NO. 44

## Autos Have a Smashup on the Louisville Road

### Intersection of Louisville Road and Detour of Highway 75 Scene of Another Bad Wreck

The intersection of the Louisville road and the detour of highway No. 75, three miles west of this city, added another to the long list of accidents that have occurred at that place, Sunday.

The large Willys-Knight sedan belonging to W. S. Clark of Troy, Kansas, going south, and the Ford coupe of John Moore of Council Bluffs, crashed at the intersection and with the result the Ford was almost demolished and the occupants of the car cut and bruised. The larger car was not so badly impaired but will require considerable work before it can be operated again.

The occupants of the Ford coupe had evidently failed to see the stop sign that warns the travelers, it being located back of a group of mail boxes and to one not acquainted with the road the sign would not be visible. The coupe, so Mr. Clark stated, came on at a very high rate of speed and locked the rear fender of the Ford into the front fender of the larger car, both being swung around by the force of the collision and turned over, the two cars, when they ceased rolling, being in the small ditch at the southwest side of the intersection and both facing north.

The sound of the crash attracted the attention of two young men who were hiking through the country to the harvest fields and they hastened to the scene as did the residents of that section, assisting the occupants of the cars in getting out.

Mrs. George Addleman of Meadow, a niece of Mr. Moore, with her three small children were in the coupe at the time of the accident and two of the children received severe cuts on the face and head and Mrs. Addleman suffered a severe slash on the arm, bleeding profusely and but for the assistance of one of the young men making the rescue would have suffered more serious results from the loss of blood, but he was able to make a temporary tourniquet that checked the flow of blood. The two children had had slashes on the face and head and with the flow of blood were terrifying in their aspect and greatly alarmed the children making the rescue and the children were taken to the Tschirner hospital nearby where they were hurried on into this city and taken to the offices of the Drs. Livingston where temporary aid was given and the entire party sent on to the hospital at Council Bluffs. Mr. Moore was not thought injured beyond being shaken up.

At the hospital at Council Bluffs today it was stated that the injuries of Mrs. Addleman seems confined to the cut on the arm but the children, Orval 5; George Jr., 4; and Joseph, 3, have more serious cuts and may develop skull fractures. The oldest child, Orval, has also suffered a broken shoulder blade.

Mr. and Mrs. Clark were uninjured save being bruised and shaken up in the overturning of the car. A call was sent for Sheriff Bert Reed, who with Deputy Sheriff Young and County Attorney Kieck, hurried to the scene and to receive a report of the affair and to have photographs made of the scene. The sheriff ordered the stop signs removed and replaced farther east of the mail boxes where they will be visible to the traveler.

The damaged cars were brought on into this city where they will be repaired.

## DEPARTS FOR CAMP SHELDON

From Monday's Daily— This morning at an early hour Ralph Petring departed for Columbus, Nebraska, taking with him a party of five Plattsmouth young men, who are to enjoy the ten day outing period at Camp Sheldon, the state Y. M. C. A. camp along the Platte river.

The members of the party who will attend the camp comprises Robert Mann, Parmele Dovey, Donald Bushnell, James Begley and Maynard McCleary, who will participate in the activities of this popular resort for the outing period. Mr. Petring will be engaged as one of the leaders at the camp and will assist in the various activities of the camp and have the supervision of the Plattsmouth group at this attractive summer camp.

## TRUCK DAMAGES CAR

From Monday's Daily— Sheriff Bert Reed and Deputy Sheriff Rex Young were called out to the vicinity of Elmwood today where one of the trucks used in conveying large pipes used in the natural gas mains being laid in that locality, had collided with a car belonging to a tourist from California. The officers investigated the matter and Maynard agreed to have the matter settled and the damage taken care of the matter was closed as there was no criminal neglect connected with the affair.

## EAGLES HOLD PICNIC

From Monday's Daily— The members of the South Omaha aerie of the Eagles held a picnic yesterday at the Eagles park at La-Platte and with a large number of the Plattsmouth and North Omaha aeries being present to enjoy the event with them. The day was spent in sports of all kinds and at which a great deal of pleasure was enjoyed and in the evening dancing served to make the completion of a most pleasant event. The Plattsmouth visitors were very enthusiastic over the fine time provided for them and the event was one that all will long most delightfully remember.

