TENT THEATRE CO. COMING

The Larry Nolan Players a 15 people stock company will open a weeks engagement in Plattsmouth next Monday, Aug. 17th, tent located at corner of Marble and Chicago streets. This company has long been a prime favorite with Nebraska and Iowa show goers, but this is their first visit to Plattsmouth. The company has what is said to be the most beautiful tent equipment of any show on the road. The opening play is Earl Carrolls comedy success "Just Pals." Lots of real big time vaudeville offered between acts and a musical presentation by the Melody Lane orchestra. Ladies are admitted free the first night, one with each paid adult ticket. Prices are scaled at the lowest pre-war figure. Children 10 cents, adults 25 cents. Mr. Murphy, the business manager, has been in Plattsmouth this week arranging for the coming of the show. They are showing this week in Ashland and go from here to Nebraska City. The tent seats 1000 people. Don't miss seeing them Monday night.

HAVELOCK SHOPS CLOSE

The locomotive shops of the Burlington at Havelock is being abandoned by the railroad company as a part of their retrenchment program that was started on Friday at Chicago and which is bringing in its wake abandonment of railroad shops and the release of the employees of the company at the smaller points.

The Havelock shops was for many years one of the largest plants on the Burlington and at one time had 1,000 men employed, but in the recent years it has suffered along with all railroad shops, the force being gradually curtailed until but a sorry remnant of the former force was maintained.

Many former Plattsmouth people have been engaged in the Havelock shops who will be among the victims of the layoff.

Samuel S. Whiting, Active Mason, Dies

Insurance Man Believed to Have Held Record for the Confering of Degrees

Samuel S. Whiting, eighty, veteran insurance man and prominent Mason, died at his home, 1320 C street Lincoln, Tuesday at 9:15 p. m., following a brief illness. He was fiftieth grand master of the Masonic lodge in Nebraska from June, 1915 to 1916, and a thirty-third degree Scottish Rite Mason.

Born at Bath, N. Y., Oct. 23, 1850, he came to Lincoln from Iowa in 1880 and soon after engaged in the insurance business. He petitioned for initiation into Lancaster lodge No. 54, A. F. & A. M., of Lincoln on Jan. 5, 1900, and was initiated Feb. 16 of the same year. He was passed March 16 and raised April 24.

He was elected junior warden in 1901, senior warden in 1902, and worshipful master in 1903. He served thru the offices of the grand lodge and became grand master in 1915. At the time of issuance of the fiftieth anniversary history of Lancaster lodge in 1925, he had conferred 107 entered apprentice degrees; 100 fellowcraft, and 295 master mason, a total of 503. He had also at that time conducted funeral services for ninety-two Masons. In the six years following he continued active, adding to this already imposing record. It is believed that he had conferred more degrees than any other man.

He was a deputy grand custodian emeritus and president of the Low Twelve club. He also held the office of Job in Job's Daughters. For years his office was headquarters for candidates and officers desiring to post themselves regarding the Masonic ritual.

Surviving is a son, Timothy; two brothers, Henry, Melbourne, Fla., and Frank H., Denver, and a grand daughter.

LOUISVILLE HERE SUNDAY

The Louisville baseball team, one of the fast organizations in the country, will be here on Sunday to be the foe of the Plattsmouth Merchants, Manager Richard Herold of the Merchants states. The Louisville team gave the Merchants a defeat earlier in the season and both teams are now hitting a much faster pace, promising a real exhibition of the national pastime. The local team was rained out last Sunday when they were scheduled to play the Fort Omaha soldiers and with the week rest will be prepared to do their best against the Louisville team.

GRAVELERS WIN GAME

While the rain Sunday made it impossible to stage any of the baseball games scheduled either in this city or Murray, the Lyman-Richey team at their grass diamond, at the sand pits, were able to put on an exhibition of the national pastime, having as their opponents the LaPlatte team. The exhibition was largely on the part of the Gravelers, however, as they took the victory from La Platte by the score of 9 to 0. For the sand and gravel boys, Dick March did the hurling and Chet Smith, the receiving. The once familiar figure of William Patrick O'Donnell, at first base was also seen in the conflict, the veteran making his first appearance after some years vacation from the game at which he was once one of the best.

