Griffin Blacksmith Shop
Union, Nebraska

George A. Stites, the grain man, was a visitor in Nebraska City on last Tuesday where he had some business matters to look after.

A. L. Becker was a visitor in Omaha on Tuesday of this week, taking with him a truck load of very fine wood for a customer in the big city.

Almond Taylor and family and W. A. Clarence were visiting in Plattsmouth on last Sunday where they were also looking to purchase a pony.

Dean Gillespie and the family were enjoying a visit on last Sunday at Plattsmouth where they were guests at the home of Mr. and Mrs. Elmer Meisinger.

Miss Pearl Banning, who makes her home in Omaha, was a visitor in Union for last Saturday and Sunday and attended the Memorial services at Wyoming Sunday.

Mr. and Mrs. W. H. Porter were visiting with friends in Omaha for the day on Tuesday of this week and as well were looking after some shopping as well while there.

J. D. Cross was visiting on a number of days last week, but this week is feeling much improved and is able to be out and round down town, looking after business matters.

On last Sunday when Miss Nola Banning was home for the week end she was accompanied by her friend, Miss Hazel Moore of Beatrice, they both enjoying the stay here very much.

The Episcopal Auxillary met with Mrs. Ivan Belfour this week where they enjoyed the gathering very much and also devised plans for the work for the church which this body is doing.

Superintendent Smith of the state farm was in town on last Tuesday morning for a load of lumber and building materials which was to be used for the erection of a stockade at the state farm.

Red Anderson was a visitor in Plattsmouth on last Thursday where he was both looking after some business matters and also was a guest at the home of his uncle and aunt, Mr. and Mrs. V. T. Arn of that place.

Louis Mangray shipped his cattle on last Tuesday night and Wednesday morning, delivering them to the stock yards of South Omaha early enough for market, they being trucked to market by Wayne Ackley and Carl Hanson.

Mont Robb and daughter, Miss Augusta, were enjoying the day on last Sunday when the family of F. W. Robb of Lincoln, F. R. Finn of Lincoln, Mrs. C. B. Glover, E. W. Bradford and Mr. and Mrs. F. R. Snyder of Omaha, were their guests for the day.

L. R. Upton and the family were enjoying a visit at Plattsmouth on last Saturday where they attended the graduation of the eighth graders of the county and of which their son, Junior, was one to pass from the eighth grade and will be a high school student with the coming school year.

Miss Geraldine Russell, one of the teachers of the Union school, but who is better known as Jerry, departed on last Sunday for her home at Holbrook where she will spend the vacation and will with the opening of the school year in September return to the school.

R. D. STINE
Union, Nebr.

father of R. D. Stine, and was then a mere switch. Many changes in many things have occurred since then. The city of Union was not thought of then and the city of Factorville was in its heyday of activity, long since gone to the place from where little towns never return.

Home from School.

Misses Nola Banning, Kathryn McCarrill, Ruth Warden, Ruthelda Dygart and Mamie McMahan, who have been students at the Peru school for the past year with the completion of the school year, returned home on Wednesday of this week, and found home and home surroundings the most pleasant.

Enjoy Visit Here.

Mr. and Mrs. John W. Banning of Alvo were attending the Memorial exercises which were held at Wyoming on last Sunday, and following some, they were guests of relatives and friends at Union, stopping while here for dinner at the home of Mr. and Mrs. Joseph Banning and where all enjoyed the visit very much.

Attended May Day Celebration.

Ollie Otteberry, Miss Velda Dygart, Red Anderson, all of Union, and Mrs. V. T. Arn and daughter, Beatrice of Plattsmouth, who were visiting here, all were over to Peru on last Monday evening where they went to attend the celebration of the May Day. They all enjoyed the visit there very much.

Former Lincoln Man Victim of a Rare Disease

Paul Bancroft, Son of Lincoln Minister, Contracted Ailment in Experimental Work.

Omaha—Victim of a rare disease that he contracted while doing research work, Paul M. Bancroft, twenty-nine, an instructor at the University of Nebraska college of medicine here, is gravely ill at the university hospital. He formerly lived in Lincoln.

The disease, granuloma coccidioides, is generally fatal. It is caused by a fungus, the coccidioides immitis, with which Bancroft once worked in a laboratory at the University of Pennsylvania.

In April, 1927, Bancroft suffered an attack of the disease after having worked with the highly dangerous fungus in the Philadelphia laboratory the previous September. His case was one of the few on record where recovery was reported.

Attending physicians said the present attack is apparently a recurrence from a dormant infection. Bancroft was stricken two weeks ago and has since been an object of attention by almost the entire hospital staff.

