United Gas Service Officers Look Over City

Company Having Franchise for Natural Gas Service Pay Visit Here and Secure Maps

On Wednesday afternoon B. H. Snow, manager of the United Gas Service Co., of Bartlesville, Oklahoma, with several of the engineering force of the company were in the city looking over the situation here where the United Gas Service Co. had a franchise granted last summer to permit them to lay mains and supply the community with natural gas from the line laid by the Continental Construction Co., and which is now nearing completion.

Mr. Snow and his engineers secured a number of maps of the city showing the streets, alleys and other highways while here and the officers stated that they expected to carry out all of the provisions of their franchise as far as applies to the service of natural gas to this community.

The United Gas Service Co. secured a franchise here in August and with the rate schedule which was approved by the council and later a franchise was also granted to the Missouri Valley Pipeline Co., which is now supplying the natural gas for the Iowa-Nebraska Light & Power Co., which is supply the consumers at this time with the natural gas.

The new company that proposes to enter the city with their supply lines, will furnish a great deal of activity in the coming summer if they carry out their announced intention of coming here, as they will have to lay new mains over the city as well as establishing a control station and business office.

While here Mr. Snow visited with various city officials and announced that his organization proposed to be here with their lines and to serve the people of this community with natural gas as they had announced at the time that the franchise was granted them. This company also has a franchise at Glenwood, Iowa.

ENJOYS BIRTHDAY PARTY

The home of Mr. and Mrs. L. R. Sprecher on high school hill, was the scene of a very pleasant gathering of young people on Tuesday evening in honor of the birthday anniversary of Miss Germaine Mason, niece of Mrs. Sprecher.

The evening was spent in playing bridge and in dancing and at which a great deal of pleasure was derived by the jolly group. In the bridge contests Madge Garnett received first prize and Rose Ferrie the second honors.

In honor of the occasion the guest of honor received a great many very beautiful remembrances of her anniversary.

At a suitable hour dainty refreshments were served by Mrs. Sprecher who was assisted by Mrs. W. H. Mason, Mrs. Bernard Meisinger and Mrs. J. F. Wurga.

Those attending the event were: Madge Garnett, Ruth Wurga, Eleanor Swatek, Jean Fitch, Helen Price, Margaret and Florence Nelson, Vestetta Robertson, Patricia, Ruth and Rose Ferrie, Constance Rea, Velma Fulton, Maxine Clويد, Germaine Mason, Mrs. John P. Sattler, Sr., Mrs. J. F. Wurga, Mrs. W. H. Mason and children, Shirley and Donna, Mrs. Bernard Meisinger.

HERE FROM CALIFORNIA

From Thursday's Daily— This morning M. M. Beal, long time resident of this city, who has for the past two years made his home at Midway, California, with his daughter, Mrs. B. L. Kirkham and family, came in to enjoy a visit with the old friends here. Mr. Beal has on the way from the west coast stopped at Denver for a visit with his sisters at that place and then came on "back home" to Plattsmouth. Mr. Beal reports that Mr. Kirkham, who was for many years in the newspaper business, has again embarked in the printing business and has a small job office at Midway. The Kirkham family are all doing nicely and enjoying their new home on the west coast, although Mr. Beal states he would prefer a 160 acres of Iowa or Nebraska to all of the alluring lands of the golden west.

MISSIONARY SOCIETY HAS FINE MEETING

The W. F. M. S. of the Methodist church met at the home of Miss Emma DeHart on Wednesday, February 4th. A profitable and inspiring time was enjoyed by all. Mrs. Howland led a splendid devotional service, having as a subject, "Through the Temple Doors to the Great Physician." Mrs. C. C. Westcott had prepared an intensely interesting program and gave with the assistance of others the third chapter of the study book, "A Cloud of Witnesses." Mrs. Howland gave a very helpful and inspiring talk on, "Why I Am a Tither." Mrs. Lightbody had the charge of the mystery box and the president, Miss DeHart, presided at the business session.

