BIRTH OF FINE SON
From Monday's Daily
This morning the home of Mr. and Mrs. Irvin F. Meyers was made happy by the arrival of a fine eight and a half pound son, who with the mother is doing very nicely. The event has proven a happy occasion for the entire family circle. Mrs. Meyers was formerly Miss Doris Winscott of this city.

Triumphal Ending of a Great Life

Bellevue Presbyterian Church Is Crowded at Rites for Dr. A. B. Marshall.

In Bellevue Presbyterian church, oldest in the state, funeral services were held Monday afternoon for Dr. A. B. Marshall, until his recent retirement the oldest active pastor in Nebraska.

More than three hundred persons occupied every available seat and overflowed to the ante-room to pay a tribute. Dr. Marshall was killed in an auto accident near Creston, Ia., last Friday. Mrs. Marshall was unable to attend the rites, injuries keeping her in a Creston hospital.

The body was taken back to Creston immediately after the services. It was forwarded later in the evening to Wellsburg, W. Va., for burial. The body will be accompanied by Homan Hallock of Oswego, N. Y., brother of Mrs. Marshall.

Dr. Marshall was "a very great soul," Dr. Larimore C. Denise, head of the Presbyterian Theological seminary in Omaha, said in his eulogy. "We have not come here to mourn the loss of a pastor, but to celebrate the triumphal ending of a great life."

Speaking of the seminary officials, Dr. C. A. Mitchell recalled that during the five years Dr. Marshall headed the seminary, enrollment in the institution nearly doubled.

Dr. Denise contacted the rites. Rev. A. F. Ernst, speaking in behalf of the Omaha Presbytery, applied the scriptural quotation, "I have finished the work I was called to do," to Dr. Marshall's ministerial career.

Rev. Paul T. Luce, who is occupying the Bellevue pulpit following Dr. Marshall's resignation, read the scriptural passages, adding that "his life was as beautiful as the flowers that now surround him."

Thirty-three ministers from Omaha and surrounding towns attended the services. Among the group were Dr. William Phelps of Council Bluffs, son of a former pastor of the Bellevue church; Rev. Sampson Cox of Indianola, a former seminary student under Dr. Marshall; Rev. A. B. Thurt of Clarinda, and Rev. Luther Kurtz of Grimes, Ia.

Palbearers were Edwin Puls, Bohuml Sterba, A. B. Bacheider, John Williams, Guy Reed and Allen Frazeur, all officers of the church.

Three high school girls took a stenographic report of the services, which will be forwarded to Mrs. Marshall.

HOLD FINE MEETING

The W. C. T. U. held a very largely attended and interesting meeting on Monday afternoon at the home of Mrs. George L. Farley on South Seventh street.

The devotions of the afternoon were given by Mrs. Adelaide Boynton, who read the 91st psalm. Miss Olive Gass gave a reading "Yesterday," covering the prohibition work that was much enjoyed by all of the membership in attendance at the meeting.

The ladies in the Union joined in the election of two of their group to be life members of the local Union. Mrs. B. C. Kerr, who had been one of the charter members of the Plattsmouth Union and Miss Elizabeth Spangler, one of the active leaders in the work, were elected.

Rev. H. G. McClusky, pastor of the First Presbyterian church, was then introduced and gave an address on "The Fallacy of the West," covering the part that the west had played in the prohibition movement, the changes that the prohibition law had brought to the country, as well as a general discussion of the eighteenth amendment. The address was one that was very much appreciated by all of the Union members.

In the musical portion of the program, Elizabeth Ann Wiles gave a local offering. "Sing and Play," a delightful offering, while Mary Kathryn Wiles gave two piano-accompanied solos, "Little Fairy" and "In the Month of May."

Mrs. Lois Troop was heard in a beautiful reading, two pictures, a story of life, most intelligently presented by this talented lady.

At the close of the afternoon Mrs. Farley assisted by Miss Caroline Baird, served dainty and delicious refreshments.

JOURNEY TO FAIRBURY

Coach Fred A. Rothert and the Plattsmouth high school squad will journey to Fairbury on Friday to stage a game with the high school team of that place. This is the first time that Plattsmouth and Fairbury have clashed, and the result of the battle will be watched with interest by the fans. The Platters have played in poor luck this season, dropping several games that they should have snatched, altho the Auburn and Falls had it on the locals. The blue and white warriors will do their best against the Fairbury team, they bearing in mind the fact that they must wear their beads until they win a game. With only three more games on the local schedule, the Platter squad must win or the Platter go into the discard for a long time. The locals have all recovered from the various injuries sustained in the earlier games and will be able to go into the Fairbury game in the best of shape physically.

TRUCK STRUCK BY TRAIN

One of the large trucks of the McMaken Truck line was struck late Saturday afternoon by a motor car on the Louisville line of the Burlington northwest of this city.

