Lindbergh Home

A view of the \$50,000 Lindbergh home, from which the baby disappeared Tuesday night. The child was in the nursery, which is on the second floor of the building, when left by a nurse, who returned to find him gone. The home, in an isolated section of New Jersey, is located between Hopewell and Lambertville, and backed by dense woods.

Third Ransom Letter Received by Lindberghs

Contents of Note Guarded as Parents and Officers Continue Search for Baby.

Hopewell, N. J., March 4.—A promising clue to the kidnapers of Charles A. Lindbergh, Jr., developed early today from the disclosure that a third ransom letter, in handwriting similar to the first, had been received by the anxious father.

Its contents were kept as much a guarded secret as those of the one found pinned to the sill of the window through which the abductors fled with the 20-month-old child Tuesday night.

One other note came through the mail yesterday—making three in all. While investigators displayed concern about the other two, they quickly disclosed the text of the second after handwriting experts had found there was no comparison between the writing in it and the first one.

This note, apparently the work of a "crank," threatened Colonel Lindbergh himself if he made public its contents.

Lindbergh was represented as ready and anxious to pay a ransom of 50 thousand dollars.

A national radio appeal, which broadcasting officials said was authorized by an intimate friend of Colonel Lindbergh, said:

"Colonel and Mrs. Lindbergh not only wish but hope that whoever is in possession of the child will make every effort to communicate with them."

This appeal came a few hours after the receipt of a second ransom note which demanded that its contents be kept secret or "it will be your last tale."

However, its text was made public while authorities continued to withhold the contents of the note left pinned to the nursery window through which the blue-eyed 20-month-old child was taken Tuesday night.

However, John A. Toohy, secretary to Governor A. Harry Moore, in an interview with newspaper men tonight, declared it demanded the 50 thousand dollar ransom be paid in \$1, \$2, \$5, \$10 and \$20 bills, but failed to specify in what manner the payment was to be made or to fix a time limit on the payment.

After a period of feverish activity by experts it was learned the handwriting in the second note did not compare with that of the first, and belief was expressed the note received today was the work of a "crank."

The mass of new clues and leads which held the attention of investigators tonight included:

A communication from an ex-convict in Hudson county which Inspector Harry Walsh described as a "hot tip." Four of the crack detectives stationed at the Lindbergh home were dispatched to an unnamed city during the afternoon to investigate. They had not returned late tonight and officials here refused to discuss that angle of the case.

A report that Frank W. Kelly, a lumber dealer, had recognized the wood used in the ladder left behind by the kidnapers as part of a house he had recently torn down. Later, however, Kelly was unable to identify the lumber.—World-Herald.

SENATE HAS A ROUND OF PARTISAN POLITICS FRIDAY

Robinson Criticizes Secretary Hyde, and Harrison Mocks the Administration.

Washington.—Misuse of public funds was charged against Secretary Hyde in the senate by Robinson of Arkansas. In a thundering voice, he asserted the secretary of agriculture had distributed thru the mails under a government "frank" a "partisan statement" denouncing the democratic house for passage of the 132 million dollar road construction bill.

The democratic leader said the Hyde statement had been sent out "presumably" as part of the department's "market news service" and demanded to know "just what relation it has" to farm news. "It is immoral and well nigh indecent," said Robinson, "to use public funds for partisan political purposes, and it cannot be justified when done by anyone, no matter whether he be a democrat or a republican."

Republicans made no reply to the Robinson attack.—It outmaneuvered an earlier political scuffle in a fight over a bill by Senator Harrison of Mississippi, who called attention to the third anniversary of President Hoover's inauguration. Harrison, too, challenged republicans to review the three years of Hoover. Senator Fess of Ohio, the chairman of the republican national committee, alone sparred with the Mississippian. He recalled the economy speech Thursday by Harrison, and a subsequent vote of the latter to add funds to the agriculture supply bill and said his remarks should not be heeded.

Harrison said the theme song of the Hoover administration was "We're Forever Blowing Bubbles." He said the 1928 campaign had been known as a "whispering campaign," but before November it would be a "weeping campaign."

Senator Fess suggested that it might be known among democrats as a "gnashing of the teeth campaign." Harrison replied "The republicans look too hungry for a democrat ever to gnash his teeth when he looks at them."—State Journal.

Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

First spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a louse for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.
