and instructive and replete with information and historical facts.

A motion prevailed that we instruct the secretary to have said essays published in the county paper for our individual benefit and information and our constituency at large. A motion also prevailed that we conduct a Union Gospel Service at Nehawka on Sunday, April 27, at 2:30 p. m. H. G. McClusky of Plattsmouth and G. A. Morrey of Weeping Water were selected as the principal speakers and that fifteen minutes time be allotted to each. H. A. Sortor of Plattsmouth was chosen to act as chairman of said meeting.

The next regular meeting of the Ministerial Association is to be held at Plattsmouth in the M. E. church on Tuesday, May 6th, at 11:30 a. m. and have a fellowship luncheon precede the regular meeting. H. D. Knoblock of Nehawka was duly received as a new member of this organization.

The interest throughout the county in this organization is growing and is at the present time manifesting a healthy and genial spirit. It was voted by motion that we have a Ministerial Goal, namely, "Every Minister in the County, a Member of This Association." At present this association has a membership of seventeen.

H. R. KNOSP, Secretary.

## House and Senate Trying to Harmonize

Noncontroversial Items Being Cleared Up First, With a Fight to Come Later.  
Washington—The ten senators and representatives sitting in judgment on the varying tariff views of the two branches of congress will go into their fourth session Monday united in a determination to compose all differences in three weeks at the latest. One-sixth of the more than 1,200 amendments added by the senate to the Hawley-Smoot measure, which will have been before congress fifteen months Monday, have been adjusted by the conferees, either by virtue of the house or senate group receding or by compromise of the differing rates in the first two schedules embracing chemicals, oils, paints, earthenware, and glassware.

Senator Smoot, head of the senate conference committee, said Sunday that all non-controversial duties would be cleared up first. Major rates on which deadlocks occur or which either side has pledged not to settle without permitting them, he added, would be reserved for disposition later.

May Hold Night Sessions.  
Itho both republicans and democrats have expressed satisfaction with the progress of the conference, there are indications that night sessions will be resorted to before long to accelerate the work. This procedure already has been broached, but unanimous consent has not been forthcoming.

Of the 202 senate amendments passed on thus far, a big majority have been accepted, meaning the revision is more or less downward. The house group, however, has insisted and won a dozen or more of the house bill increases, and compromises have jumped about duties in several additional instances.

Rates on only two commodities—cane and cement—have been deferred for future decision. The house group is bound under a gentlemen's agreement to bring the cement controversy back to the house for a vote. Indications point also to a house ballot on cane. Other provisions slated for votes either in the house or senate are the export duty amendment and the provision withdrawing presidential power to change the duties, and the duties on sugar, lumber and shingles.

Hides, leather and shoes also form a triple-impediment for the conferees. The senate retained all of these commodities on the free list while the house placed in the protective category.

Urging that politics be left out of the discussions over these com-

modies, United States Leather company of New York in a brief submitted to the conferees Sunday appealed for free hides and a protective tariff on sole, harness and belting leather.

As a protest against enactment of the tariff bill, Dr. Gertrude M. Duncan, secretary of the women's non-partisan fair tariff announced Sunday that a mass meeting would be held in Carnegie hall, New York city, April 23, with Senator LaFollette, and former Governor Nellie Taylor Ross of Wyoming, listed as principal speakers. Representative Mary Norton, democrat, New Jersey, will preside. "To the best of our knowledge," said Dr. Duncan, "this is the first great mass meeting in American history ever organized by consumers as a protest against an outrageous tariff measure."

"In its desire to jam into a tariff bill the highest duties ever conceived congress has scorned the millions of housewives who must pay the bills," she said. She explained the meeting was formed last year as a national council of women's organizations for tariff research.—State Journal.

It is better to have insurance and no fire than to have a fire and no insurance. I write for the Farmers' Mutual of Lincoln. "There are none better, and rates are reasonable." Kindly see or phone W. T. Richardson, Mynard.
