

Fashion Show Scores a Very Great Success

Largest Crowd of the Four Day Festival Grooms Artistic Revue of Gowns.

From Saturday's Daily—
Despite the rain and storm of Friday there was the largest crowd of the -day festival present at the American Legion Community building last evening to greet the fashion revue of the Merchants Trade Exposition and Style Show. Those who were present had the pleasure of enjoying one of the very best presentations of fashion's latest creations that were offered.
The Pease Style Shop was the first to show their large array of handsome evening and party frocks, street gowns, coats and in addition a wonderfully selected line of millinery to blend with the very handsome gowns. The modeling was all that could be desired and the exquisite taste shown in the gowns to suit the type of models made it a real treat and a presentation of beauty and charm. Those who served as models for the costumes for this popular ladies shop were Misses Ruth Janda, Hilda Rabb, Grace Pilney, Edith Schlatter and Irma Mayfield, all being distinctive types and with the splendidly selected line of costumes made an outstanding success of their part of the program.
Adding to the interest of the evening was the specialties prepared by the Pease Style Shop which were given between showings, Little Miss Jacqueline Stretten, daughter of Mr. and Mrs. Charles Stretten, gave a very clever tap dance number, "School Days" which reflected the greatest credit on the little lady. Miss Mary Ann Rosenkrans was also heard in a very delightful vocal selection and had as her accompanist Miss Emily Lorenz, both ladies acquitting themselves in a splendid manner.
The H. M. Soennichsen Co., gave their second night showing of the cotton frocks and their attractive and talented models who had served on Thursday evening were again presented, garbed in the attractive and serviceable line of gowns that are fast becoming very popular. Misses Constance Rea, Carylene Thomas,

Heleen Schulz, Marie Holcomb, and Eleanor Swatek. This firm also presented the clever little folks that appeared at the first evening showing and whose childish charm made it a most enjoyable feature of the evening. The little folks and the tots taking part were Betty Gayer, Mary Jane Schulz, Mary Phyllis Soennichsen, Joan Platts, Millie Lou Spier, Peggy Chadderdon, and Donald Spier.

WGN OBTAINS CHANGE IN KMA NEW CHANNEL

Washington, D. C., April 23.—The radio commission today modified its recent order changing the channel of station KMA, Shenandoah, Ia., from 930 to 710 kilocycles, and advised the station to return to its old frequency on April 30.
The modification was made at the request of station KGN, Chicago Tribune station, which contended the transfer was made without a hearing and that KMA, if permitted to occupy the 710-kilocycles channel, would cause interference with its broadcast.

LOVE BAZAAR HEAD SEEKS GUILTY PLEA

San Diego, Cal., April 23.—Olive Day, alleged head of the Hollywood love mart, offered to plead guilty when she, Alexander Pantages, John P. Mills, Jesse Shreve and William Jobelmann were arraigned before Superior Judge C. N. Andrews, Thursday.
Pantages obtained a stay until next Tuesday to plead to charges he conspired to lead Lydia Nitto, 17, into an immoral life. Mills pleaded not guilty. Shreve and Jobelmann withheld their pleas.

House Approval Given Bus and Truck Measure

Fees Established, Loads Fixed for Highway Freight Carriers—'Petting' Is Barred

Lincoln, April 22.—The bus and truck license bill passed the Nebraska house of representatives today 70 to 15. It now goes back to the senate for concurrence in or rejection of the house amendments.
The act would increase the license fees collected from commercial trucks as a means of repaying the state for the use of and damage to highways.
It would provide fees of eight dollars to \$12 for trucks used in agricultural pursuits, or those operated in cities or within a radius of three miles of cities. It would leave the fee on pleasure cars at eight dollars for cars under 2,700 pounds and \$12 for cars of greater weight.
The measure would permit maximum trucking capacities of 16 thousand pounds. The senate had fixed this limit at 13 thousand pounds.
The house also approved a bill to ban "one handed" driving. The same measure would prohibit more than three persons older than 12 years from occupying the front seat of a car, and ban running board riding. The vote was 71 to 10.
An act by Representative W. H. O'Gara (rem.) of Laurel, to provide for the manufacture of auto license plates and highway markers at the state reformatory or penitentiary carried by a vote of 72 to 12. It would appropriate 50 thousand dollars to establish the plant.—World-Herald.

