## Good Management!

You have noticed that those who get ahead in the world are generally those who are good managers—who have learned to take care of their incomes.

It is conceded the world over that the best way to take care of one's income and have a growing balance is to keep a bank account.

There are just as many reasons why you should have an account at this bank as there are why any of our hundreds of satisfied depositors should.

### The Murray State Bank

Murray, Nebraska  
"There is No Substitute for Safety"

While in Omaha they visited at the Clarkson hospital, and greeted Miss Florence Bartlett, who is convalescing at that institution, and doing very nicely. They were pleased at the good improvement of Miss Florence.

Miss Thelma Rhoden Serious

Miss Thelma Rhoden who has been at the Immanuel hospital at Omaha for some time and where she underwent an operation for appendicitis, is reported as being very critical, the first part of this week. Mrs. Georgia Creamer and Mrs. Alma Yardley were called on account of her seriousness.

Father Was Serious.

Mr. and Mrs. Louis Hallas and the kiddies were over to Omaha on last Sunday where they went to visit with the parents of Mr. Hallas. Joseph Hallas who just underwent a very serious operation at the St. Elizabeth hospital at Omaha, and who has been very serious since. The patient, however, is showing some improvements. Again on last Monday he and Dr. G. L. Taylor were over to Omaha to visit the folks.

Jack Richard Taylor.

Such was the name under which the son of Mr. and Mrs. G. L. Taylor was baptised at the St. Catherine hospital at Omaha on last Sunday. Dr. Taylor was over to attend the ceremonies. Mrs. Taylor and son are expecting to return to their home on this Thursday.

Buy New Farmall.

Roy Gerking who believes in keeping abreast with the times, has just purchased a new Farmall for use in his farming operations. The Farmall is about what its name signifies, for it is sure the thing for the farm and can be used all over the farm.

Clean Up Your Town.

Since this is National Clean Up week we should each and all be interested in making our town more beautiful. If every property owner will please clean up around his home, business places and alleys, clean up trash, tin cans and etc. it will make the streets look much better and we can all feel proud of Murray.—Signed by Committee of the Murray Study Club.

### Former Governor Says He's for Senator Norris

Admires Senator's Watchfulness of the People's Interests—Defends His Right to Bolt.

Former Governor Bryan and Dr. Jennie Mather Callias, democrats of standing, have been heard from, now comes the voice of a republican twice elected governor of Nebraska, the voice of former Governor Adam McMullen of Beatrice, a consistent advocate of farm relief thru the McNary Haugen bill and finally a supporter of Hoover for president.

"I am for Senator Norris," said Mr. McMullen, when he was stopped on the streets of Lincoln Tuesday. "His stand on agriculture was sound and his watchfulness of the power interests is to be admired, and appears to be what the people want.

"Why does anyone want to retire from public service a man like Norris? Is it his independence? Do people desire a man who will always disagree with the administration? The administration is not always right, is it? Do they want a yes man, a rubber stamp man? If so they might as well have no one in the senate. Norris' labor of the past ten years to keep Muscle Shoals out of the hands of private interests, an enterprise in which \$200,000,000 of the people's money is invested, constitutes one of the most outstanding contests I have ever had the privilege of watching.

Do the people of Nebraska want to retire Norris because he has not obtained federal patronage or term? Only a few desiring to hold office are interested in spoils.

"A public officeholder told me he intends to vote against Norris because he does not believe Norris is a republican, because he voted for a democrat. This public officeholder told me he would vote for a democrat as against Norris. I told him perhaps Norris' reason for voting for a democrat was as good as his own, that he was not according to Norris the same privilege he is claiming for himself, the right to vote for a democrat."

### Bryan to Make Race for Governor This Year

Former State Executive Announces That He Will Seek Democratic Nomination.

Lincoln, Neb., April 29.—Charles W. Bryan today said that it is his "present intention" to run for governor in the democratic primaries August 12.

"In view of the fact that newspapers have associated my name with the candidacy I feel that in justice to my many friends who have sought my stand on the question, I should tell them my present intention to be a candidate for governor," the former governor and democratic vice-presidential candidate said. He continued:

"I am waiting to see who has the nerve to file on the republican ticket and face the taxpayers and depositors in Nebraska, in view of the record of that party in Nebraska during the past four years.

"Taxes have been raised 80 per cent since my administration and they repealed the guaranty fund law at the last legislative session, thus wiping out 19 million dollars which the banks really owe the depositors.

