**True-Franke Wedding Occurs Last Sunday**

Popular Young People, Residents of Near Cedar Creek Are Joined in Wedlock.

The wedding of two of the best known and popular young people of the Cedar Creek community occurred on Sunday at the manse of the First Presbyterian church at Omaha, when Miss Alice True and Henry Franke were united in the bonds of wedlock.

The wedding was very quiet, the bridal couple being attended by Mr. and Mrs. Louis Wooster, the latter a sister of the bride.

The marriage lines were read by the pastor of the church and the ring service was used in joining the lives of the two estimable young people.

The bride wore a very charming gown of light green silk crepe with a picture hat to match and carried an arm bouquet of the bride roses, while Mrs. Wooster wore a gown of the tan silk crepe with picture hat and a shower of pink roses.

The groom and best man were attired in dark business suits.

Following the wedding the bridal party returned to home of Mr. and Mrs. Wooster where a very delightful dinner was enjoyed and followed in the evening by a reception in honor of the newlyweds and which was given by a very large number of the relatives and friends from Plattsmouth, Cedar Creek and Omaha, all joining in their well wishes to this estimable couple.

Both the bride and groom have grown to womanhood and manhood in this community, the groom being a son of Mrs. Martha Franke while the bride is a daughter of Mr. and Mrs. John True. The bride is known to a large circle of friends in this city as she attended the local schools and was graduated in the class of 1927 of the Plattsmouth high school and while here made her home with her sister, Mrs. Frank Krejci.

The groom has made his home at Cedar Creek and where he is held in the highest esteem by a very large circle of friends who have known him for his lifetime.

Mr. and Mrs. Franke are expecting to make their home for the future at Cedar Creek and where they will be at home to their friends after a short honeymoon.

**HOLD FINE MEETING**

From Wednesday's Daily—  
The Presbyterian Women's Missionary Society met yesterday afternoon at the home of Mrs. F. A. Cloyd with a very large number in attendance. The leader for the day, Mrs. H. G. McClusky, departed, somewhat from the usual program method and turned the memories of her friends back to "School Days," as she conducted a relay mission study class in three one half hour periods, using the text, "Between the Americas," by Stowell. With her material well in hand, she presented clearly the conditions found in the Islands of Cuba, Haiti and Porto Rico, stressing the religious work carried on in the islands, by all the Protestant denominations.

Interspersing the first two sessions, Miss Catherine Schneider sang a very beautiful solo. Between the second and third sessions, a short recess was enjoyed. At the close of the last period the hostess, alert to the occasion, uniquely served her delicious refreshments in school lunch boxes, while again the guests thought of the "Good old fashion School Days."

A short business session followed this intermission.

At the close of the afternoon, a surprise feature was introduced to the enjoyment of all. Recalling that the day happened to be the birthday of the leader, Mrs. Cloyd brought in a beautifully decorated birthday cake bearing the three candles for Health, Happiness, and Prosperity.

**WILL ATTEND N. E. A.**

Superintendent R. E. Bailey of the Plattsmouth city schools, one of the leading educators of the state and president of the second district of the Nebraska State Teachers association, will attend the National Educational Association convention which will be held at Detroit, Michigan, starting February 23rd. Mr. Bailey has gained a high standing among the school men of the state and the local schools have been very appreciative of the fact that he has been honored among the teachers of the state.

**PROGRAM AND PLATE SUPPER**

There will be a school program and plate supper given at the Pleasant Ridge school in district No. 41 on Friday evening, February 6th at 8 p. m. Everyone is invited.

ESTHER ALBERT, Teacher.

**WCTU Holds Lincoln Program at Its Meeting**

Number of Very Interesting Reviews Given of the Work of Lincoln and His Time

The W. C. T. U. held a very interesting meeting at the home of Mrs. C. C. Westcott on Monday afternoon and which was enjoyed very much by the large number of the ladies who were in attendance.

This occasion was devoted to the honoring of the memory of Abraham Lincoln, one of the great figures of American history and who ranks with the greatest of the presidents of our nation, the members of the society giving short reviews of the different phases of the life of Lincoln as the boy, the statesman, and as the great leader of the nation in Civil War times.

Mrs. E. A. Oldham gave the great address of Lincoln at the dedication of the Gettysburg battle field as her portion of the program.