D. A. R. Hall Guarded While Fish Speaks

Resolutions Denouncing Communism Adopted by Delegates—Views at Variance

Washington, D. C., April 24.—Daughters of the American Revolution called for special police protection today after adopting resolutions denouncing communism.
Officers were stationed at every door of the hall with instructions to permit no one to enter except on business. Plain clothes men were scattered throughout the audience.
Thus protected, the delegates listened to an address late today by Representative Fish of New York, the chairman of the house communist investigating committee.
Fish, whose address had been blue-penciled by the organization with his consent, said the state department had not co-operated fully with his committee's investigation of communism.
"Nothing Sensational."
A difference of opinion prevailed concerning the request for the special guard. Mrs. Lowell F. Holbert, president general, said there was nothing sensational about the presence of the police, explaining an extra guard was sought several days ago to guard the D. A. R. relics.
Mrs. William Sherman Walker, chairman of national defense, however, said: "If special protection has been sought, it is because we always have it when anything like this comes up. Communist groups are so likely to come with their literature to distribute."
Officers said they had been asked to come to the convention hall by D. A. R. officials who mentioned they had been instructed to be on guard against "any kind of disturbance."
Earlier, the convention gave unanimous indorsement to the findings of the Fish committee which denounced communism and urged the next congress to enact legislation "to rid our country of all seditions and communist agitation having in view the overturning of our system of government by force and violence or by deceitful methods of any nature."
Receives Ovation.
Mrs. Walker was given an ovation when she proposed the anti-communist resolutions. A similar reception was given Fish, whose remarks about communism had been edited along with an attack upon the state department's Nicaraguan policy.
Fish told the convention the deletion were made with his "consent and approval." He said he had come to "hear all upon troubled waters and not to arouse any controversy."
"I do not believe that the state department," he said, "despite its holler-than-thou attitude, should be immune to criticism, especially when its policies are contrary to American traditions and welfare of our citizens in foreign lands."
Referring to the communism investigation, Fish said he had asked the secretary of state repeatedly what the policy or practice of the state department was in carrying out the laws concerning admission of communists but that no "satisfactory information" had been furnished.
Resolutions also were adopted urging that the navy be built up to the full strength permitted under the London treaty, advocating further restriction of immigration, registration of aliens and deportation of communists.—World-Herald.

RULER DIRECTS SUBJECTS

Purchase, N. Y.—King Prajadhipok of Siam concerned himself, the first time since he completed a 12,000 mile journey from his oriental monarchy, with the affairs of state. The palatial Westchester estate that is the official residence of the king and his consort while in the United States has for many practical purposes become the summer capital of Siam. The king conferred with members of the household cabinet. The king was in close touch with Bangkok, by radio and cable communication.
A heavy guard of police patrolled the estate to assure the rulers protection from any disturbance. The king and his consort, traveling incognito, made their first visit to New York where they were luncheon guests of Mr. and Mrs. Odgen M. Reid. In the afternoon the queen, accompanied by Mrs. Reid, went shopping.

C. E. Pettit is the New Mayor of Louisville

Selected by the New Board Controlled by Progressive Party at Meeting Monday

An informal meeting of the new village board at Louisville was held on Monday evening for the purpose of selecting a chairman and mapping out a program for the coming fiscal year. The contestants for the honor were W. S. McGrew and C. E. Pettit. Pettit won on the first ballot by a majority of one. There is more behind this vote than the mere selection of a chairman, as it carries with it an entire change in the method of conducting the affairs of the town.
Messrs. Pettit and Brunson were elected on a platform favorable to an entire change in the method of conducting the affairs of the village, says the Courier. Their plan is to consolidate the numerous minor positions and employ one man at a fair salary and see that he keeps himself employed in the city's behalf and gives a day's work for a day's salary. The plan went over big with the voters at the recent election and Pettit and Brunson were elected by a two to one majority. Councilman Gauer voted with Pettit and Brunson, leaving McGrew and Sundstrom in the minority.
As to just how the plan will work out remains to be seen, but from the fact that it received such unanimous approval by the voters it is but right and proper that it be given a fair trial. If it will do all that is claimed for it by Mayor-elect Pettit, it will be worth the effort. The new board will be sworn in on the last Tuesday in April, according to the village ordinance.