"My budget when governor, was 24 million dollars. The last budget under the republican administration amounted to 44 million dollars.—World-Herald.

### SCOUT MEETING IS MISSED

Philadelphia—A letter regretting that she could not attend the eleventh annual convention of the Girl Scouts of the United States of America, which was held here Tuesday night from Mrs. Herbert Hoover. Mrs. Hoover's letter was read at the dinner of the conference which was attended by some more than three hundred scouts from Pennsylvania, Delaware, Maryland, Virginia and the District of Columbia. It read:

"I am very sorry that I am unable to be with you tonight, for I have looked forward to it with much eagerness. I had hoped up to the last minute that I would be able to come. I send my best wishes and greetings to the region No. 2 conference."

### MOTHERS SAIL MAY 7

Madison, Passports have been provided, transportation and reservations completed by the government for Ivaloo Housel, Madison; Ellen Heiningner, Tilden; and Sophia Strand, Newman Grove, gold star mothers to make the pilgrimage to France as provided by act of congress. These mothers will leave Omaha for New York Saturday May 3, and will sail on the America for France May 7. Eligibility of mothers and widows to make the pilgrimage is restricted to soldiers whose graves are definitely located in the cemeteries of Europe. This restriction makes Mrs. Lewis, the mother of Private Floyd Elmer Jones, company M, One Hundred and Fifty-fifth infantry, ineligible for the pilgrimage. Her son was killed in action near Beauffort, France, on Nov. 5, 1918, by direct hit of a shell. Death was instantaneous and his body was not recovered for burial.

### Shift in the Population Shown by Census News

Reapportionment of Representation in Congress One of Coming Probabilities.

Washington, April 27.—Each new tally of the 1930 census, now more than three-fourths completed, brings reapportionment closer to those newly populous sections termed by the house census committee "the 15,000,000 people without fair and equitable representation."

That committee estimated the 1932 reapportionment elections will witness additions to eleven state delegations, subtractions from seven— a considerable change in the complexion of congress.

California, the chief gainer, will be entitled to six additional representatives by the census committee's advance calculations, while Michigan would get four and Ohio three.

Representative Crall, California, and Representative Hudson, Michigan, lay claim to the "most populous district" title, each representing about a million and a half people on a 1910 ratio of 211,877 persons per representative, and a probable 1930 ratio of 280,780. Constituencies of a half million have been taken for granted in lower California, Detroit and its environs, and in Dayton and Toledo, Ohio.

This situation, characterized as "unprecedented in history" by the census committee when it reported the reapportionment bill, arose from failure to reapportion on the basis of the 1920 census.

Representative Crall advanced the opinion that the city of Los Angeles would simply cut his district into five parts and that of Representative Evans, republican, California, into four.

The Michigan delegation looks forward to a bitter political fight over reapportionment which may even result in a system of added congressmen at large.

One curious result of the reapportionment will be the division of power in Arizona, single representative state, which will gain a second. Representative Douglas, who has covered 21,000 miles in his campaigns, and who has consulted with himself and caucused with himself, will hereafter share with another.

Four solo states remain—Nevada, New Mexico, Delaware and Wyoming, unless the 1930 census does something unexpected in these localities. Other states are expected to gain as follows: Connecticut, 1; Florida, 1; New Jersey, 2; North Carolina, 1; Oklahoma, 1; Texas, 2; and Washington, 1.

### Renew Disorders in Penitentiary; Guns are Ready

Trouble Follows Plan for Increasing the Guards; Report of Probe Nearly Complete.

Columbus, O., April 27.—Serious disorders were threatened at Ohio penitentiary again tonight as hundreds of prisoners housed in "White City" became restless and started shouting and breaking windows.

National guardsmen, who have been on duty outside the walls since last Monday's fire in which 320 convicts died, placed machine guns on the lawn in front of the prison just outside the cell block housing the unruly men.

Determination to subdue the unruly prisoners was expressed by Warden Preston E. Thomas, after flouting other prison officials. "This mutiny will be put down," was his statement.

From outside the prison the convicts were seen for two hours, milling about on the cell block ranges. One man appeared to be shouting instructions to his fellow prisoners.

The machine guns were trained on windows of "White City," which houses those prisoners kept idle because of lack of work.

Machine Gun Placed.

