Yes, we make it for you as you want it, or tell you how to make it yourself.

The folks at the home of Mr. and Mrs. Herman Schmidt have all been having a severe contest with the measles, but are getting along nicely at this time.

Mrs. Albert Wolfe and daughter, Miss Gladys and Miss Lanna Bowen, were visiting with friends in Omaha as well as looking after some business matters while there.

Frank Lemon was a visitor in Nebraska City on last Sunday and notwithstanding the frequent showers, was putting in the afternoon playing golf, but with what success, we do not know.

Robert Willis and wife of Plattsmouth were visiting with friends in Nehawka on last Monday, they stopping at the home of Mr. and Mrs. Owen Willis and also visiting with other friends while here.

Mrs. Harry Nelson and son Willard, of Murray, were in Nehawka on last Friday night, coming for a visit with friends and also to attend the Senior play. Willard has been attending the Nehawka school this year.

Wm. Brandt, Jr. who was a member of the cast of the Senior class play on account of his having the measles during the past week was unable to take his part, and the place was filled by Randall Switzer, who carried it well, notwithstanding that he had had the week of practice.

Albert Anderson and family, and John H. Steffens and family, were over to Lorton on last Sunday where they were guests at the home of Mr. and Mrs. C. Steffens and where they enjoyed a very fine time, notwithstanding the fact that the weather was quite damp, going and coming.

Mrs. Z. W. Shrader was a visitor on last Thursday at Plattsmouth where she was the guest of her sister, Mrs. Adaline Taylor, whom it will be remembered made her home in Nehawka last winter and Mrs.

Shrader reports her sister as being quite poorly.

Mrs. A. F. Sturm who has been in the hospital at Omaha for some time past where she has been receiving treatment was able to return home on last Saturday and owing to the very rainy weather, she deferred the trip home until Monday, when she returned home, and was much pleased to be here. Her many friends were placed to know she was better and able again to be at home.

### Celebrated Mother's Day.

Last Sunday, Mother's Day, was made beautiful at the home of Mr. and Mrs. Victor Wehrbein, when they entertained for the day and dinner at their home west of Murray, the families of both Mr. and Mrs. Wehrbein, Will Wehrbein and wife and W. O. Troop and family, as well as the family of Anderson Lloyd and also Al Bartlett, which made a merry group and which provided a very fine time.

### Gave An Excellent Play.

The class of 1930 of the Nehawka high school, presented their play on last Saturday night which was entitled "The Touchdown," and the excellent manner in which the play was rendered showed that they had given it much care and study. The large audience was especially pleased with the rendition.

One place was substituted, that of William Brandt, Jr. who was kept to his home on account of the measles and the part was taken by Randall Switzer. The following was the cast of characters: Grant Hayden, expert football player and clever amateur sculptor, in his Junior year at Siddell, Vilas Sheldon, Jr.; Robert Hayden, Grant's younger brother, Verner Schomaker; Alfred Woolfe, a dissipated football player; George Troop; Gene Clarke, coach of Siddell football eleven; Walter Griffin; Julius Brooks, a heavyweight sophomore, William Brandt, Jr.; George Holman, Frank Mitchell, football roosters, Theron Murray, Harvey Behrens; Henry Sumner, one of the younger professors, Wildon Switzer; Clem Johnson, shiek of the campus; Neil Pierce; Walt Duffy, a sprinter; Randall Switzer; Watassa Faulkner, football enthusiast; Beatrice Chapman; Rena Maynard, pretty and daintily coquetish; Verle Stone; Margery Carson, Siddell Junior who leads; Pauline Ingwerson; Dollie Sylvester, of the Sylvester sisters, Ruth Bell; Evelyn Sylvester, who is Dollie's echo, Mildred Burton; Priscilla Parmelee, Dean's Assistant; Geneva Van Horn; Sarah Richards, football fan, Mae Van Horn.

### Gave Friends a Kensington.

Mrs. R. C. Pollard entertained at their beautiful home in Nehawka on last Monday and had some forty of her friends at the home, and where

## Oil in a Can is Like a Race Horse in a Stall

Lubricating Oil in a bottle or a can may look fine—so may a race horse in a stall. But put the horse on a track, make him run a half mile and he may prove all looks and nothing else. The same is true of Motor Oil!

### Looks, Color and Extravagant Claims Mean Nothing at All

It is the test of actual performance that shows up poor horse—and poor oil. Mona Motor Oil does not break down under the most intense heat. Try a Crank case full.