UNDERGOES OPERATION

From Thursday's Daily— Charles Gradoville, Sr., was operated on yesterday at the University hospital at Omaha for the removal of a growth from the left eye and the patient came through the operation in very fine shape and last night was reported as resting easily and it is thought the operation will be a real success and the trouble that has affected the eyesight of Mr. Gradoville has been successfully removed. Mr. Gradoville will have to remain at the hospital for probably a week until the eyes are restored to normal condition and he is compelled to have both eyes bandaged for several days at least.

William Goodreau will be Sent to State Hospital

Local Authorities Will Seek to Have Youth Cared for in Iowa Institution

From Thursday's Daily— William Goodreau, 19, who was arrested yesterday at Council Bluffs, charged with having taken eighteen spikes from the main line tracks of the Missouri Pacific railroad at this place, will be given treatment in some institution, County Attorney W. G. Kieck, stated today at his office at the court house.

That the youth who pulled out the spikes from the tracks with the intention of making a train slow down so that he could secure a ride, is mentally defective, was clear to those who conversed with the youth in his examination at the court house here, as he seemed to realize but little the seriousness of what might have occurred as the result of his act.

With the clear case of being a mental defective it would have been unjust and unfair to have the youth placed in a penal institution when his case demands that he should have treatment and care in some institution devoted to the mental cases, also his being allowed to remain at large could not be tolerated as he is liable to commit some offense even more serious than that which has led to his arrest.

The youth is a resident of Iowa and according to the attorney will seek to have the youth placed in some institution in that state but in the event that this will not be approved by the Iowa authorities it is probable that the youth will be sent to the feeble minded institute at Des Moines to be cared for.

Goodreau stated to the authorities that he has an uncle residing east of this city in Mills county and where he frequently visits and which accounts for his being here on last Saturday and Sunday.

COMMISSIONERS HOLD MEETING

From Thursday's Daily— The board of county commissioners of Cass county held their regular session at the court house this week and following the allowance of bills on Tuesday took up the matter of the awards of contracts for a number of items of county work for the coming year as well as approving several appointments.

The contracts for the county physician work in several districts were awarded on bids as follows: Dr. J. H. Hall, first district; Dr. J. F. Brendel, Murray, second district; Dr. J. W. Brendel, Avoca, third district; Dr. A. J. Worshman, Louisville, fourth district; Dr. N. D. Talcott, Greenwood, fifth district; Dr. G. C. Douglas, Elmwood and Dr. E. M. Stewart, Eagle, sixth district.

The contract for the county printing was awarded to the Elmwood Leader-Echo, which has had this work for the past two years.

The burial of the county charges was awarded to John P. Sattler of this city.

The board also received the re-appointment of Thomas S. Svoboda as constable for the court of Justice Charles L. Graves and for County Judge A. H. Duxbury and which was approved by the board.

SHOWS IMPROVEMENT

From Thursday's Daily— F. G. Coryell, who has been quite poorly for the past two days from an asthma and slight heart attack, was much better today and able to be up and around a part of the time and while still suffering to some extent from the effect of the attack seems well on the highway to recovery. The many friends will be pleased to learn that he is doing so nicely and trust that this condition may continue.

TAKEN TO HOSPITAL

Mrs. Henry Jasper departed Wednesday for Omaha where she enters the Immanuel hospital at that place to undergo an operation for polter from which she has been a sufferer for some time. Mrs. Jasper will undergo a few days treatment before the operation and it is hoped that she will return restored to her former good health.

Chamber of Commerce O.Ks Funding Bonds

Largest Attendance on Record at Yesterday's Luncheon—Discuss Bank Liquidation, Etc.

From Friday's Daily— With every available seat taken, attendance at yesterday's noon-day luncheon of the Chamber of Commerce directorate set a new high mark for these semi-monthly meetings. Thirty-eight responded to roll call.

This was the second meeting of the new year, the first meeting three weeks ago being largely devoted to completion of organization plans and allowing very little time for the transaction of general business, so the greater part of the time yesterday was taken up with consideration of questions in which the Chamber of Commerce is vitally interested.