The fungus is commonly found in the San Joaquin valley of California. Almost all of the known cases originated there. Bancroft visited this valley in 1924, but it is not believed that he contracted the disease there. It has been demonstrated, however, that the fungus can live well over two years without entering a body as "host."

Bancroft has been working for a master's degree at the college. He held the degree of bachelor of science but as yet has not obtained his medical degree.—State Journal.

GOVERNOR IS UNDER FIRE

Nashville—A resolution was introduced in the Tennessee house, calling for the appointment of a committee of five to study the report of a legislative committee that investigated state affairs and determine whether impeachment proceedings against Governor Horton should be presented. Shortly before the resolution was introduced, Representative Stockton, a member of the investigating committee, accused Governor Horton of "falsifying" and said "it is high time for the people to rise and demand the governor's removal from office."

His accusations were made in a speech on the house floor. Stockton said Horton "absolutely falsified" in an address Saturday at a bridge dedication at Trotter's landing. The governor was quoted at that time, he declared, as saying Frank Rice, Memphis politician, had been permitted in meetings of the investigation committee themselves were not allowed. He called upon house members to deny they had ever been refused permission to attend any meetings.

TRIAL OF STATE TREASURER

Jefferson City—The Missouri senate listened to circumstantial evidence in the impeachment trial of Larry Brunk, suspended state treasurer, charged with misdemeanors, high crimes and misconduct in office. Circuit Judge Higbee, Lancaster, Mo., the president of the Bank of Schuyler county, told of conversations with two men purporting to represent Treasurer Brunk, who in June and July, 1929, sought to sell bonds of an apartment in St. Louis, as security for deposits. The bonds allegedly were insufficient as collateral. The men, whom Judge Higbee said he could not identify, appeared in Lancaster in June or July, 1929, the judge testified.

BRIAND TO REMAIN

Paris—The Echo de Paris said it had learned from an excellent source that Aristide Briand would not resign from the French cabinet.

Missouri Pacific Plans Campaign for Passengers

Reorganizes Forces to That End and to Adopt New Tactics, L. W. Baldwin Announces

St. Louis, Mo.—Reorganization and coordination of the passenger traffic department of the Missouri Pacific line was announced yesterday by L. W. Baldwin, president.

P. J. Neff, assistant to the president, and vice-president and general manager of the Missouri Pacific Transportation Company, Missouri Pacific motorbus subsidiary, has been appointed assistant vice-president, in charge of passenger traffic, with quarters at St. Louis.

Extension of Mr. Neff's jurisdiction is jointly announced by C. E. Perkins, vice-president, in charge of traffic, St. Louis, and H. R. Safford, executive vice-president, Houston, Tex. The reorganization of the Missouri Pacific will be made effective June 1.

C. W. Strain, who has been passenger traffic manager of the Texas lines of the Missouri Pacific, will be transferred to St. Louis, as assistant to Mr. Neff, who is general passenger agent at Little Rock, Ark. In charge of passenger solicitation in the southern district of the railroad.

The titles of Messrs. Strain and Bothwell will be assistant passenger traffic managers for the system. J. G. Hollenbeck has been assistant passenger traffic manager for the Missouri Pacific only, and has jurisdiction will be extended over the system. A. D. Bell, who has been passenger traffic manager at St. Louis, will be transferred to Houston to succeed Mr. Strain as assistant passenger traffic manager for the Texas lines.

"We are going to make a most determined effort to put a stop to passenger traffic losses and reestablish the supremacy of the railroad by a complete coordination of all the passenger-carrying facilities of the Missouri Pacific lines," Mr. Neff said. "Unification of our passenger traffic soliciting organization on a system-wide and nation-wide basis is the first step, and with this end in view a number of additional changes will be effected and announced in the near future. We are going to change our battle lines and change our tactics."

Mr. Neff, a native of St. Louis, is a graduate of the University of Kansas where he received a degree in civil engineering in 1906. He is 47 years old and while his railroad experience covers a period of 25 years, his rise has been exceptionally rapid. Mr. Strain likewise began his railroad career with the Frisco in 1888 as an operator-agent. He graduated into the passenger traffic department and was successively promoted. Mr. Bothwell began his railroad career with the Missouri Pacific 37 years ago. Mr. Hollenbeck has been with the Missouri Pacific 23 years.

DRYS ATTACK STATISTICS

Washington—Two dry organizations took sharp issue with the estimate by the Association Against the Prohibition Amendment that American people are spending \$2,848,000 annually for intoxicating beverages. The Anti-Saloon league called the estimate "wild speculation," adding the figures "are not based on any tangible facts but are a synthetic figure composed of one part guess work and five parts desire to discredit prohibition."