## County Commissioner Would be District Clerk

### George L. Farley Presents Name for Republican Nomination for Clerkship

From Monday's Daily— This morning County Commissioner George L. Farley filed his name as a candidate for the office of clerk of the district court, subject to the wishes of the republican voters of the county.

Mr. Farley is at the present time commissioner from the first district comprising Plattsmouth city, Eight Mile Grove, Plattsmouth precinct, East and West Rock Bluffs, and has two years of his present term as commissioner yet to serve.

Mr. Farley will have as his opponent, C. E. Ledgeway, who has served as the deputy in the office of clerk of the district court under Mrs. Golda Noble Wiles, and is now a candidate for the clerkship, as Mrs. Wiles is not a candidate for re-election.

The new candidate is well known over the county as he has been in public life for a great many years as county superintendent, county assessor and was also a member of the board of commissioners several years ago.

The time for filing for office is growing short as the limit for the entering of names for the primary closes on Thursday, July 3rd and on the glorious Fourth the candidates will all be settled for the race that will be terminated August 12th at the general primary election.

## CELEBRATES BIRTHDAY

From Monday's Daily— Yesterday was the eighty-fifth birthday anniversary of Mrs. Christina Rummel, one of the old time residents of this community, the event being observed at the home of her son, Edward Rummel, just west of Mynard. Mrs. Rummel has been making her home for the past few months at the farm and here the members of the family came Sunday with well laden baskets to spend the day and enjoy a fine family dinner.

The chief feature of the day, aside from the showering of the congratulations on the guest of honor, was the fine dinner that the ladies had prepared and the birthday cake baked by her granddaughter, Miss Louise Rummel. The day was spent in visiting and as the evening drew near the members of the party in departing their homes joined in wishing Mrs. Rummel many more such happy events.

Those who enjoyed the occasion were: Mr. and Mrs. William Rummel, Miss Louise, and Robert Rummel, Mr. and Mrs. John Rummel and son, Richard, Mr. and Mrs. Charles Rummel and daughter, of Omaha, Clyde Graves, and Mr. and Mrs. Guy F. Heil.

## LINCOLN VISITORS HERE

Mr. and Mrs. Robert Troop had the pleasure Sunday of a visit from a number of the relatives from Lincoln, motoring here for the day and which comprised Charles S. Sherman, sports editor of the Lincoln Star, and a niece of Mrs. Troop, Mrs. Maude Thiele and her son, Winfield Thiele and wife and Miss Smith of Ogallala. The party spent the day here and had a very fine time in visiting with the old time friends here.

Mrs. Charles Sherman, former Miss Nannie Moore of this city, who has been at Boston, visiting with Mrs. Richard Smith and family is expected home this evening. Mrs. Sherman, with her nephew, Herbert Nelson, and Mrs. Playmiller, another niece of Mrs. Troop made the trip to Boston by auto and spent the time with Mrs. Playmiller's daughter, Mrs. Smith and family.

## GIRLS ENJOY CAMP

The Methodist Young People's institute at Bellevue the past week has proved very attractive to a number of the young people of this section of the state and from the local community, Margaret Shellenbarger and Jean Hayes has been in attendance. The two Plattsmouth girls with Kathryn Presse of Omaha had the pleasure of being featured in one of the Bee-News photos of the institute and its members.

## Boy Scouts Enjoying Fine Time at Camp Wilson

### Robert Hall Writes of Observation of the Routine of Nemaaha Area Camp.

Camp Wilson at Nebraska City opened Thursday, June 19th at nine o'clock. Four boys from Plattsmouth attended this year, Kenneth Armstrong, Herbert Minor, Stuart Porter, and Robert Hall. We were taken camp by Mr. Lynn Minor, and left here at 8 a. m. Thursday morning. The first thing we did on our arrival was to check in, and be assigned to our tents.

Then we assisted in arranging our tents in the proper order. After we finished this work every boy was ready for dinner, as boys are usually hungry at camp.

The first thing on our daily program was the raising of the flag. After this we had about ten minutes of exercising and our morning dip. As soon as this was over we had our breakfast.