Mills County Style Shop Has Large Robbery

Loss of \$2,000 in Garments Stolen from Milady Style Shop at Malvern, Iowa

For the second time in a two year period the Milady Style Shop at Malvern, Iowa, was visited by robbers on Friday and as the result, the owner, Mrs. A. Strahan, is mourning the loss of \$2,000 worth of silk and wash dresses that were taken.

The number of garments that were stolen represents one hundred and fifty silk dresses and seventy-five wash dresses and the robbery was evidently very boldly carried out as the entrance to the building was gained by the forcing of the front door of the building, in an attempt to gain entrance in the rear having failed.

The night watchman of the town, J. P. Frazier states that he visited the store on his last round at 4 a. m. and that at that time there was apparently no signs of the robbers in the vicinity of the store.

Sheriff DeMoss of Mills county was called to the scene of the robbery as soon as it was discovered, finding the store in the hands of the robbers in the moving of a number on the floor, indicating that the robbers had moved in haste in making their getaway.

The dresses were taken from the racks in the store as well as from the display windows of the store. So far there has been no trace found of the parties that may have carried out the robbery and as several hours evidently elapsed from the robbery to the time that it was discovered, the robbers had ample time to get into some larger city with their loot.

CLOSING SCHOOL YEAR

Jean L. Tidball and Ruth E. Tidball of Plattsmouth attended the 26th annual summer school of the University of Southern California which will end August 28.

Attending a record registration of 7,397, the summer classes in the various schools and colleges of the Trojan institution show an increase of more than 1000 over the 6301 enrollment of last year.

The 1931 summer school also established a new record in the geographical distribution of its student body. Representatives from 45 states, the District of Columbia, the Hawaiian and Philippine islands, and 11 foreign countries came to the S. C. campus for summer instruction.

Students from 624 out-of-state cities and towns, 287 California municipalities, and such countries as Denmark, Panama, England, Japan, Mexico, Portuguese East Africa, Canada, China, Hungary, and Guatemala enrolled at S. C. this summer.

A new plan of two equal terms was inaugurated with marked success at the University of Southern California for the current session. Summer classes in 1932 will again be divided into two terms, the first starting June 20, and the second, August 1.

OBITUARY

Mary Emma Barker was born near Eight Mile Grove in Cass county, March 28, 1876, a daughter of the late Mr. and Mrs. Samuel Barker, pioneer residents of the community. She spent her girlhood days on the farm. In Oct., 1892, she was married to William Shaw. To this union was born four children, two sons and two daughters.

About eight years ago she was again united in marriage to Clark Baldwin of Pacific Junction, Iowa, later moving to Clarinda, Iowa, where Mr. Baldwin died about six months ago. She was a loving wife, devoted mother and a faithful Christian, having joined the Christian church a number of years ago.

She was laid to rest in the Eight Mile Grove cemetery, waiting the great judgment day.

ENJOYS VISIT HERE

Misses Jennie and Lou Mutz, teachers in the Los Angeles schools, were in the city for a short time today, spending a few hours with their uncle, Dr. J. H. Hall. The ladies have been spending their vacation at the Mutz family home at Marysville, Missouri, and are now returning to the west to attend their school work. They go from here to Yankton, South Dakota, thence through the Black Hills, on to Wyoming and reaching Salt Lake City via the Mormon city highways and from the Mormon city they will go direct to Los Angeles. The visit of the ladies was very much enjoyed by Dr. Hall.

The corn crop in this section of the state was saved by recent rains, but in the western part of the state relief came too late to do much good.

Cass County Farm Bureau Notes

Copy furnished from Office of County Agent Waincott

Judging Teams Selected.

Thirty-two 4-H girls and local leaders from Cass county attended the judging try-out at the College of Agriculture, Tuesday, August 11th.

The following girls were high individuals in their project and will represent the county in judging at State Fair:

Girls Rooms—Helen Johnson, Edith Norton and Frances Meier, Weeping Water.

Canning—Bess Watkins, Lela Smith and Constance Mullis, Union. Cooking—Barbara Bates and Mildred Johnson, Weeping Water and Edith Robertson, Eagle.

The clothing team will be selected Tuesday, August 18.