The board of temperance, prohibition and public morals of the Methodist Episcopal church said neither the Association Against the Prohibition Amendment nor anyone else knew how much liquor was consumed in the United States but there were many indications it was very much less than before prohibition. "The absurdity of their statement," the Anti-Saloon League said, "is apparent from their use of the figures purporting to show per capita consumption of liquor when there are no facts available anywhere as a basis for these figures."

RUSSIA TAXES WORKERS \$20

Moscow, May 25.—To assist in raising \$55,000,000 for building workers' houses in 1931 the government has announced it will levy a tax on employed and employing persons, exempting agricultural workers, the army, navy police, students, pensioners and persons who have received honorary decorations.

The levy will be collected in June, July and August. It divides the taxpayers into five categories—first, workers, employees, writers, journalists and scientists; second, artisans and craftsmen who have no assistants; third, artisans and craftsmen having not more than three assistants; fourth, owners of industrial plants employing labor.

All income over 75 rubles a month (about \$37.50) will be taxed from 12 to 40 rubles; incomes over 250 rubles will pay from 30 to 135; incomes over 300 rubles a month will be taxed from 12 to 60 per cent.

COLDRIDGE HOLDUPS SOUGHT BY POLICE

Coldridge—Cedar county authorities Monday sought clues to the identity of two youths who Sunday night held up and robbed Mr. and Mrs. F. W. Anderson of \$130 at their home here. Anderson and his wife had just reached their home after collecting the night's receipts from the Orpheum theater here. As they entered the house, a man, masked with a white handkerchief, confronted the pair with a revolver and snatched the money bag, containing \$130 from Mrs. Anderson. The gunman escaped in a car with another man. Police say they believe the robbery was staged by local youths.

OLD TREATY IS INVOKED

Chicago—Counsel for John Factor invoked a ninety year old treaty with Great Britain in an effort to obtain his dismissal on a \$5,000,000 fraud charge. Arguments on Britain's requisition for the removal of the alleged swindler to London were begun before Federal Commissioner Walker, and it appeared that several days would be required for their completion.

Dismissal of Factor was demanded by G. Gal Gilbert, his attorney, on ground that the extradition treaty of 1842 held that no man could be removed unless the charge on which he is sought is likewise a crime in the state where he is arrested. Gilbert argued that it is no crime under Illinois law to accept money known to have been fraudulently obtained by another party.

THIEVES STEAL GOLD FROM FOUR DENTISTS

McCook—McCook dentists were busy Monday checking up their supplies of dental gold as the result of the theft of about \$200 worth of the filling substance from four offices. The robberies occurred sometime after Saturday night. Authorities said they had learned watches and other articles were taken and that \$40 worth of gold had been taken from a dental office at Indiana.

'Best Mayor in U. S.' is Claim of Metcalfe

Three Auto Accidents Interrupt the Trip; No One Hurt—Leave For Paris Today.

Dinard, France, May 25.—Three minor auto accidents, in which no one was injured, interrupted the journey of the party of American mayors today from Mont St. Michel to Dinard.

Two of the cars used to transport the visiting party ran out of gasoline and went into ditches by the roadside. A third car broke a wheel just outside of Mt. Lannaire, forcing Mayor Victor J. Miller of St. Louis, Mo.; Mayor Daniel W. Hoan of Milwaukee, and Mayor John C. Porter of Los Angeles, with their wives, to walk a half mile to this town.

The mayor of Dinard presented Betty May Smith, 15-year-old daughter of Kansas City's mayor, with some geraniums to be planted in the Kansas City municipal garden. Ruth Key and Augusta Walmsley, respectively, daughters of the mayors of Atlanta, Ga., and New Orleans, La., were given shoots of Normandy's famous apple trees to take home. The party was enjoying the sea-

side air here tonight. In answer to the intermittent shouts of "Who's the best mayor in the U. S. A.?" Mayor Richard L. Metcalfe of Omaha, Neb., invariably claimed the honor for himself.

The party will leave for Paris tomorrow, where it is due to arrive at 4:20 p. m. just in time to see the end of the opening of the American exhibit at the French colonial exposition.

Mayor George L. Baker of Portland, Ore., announced at the luncheon for the mayors today at Mont St. Michel that he had "adopted a 5 1/2-year-old French orphan."

The orphan, named Andre Moret, was the base drummer in the orphans' band at the church of St. Vincent in the village of St. Georges de L'Isle, which serenaded the mayors during the luncheon here.

FLORIDA JUDGE SCORNS "ANOTHER PINT CASE"

Miami, Fla., May 25.—William F. McCarthy, West Palm Beach, was called in United States district court here today to answer to an indictment charging transportation of one pint of liquor.

"Is this another of those one-pint cases?" asked Judge Halsted L. Ritter.

"Yes," answered B. R. Cisco, assistant district attorney.

"Dismissed," said the judge.