At 8 o'clock we had tent inspection, and each time a tent won an inspection the boys occupying that tent were given a belt award. At 9 o'clock was the scoutcraft period. During this time, the boys worked on and passed their Scout tests. At 11 o'clock we had a swimming period which lasted about 45 minutes, and at 12 o'clock we had dinner. We certainly had some real eats as we had a negro chef. From 2 o'clock until 4 was our free period, during which we could do anything that we wished to do. Our afternoon swimming period was from 4 until 5. After this we had personal inspection and retreat. At 6 o'clock was supper. Canteen opened at seven o'clock when the boys were allowed to buy candy bars. After dark we had a large campfire and council ring, which ended the day's activities.

Parson Bob, one of the few pioneer Scouts left, told us interesting stories of his life and the Indians. All of the Scouts in this part of Nebraska hold a very high respect for this old Scout who comes to Camp Wilson every year to enjoy the camp period with the boys.

We hope that more Scouts from here will be able to attend this camp next year.

The last period of Camp Wilson this year begins Monday, July 7th. Any boys wishing to register, see your scoutmaster of E. H. Westcott as soon as possible. Camp Wilson is a fine place to make advancement in scouting, and pass many tests that cannot be taken so well at home.

ROBERT HALL.

## CONTRIBUTIONS WILL BE NUMEROUS

Already The Journal has received numerous complaints and unsigned, or anonymously signed, articles, in regard to the carnival closed here last Saturday evening. Some of them naming or pointing out some of the concessions as being conducted contrary to law, also various other complaints. Many years ago this paper adopted the rule of not publishing unsigned articles of this nature, and we cannot deviate from that rule now. We do not believe that this is the time for complaints anyway. If these people were sure of unlawful games being played their complaints should have been registered with the proper officials last week, or if they were sure of this fact it should have been taken up then and there, not after the carnival company have gone into another state.

In the future, the best time to take this carnival matter up is before they arrive, and possibly a better remedy still would be to prevent their arrival, if possible, unless their reputation in former places where they have played proves the very best.

## MURRAY WINS ANOTHER

The Murray Red Sox baseball team added another to their list of victories Sunday afternoon when they defeated the Rietz Radio shop team of Omaha by the score of 8 to 4. The Red Sox had their batting eye working and Joe Krecjed, John Svozdka and Ed Schleckel added triples to their credit during the battle and which added materially to the undoing of the Omaha team.

Alex Schlieske was on the mound for the Red Sox and hurled a good consistent game, the hits being well scattered and keeping the visiting team well in hand for the entire game.

## ARRESTED FOR NO LICENSE

From Monday's Daily— Sheriff Bert Reed was out in the county today and while there was called to Weeping Water where it was reported a young man was operating a car without a license. The young man was brought in and at the office County Attorney W. G. Kieck gave the name of Henry Weinger, and his age at 18.

## DOINGS IN POLICE COURT

Police Judge C. L. Graves had before him at a special of the court on Sunday, Billy Adams, one of the hangers on at a carnival concession who was apprehended at the carnival grounds Saturday night by Officer Dave Pickrel. The man, it is claimed, was acting as a "cupper" for one of the concessions and in the evening the man became engaged in a dispute with one of the customers and later with the police, leading up to an argument with the police officer and the man being escorted to the city jail where he remained until morning when at the session of the court he was given a fine of \$5 and costs for disturbing the peace. The fine was paid and the stranger sent on his way rejoicing.

## River Navigation Will Make Demand for Bluff Lands

### Rock in the Nebraska Hills Near the Missouri River Easy of Access

The developing of the navigation of the Missouri river from its mouth to Omaha and Sioux City which is promised in the next three years, is bringing with it a renewed activity in the communities along the river where ports of entry will be established and where it will be possible to ship and receive slow moving freight at the low water rates that have contributed so much to the prosperity of many of the cities and communities of the nation.

In the past few months there has been surveys made of the bluffs along the river where large underlays of the limestone and other rock is found, especially in the areas from this city south to Nebraska City, where some of the best rock formations can be found and which are easy of access.

With the opening of the navigation of the river it will be possible to establish plants for the crushing and handling of the rock and the transportation of the rock easily onto the boats in this part of the river, out to the large markets of the world, or the handling of the rock in its virgin form and transporting it on barges to the larger manufacturing centers.