Another machine gun was placed in the main entrance of the penitentiary. It was placed so that it could sweep through the windows toward the shouting prisoners. The guns were later withdrawn as night progressed.

The windows broken by the convicts were those between "White City" and a new dormitory in the southeast corner of the prison.

The men started running up and down the ranges when someone shouted "roof fire."

No national guardsmen were sent inside the prison. Additional troops arrived at the prison shortly after the disorders started. There were about four hundred in all.

A Bible taken from one of the convicts was found to contain a knife and several saw blades.

Extra Guards Planned.

Tonight's disturbance came shortly after it had been learned that 40 extra guards would be put on duty at the penitentiary Monday in an effort to end the passive resistance campaign against Warden Thomas and to get the prisoners back to work. Previously the prisoners had been quiet, leading to the belief that there was no danger of recurrence of last week's turmoil, during which the men refused to do any work and threatened to kill guards unless Warden Thomas was removed.

Harry French, chief of the Columbus police department, was called into the conference of prison officials.

The tensy subsided somewhat at 10 o'clock, although the convicts were still milling about. One group was reported to be talking over their plight while others stood at the windows to watch the troop movements.

Report Completed.

Meanwhile after a week of investigation into the penitentiary fire, the state board of inquiry worked Sunday to complete its report for submission Monday to Governor Milton S. Eisenhower. A heavy smoke hung over the entire Chequamegon bay region as fighters backfired in attempts to save threatened frame dwellings.

Near Herbst, Wis., 125 men worked over thousands of acres of forest. Approximately 4,000 acres have already been burned. A slight drizzle Tuesday failed to hinder the progress of the fire. Much of the burned territory included valuable blueberry tracts. Seven miles west of Washburn, Wis., more than 15,000 acres of the new Mognul national forest burned as a force of about a hundred men sought to bring the fire under control.

Three separate fires burned in Forest county near Wabeno, Wis., and a series of small fires kept fighters busy in Chippewa and Rusk counties.

TAKE MOORE WILL INTO COURT FIGHT

Columbus, April 29.—Frederick S. Moore of Lincoln, to whom the late Mrs. Kate C. Moore willed the bulk of her \$14,000 estate as the adopted son of her deceased husband, was a chief witness in county court here for proponents of the will. Three sisters, a brother and Mrs. Moore's niece are objecting to admission of the will to probate.

### To Hold Important Rank at the University

H. F. Cunningham Heads New Department—Other Professors Named by Regents

Five men were elected to teaching positions with professional rank on the faculty of the University of Nebraska at a meeting of the board of regents held Saturday. All the appointments become effective Sept. 1, 1930. Those elected to their present location, and their rank at the state university follows:

Harry F. Cunningham, practicing architect of New York city and draftsman on the Nebraska state capitol, professor of architectural engineering and chairman of the department.

Dr. Lane W. Lancaster, Wesleyan University of Middletown, Conn., professor political science.

Dr. James L. Sellers, University of Wisconsin, associate professor of history.

Dr. Miguel A. Basoco, California, Institute of Technology, assistant professor of mathematics.

Cleon O. Swayzee, Columbia university, assistant professor of personal management.

Professor Cunningham, who will head the newly organized department of architectural engineering, is an outstanding man in the field of architecture and design. He does not hold a college degree. He has taken work at Forester Polytechnic institute, George Washington university from 1923-24, lecturer on architecture at the University of Florida during 1924-25, and has acted as lecturer on the theory of composition at New York university since 1929.

### SWALLOWED BY DOG, HER PEARL SHRINKS

Paris, April 27.—A Paris insurance company had to pay Madame Marinac for the shrinkage in size of a valuable pearl after it was swallowed by her pet dog. After the dog had made a meal of one of its mistress' largest pearls, the insurance company extracted the precious stone from the dog's stomach. But as the pearl had shrunk in size the company had to pay Madame Marinac for its lessened value.

### PLANT TO CLOSE 2 WEEKS FOR EMPLOYEES' VACATIONS

Chicago, Ill., April 28.—Mass vacations will be in force at the Western Electric company's Chicago plant this year. The plant, which last year tried the experiment of giving its 35 thousand employees vacations in two shifts, this year will shut down completely for two weeks in July, the company announced today.

### SKETS GALLAGHER TO BECOME A PAPA

Hollywood, April 27.—They are expecting the stork at the home of Richard "Skeets" Gallagher, film actor and former New York stage comedian, the prospective father announced.