Mrs. Y. T. Art gave "Lincoln as Lawyer, Debator and President," a most interesting review of the life of Lincoln in several periods of his career.

Mrs. Etta Perry Barker gave a very fine talk on the subject, "When Lincoln Failed to Understand," Miss Elizabeth Spangler gave "Lincoln Among the Soldiers," an intimate glimpse of the great war president and his association with the officers and men of the Union army and his sympathetic understanding of the sufferings of the men of the great army.

The main address was by Mrs. Ralph Anderson and who spoke on the life of Lincoln from the writings of Owen Taylor Carson, a most complete and interesting story of the times of the great president and his own career as he came from the frontier state of Illinois to the presidency, his tragic end at the time of the dawn of peace in the nation.

Mrs. R. B. Hayes touched on the S. T. I. work in her remarks, showing that this line of instruction had been started in the Civil War days.

At the close of the afternoon Mrs. C. C. Westcott served very dainty and delicious refreshments that were very much enjoyed by the members of the party.

**MURRAY BOYS ARE WEARY OF TRAVEL**

The wanderlust that caused three Murray youths to start from their home on a sight seeing tour, terminated at Nebraska City where they were apprehended Monday night, has proven sufficient for the lads and they are now at home.

Two of the boys were returned home soon after being taken up by a deputy sheriff and one of the lads was left alone in the jail as his parents were unable to reach Nebraska City until late Monday night.

All alone, the companions gone, the remaining member of the trio sobbed out his regret in the cell in the county jail where the boy was detained in the unoccupied woman's ward of the building and his sorrow was so pronounced that County Attorney George H. Heinke, whose office is under the same ward, was unable to carry on his work and visited the boy to ascertain why all the grief.

"I am lonesome alone here and want to go home," the boy told Mr. Heinke, "and I will never leave home again."

He said he was in the ninth grade of the Murray schools and intended to attend regularly once he got home.

After being taken downstairs to the sheriff's office the boy ceased his crying and when his sister arrived there about 8 o'clock to return him to the home that youth began to brighten up and even smiled as he made ready to accompany her.

**DISCUSS DETOURS**

Consideration of detour possibilities to be used during the course of paving construction on U. S. 75 north of Nebraska City is occupying the attention of state highway engineers at the present time, says the Nebraska City News-Press.

When the locations are definitely decided it is believed bids will be asked for grading and paving of the highway between Union and Nebraska City. Because much of the route is over new right-of-way detour will not be as extensive as it was last year when the road was surfaced south.

Two possibilities for temporary routes north of Nebraska City have been considered, one east and the other west of the proposed construction. It is believed that the one west will be chosen to eliminate the necessity of graveling a long stretch of road that now is unimproved. The west detour will comprise part of what is now U. S. 75 because plans call for paving east of the present highway.

State engineers say the 12 miles between Nebraska City and Union will be graded and paved this year. They point out that although there are some extensive fills to be made they may be rolled and hence paved the same year they are graded.

Plans for construction of the highway north call for an overhead crossing over the Missouri Pacific right-of-way at the Mullis corner, eliminating the only railroad crossing on the proposed route from Nebraska City to Union.

Detour discussions also are bothering engineers studying projects north of Plattsmouth. How to pave the highway leading to the Platte river bridge and eliminate a detour to the nearest crossing at Louisville is one of their problems.

**Mynard Community Club Has Splendid Meeting****Large Attendance Is Present and a Very Fine Program Presented by Local People**

The Mynard Community club with its new set of officers started off with its first meeting of the new year with a whiz and bang equal to an old time war horse with years of experience.

Following a brief business session which always comes first two playlets were put on by local and Plattsmouth young folks that was greatly enjoyed and brought forth vigorous applause.

The county agent and Miss Baldwin were present and with the use of charts gave some very interesting figures on various kinds of project work being conducted in the county showing great advancement and a growing interest taken in all lines of farm life particularly home economics, dairying and sanitation for poultry and swine. One very pleasing statement was that our county of Cass stands second in the entire United States on matter of farm records, also spoke quite flatteringly about our community club organization but could not say quite so much about interest given to 4-H club work but emphasized the fact that if the parents wished to keep these boys and girls on the farm the time to start is right now by helping them to become interested in 4-H club work.

The room was well filled but there is always room for one more and the club would like very much to have every home in the community to join in the educational and social community work.
