### What Ole Olsen Says.

People may say what they want, the depression is not in the Olsen stone quarries near Weeping Water. For I am employing sixteen men at the quarry and also two others on the farm and I find plenty of work for them to do getting out stone and supplying the needs of the builders. He expects to keep the men working all winter and has stone of any description which he is ready to ship anywhere it is demanded.

### THE FUNERAL HOME

Modern conditions and standards of living have called into being an entirely new kind of institution for meeting a universal human need—The Funeral Home.

Planned for the specific purpose which it serves, it offers greater efficiency and greater convenience than was possible in the past.

We are proud to be able to offer the communities which we serve the use of such an establishment.

## Atwater Kent Audition Draws Many Entrants

Nebraska County Winners will Participate in the District Auditions—80 to Compete

Nebraska's musical discoveries of 1931—more than 80 sopranos, contraltos, tenors, baritones and basses will be presented by radio this week and next.

Already adjudged the champion singers of their respective counties, they will compete in a series of seven district auditions for the opportunity to take part in the Nebraska state finals of the fifth National Redio Audition, the nation-wide quest for America's future radio and concert artists, through which the Atwater Kent Foundation is distributing ten music scholarships and \$25,000 in cash awards.

Forty-four communities in Nebraska—nearly twice as many as ever participated in a previous audition—have produced talented singers this year, states former Governor Samuel R. McKelvie, chairman of the Nebraska state committee. This record-breaking total prompted Orson Stiles and Miss Marie Kieny, of Station WOW, Omaha, in charge of the state finals, to arrange seven district semifinals to precede the state audition at which final selection of one young man and one young woman to represent Nebraska will be made.

The time of these semi-final auditions, the radio stations broadcasting them and the chairmen in charge, are:

- September 11, 1:30 p. m.—KGKY, Scottsbluff, District 7 audition. Leonard P. Harrison, Station KGKY, chairman.
  - September 13, 2 p. m.—WOW, Omaha, District 1 audition. Miss Mary Munchoff, 201 South 32nd Avenue, Omaha, chairman.
  - September 13, 3:30 p. m.—KGNE, North Platte, District 6 audition. Mrs. W. L. LeBaron, Station KGNE, chairman.
  - September 15, 9:30 a. m.—WCAJ, Lincoln, District 3 audition. Miss Edith Lucille Robbins, director Robbins School of Music, Lincoln, chairman.
  - September 15, 10 p. m.—KGBZ, York, District 4 audition. Gus P. Swanson, Station KGBZ, chairman.
  - September 18, 3:30 p. m.—WJAG, Norfolk, District 2 audition. H. D. Burke, Station WJAG, chairman.
  - September 20, 2 p. m.—KMLJ, of Clay Center, District 5 audition. Randall Ryan, Station KMLJ, chairman.
- The young man and young woman chosen as best in each semi-final contest will later compete in the state finals.

### 40 FIRE FIGHTERS ROBBED ON FREIGHT

Wenatchee, Wash., Sept. 7.—Officers are investigating the second holdup in three days of itinerants on a fast freight train at Spokane. The sheriff's office said two score men on a freight, returning from fire fighting jobs east of Spokane were robbed Sunday night by two gunmen. Friday Ralph Emerson, an itinerant printer of Madison, Wis., reported four robbers had robbed more than 100 men.

# CAR OWNERS DEMAND VALUES —not Claims!

MOTORISTS are finding the Greatest Values in Firestone Gum-Dipped Tires. Ever since Firestone and Firestone Dealers began advertising the true facts about tire quality and construction and actually demonstrating the Extra Values in Firestone Gum-Dipped Tires, distributors of special-brand mail-order tires have grown bolder and bolder with misleading claims and comparisons in the desperate effort to interest car-owners.

Car owners bought more Firestone Tires in May, June and July, than in any like period in history. This clearly shows that car owners are interested in Firestone Extra Values and are not interested in comparisons based on an almost obsolete tire size—confusing laboratory analyses—meaningless definitions—practical challenges with unfair claims of twenty-five per cent savings—and deceiving price comparisons.

Why risk a tire of unknown manufacture when you can get the Extra Quality, Extra Strength, and Extra Safety of the special patented construction features of Firestone Tires—Gum-Dipping, and Two Extra Cord Plies under the Tread?

You get these Extra Values—plus our Service and the DOUBLE GUARANTEE of Firestone and ourselves—at no more cost!

Drive in today.—We have sections cut from Firestone Tires, special-brand mail-order tires and others.—See the evidence.—Take nothing for granted.—Judge for Yourself.
