The pilgrim wended his way to Omaha last Sunday where he worshipped at Kountze Memorial church where Rev. Dr. Baltzly is the shepherd. A very impressive service was held. The sermon, based on Mal. 1, 6, was a fearful arraignment against church members and others, that spend their best on themselves, indulging in luxuries and unnecessary things, and have neither time nor money for God. Children will obey parents, the servant his master, but where does God get the honor due him since all we have and are comes from him.

Famous Cities of the Bible ROME—XIII
We come now to point out the great value of Paul's stay at Rome, to the church. The following epistles would not have been written had Paul not been imprisoned. Here he found the leisure to write these matchless gems, that we enjoy so much. Let us portray and analyze them in the following order:

(1) The epistle to the Gallatians: We note: (1) The apostolic greeting, Chap. 1, 1-3. Introducing himself to the readers.

(2) His apostolic call, 1, 6-24; how he calls attention that his call is direct from God; see verse 12: "For neither received it of man, neither was I thought it, but by the revelation of Jesus Christ." (Every minister of the gospel must have his call from God.)

(3) Then he describes the great council of Jerusalem and what was decided, 2, 1-10, and how he defended his labors among the Gentiles, and the liberty of the Gospel, and how he succeeded in convincing the church of the correctness of his course, 2, 6.

(4) How he brings out the cardinal truth that man is saved by faith, and not by keeping the law, 2, 16.

(5) The curse of the law, 3, 10. Man is not justified by the law in the sight of God, for "The just shall live by faith." Christ hath redeemed us from the curse of the law, being made a curse for us.

(6) A wonderful allegory is shown in Chap. 4, where Hagar and Sarah represent the law and the Gospel. Hagar is likened unto Mount Sinai, Sarah to Mount Zion, see verses 24-31. This is a remarkable, clear and convincing statement, and shows that Paul had a clear understanding of God's plan of salvation, and so should every one, that claims a call from God to preach.

(7) Man, saved by faith in the Son of God, enjoys great liberty, 5, 13; but many abuse this previous boon. Man freed from sin, is not at

liberty to do as he pleases. He is bought with a price, he belongs to God, his body is a temple of the Holy Spirit; he must keep this temple clean. We must in all things subserve our will under God's will, "Thy will be done."

(8) Conclusion: 6, 11-18. It was worth while for Paul to find time to write such a letter; how many things are made clear and understandable for the people, no one will ever have an excuse for not knowing the will of God. And after showing the deep insight into the mysteries of salvation, and having given the world the benefit of it, see the humble servant of Jesus Christ; "But God forbid that I should glory, save in the cross of our Lord, Jesus Christ, by whom the world is crucified unto me, and I unto the world."

This letter came from Rome. Our next will be his epistle to the Ephesians. L. NEITZEL.

CHECK CATTLE DISEASE
Lincoln, Oct. 23.—Tracing the progress of the eradication of tuberculosis from livestock in Nebraska by a program of state-wide testing, H. J. McLaughlin, secretary of agriculture, Thursday announced that initial tests of herds had been completed in 46 of 93 counties of the state.

At the time the work was commenced, he stated, the average incidence of the disease was 1.2 per cent, while 9 per cent of the herd tested contained diseased cattle.

The 50 counties now recognized as established areas for inspection, McLaughlin stated, contain 1,232,592 head of cattle, or 49.7 per cent of the total number of cattle in the state.

Following the plan of testing, counties determined to have but five-tenths of 1 per cent or less of the disease, are identified as modified or tuberculosis-free accredited areas. Re-tests are made every 60 days until none of the cattle there-in are classified as reactors. Forty-three of these counties are now thus recognized in the state, he said, and 23 have been reaccredited.

"This evidence," McLaughlin declared, "shows that the incidence of tuberculosis was reduced 75 per cent in the areas of these accredited counties in face of every exposure to infection."

BRIGHT FUTURE IS SEEN
Minneapolis.—A golden age of medical discovery lies ahead and its possibilities fully as scientifically great as the accomplishments of the last decade, in the opinion of the president elect of the American Medical association, Dr. E. Starr Judd.

"Probably we have just begun," he said at the international assembly of the Interstate Post-graduate Medical Association of North America, here Thursday. "We cannot tell what research holds just around the corner but certainly the belief so often expressed, that medicine has gone as far as it can, is in error."

From the operating rooms, where diagnostic centers, where contact of physicians and surgeons with their patients when under the heavy pressure as they are discovered to find a ready solution, the future's greatest discoveries may be expected to come, said Dr. Judd.

William Wilkins, Elmwood Resident Found Dead in Car

Aged Man Succumbed to Heart Attack From Which He Has Long Been a Sufferer

William Wilkins, seventy-one, was found dead at the home at Elmwood Wednesday evening at 7 o'clock, the aged man being found in his car at the garage at the home, the engine of the car running and the doors of the garage closed. Mr. Wilkins, it is stated, had been subject to heart attacks and it is supposed that he was taken with one of these attacks and unable to secure assistance, had passed away.