A report was had on the proposed bill extending state aid to towns of 10,000 and under for the replacement of paving on state and federal highways through the towns and the Good Roads committee was instructed to immediately get in touch with all towns and cities in the state located on state highways which would consent under the provisions of this law and secure their aid in urging its passage by the legislature.

The Industries committee reported progress in getting workmen located in homes and apartments and that it had been instrumental in securing location for the Smith Bery repair shops here, thus keeping a large force of mechanics and helpers here for from sixty to ninety days longer than otherwise.

Civic improvement committee reported plans were under way for a real Better Homes and Gardens contest this year and that they expected to again push the Clean Up and Paint Up move when spring gets here for certain.

The matter of seeming delay in closing up the affairs of the defunct First National Bank was discussed at considerable length, reference being made to the secretary of the receiver being read. Several plans for speeding the final liquidation were proposed and finally a motion prevailed to have the executive committee check up on the remaining assets and co-operate with the receiver in every way possible looking to the speedy disposal and closing up of the business, when it is anticipated the final dividend to depositors will become available.

The Junior College plan, now up for legislative action, was also discussed and the special committee investigating this directed to continue its activities toward having Plattsmouth included in the list of cities where colleges might be opened under financial aid from the state.

The Junior college plan provides for Freshman and Sophomore year training in home communities with credits making it necessary for boys and girls to go away from their home community only two years in order to complete a four year college course. Encouraging reports of success come from Iowa where there are numerous of these colleges, including one at Creston, where G. E. DeWolf, a former superintendent here, is now superintendent of schools.

Mayor John P. Sattler gave a report on the proposed bond issue of \$49,500, to be voted on at a special election March 3rd. This money, declared Mayor Sattler, was not expended for regular city expenses, but represents registered warrants in improvement districts that were of too small sums to be bonded separately, and some \$18,000 in general fund warrants that covered the cost of the new Livingston road, city's part of viaduct, etc. Mayor Sattler stressed the fact that every penny of this \$49,500 was expended for improvements for which there had been a demand on the part of the taxpayer and in which the city had realized full value for the sums expended.

He also stated that with county cooperation on a large cement culvert within the city limits, contributions by the Bridge company and the Burlington railroad and the payment of one-fourth of the cost or grading and graveling by the state, the city had not been called upon to pay more than half the actual cost of construction of the road and viaduct.

The outstanding warrants said Mr. Sattler, are drawing 6 per cent interest, with a few of the older ones drawing 7 per cent, and it is simply proposed to transfer these warrants into bonds at a saving to the city of at least 1 1/2 per cent, or some \$800 per year, and after stating that our bonded indebtedness is the smallest of any town in the state of 2,500 or over population, Mayor Sattler asked the endorsement and co-operation of the Chamber of Commerce to the end of effecting this saving for the city, declaring that if the voters were properly enlightened on the matter he did not see how anyone could vote against it.

Questions were invited and a general discussion of city finances engaged in that consumed the remaining fifteen minutes of available time, ending with a motion by W. G. Kieck that the C. of C. endorse the funding

bonds as a wise and economical move for the city and lend its aid to enlightenment of the voters on the actual issue at stake.

Passage of this motion brought a belated adjournment at 1:35.

BISHOP PAYS SCHOOL VISIT

St. John's parochial school of this city received an unusual honor Tuesday when paid a visit by Bishop Louis B. Kucera, recently named to succeed Bishop Beckman as head of the Lincoln diocese. Bishop Kucera was accompanied by Monsignor Petrus, a priest in the diocese, and after their tour of the school the two were loud in praise of the work being done. The enrollment at the St. John's school now totals 120, with 118 in daily attendance.

Local Students Place Well in Peru Contest

David Robinson Scores First in Tenor Solo and Quartet Places Second—All Show Well

The Plattsmouth entrees in the MINK music contest held at the Peru Teachers college, made a very fine showing in the strong competition on state highways which would consent under the provisions of this law and secure their aid in urging its passage by the legislature.

The only first scored by Plattsmouth was that of the tenor solo class which was won by David Robinson, who was making his first contest appearance and made a decided impression on the judges.

The Plattsmouth high school girls' quartet composed of Maxine Clويد, Constance Rea, Margaret Shellenbarger and Jean Hayes, secured the second honors in the meet and won many expressions of commendation from those who attended the contest.