Demonstration and Style Show.

All home economics demonstration teams interested in competing for the chance to represent Cass county at state fair will meet Friday afternoon, August 21st. Try-outs will be held in the Congregational church basement, Weeping Water at 1 p. m.

Clothing club girls competing in the Style Show will meet at 3:00 p. m. Cass county is entitled to enter three style girls at State Fair, one from each of the three years of clothing. Each contestant must appear in a costume consisting of a dress and underwear made in her club project, with shoes, hose and accessories chosen by her.

For the county try-out, as many of the clothing club members as care to may enter.

Peach Preserves, Marmalade Recipes.

With indications that peaches will be cheap this fall, Nebraska housewives will probably either preserve the fruit or make peach marmalade.

In making peach preserves use 5 pounds of peeled and quartered or sliced of firm peaches (clingstone preferred) and five peach kernels. For this amount, make a sirup of 7 cups of sugar and 6 cups of boiling water. Add the peach kernels to the sirup, bring to the boiling point and boil until sugar is dissolved. Cool sirup. Add the peaches and cook until the fruit is clear and transparent when lifted from the sirup. Cool in sirup to plump the fruit, pack into sterilized pint jars. If the sirup is not heavy enough cook until it is thick and pour boiling hot over the peaches. Remove air bubbles. Partially seal the jars and process 30 minutes at simmering point (180 degrees F.). Seal. Spices may be added during the cooking, if desired. Tie spices in bag to avoid discoloring the product.

Peach Marmalade:
1 gallon peach halves
1 small can grated pineapple
2 large thick-skinned oranges
Sugar
Peel and quarter peaches and oranges and add pineapple. Cut orange peeling into thin slices, cover with water and boil 15 minutes. Pour off water, add peeling to the other fruits, and weigh. Allow 3-4 pound of sugar to each pound of fruit and cook until clear and a jelly test is made. Pack in sterilized pint jars and process 30 minutes at a simmering point.

New Wheat Feeding Experiments Started.

The new wheat feeding experiments have been started at the Agricultural College to determine further facts about the value of feeding the grain to cattle and sheep. The animals use in the test will be on exhibition at the annual Rooter's Day held at the college in October.

Prof. R. R. Thalman of the animal husbandry department is conducting the test on cattle to determine the relative feeding value of corn and wheat when fed alone and in mixture. Other tests conducted at the college station, however, have shown that corn and wheat are practically equal in value as feed for hogs and cattle.

Fifty head of Wyoming heifers are to be used in the cattle test. There are five lots. The first lot is to get shelled corn as a check. Cattle in the second lot are to receive two-thirds shelled corn and one-third ground wheat, while those in the third lot are to be fed one-third shelled corn and two-thirds ground wheat. The fourth lot will be fed ground wheat alone and the fifth lot whole wheat.

In the sheep feeding test which Prof. Martin A. Alexander is conducting three lots of blackfaced lambs are being fed. One lot receives ground shelled corn while another gets ground wheat. The third lot is receiving both the ground shelled corn and the ground wheat from self-feeders in a palatability test. All lots are also being fed chopped alfalfa hay. All lots are on self-feeders—D. D. Waincott, Cass Co. Extension Agent, Jessie H. Baldwin, Ass't. Co. Extension Agent.

NOTICE

All persons interested in the William Young cemetery are requested to meet at the cemetery on Monday afternoon, August 17th for the purpose of cleaning off the lots. Bring sythe and ax. By order of the board. D. A. Young, secretary. d&w

Good Meats

Prices are "down" but good meat isn't being given away yet—so don't be misled by "sales" of pork sausage at prices below what the farmer can get for his hogs or hamburger below the prevailing cattle price. Everyone knows there's waste in butchering, so (with apologies to Lucky Strike advertising)—"THEY'RE OUT; THEY CAN'T BE IN"—meaning of course good pork or good beef in these below-the-market-price commodities. We offer you—

Quality—not Quantity

- Corn fed Beef Roast, per lb. 17 1/2c
- Corn fed Beef Steak, lb. 18c
- Pork Butt Roast, lb. 13c
- Pork Ham Roast, lb. 15c
- Hamburger, 2 lbs. for 25c