Earlier in the day Mr. Wilkins had gone to Greenwood to visit his sons. He returned about 4 p. m. His son, Fred, called later in the evening to learn if his father had returned safely. Failing to get any answer, he investigated and found the elder Wilkins dead. It appeared that the latter had gotten back into the car after closing the doors.

County Attorney W. G. Kleck, acting coroner, with Pat Reed, drove to Elmwood to investigate the case and as it was clear that death had been caused by the heart attack no inquest was held.

Mr. Wilkins was married in 1882 and settled near Murdock. He came to Elmwood in 1918 where he had since lived. Besides his son, Fred, he is survived by two other sons, William and H. G., Greenwood, and six daughters, Mrs. Mary Kuestermeyer of South Dakota; Mrs. Louisa Tolen, Los Angeles; Mrs. Lena Heineman, Liberty; Mrs. Nora Bauers, Crab Orchard; Mrs. Annie Bauers, Shubert, and Mrs. Pearl Miller, Elmwood.

SUFFERS INJURED LEG
From Saturday's Daily—
This morning one of the men employed on the natural gas pipeline suffered the fracture of the small bone of the right leg when a large two ton machine caught him and pinned the leg in such a manner as to cause the fracture and it is fortunate that the injuries were no worse as the man could easily have had the large bones of the leg broken. The man had the injured leg dressed by Dr. R. P. Westover and the patient made as comfortable as possible under the circumstances.

OBITUARY
Lincoln Creamer, son of Cyrus and Sarah Creamer, was born in Illinois on February 10, 1861, and was 69 years, 8 months and 8 days of age at the time of his death.

He came to Nebraska with his parents at the age of six and has resided in Cass county continuously until the time of his death.

On October 23, 1889, he was united in marriage to Ida Belle Thompson at Cedar Creek, Nebraska. To this union were born four children, all of whom with their mother, survive. They are Lee, Blanche and Helen, at home, and Mrs. L. J. Boyd of Lewiston, Ill. He is also survived by five sisters and one brother, namely, Mrs. Angie Reed, Falls City, Nebr.; Mrs. Mattie Mutz, Milford, Nebr.; Mrs. Susie Young, Lincoln, Nebr.; Mrs. Emma Reed, Plattsmouth, Nebr.; Mrs. Minnie Stokes, of Plainview, Nebr., and Charles Creamer, Murray, Nebr.

In early life Mr. Creamer was converted and united with the United Brethren Church, later he changed his membership to the Methodist church of which he continued a faithful member until his death. Shortly before his death he gave renewed testimony to his faith in Christ and gave assurance that he was ready to go.

The absence of Mr. Creamer will be greatly felt by his neighbors, friends and members of the church, to which he has been so faithful. That he was highly esteemed was manifest by the huge throng which gathered Monday afternoon at the funeral to pay their last respects to a man of such sterling character.

The funeral was conducted from the Methodist church at Nehawka, Monday afternoon by Rev. C. E. Moors of Adams, Nebr., and interment was made in the Mount Pleasant cemetery.

Youth Makes Nation Wide Cycle Tour

John Richardson, Youth of Twenty Years, Has Covered Some 8,000 Miles on Wheel

From Saturday's Daily—
John Richardson, a youth of twenty years, with his home at Parsons, Kansas, was in this city yesterday on a cycling tour of the United States and which has taken in already 8,000 miles of the west and northwest, including fifteen cities of over 100,000 population and top of the national parks of the country.

The young man left his home on July 8th and made a trip through the southeast with Tia Juana, Mexico, as his goal and where he spent a short time and then started north visiting Los Angeles, San Francisco, Portland and Seattle, to reach Vancouver, Canada. From the Canadian city he came east to visit at Denver, thence to Minneapolis and Omaha, from which place he came on to

Plattsmouth to enjoy a short stay. Mr. Richardson was a caller at the Journal and stated that he had worn out five pairs of tires on his cycle in the trip over the west. He has found the journey a very pleasant one but as the cold weather is approaching he decided to start the trek southward and after a short stay at his home at Parsons he is going to go to Shreveport, Louisiana, and other of the southern cities.

MRS. BEIGHTOL IS FAILING
St. Paul.—Knocked unconscious Sept 2, when a taxicab collided with a truck, Mrs. Max Beightol, wife of a Lincoln, Neb., attorney, has remained in that condition since, starting her fifty-second day in a coma Thursday. Multiple injuries, both internal and external, which included two extensive skull fractures and laceration of the brain, gave her slight chance for recovery, physicians said. She is able to swallow food slowly, but otherwise gives no indication of consciousness.

Surgically, nothing can be done, her physician said, adding that Mrs. Beightol may develop pneumonia and die while unconscious.