In the individual solo sections Miss Margaret Shellenbarger secured third in the contralto class, James T. Begley, Jr., third in the baritone solo and James Comstock third in the trumpet section.

A number of the local students remained over to enjoy the contests today and will return home Sunday, being the guests of the Plattsmouth students at the college. James Begley returned home last evening in order to play in the basketball game and his showing there was as fine as in the music contest.

All of the contestants that have placed will receive medals for their trophy of the contest while David Robinson in addition has received a free music scholarship at Peru college which entitles him to two lessons a week for a year at the music department of that institution if he decided to attend this school.

The showing of the local students was very fine and they as well as their instructor, Miss Cora Williams, are to be congratulated on the splendid recognition that they have won for the Plattsmouth high school.

ELECTS CHURCH VESTRY

The meeting of the members of the St. Luke's parish of the Episcopal church of this city was held on Tuesday evening at the church building and attended by the members of the church, to hear the reports of the various societies and organizations received and to discuss the plans for the forthcoming year's work. The election of the members of the vestry for the year was held at this time and the officers remained for the ensuing year they being: R. W. Clement, senior warden; Dr. J. S. Livingston, junior warden; Judge James T. Begley, Henry Herold, Miss M. A. Gering, Miss Dora Fricke, Mrs. J. A. Donelan, members of the vestry. Miss Mia U. Gering was elected as the church secretary and Mrs. J. A. Donelan as church treasurer.

BELLEVEUE LADY DIES

Mrs. Marie M. Homan, 70, mother of Bert Graves, who died of pneumonia while overseas during the world war and after whom Martin Graves post of the American Legion at Bellevue was named, died Wednesday afternoon at her home in Bellevue. She lived there 25 years.

Surviving are her husband, B. E. Homan; six sons, Jack Clifford, Arlie, Amiel, Alvis and Theodore; two daughters, Mrs. W. E. Shipley and Mrs. Nicholas Burns and a sister, Mrs. Alice Hawn of Lexington, Neb.

Mrs. Homan was formerly Mrs. Dury Graves of this city and will be remembered by the older residents of the city where she resided in the nineties.

GIVE A FINE DANCE

From Thursday's Daily— Last evening the Ladies Auxiliary of the Eagles gave a fine dancing party at the Eagles hall that was very largely attended and where the evening was one of the most pleasant that has featured the winter dancing season here. The dance was very largely attended and until a late hour the jolly crowd enjoyed themselves to the utmost and the occasion proved a real success in every way.

Report of the Funds Raised for Red Cross

Officers Present Report and Shows Amounts Raised and Purpose of Disposition of the Same

The response to the Red Cross call was most generous as the following list will show. Our quota was \$150 for the National call for relief in states of Arkansas, Missouri, Oklahoma, Tennessee and Ohio.

With some of the remaining money we are planning to buy yardage to furnish to the Home Management class which has been organized by the Woman's Club which meet certain days of the week at the G. A. R. rooms to sew. Garments are made or mended, also quilts or comforts have been tied and then given to a needy local family.

The Red Cross fund is the only money available for immediate relief. It may be for food, medicine, clothing, shoes, or fuel. Our Associated Charities' general fund is \$35.23 which will not be sufficient to supply the local needs until Dec. 1931.

The Eagles have announced a mask ball, one half of proceeds to Red Cross, Wednesday evening, February 11th. Tickets will be placed on sale Saturday.

Without the cooperation of the good people, this committee would not be able to take care of the many needy calls.

Be assured we truly appreciate the splendid co-operation of every one in National and local relief requests.

ISSUES MANY LICENSES

The office of County Treasurer John E. Turner has issued so far 4,680 licenses for autos and trucks which is the largest number of any previous year and there are still other licenses that will be applied for as each day sees a few of the belated owners of cars coming in for their license plates. Saturday was a red letter day in the treasurer's office as \$2,050 was taken in in fees for the auto licenses and the force of clerks were kept busy the entire day on this line of work, there being a constant stream of applicants who were getting under the wire for the first day of February.

