GOES TO AUBURN

From Wednesday's Daily—The Plattsmouth high school football team departed this morning at 11 o'clock for Auburn where they clash with the Bulldogs this afternoon. The team will enjoy a rest and run through a short practice before the game this afternoon at 2:30. The fact that school was in session and the distance to Auburn kept many of the students and fans from attending the game.

DEY ISSUE TO BE TESTED

Saginaw, Mich.—A test of the prohibition issue and to some extent a determination of party supremacy in the seventy-first congress will be involved next Tuesday in the election of a successor to the late Representative Vincent, republican, in the Eighth Michigan district.

The candidates are Michael J. Hart of Saginaw, democrat and advocate of prohibition modification, and Foss O. Eldred, of Ionia, republican, supported by prohibition organizations of the state. The Eighth district, normally a republican stronghold, returned Representative Vincent in the election of 1928 with a total of 65,000 votes as against 21,287 polled by his democratic opponent. Republican leaders see no signs of an upset in the impending contest but have viewed it with sufficient seriousness to send Governor Bruckee actively campaigning in behalf of the republican nominee.

Al Capone's Prison Term is Delayed a Bit

Gang Chief Wins Point in Tilt with Government, But Must Remain in Jail.

Chicago, Oct. 27.—Al Capone, the world's premier gangster, will remain in the Cook county jail until a decision is handed down on his conviction and sentence to 11 years in prison and a \$50,000 fine for income tax evasion.

This was decided Tuesday when the United States court of appeals granted a writ of superseades, but refused to admit him to bail. Defense Attorney Michael Ahern said he would leave for Washington at once to attempt to get a supreme court justice to grant Capone bail. If this effort fails, Ahern said, he will ask to vacate the writ of superseades so Capone can begin serving his term at Leavenworth, as he does not get credit for time served in the county jail.

The circuit court warned that if Capone's attorneys did not speed the appeal the court would entertain a motion to vacate the order for superseades. The government's star witness, a former bootlegger who became an informer, was mysteriously missing Tuesday and the case of Ralph Capone, brother of Al, on a liquor conspiracy charge, was continued by Federal Judge John P. Barnes. He is charged with liquor conspiracy in connection with the Cotton club and Montmartre.

It was declared probable the appeal will be heard at the December session of the court of appeals, and that a decision would be given not later than February.

Should the appellate court uphold the conviction and sentence the defense could carry their fight to the United States supreme court by April, with the possibility of a decision next summer.

BANK AT LIBERTY ROBBED

From Wednesday's Daily—This morning at 10:30 the State bank of Liberty, Nebraska, was held up and robbed of what is thought will reach \$1,000. The robbery was carried out by two men, very dark complexioned and thought to be Mexicans. The robbers were driving a Ford coupe, license 44-1396. The men made their escape from Liberty which is situated in Gage county just over the line from Pawnee county. They had evidently driven northeast, a car answering the description of the bandit car having been seen at Burchard in Pawnee county, some fifteen miles northeast of Liberty. Deputy Sheriff Young was notified here of the robbery and was patrolling the highway near this city in case the bandits decided to try and reach Omaha.

PLEASANT GATHERING

The ladies of Riverview club and members of their families enjoyed another very pleasant gathering, in the form of their annual wiener roast.

The event was staged in a grove near the home of Mr. and Mrs. Robert Patterson, Sunday evening, Oct. 25. Most of the members were present except a few who could not attend on account of sickness. The menu consisted of wieners (yes and more wieners), buns, apple and pumpkin pies, doughnuts, cider, coffee, apples and of course plenty of marshmallows for toasting.

Everyone enjoyed themselves immensely, and left for home looking forward to another such event next fall.

TRIES TO STEAL TIRES

William J. Streight, the undertaker, left his automobile in his garage at the home on Oak street on Monday night, the car in the best of shape, but on Tuesday when he came to open the garage he discovered that someone had evidently tried to steal the tires off the car. The garage was left unlocked as Mr. Streight has not been in the habit of locking it for a number of years, but the building is now locked with one of the latest type of burglar proof locks. The persons who had entered the garage had let all the air out of the tires of the car and removed the valves from the tires. They however, had not got the car jacked up to remove the tires, probably being frightened away.

SECOND TEAM PLAYS

The second string Plattsmouth Tuesday afternoon staged a game with the Glenwood seconds at the Athletic park, the game being played after the close of school. The result of the struggle was that the Mills county colts took the game by the score of 12 to 0. The locals showed improvement over their first game with North high at Omaha, showing more confidence and spirit in their playing. A large number of the second string players show much promise for the future when they will be the regulars of the blue and white.

BREAK INTO SCHOOL

The Lewiston school southeast of Murray, was visited by sneak thieves some time Monday night and a number of articles removed from the building. The person committing the robbery forced a basement window into the furnace room, then gaining entrance to the school room. A clock, belonging to the school as well as pencils and fountain pens belonging to the pupils of the school were taken. The supplies of the school are kept in a steel safe which the sneak thieves were unable to open.

The Holy Rosary Catholic church in the west part of the city has just had a new roof placed on the structure that will add greatly to the appearance of the building and also preserve the interior of the building from the rains of the fall. Big Credit Pool Soon Starts the Flow of Money

Half Billion Dollars to Be Set to Task of Providing Ready Cash; Banks Will Feel Benefit.

Washington—With subscriptions pouring in, President Hoover's big credit pool will be ready by the end of the week to begin its task of providing ready cash for banks unable to turn their assets quickly into currency. The president has been informed that the 500 million fund will be subscribed by that time and that soon afterward its actual operation will begin. This was revealed simultaneously with a disclosure that altho it had made some inquiries into the subject, the administration is contemplating no action at present to give special aid to the holders of railroad bonds.

Some officials have felt it might be possible to have the government ownership, to help weak railroads out of trouble and avoid any further receiverships. It was the belief that such a step, if it proved feasible, would have a good effect on conditions generally, since such institutions as savings banks and insurance companies are heavy holders of railway securities.

One proposal put up to the government was for the mobilization of a special pool by private bankers and others, out of which financial aid could be extended to the roads needing it. After inquiry, however, this was found to present many difficulties.

At the present time, all preparations of this character have been put into the background. In any case, the administration would not act while another branch of the government, the interstate commerce commission, has pending before the roads of the county a proposal to help earnings thru pooling revenue from a special schedule of rate increase.

The president's credit pool, subscribed by private bankers is intended to improve the position of the banks by enabling them to rediscount securities ineligible for such action by the federal reserve system. Thru it they will be enabled to obtain cash on paper heretofore unobtainable and classed as frozen assets.

Mr. Hoover received reports on the progress of the pool, Sunday morning at breakfast from George Reynolds, of Chicago, its chairman and from Mortimer N. Buckner of New York, its president. They told him that the pool was receiving almost unanimous support thruout the banking world and already had served to increase confidence.—State Journal.

ATHLETICS LOSE GAME

The result of the game was that the Plattsmouth team was defeated by the score of 13 to 0, a large crowd witnessing the game.

The Fontenelles had in their lineup Don Elliott, former North high star, who was one of the factors in the winning of the game for his team. Chance, Steck and Slegger carried the ball over for the three touchdowns.

For the local Athletics Richard Herold and Stoll were the outstanding players.