Most of the rock along the Nebraska bluffs is so situated that the earth that covers it can be washed off easily and the rock reached without a great extensive quarrying plan and this has been looked upon very favorably by the engineers who have looked over the river situation. The bluffs are in this part of the river bank which makes it easy to handle the rock onto barges when once playing up and down the river.

The rock formation in the Nebraska hills has been looked over by the representatives of both Iowa and Nebraska universities and found to be the best in this part of the west. The Iowa bluffs are not of the same formation of rock which is adapted to cement making and road purposes and this fact prevented the opening of large rock quarries along the river on the Iowa side to manufacture for use in highway building.

## SOCIAL WORKERS MEET

From Wednesday's Daily— The Social Workers of the Methodist church of this city enjoyed a very fine meeting yesterday at the church parlors and which was attended by over 100 of the ladies of the city.

The program was opened by several fine piano and mirimba selections by E. H. Westcott and son, Edgar, all being very cleverly given and proving a most happy opening of the program.

A delightful vocal trio was given by Miss Margaret Shellenbarger, Miss Bernice Arn and Miss Jean Hayes, the three talented young ladies being at their best.

Mrs. J. A. Capwell was heard in several dramatic readings as well as in a most artistic piano solo.

Miss Ruth Colby gave one of her always enjoyable vocal numbers that added to the delights of the program. The little folks presented a very clever playlet, "We Have No Trains Today," while the members of the society gave a very clever one act play, "Henpeck's Plattsmouth Gos-sip."

At the close of the afternoon dainty refreshments were served by the hostesses, Mrs. Madge Keck, Mrs. Bert Coleman, Mrs. V. E. Handley, Mrs. W. L. Heinrich and Miss Jessie Robertson.

## ENTERTAINS FOR SISTER

Mrs. Glen Vallery was hostess on Friday to a very charming 1 o'clock luncheon at the Country club, three tables of the ladies enjoying the very happy occasion.

The luncheon was honoring Mrs. J. E. Kurth, of Waterloo, Iowa, sister of Mrs. Vallery, who is here to enjoy a visit several days with the Vallery family.

In the playing Mrs. J. W. Crabbil received the first honors, Mrs. J. F. Wolf, second and the guest prize was awarded to Mrs. Kurth.

## Highway that Should be Completed This Year

### The Red Ball Highway First Designated in State and Still Without Surfacing

When the road program of Nebraska was first launched the legislature of the state designated the highway from Murray to north of Elmwood and hence south through the town of Elmwood to the "O" street road, as highway No. 1, today beyond the grading that was completed several years ago, the highway remains without gravel although hundreds of other projects have been since designated and completed.

As far as the people of Cass county are concerned this is one of the most important roads to serve the greatest number that exists in the county, its course is through the center of the county east and west and with the rapidly expanding county gravel system can be reached by every part of the county, lessening the distance to be traveled and serving hundreds of the residents of the county.

The highway connects with the paved highway No. 75 a mile east of Murray, it connects with "O" street south of Elmwood and the new highway from Weeping Water to Louisville also connects with this road as does the roadway into Murdock and Alvo.

Why action on this much needed road has been delayed all of these years is hard to understand, as its long prior claim to action certainly would seem to warrant that it be surfaced as was the intention when the road was designated as highway No. 1.

The state should take action on seeing that this road is surfaced this year and to end the long period of waiting that the residents along the road and the people of the entire county have been compelled to put up with. The road is not a county project, had it been, it would probably long since been taken care of by action of the people in that territory as has other roads over the county where the residents in conjunction with the commissioners, secured graveling.

The Red Ball highway has a just demand from the state for some action and its case should be heeded by the department of public works or the authorities that have the handling of the highway in hand. The need of the highway is not that of any particular town or section, but one in which every part of Cass county is interested.

## RETURNS FROM CALIFORNIA

Mr. and Mrs. T. E. Todd and son, Albert, have returned home from their stay of several months duration on the west coast, they making their home for the winter at Long Beach, California.

This trip makes the tenth round trip that they have made across the western half of the continent, the larger part of these trips being made by auto and giving them a wonderful opportunity of seeing this country and enjoying in their own manner the journey through some of the most scenic parts of the country.

Their son, Albert, who was taken quite ill on the way to the west and had to remain a short time at Fort Morgan, Colorado, is now feeling fine and has taken on weight and seems well over his former trouble. While in the west a short time before their departure they had the pleasure of attending the Cass county picnic at Long Beach and meeting many of the old time friends from this city and vicinity.