OPENS NEW REPAIR SHOP

Ray V. Bryant, who has for the past year and a half been in charge of the repair work and machine shop in connection with the Service Chevrolet Co., is now opening his own shop on Main street, located in the west side of the Wetenkamp building and adjoining the McKamey Truck Line Co., office and garage.

Mr. Bryant, who is a skilled mechanic in all lines of auto repairs and overhauling, has added a new group of equipment that will give him a very fine array of material for the carrying on of his line of business. The new repair shop is now ready for the needs of the public and already Mr. Bryant has had a number of calls on his service in the new location. The new repair shop will be one of the best in the city and the proprietor will be pleased to meet his friends at the new place of business.

Valentines from 1c up can be found at the Bates Book & Gift Shop. Call and look over the line before it is broken.

VISITING OLD FRIENDS

From Friday's Daily— Mrs. Lena Droege, long time resident of Plattsmouth, who has been spending the past year and a half in California with her son, Emil Droege and family, has returned to Nebraska and has been located for the past two weeks at Omaha with her daughter, Mrs. Gale Connors and family and with Mr. and Mrs. Carl Droege, coming down Thursday for a visit here with the many old time friends. Mrs. Droege has a very wide acquaintance in the city and the many old time friends are delighted to see her again and to enjoy the pleasant association with the old time friend.

Paving of Highway from Union South to be Let

Ten Miles of Paving on Highway No. 75 to Be Let February 27th by State Department.

Another link in the paving of highway No. 75, state and federal road from Falls City to Omaha, is to be let on February 27th, reports from Lincoln state and this section will embrace ten miles from Union to Nebraska City where it will connect with the paving already in and which extends to within a few miles of Auburn.

This section of the highway when completed will give a sixty-five mile paved highway from Auburn to Omaha and passing through this city, and has been long looked forward to with expectation by the residents of the territory through which it passes.

Another of the improvement programs that will be carried out on No. 75 this season will be the overhead crossing at La Platte and which will permit the paving of a section of the roadway that was held open until the final consumation of the erecting of the new overhead crossing that does away with the present double railroad crossing.

The new road from Union south will be paved on the road that goes east from Union and which cuts two miles from the distance between Union and Nebraska City and will require a great deal of grading and preparatory work to get in readiness for the paving that is to follow. The sharp turn west at Union and will continue directly south into the Otoe county seat, making a fine straight roadway and which will eliminate many railroad crossings which have been a menace to the traveler on the old road and which have resulted in a number of fatalities.

UNCOVER BOOZE CACHE

From Saturday's Daily— The old time expression of the pioneer miner, "thar's gold in them hills" may be changed to the more modern term "thar's hiker in them hills," if the practice which was accidentally revealed yesterday by a little school girl, is followed to a large extent by those who deal in the illicit traffic.

Shirley Keck, little daughter of Mr. and Mrs. Otto Keck, who attends the Central building was en route home from school Friday and happened to pass through the north-east part of the school grounds which is rough and broken and with a number of small gullies, and while walking through here Shirley discovered that one of the gullies contained a cache of liquor which had been covered over with leaves and was evident the base of supply of some booze handler. The discovery was reported to Sheriff Bert Reed and who investigating was shown the spot by the little girl and a search in uncovered some nine quarts of what is supposed to be hooch. The bottles were removed to the court house as the discovery was made in the middle of the day and the owner of the liquor was no doubt aware of the fact that the source of supply had been discovered, and leaving them there was of little benefit as far as locating the owner.

ASKS FOR DIVORCE

From Friday's Daily— An action was filed this morning in the office of the clerk of the district court entitled Ella D. Barker vs. William O. Barker, in which the plaintiff asks for a decree of divorce and custody of the minor children. The petition states that the parties were married in Omaha on June 2, 1920 and that on September 20, 1926, the defendant deserted the plaintiff and children and has not since cared for them.

GARD OF THANKS

We are taking this opportunity of expressing to the host of friends over the city, our deep and heartfelt appreciation of the many acts of kindness and sympathy shown us during the illness of our brother and uncle, as well as to those who took part in the funeral services and sent the beautiful floral remembrances. Their kindnesses will always be a cherished memory of real friendship.

