**Herman Dall Suffers a Very Severe Accident**

**Foot Catches in Machinery and Left Leg Fractured and Mangled**

Herman Dall, 52, prominent resident of Manley and implement dealer of that place, receiver serious if not fatal injuries this morning when he was caught in the machinery of a tractor-plow and had his left foot and leg fractured and mangled in a very severe manner and he was rushed to the hospital at Omaha for treatment in hopes of saving his life.

Mr. Dall had gone to the farm of Mrs. C. M. Andrus near Manley which is farmed by Paul Fleming, to give a demonstration of a tractor plow, John Mockenhaupt driving the tractor while Mr. Dall was to assist. In some manner his foot caught on part of the machinery of the plows and the left foot was broken in several places and the overalls that he was wearing was also caught and drew the leg to the plows, the left leg being fractured below the knee and the limb had the flesh cut and torn in very bad shape, there being hardly any flesh left on the leg.

The injured man was taken to Murdock by Mr. Fleming but medical aid could not be secured there and he was then taken to Louisville to receive temporary aid, being hurried to the hospital at Omaha where the injured leg and foot will be treated.

**CHINA EXPORT DISCUSSION**

Washington—An attempt to ascertain the cause and determine a remedy for the decline in exports from the United States to China will be begun Friday by a senate subcommittee headed by Senator Pittman, Nevada.

Forty witnesses have been invited

to appear, including prominent exporters, transportation experts, bankers and economists. The committee will go to San Francisco for hearings beginning Aug. 27 with later sessions scheduled for Los Angeles, Seattle, Salt Lake City, Reno, Denver, Spokane, Akron and New York.

In a letter to the committee Dr.

Julius Klein, assistant secretary of commerce, said American exports to China had declined by \$17,000,000 for the first five months of 1930 as compared with the similar period last year. He attributed the decline to renewal of military activities, lower world prices on many commodities and the low price of silver.