The truck was driven by Ernest Schubeck, one of the veteran truckmen of the McMaken force, he being engaged in hauling gravel from the main pit of the Lyman-Richey Co., near the Platte river, a mile west of Oreapolis.

Mr. Schubeck did not see or hear the approach of the train until the truck was on the track, the motor car came into view and was too close to avoid the wreck. The front of the truck was badly damaged, the motor being torn out, while the tires on the truck were also damaged. The impact turned the truck partly off the track and fortunately the driver of the truck or the occupants of the car were not injured beyond being shaken up.

OMAHA CLERGY CONVENE HERE

The first regular meeting of the Omaha Episcopal Clerics was held at St. Luke's church on Monday. Proceedings opened with the administration of Holy Communion at 10:30 with Bishop Shaylor acting as Celebrant. The Rev. Canon Peter assisted. Bishop Shaylor gave a short address on the meaning of All Saints' day and led the clergy in a litany, specially prepared for such occasions by an English Bishop. The ladies of St. Luke's church served a luncheon at 12:30 p. m. in the Rectory. During the sessions a paper reviewing a recent book "Old errors in new garb" was given by the Rev. E. J. Secker of St. John's church, Omaha. This provoked lively discussion taken part in by all present. The Rev. C. C. Reimer of St. Paul's, Council Bluffs, Iowa, was welcomed in addition to eight of the Omaha clergy.

HAS CAR STRIPPED

Raymond Pollard, residing near Nebraska, Sunday morning came to his garage with the intention of getting out his automobile, planning to take the family to Lincoln for the day. His surprise and indignation was great when he discovered that someone had broke into the garage. Jacked up the car, placed bricks under the jacked up car and proceeded to take off the tires and rims as well, and made away with them. No trace of the party committing the act has been found.

MAY RETURN HOME SOON

The many friends of James M. Robertson will be greatly pleased to learn that he is making some splendid progress at the hospital in Omaha that he may be able to return home in a short time. Mr. Robertson is feeling very much improved and has been gaining quite rapidly in the last few days.

Louisville Cement Plant is Robbed

Large Amount of Copper Wire Is Stolen from Loading Platform of Plant Sunday

Deputy Sheriff Rex Young was at Louisville a greater part of Monday to investigate the stealing of 3,500 pounds of copper wire that was taken sometime Sunday night from a loading platform at the plant of the Ash Grove Cement Co.

The wire was on several large spools, two of which were taken as well as the wire, while the persons that committed the theft took and unrolled a spool of 1950 pounds, leaving the spool and carrying away the wire.

The plant is enclosed by a fence to keep out intruders, a gate being located on the north side of the enclosure as well as the main entrance to the plant grounds. It was the north gate that had been left unlocked, this being where the party or parties made their getaway with the wire.

The wire was on a large platform at the plant warehouse building, the persons taking the wire being forced to roll the large 1950 pounds spool off the platform.

Apparently there was no one at the plant that heard or saw the robbers make away with the wire, the first knowledge of the robbery being when the platform was visited Monday morning and the wire discovered to be missing.

The case is being investigated and it is hoped that some clue may be found as to the person that so boldly made their way into the plant grounds and made away with the wire.

The value of the wire taken is estimated at \$500 by the officers of the plant.

BALDNESS MAY BE CURED

Chicago—A young suburban physician believes he has discovered the Ponce de Leon fountain for the cure of baldness. Dr. B. Norman Bengtson has grown new hair on men totally bald. The discoverer was full of a vigorous enthusiasm as he told of his experiments. On his brow was new hair. Five weeks of treatment, injections of a pituitary extract, have done it. But he would not have the medical profession over-sanguine. He joins with Dr. Morris Fishbein, editor of the Journal of the American Medical Association, in a caution against premature conclusions and particularly against quackery.

"I believe the experiments we are undertaking will prove the potency of the treatment against all types of baldness," said Dr. Bengtson. And Dr. Fishbein writes: "enough evidence has been established to indicate that in certain cases of baldness in which there may be a deficiency of the secretion of this particular gland, injection of extract of the pituitary gland resulted in overcoming baldness. The time is not yet ripe for every baldheaded man to try the new treatment. It is still in the investigative stage."

MRS. WESCOTT ILL

From Tuesday's Daily
Mrs. E. H. Wescott, state regent of the Daughters of the American Revolution, has been quite ill at her home here since Sunday, she being confined to her room all day Monday. The illness started with a cold and has proven a severe annoyance to the patient, compelling her to abandon her usual activities.

CALLED TO HASTINGS

From Tuesday's Daily
Mrs. H. G. McClusky departed this afternoon for Hastings, Nebraska, where she was called by the illness of her daughter, Miss Catherine McClusky, who is teaching in that city. The nature of the illness is not known by the family here as the message received here was merely that the daughter was ill.
