State Board Can Cut Valuation of Lands

Attorney General Sorensen Says Notice and Hearing Are Necessary.

Attorney General Sorensen said he had not been asked for an opinion regarding the right of counties to revalue lands for assessment this year when the state calls for revaluation in 1930 and every four years thereafter and that he had not investigated that phase of the question raised by Adams and Lancaster counties, but he said the result desired by those counties, a reduction in assessed values, could be brought about by the state board of taxation and equalization. This board, he said, has power to raise or lower any class of property, such as lands, cattle, farm machinery, by simply giving proper notice and a hearing to counties. The state board exercised this power in 1929 by ordering an increase in the assessed valuation of cattle and telephone company franchises, but failed in the courts only because it had not given proper notice and a hearing.

The attorney general is opposing the state board's reduction in the assessed valuations of pipe lines ordered by the board in 1931, and his suit against the board is pending in court.

"A reduction in assessed valuation of lands or any other class of property would not mean much to the state or taxpayers," said Sorensen, "because the state levy is small. There is no limit, however, to the state levy. There is a limit upon the county, city and school levies, and the levies are usually at the maximum, so a reduction in assessed valuation of lands would automatically mean considerable reduction in all local taxes."

"A COLONIAL PARTY"

The beautiful country home of Mr. and Mrs. Jack Stamp was the scene of a very pleasant gathering when Mrs. Stamp, with Mrs. Fulton, as assistant hostess, very pleasantly entertained the members of the Social Workers' Flower club, in the nature of a "Colonial Party" in keeping with the celebration of the 200th anniversary of Geo. Washington. Early in the afternoon all the members arrived dressed as in "colonial days" and some very dainty ancient costumes were displayed.

The business meeting was presided over by the president, Miss Helen Johnson. Each member answered the roll call by giving one thought characteristic of Washington. The meeting was then turned over to Mrs. George Mumm, who had arranged a very pretty patriotic program. Miss Velma Fulton favored them with a very pleasing solo. Mrs. Jack Stamp gave a talk on the success of Washington, while Mrs. Mike Kaffenberger in her pleasing manner gave a poem on the "Life of Washington," and the ladies quartet composed of Mrs. Kaffenberger, Mrs. Stamp, Mrs. Mumm and Miss Velma Fulton gave some very beautiful songs which were greatly enjoyed by all. After the program the members were ushered to the dining room where a dainty, two-course luncheon was served. The desert representing "Washington Crossing the Delaware." The centerpiece was tiny flags arranged in a cluster. Mrs. Stamp and Mrs. Fulton were highly complimented upon the artistic arrangement of everything. It was a very late hour when they all departed, and this meeting will be long remembered by all present.

From Wednesday's Daily
This afternoon a new entry was made in the race for the republican nomination for county sheriff when Arley R. Dowler, well known garage owner of Weeping Water entered the race.

Mr. Dowler is one of the best known residents of the south and central sections of Cass county where he has been active in business for a great many years.

At the time of the appointment of Sheriff Thimigan, Mr. Dowler was urged by a large number of his friends for the position. The new entry should add to the spirit of the campaign, as Mr. Dowler is well known to a large number of residents in all parts of the county.

This filing makes three candidates from Weeping Water, Mr. Dowler and Floyd Cole on the republican ticket and H. Sylvester on the democratic ticket.

This is also the fifth filing on the republican ticket for sheriff as Rex Young, Sheriff Ed Thimigan and Pat Reed have also filed in addition to Messrs Cole and Dowler.

HEAR WASHINGTON ADDRESS

The Rotary club at their luncheon on Tuesday heard a very fine address on George Washington, delivered by Robert Foster Patterson, principal of the high school and well known orator. Mr. Patterson spoke of Washington as the man and statesman, giving many interesting facts as to his life. The address showed much study of the life of the first president and many of the intimate details of the daily life of Washington.

Miss Cora Williams, head of the music department, presented the harmonica band, composed of the younger students of the grades, who gave several numbers that were much enjoyed by all of the members.

The girls' sextette composed of Gertrude Brink, Virginia Trively, Lois Bestor, Mary Anne Rosencrans, Velma Wells and Helen Gilmour, gave two much enjoyed numbers.

The two high school students, Clarence Forbes and Stuart Porter, who have been honorary members of Rotary for the month of February, gave their farewell to the members of the club. The young men told of their impressions of the club and the pleasure and benefit that they had derived in the association with the membership in the weekly meetings.

MODERNIZING SYSTEM

From Friday's Daily
The office of the county judge has been a very busy place for the past three weeks, a system of filing and recording the probate records of the court being worked out by Judge A. H. Duxbury. In the years gone by since the creation of Cass county in 1856 there was a very complicated and loosely connected system of indexing and recording. Not until the more recent years has new systems made it a matter of ease to locate at once all matters connected with any one estate that may be desired to look up.

