WILL CELEBRATE OPENING

The baseball center of eastern Cass county—Murray—is planning on having a real opening on next Sunday when the first home game of the season is to be staged.

The boosters of the great national pastime have arranged to have the Lewiston band on hand for the occasion and which organization will give the fans a fine musical program in addition to the ball game that will be staged.

Special features have been arranged for the day and which will add interest to the opener for everyone.

The team will have one of the first teams in this section of the state to be their foes in the opener of the season.

A number of the Plattsmouth players, including Harry Newman, Alex Schlieske and John Svoboda will be among the Murray players for the season.

HAVE EXCITING CHASE

The members of the South Side police force at Omaha had an exciting chase on Tuesday afternoon when in pursuit of an auto driven by Bert Coleman of this city. Statements by the officers were that a pursuit of some two miles through the south section of Omaha to the outskirts of the city was covered by the car of Mr. Coleman and the pursuing officers and the end of the chase was only when the officers fired on the car, injuring the tires of the Coleman machine. It is claimed that the Coleman car struck two other cars and which caused the radio alarm to be sent out by the police department and the officers sent on the trail of the car. One of the parties claiming to have had his car damaged was the man that had just completed the work of installing radios in the police cars and which served to guide the officers in their pursuit. According to the local man their car was struck by the auto of F. J. Staffer at 28th and Wright street, instead of them striking Staffer and that Staffer had been able to drive his car away from the scene of the accident and Mr. Coleman had gone on his way also. They had driven at a good rate of speed as it was expected that Staffer would make a complaint to the police and as they were anxious to return home did not wish to be delayed longer than necessary.

Cass County Young Singers Opportunity

Fifth National Radio Audition Offers Opportunity for Singers of County

Who are the best young singers in Cass county? Opportunity is offered them to share in \$25,000 in cash and to obtain scholarships in some great American conservatory of music or under a world renowned teacher through organization in Plattsmouth for the Fifth National Radio Audition.

During the four years that this nation-wide competition to determine the best young men and young women singers in the United States has been conducted by the Atwater Kent Foundation of Philadelphia, more than 150,000 youthful songbirds have been given an opportunity to demonstrate their talents. This year a number greater than in any previous year is expected, and every village, town and city in the country is hastening its plans for local auditions. Omaha has a young woman, between the ages of 18 and 25, will be selected by competition in each city or community. These will be entered in a state audition, from which the winning young man and young woman will go to represent their state in a district audition, of which there will be five. From each district, a young man and young woman will be selected to contest in the national finals to be held in New York in December. This competition will be broadcast from coast to coast. All winners of district auditions will receive substantial rewards, determined in accordance with their rating in the national finals. These awards are:

Winners of first place (one boy and one girl) \$5,000 each and two years' tuition in an American conservatory.

Winners of second place, \$3,000 each and one year's tuition.

Winners of third place, \$2,000 each and one year's tuition.

Winners of fourth place, \$1,500 each and one year's tuition.

Winners of fifth place, \$1,000 each and one year's tuition.

"I believe we are building for the future in searching out talented young singers for that great medium of culture and entertainment—Radio," said A. Atwater Kent, president of the Foundation bearing his name, in making the announcement today. "The discovery of one of those rare voices, of which each generation produces a few, seems to me an event of profound national importance. Even when such a voice could give pleasure to only a few thousand people it was a national treasure. Now that millions may enjoy it through the medium of radio, such a voice becomes priceless. So, just as a good voice is a divine gift, radio offers opportunity to share that gift with the greatest number."

"In previous auditions conducted by the Atwater Kent Foundation, our records show contestants have come back the second, third and even a fourth time, after losing out in a first attempt. This should be encouraging to all who have taken part in previous contests. The National Radio Audition is an undertaking to search the entire country for beautiful voices and to offer such singers full opportunity for development, recognition and reward. We hope each community in the country will receive the announcement of the Fifth National Audition in the spirit in which it is thus made and will present its candidates for state and national honors."

Proposed Iowa Highway Bonds Ruled Invalid

Supreme Court Rule Only Direct Tax Could Pay 100 Million Issue—Save \$300,000

Des Moines, Ia., May 5.—The Iowa supreme court today ruled that the proposed constitutional amendment to permit issuance of 100 million dollars primary road bonds is invalid.

The suit to test the legality of the measure was brought before the court in April on appeal from a Polk county court ruling in favor of the amendment.

The amendment, passed by the 1929 and 1931 legislatures, provided for issuance of the bonds despite the constitutional section requiring that state indebtedness must be paid by a direct tax levy. The road bonds, under the amendment, could be paid by motor license fees, gasoline tax, and similar indirect revenue.

Three justices signed a dissenting opinion. Six signed the majority opinion.

Attorneys for H. N. Mathews of Ottumwa who brought the suit attacked the amendment on the ground that it contains more than one subject, in violation of the provision in the constitution that each amendment shall be submitted separately to the voters. Nine amendments actually are bound up in the one proposition, they contended, depriving the voters of the right to favor some portions and object to others.

The case was brought in accordance with a law passed by the recent general assembly permitting the supreme court to issue declaratory opinions. Under previous statutes, the

action could not have been started until after the voters approved the amendment, a special election for that purpose having been called for June 16. It was estimated that, should the court hold the amendment unconstitutional, 300 thousand dollars would be saved by not holding the election.—World-Herald.
