Rabbi Goldman Gives Address on

Splendid Talk Given by One Who Has Lived in the Time of the Czars and the Soviet

From Monday's Daily

Rabbi Joseph Goldman spoke to a large crowd last night at the Methodist church and for over an hour held the interest at a high tension as he told the thrilling story of his life and his conversion from Judaism Dr. Frank G. to Christianity. Highly educated, having studied for twenty-five years in the Hebrew universities of Europe, a master of thirteen languages the author of sixteen books and with a fund of experience that is seldom found in the lifetime of one man, he came well qualified to deliver his masterly address on "Jesus the Jew." He pointed out first of all that Jesus was a Jew, never anything else. All his disciples were Jews and every man who wielded a pen in the writing of the New Testament was a Jew, so after all it was the Jew who propagated Christianity and made it faith. Out of the eighty million Jews in the world today eight mil-Jewish Rabbi over a congregation of six thousand Jews he was himself converted to Christianity through the conduct of a young Christian Jew whose life impressed him profoundly. After becoming a Christian he was ostracized by the Jewish people of his congregation, and bitterly persecuted, became an outcast. This all happened in his native land of Russia, in which country he had lived under the regime of three Czars. He witnessed the slaying of his wife and six children, only one son and himself escaping. He was afterward arrested, stoned, placed under the ice at twenty below zero. then incarcerated in an insance asylum. Finally he escaped and fied to America as a stoker on a steamship. His son afterward followed him and

in the world. He has a story that is amazing and wonderful. Four years ago he returned to his native land to settle some business matters, but under the Soviet regime he was forced again to flee for his life. He gave a vivid description of the conditions under Communism in Russia. Due to peasant labor, wheat can be raised and placed upon the markets of this country at a profit at ten cents per bushel. The five year plan of the Soviet government is virtually a system of slavery for the peasants. They are simply cogs in the great wheels and are taught they do not belong to themselves, but to the government. As he sees it, Russia at the present time is preparing very systematically for war which he predicts will occur within the next ten years, beginning with Japan and China and finally involving the world. Throughout his story, however, he keeps before the minds of his listeners in a beautiful way that the Christ who brought emancipation and happiness to his life is the One who can bring peace and happiness to the world. The large zudience was delighted and the address of this remarkable man will be long remembered.

TWO MEN ARRESTED

From Monday's Daily

Saturday evening Deputy Sheriff Rex Young and Officer Libershal were called to the northwest part of the city where a complaint had been received of an auto party that was recklessly driving. The officers found the men to be Jean Mason and Ralph Kelly. The men were arrested and brought on into the city and lodged in the city jail. This morning County Attorney W. G. Kieck filed a complaint in the county court against the two men charging Mason with operating a car while intoxicated and Kelly with being intoxicated.

After the filing of the complaint the two men entered a plea of not ville, was present and gave a very guilty, but later decided to change interesting address in an appreciation the plea to one of guilty and were accordingly given their sentences. Mason was given thirty days in the county jail and the loss of his driver's license for the year. The law is now that a driver of a car convicted of present to be members of Rotary for ceive the jail sentence instead of the Rolland, senior and Greth Garnett, fine as under the old law.. Kelly or junior. "Whizbang" as he is known, was fined \$25 and costs for intoxication. Both men were remanded to jail until Kelly can arrange the payment of his fine.

HAS CAR DAMAGED

Lawrence Sprecher, who was driving to Omaha to attend the Haskell-Creighton football game on Friday night, suffered an auto accident Russian Nation when just getting into the main part of South Omaha. There were a number of cars parked along the street and several driving abreast in the line of traffic, with the rain and mist that was prevailing Mr. Sprecher was unable to see his way clearly and as the result struck one of the parked cars. The front axel and fenders of the car of Mr. Sprecher were damaged and necessitated the repair of the car before it could be used.

The passing of Hallowe'en brought very little damage to property in the city as far as reported, but a few cases of the activities of the youngsters in mischief were reported. Officers Joe Libershal and David Pickrel were called to the north part of the city where a group of boys were reported in attacks on the property of several of the residents

and which led to the complaint. The police were unable to catch their pranks, but overtook one of souri, Saturday afternoon. After the quizzing of the captured youth the names of the other members of the party were learned and they later notified to appear.

The hearing of the case will be staged this evening before Judge Charles L. Graves when the members of the youthful party will be called on to tell the why and wherefore of ter of M. G. Stava of this city and has the facts in the case.