## Trunkenbolz Oil Co

all enjoyed the fine social atmosphere, and were entertained by a most delightful luncheon by the capable and genial hostess.

### Boys Do Some Mischief.

A number of boys, probably with a spirit of play, and also a chance that they were in a way malicious, for they did quite a bit of damage to a lot of lumber of A. F. Sturm. They went into his lumber shed to play last Sunday and disarranged the lumber piles also getting much mud on the lumber and left it in such a manner that it took Mr. Sturm two hours to re-arrange the materials. This might look like a joke to some who did it, but it cost Mr. Sturm two hours of hard work and left a good deal of his lumber muddy and dirty, thus causing him a financial loss as well.

### Visit the Home Folks.

A number of the students of the state university, taking advantage of the Sunday and Mother's Day, came home to see mother and the other members of the family and enjoy the day at their homes. There were home for the occasion, Carl Christweiser, Miss Virginia Pollard and Miss Ruth Palmer, also Madison Stone, son of Mr. and Mrs. Lester Stone, who is attending the state university of Nebraska from his home at Del Monte, Colorado, and visiting with his many relatives and friends in Nehawka for the week end.

### Having His Share.

Theodore Glen, the two year old son of Mr. and Mrs. Herman M. Smith, who was so badly injured last week when a heavy piece of iron fell on him, injuring his lung, also has the measles and with the complications makes it hard on the little man. He is of a strong constitution and it is hoped that he will soon be well again of all his illness.

### STUDENTS BATTLE POLICE

Chicago—Police fired several shots and later arrested four young men when several hundred students resisted with sticks, stones and bricks the efforts of firemen to extinguish a bonfire on the campus of the University of Chicago. Police automobiles were overturned, and the fire hose was turned on firemen and policemen by the students, while coeds in marked automobiles cheered.

The bonfire had been started, the students said, in protest against what they termed the introduction of "hired snooters" at fraternity houses. They said that watchmen, acting under orders of the buildings and grounds department, had been halting students at night and searching them for hip flasks.

The size of the bonfire, built of lumber and fed by gasoline drained from student automobiles, alarmed residents of the neighborhood, who called police and firemen. The student crowd was dispersed only after the policemen began firing into the air.

### CAPONE IN JAIL AT MIAMI

Miami—"Scarface Al" Capone harassed Chicago gang leader, went to municipal jail Tuesday night for the second time in a week as police renewed their pursuit of the "Chicago plan" of arresting the gangster whenever he is found in the city.

Capone, with three companions, was held for investigation. They were arrested by Chief of Police Reeve and two officers at the American Legion fight arena Tuesday night.

The gang leader called for his attorney, Vincent Giblin, who has represented him in recent proceedings in federal and state courts seeking orders restraining the police from arresting him without a warrant.

Capone took his second arrest in apparent good nature. The racketeer had \$700 with him when he was jailed.

### WILL DELIVER ADDRESSES

R. Foster Patterson, principal of the Plattsmouth high school departed this morning for Beattie, Kansas, where he will speak this evening at the commencement exercises of the schools at that place, having as his subject the topic, "A Handful of Clay." Mr. Patterson will go to Burchard, Nebraska, on Thursday, where he is to be the orator at the commencement exercises there. Mr. Patterson is a talented speaker and his audiences can feel well assured of having an unusual treat in the offering of the talented Plattsmouth school man.

Forty Have More Than Doubled Population, According to Census; Other Heavy Gains.

Washington, May 13.—Five hundred cities of 10 thousand or more inhabitants today had reported 1930 census returns, showing sections in which this country's population is increasing by leaps and bounds.

Of the five hundred cities, 94 had increased by 50 per cent; 40 had more than doubled.

California, long ago conceded the heaviest gain in representation in the coming reapportionment, is far to the front in the early returns, with 13 cities showing gains of more than 100 per cent and nine others increasing more than 50 per cent.

Texas is second on the list of states with fastest growing cities, with six showing a gain of more than 100 per cent, and two additional showing more than 50 per cent gain.

Ohio had three cities in which population doubled, and four more in which the increase had been more than 50 per cent.

## A Three Wheel Auto!

Yes, a three wheel auto! What do you say—Nonsense! Well, we agree with you. ... A cog or two out of your gear wheels. This is not the best auto tactics? No! Then how about a cheap auto oil without the required properties? A good oil requires Viscosity, Lubricating Properties, Body, Wearing Quality and last but far from least ability to stand up under great heat in your motor.
