WHEN FOOD SOURS

ABOUT two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for correcting excess acids. 25c and 50c a bottle—any drugstore.

The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-mouth.

ington, and a sure enough persistent, indomitable and reliable bunch of workers for the good of the city and all its interests, were to have a meeting at the home of Mrs. Ralph Clymer, one of their members and on last Thursday when there was nothing else as a means of transportation that would surmount the very bad roads, they secured a lumber wagon and all embarked in this former popular conveyance and made the trip to the place of their meeting. Not alone this, but they were well paid for the extra work and worry by one of the very finest meetings possible. Some times the difficulties in the way make the enjoyment of the object the more desirable. They are all thanking Mrs. Clymer, their genial hostess, for the very fine time which they enjoyed.

Odd Fellows Receive Members

At their meeting last week, the I. O. O. F. lodge received two new members by initiation. Celebrated Washington Day

The Masonic lodge and the public schools put on a very fine program the first of last week, when they observed the 200th anniversary of the birth of our first president, George Washington. Landon presided over the meeting and sure made a good presiding officer. One of the fine features of the meeting was an address given by C. P. L. Hall, which was of a patriotic character, and also an admission to every citizen to be faithful to their country, true to their God and fraternal to their fellow man.

The regular lesson was given over to the "Life of George Washington," which was led by Mrs. Koukel, assisted by Mrs. Mae Smith, but as Mrs. Smith was unable to present, Mrs. Koukel took full charge, taking her scripture reading from the 19th chapter of Exodus, which was followed by several short prayers.

The life sketch of Washington was given by Mrs. Koukel. Miss Nola Banning told the story of Betsy Ross and the flag. Miss Ora Clark gave a beautiful cornet solo with Miss Ruth Koukel at the piano.

Mrs. L. R. Upton gave a reading on Independence Hall. Miss Ora Clark and Miss Ruth Koukel were heard in two very fine duet numbers.

The program closed by all singing that splendid old song, "Faith of Our Fathers," closing with the Lord's prayer.

At the close of the afternoon devotional and delicious refreshments were served by the hostess.

Doctor Freed by Jury in Paxton Arson Case

Paxton Physician Found Not Guilty by Reason of Insanity—May be Sent to Insane Hospital

Dr. H. J. O'Donnell, 33 year old Paxton physician, well known in this city, was acquitted of an arson charge in district court at Ogallala yesterday in connection with a fire which last August 14th damaged the Holy Trinity Lutheran church at Paxton. The verdict of the jury rendered late last night, was that the physician was not guilty by reason of insanity.

Sheriff Fred Taylor said he would hold the physician in jail pending instructions from the district court. The officer believed the physician would be sent to a state hospital for treatment.

The physician showed no emotion when the jury returned its verdict. It was his second trial on the charge, a jury last November having failed to agree.

Four other arson charges are pending against the physician in connection with three separate fires at the Paxton Odd Fellows hall and one at the residence of George Triddle. Damage from all the Paxton fires was estimated at \$5,500.

Following the physician's arrest last fall, Deputy State Sheriff E. E. Clark announced the doctor had confessed to setting fires in lumber yards at Lexington, Gothenburg and Cozad last July, causing damage of thousands of dollars.

CALL FOR DRY LAW APPEAL

Trenton, N. J.—The republican state committee, viewing the stand of the late Senator Morrow as "the solution of the liquor problem," advocated the New Jersey delegation to the national convention be committed to repeal of the eighteenth amendment. Commending President Hoover's efforts to stimulate business recovery, the committee recommended the state's delegates "encourage the president by giving him their support," but maintained "that the sovereign right of the people to write the platform is paramount to that of naming a candidate."

Conflicting opinions were expressed by several members on whether the committee had unqualifiedly instructed the delegation to vote for the president's renomination.

Attention was directed to the phrase endorsing the president which