## OLD RESIDENT POORLY

From Wednesday's Daily— C. A. Harvey, one of the old time residents of this city, who is now making his home with a daughter at Omaha, was here yesterday for a short time to consult Dr. R. P. Westover, who has been treating him for some time. Mr. Harvey has not been in such good health for the past year and sometime ago had a very severe attack while he was visiting at Nehawka, the attack being very severe and since that time he has been taking treatment which it is hoped will give Mr. Harvey some permanent relief. At the present time he is showing improvement and enjoyed very much the chance to meet the many old time friends while in the city.

## TRANSFERRED TO WASHINGTON

Rev. O. G. Wichmann of this city has received the news that Prof. Albert M. Day, who has been the U. S. biologist for the state of Wyoming, has been transferred to Washington, D. C., to take up his work in the main offices of the department at the national capitol. Prof. Day is a son-in-law of Rev. Wichmann. Mrs. Day is visiting in California, and will leave Thursday for Washington and will stop here for a few days with the father. Prof. Day is reporting at once to the head of the department at Washington.

## CELEBRATES BIRTHDAY

From Monday's Daily— Yesterday was the seventy-second birthday of Mrs. John Rotter and in honor of the occasion the members of the family enjoyed a very fine time with this estimable lady at the family home in the west part of the city. Mr. and Mrs. Edward Gibson of Glenwood and Mrs. J. F. Latak of Omaha were here for the day at the Rotter and John Kubicka homes and helping celebrate the birthday.

Large map of Cass county on sale at Journal office. 50c each.

## VERY HAPPY EVENT

From Wednesday's Daily— This morning the home of Mr. and Mrs. Earl Becker northwest of this city was made very happy by the arrival of a charming six and a half pound daughter, who with the mother is doing very nicely. The little one is the first child in the family and her arrival has brought much joy to the parents as well as all of the members of the family, especially Mrs. W. H. Rainey who has the new dignity of being grandma. The little lady has been named Mary Luella. Mrs. Becker was formerly Miss Wilma Rainey.

## Former Police Chief Files for County Sheriff

### William Hinrichsen, Files Name Today as Candidate for Democratic Nomination

From Wednesday's Daily— This morning William Hinrichsen, formerly a member of the Plattsmouth police force and acting as chief of police for some years, filed his name as a candidate for the democratic nomination for county sheriff, subject to the wishes of the voters of that party at the election on August 12th.

Mr. Hinrichsen has been engaged since closing his work as a member of the police force, in assisting in the management of a bathhouse at Brown Park in Omaha, the family continuing to make this city their home.

With his experience and ability Mr. Hinrichsen would make a very able man for the office and his entrance into the race will make the primary more interesting as he will have as his opponent George H. Trunkenholtz, of Greenwood, who filed some time ago for the office.

## BURGLARS PAY VISIT

From Wednesday's Daily— The neighborhood of high school hill and Pearl street seems to have been a very popular place for the operation of some burglar in the last few days, as the discovery was made today of the fact that someone had broken into the basement of the home of Dr. R. P. Westover on high school hill. The burglar had forced a small window in the basement but found a keen disappointment as the basement has not been used by the Westover family for some years and the way leading to the main portion of the house is kept securely locked. There was nothing in the basement that the burglar desired evidently and while traces of his presence could be noted and the "jimmied" window, he was not able to carry off any spoils.

It is thought this is the same party that visited the residence of Dr. Frank L. Cummins, also at that place the burglar secured the car of Dr. Cummins from the basement garage at the home.

## CAR THIEVES BUSY

From Tuesday's Daily— Dr. Frank L. Cummins, the well known dentist, is today making his way afoot, the result of the theft last night of his Whippet coach, which was taken from the garage at his home and the theft not discovered until this morning.

The garage of Dr. Cummins is located in the basement of Pearl street and the party taking the car was evidently acquainted with the surroundings as the car was taken in such a manner as not to arouse the members of the family or the neighbors.

Dr. Cummins had left the key in the car when he came home last evening, figuring that there was no necessity of taking the precaution of taking it out owing to the fact that the garage was located in the residence. He came down this morning to get the car out and found the garage empty. The car was not covered by insurance.