Judge Duxbury has had the clerk of the court, Warren Farmer and Mrs. Alvin Meisinger busy in checking over the old records from the very first estate and now they are being indexed so that no matter how far back they extend it will be possible to locate with ease all of the papers and records pertaining to these estates. The overhauling of the records has been a big task but has added wonderfully to the efficiency of the office and the convenience of those who might desire to look up any of the old time estates.

NAME COUNTY CHAIRMAN

From Thursday's Daily
The republican county central committee has taken action to fill the vacancy in the position of county chairman, caused by the death of Hon. Charles E. Noyes. A meeting was held at Weeping Water this week and the committee voted to have F. H. McCarthy, of Union, assume the chairmanship of the committee until such time as the new committee would be selected and which could name their own chairman. Mr. Noyes was chairman of the committee for a number of terms and conducted several very successful campaigns during his service.

OBSERVE SPECIAL SERVICE

A special service was held on February 21 by the Christian Science Society of this city as a part of the nationwide celebration of the George Washington bicentennial.

The service included an address on George Washington by the First Reader, in part, as follows:

"Among Washington's most firmly formed traits were his faith in God and his respect for religion, even for other people's religions. When once extremely ill he calmly said, 'I know that I am in the hands of a good Providence.' And he recovered. To divine Providence, also, he attributed his immunity from injury in battle; and at different times, particularly in the French and Indian war, his escape from harm seemed miraculous. Evidently, also, he had a sense of principle. For instance, when the Constitutional Convention met in 1787, and the prospect for agreement on a plan of national government seemed remote, Washington said to his fellow-delegates from Virginia, 'Let us raise a standard to which the wise and honest can repair. The event is in the hands of God.'"

A lesson-sermon prepared especially for this occasion was read by the First and Second Readers. One of the Scriptural passages contained in this lesson-sermon was from Psalms 22:27-28: "All the ends of the world shall remember and turn unto the Lord; and all the kindreds of the nations shall worship before Thee. For the kingdom is the Lord's and He is the governor among the nations."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was as follows: "One infinite God, good, unifies men and nations; constitutes the brotherhood of man; ends wars; fulfills the Scripture, 'Love thy neighbor as thyself'; annihilates pagan and Christian idolatry,—whatever is wrong in social, civil, criminal, political, and religious codes; equalizes the sexes; annuls the curse on man; and leaves nothing that can sin, suffer, be punished or destroyed."

The reading of the "scientific statement of being" from the Christian Science textbook, its correlative Scripture, and the benediction from I John 4:21, concluded the service.

Students Ask Two Professors be Reinstated

Petition Declares Suspension of Wimberly and Eliason in Rum Case was Unjust.

Lincoln, Feb. 26.—Petitions were being circulated here Friday for the reinstatement of L. C. Wimberly and N. E. Eliason, English instructors at the University of Nebraska who were suspended until next September by the regents this week as an aftermath of a liquor raid on the Park "mixer" at the university campus. The two faculty members had been chaperoning a party.

The petition reads as follows: "To the chancellor and members of the board of regents of the University of Nebraska.

"The petition of the undersigned students of the university respectfully sets forth that they have learned that action has been taken by the board of regents to suspend Prof. L. C. Wimberly and Instructor N. E. Eliason of the English department, and believe such action unjust and injurious to the students in depriving them of effective instruction and superior leadership. We respectfully but energetically remonstrate against such action and request their reinstatement."

One of the petition was being circulated by three girls. They declared the plea for reinstatement of the two instructors was instigated mainly by graduate students who had been taking classes under Prof. Wimberly. They said that virtually every graduate student approached had signed the petition.

It was said the petitions would be presented to the chancellor next week.

The raid was made shortly after the close of the party. Six persons found in a small room adjoining the coliseum floor were taken into custody by officers.

Alan Williams, former student, admitted ownership of the small quantity of liquor seized. The two teachers denied any connection with it and declared they had entered the room shortly before the raid and were considering what should be done about the liquor just discovered.

FAVORS PHILIPPINES BILL

Washington.—A long step toward complete independence for the Philippine islands was taken Friday by the senate territories committee which approved the amended Hawes-Cutting bill providing for a free Filipino nation within nineteen years. The measure was approved by all but three members of the committee—Senators King, Broussard and Vandenberg.

Two years after passage of the bill a commonwealth would be established, providing the island people had agreed upon a constitution that met the approval of the president and congress of the United States. The governor general would then be supplanted by an American high commissioner.

For a period of ten years following the inauguration of the commonwealth, Philippine products, with certain limitations on sugar, coconut oil and cordage, would be admitted duty free to the United States. Five years from the expiration of the ten year period the Philippine people would decide by a plebiscite whether complete independence was desired.