Mrs. Laura Peterson, Miss Ella Kennedy.

Platters Take Havelock for a 27 to 24 Loss

Last Minute Rally of the Visitors Fruitless as Shooting Eye of Locals Holds Good

From Saturday's Daily— The Havelock Engineers, under the pilotage of Coach Delaporte, came down last night to engage the Platters and with the result that they were submerged by the blue and white by the score of 27 to 24 in a contest in which the locals led in all departments and with the exception of a tie in the first period led the visitors up to the last quarter when Havelock was able for a few seconds to tie the score 21 to 21, only to have Galloway break the tie with a free toss and then the locals again led away in the direction of a well deserved victory.

Smith, forward and captain of Havelock was by far the outstanding figure of his team with thirteen points against the Platters and was the cause of the apprehension of the local fans as he grew warm in the last quarter and threatened the comfortable lead the locals had piled up at the opening of the final period.

In the Plattsmouth scoring Johnny Galloway, forward and James Begley, center and guard, had close rivalry in scoring. Galloway securing ten points and Begley nine, but Galloway had his shooting eye working and snagged four out of five free tosses, two of these when badly needed in the last stages of the game. The floor work of Wiles and Arn was also a large part of the Platter victory as they checked many attempted rallies of the visitors near the local goal.

The opening quarter was featured by little scoring although the locals lost many good chances at the basket. Begley scored the first for the locals with a field goal and then Smith of the visitors slipped in a counter for two points to make this part of the game a tie.

The second quarter against saw Smith score a field goal and a free toss with Baker of the visitors also scoring a free toss while for Plattsmouth Galloway started the big push with two field goals and Galloway placed one in the basket for a two point margin to give the score at the half 11 to 6 for the Platters.

In the third round on the maple, Begley and Galloway were the point gainers as Jim took two field goals and a free toss and Galloway scored a goal and a gift shot to run the Plattsmouth margin to nineteen against thirteen for the visiting quintet. Smith again getting hot with two goals and two free tosses and Baker again garnered a free toss.

The final quarter saw the visitors gradually cut the lead of the locals as they pressed the Plattsmouth guards closely and kept the ball in action and were able to make good a number of long shots. Young scoring two field goals and Donner, his guardmate, one while Smith and Harrison also scored one each goal and goal in their attacks on the local defense.

For the Platters there was some accurate shooting that aided in the victory as Galloway and Hartford each made good their two free shots for four points, while Chet Wiles broke through the visitors for a pretty side shot for a field goal and Begley also scored a field goal.

The contest was refereed by Coach Kanuple of Central high of Omaha and who did a nice job of the game with quick and impartial handling of the several plays on which he was called to pass judgment.

The Plattsmouth Reserves and the Nehawka high school quintet played following the main game due to the lateness of the visitors in arriving and in this contest the locals were the winners by the score of 27 to 10.

The Platters have two games scheduled for the coming week which will take them away for the two contests, they playing Nebraska City at that place on Friday evening and on Saturday, February 14th they journey to Omaha and return the visit of North high, which team was defeated here early in the season 16 to 9.

The tabulated score of the game was as follows:

Plattsmouth— FG FT PF TP
Galloway, f ----- 3 4-5 3 10
Hartford, f ----- 0 2-2 0 2
Arn, f ----- 2 2-2 0 4
Begley, c ----- 4 1-2 0 9
Wiles, g (C) ----- 1 0-2 3 2
McCrary, g ----- 0 0-0 4 0

Havelock— FG FT PF TP
Smith, f (C) ----- 5 3-4 4 13
Harrison, f ----- 1 1-2 1 3
Baker, c ----- 0 2-4 3 2
Young, g ----- 2 0-0 2 4
Donner, g ----- 1 0-0 3 2

10 7-13 10 27

NOMINATION SUBMITTED

Washington, D. C., Feb. 6.—President Hoover today sent to the senate the nomination of Curtis M. Johnson, Rush City, Minn., to be collector of customs at Duluth.