Mrs. Cummins thought that she heard a car in the early hours of the morning but as there are a large number of cars in the neighborhood, thought nothing of the matter, figuring that it was some belated person returning home or passing along the street, but it is probable that this was the thief making his getaway.

A number of cars in the neighborhood were parked out in the street but these were left alone.

## CELEBRATES BIRTHDAY

From Monday's Daily— Yesterday was the seventy-second birthday of Mrs. John Rotter and in honor of the occasion the members of the family enjoyed a very fine time with this estimable lady at the family home in the west part of the city. Mr. and Mrs. Edward Gibson of Glenwood and Mrs. J. F. Latak of Omaha were here for the day at the Rotter and John Kubicka homes and helping celebrate the birthday.

Large map of Cass county on sale at Journal office. 50c each.

## The Mission of Our Nation is Heard by Rotary

### Judge A. H. Duxbury Gives Fine Address on "The New Civilization" Before Local Club

From Wednesday's Daily— The local Rotary club had the pleasure yesterday at their weekly luncheon, of a splendid address on the United States, the address being delivered by Judge A. H. Duxbury and entitled, "The New Civilization."

The remarks of the speaker took up many phases of the history of the nation, presenting many unusual incidents and facts of the history of the country which are little known save to the close students of the progress of the United States. The speaker carried through his remarks the 154 years of national life, the thought that whether this nation should join in time the great nations of the past or should be saved and preserved for the future generations as the example of a wonderful civilization, depended largely on the citizens themselves and their interest and devotion to the nation and its government. Judge Duxbury also touched on the great cost of war and praised the efforts of the International Rotary to make for world peace.

As the national birthday is to occur in the present week, the musical program of the day, presented in miramba solos by Edgar Westcott, partook of a patriotic nature, embracing "The Stars and Stripes Forever," "America, the Beautiful," "The Battle Hymn of the Republic," "Columbia, the Gem of the Ocean," and "Taps." The accompaniment was played by E. H. Westcott and this feature was very much enjoyed by every member of the club and was inspiring in the materia strains of the selections.

The meeting was under the leadership of Searl S. Davis.

## INSTALLS NEW MACHINE

The Powder Puff Beauty shoppe, located on South 6th street and which is operated by Mrs. A. S. Ghrist has just installed one of the latest type machines used in the giving of permanent waves. The machine is a Triplex, electrically operated and which is automatic in its work. The machine has the added advantage of the fact that the person having their hair treated may move around if they wish, also the machine eliminates the heat on the head and makes for much better work and the comfort of the patron of the shoppe. This addition is one that will be much appreciated by the patrons of the Powder Puff and also a great convenience to the operators.

The Triplex "A" which has been installed has many points that makes it popular with both the customers and the operators, as it eliminates the danger of scalp burns, its low voltage removes the burn danger, it is light and compact and permits its being moved about readily, a great convenience to the operator and with it the person receiving the hair dressing can move about, telephone, write, or any other activity and which will not in the least interfere with the excellence of the work of the machine. By its use the operator can do wet, dry or croquignole winding with one machine.

## INJURED ARE IMPROVING

From Wednesday's Daily— John Moore, of Council Bluffs, driver of the Ford coupe that was so badly wrecked on the intersection of the Louisville road and detour of highway 75, Sunday, was in the city yesterday afternoon.

Mr. Moore still bears the marks of the accident from the cut on the forehead and one on the right wrist which he received from the flying glass in the wreck. He states that his niece, Mrs. George Addleman of Meadow, and two of her children are progressing nicely, altho the baby of the family is still in serious shape and the outcome of the case cannot be fully determined.

While here Mr. Moore had photographs made of the scene of the wreck altho the cars were removed from the roadway last Sunday a few hours after the accident.

## YOUNG MAN IS FINED

From Tuesday's Daily— This morning in the county court before Judge A. H. Duxbury, Henry Weinger, 18, of Omaha, who was arrested yesterday by Sheriff Reed and Deputy Sheriff Young at Weeping Water was arraigned on the charge of operating a car without a license. The young man entered a plea of guilty to the charge and received a fine of \$1 and costs, totaling \$12.50, and which was paid and the young man sent on his way sadder but wiser.

Every shade of crepe paper and all the newest novelties and favors in the complete Dennison line found only at the Bates Book Store.
