Pipeline Heads Arriving Here

Storage Point for Material Will Be at Mynard. La Platte and South Side.

From Thursday's Daily

Representatives of the Fridell Co..

The warehouse for the hair dressing. handling of the material will probably be located at La Platte, this being near the center of the proposed line and close to the scene of operation in the crossing of the Platte river.

The natural gas pipeline will be tapped near Mynard and run north along the public highway to the Stull farm north of this city and Edward Mitchell Gets Arrested on then through the farm to the river. The line through Sarpy county will be laid largely in private property, making necessary condemnation proceedings.

The work it is expected will be soon as the material is here and all set for the rapid laying of the natural gas mains to the packing plants at South Omaha.

The superintendent of the construction work will be located during the day at Mynard and he will be needed in the construction work.

PLEASANT BIRTHDAY PARTY

Friday afternoon Mrs. W. C. Soennichsen entertained at her home in honor of her mother, Mrs. W. E. Rosencrans, the event being the birthday anniversary of the mother. From Saturday's Daily A number of the old time friends ter, Mrs. E. B. Hickman.

Mr. and Mrs. J. H. Steffens, of Nehawka entertained on Wednesday evening at their home, a group of at Luncheon some twenty-seven Boy Scouts and the committeemen of the Nehawka area, the occasion being a shower for Miss Ruth Beil, of near this city, and Wildon Switzer, of Nehawka,

The wedding will take place soon and the young people were showered with many handsome gifts as tokens of the esteem of the friends. The setting of the event represented the entrance of a Scout camp, and behind which were placed the gifts from the members of the party.

The evening was spent in playing games suggested by each letter of the word "Scout."

Due to the stormy weather, the guests found it necessary to depart rather early, but not before enjoying the dainty refreshments which were served by Mrs. Steffens.

Dairy Industries Contributing to **Buying Power**

Manufacture of Butter and Cottage Cheese Provides Market for Products of the Farm.

From Friday's Daily By ELMER A. WEBB, C. of C. Pub. Com.

The campaign of the Industries committee of the Chamber of Commerce to get local people to buy Platismouth-made goods whenever possible, is beginning to bear fruit, and local industries report an increasing demand for their products from the Plattsmouth retail dealers.

The reason wherefor is most logical and has to do with our own individual prosperity as much as that of the industries that may be aided by the increased demand.

A striking example of how two industries turning out similar products have turned thousands of dollars into trade channels in this community is afforded in the cases of Plattsmouth Produce and the Home

Under the efficient management of Mr. G. K. Hetrick, Plattsmouth Produce (successor to Farmers Co-Op. Creamery) has more than doubled its cutput and is shipping large amounts last six months of operation, all of expenditure in this line for the er-
