Bible School Lesson Study!

Sunday, May 1st

By L. Neitzel

Isaac and His Wells

Genesis 26:12-23.

At this point, in the lesson studies of this quarter, it will be very interesting to go over the intervening chapters, and bring out the connection with its lessons. We learn to follow the good examples of fathers and mothers. We learn what persistence and perseverance can achieve—how God watches over his children and brings them prosperity. And especially will we learn the wisdom of not always insisting on our rights, but yielding them for the sake of peace.

We must also note some historical facts: (a) The birth of Isaac, his father 100 years old, his mother 90; (b) His sacrifice when 27 years old; (c) Married when 40; (d) Birth of the twins, Esau and Jacob, when 60 years old; (e) Death of his mother when he was 37 years old; (f) Death of his father when 15 years old. We should note also Abraham's second marriage to Keturah, when he was 140 years old, who bore him six sons, but all his possessions were given to Isaac, the heir of the covenant.

ISAAC—He had a marvelous experience when about 27 years old, Abraham's willingness to sacrifice his only son on the altar at God's command, Isaac acquiesced in his obedience and faith and shared the great joy of his father when the ram was put in place of the child of the covenant. He was a quiet, meditative, unassuming man of retiring and thoughtful nature, which characteristic is shown when it was time for him to marry. Isaac himself was not sent in search of a wife, but his father sent a faithful servant to Haran in Mesopotamia, where he found just the right wife for Isaac.

Soon he was confronted, like his father, with famine, so he removed to Gerar of the Philistines. Here we find this stalwart young man making the same mistake his father did in Egypt, telling a lie about Rebekah, that she was his sister. The wives of all the patriarchs were exceptionally beautiful. In Genesis 12:14 we read: "The Egyptians beheld the woman (Sarah) that she was very fair. Genesis 24:16: "The damsel was very fair to look upon. Genesis 29:17: "Rachel was very beautiful and well favoured." While in Gerar, through the blessing of Jehovah, he received a

some business matters in the county seat on last Monday morning.

Chas. and Everett Spangler attended the address given by Prof. Filley Monday evening at Mynard.

The benefit dance given for the band at Gayers Friday evening was quite well attended even though it rained.

Misses Margaret Moore and Gwendolyn Hansen were in Council Bluffs and Omaha Friday evening and Saturday.

Mr. and Mrs. Sterling Rhoden of the western part of the county attended the funeral of the late D. C. Rhoden.

W. E. Rosencrans, Plattsmouth reitor, was looking after business matters in Murray for a short time Monday afternoon.

Lewiston is having a lighting plant installed in the community building which will be a very much needed improvement.

Mrs. Alma Yardley and Mr. and Mrs. Elmer Yardley of Nehawka were attending the funeral of the late D. C. Rhoden Friday.

George Hansen and the good wife were visiting in Murray on last Sunday, they driving from their home near Nehawka in their car.

Lee Nickles, of Plattsmouth, was looking after some business matters in Murray and at the same time visiting with his many friends here.

Mr. and Mrs. W. L. Seybolt were visiting with friends in Plattsmouth for the afternoon last Monday, driving over to the county seat in their car.

C. A. Vallery was down to Murray and also took Mr. and Mrs. Walter T. Vallery to Plattsmouth, where they were looking after some business matters for a few hours.

The Nickles lumber yard has just completed a number of feed banks to be used on the farm of J. D. Rising, which is being farmed by Richard Livingston this year.

Mr. and Mrs. W. G. Boedecker were over to the home of Mr. and Mrs. Fred Nutzman, who live south of Nehawka and were celebrating the passing of their fiftieth or golden wedding.

Say, did you notice the display window of Mr. W. S. Smith, at the store? Peradventure you did not, better take a look at it for sure it is a

perfect harvest, a hundred fold, not because of the fertility of the soil, but because of God's promise. Genesis 26:3: "I will be with thee and will bless thee." Only as God gives the increase will any tiller of the soil be recompensed. Jacob and later David recognized this fact and duly acknowledged the same: "I am not worthy of the least of all the mercies which the Lord my God has bestowed upon me" and "Thou hast given me the shield of thy salvation and thy gentleness hath made me great."

The wealth of Isaac was the cause of envy and jealousy to the Philistines. The report came to the king, Abimelech, how the man grew rich on their soil. In the meantime, the Philistines had filled all the wells which Abraham had dugged, with earth; the flocks and the herds lacked water. Then the king entreated Isaac to depart from their country. All this caused Isaac much worry and trouble. But rather than contend with them, he moved to the Valley of Gerar. Here he opened up the wells that the Philistines had filled up; but the enemy followed, claimed the wells and the land and he moved on again. "Mine and thine"—this is the cause of most of the strife that arises in the world. Opening the wells of our fathers. Our fathers observed the Sabbath with care, but the Philistines have stopped that well for many of us. Our fathers and mothers went daily to the word of God, as to a fountain, for their daily supply. But for many today the Holy Bible is a choked well. Business and pleasure and in some cases doubt and sin have stopped this precious fountain. Let us open up the well of daily Bible reading and prayer.

But as Isaac persevered, he found water and room—moving up to Beer-sheba, he had a visitor. Jehovah appeared unto him, and assured him that he was the same God who was with his father, Abraham, and He would bless him. "Blessed are the meek, for they shall inherit the earth."

Regular worship is established. The family altar is erected. Isaac took his religion with him, wherever he went. How often blessings come to us, not because of any merit in ourselves, but as a reward to our godly parents and in answer to their prayers.

Mr. and Mrs. Curtis Ferris entertained at their home in Murray for dinner on last Sunday and had as their guests for the occasion, Misses Florence and Neva Lancaster and the

Messrs. James Hoschar and David Lancaster. All enjoyed the occasion very much and following the excellent dinner, they repaired to the Missouri river near the historic King Hill and there enjoyed a boat ride on the none too placid waters of the Missouri river. Needless to say, they enjoyed the day most pleasantly.

Hold Tax Meeting.
Quite a number attended the address on taxes given at Mynard by Prof. Filley of the state university. In his address he said that most people did not study their tax dollar, they paid it not understanding where it was used. Mostly talking about the appropriations made by the legislature while in fact 13 cents of the tax dollar went for state taxes.

In Cass county 48 cents out of every dollar went for schools, some districts varied.

In Murray better than 50c of the tax dollar goes for schools.

An owner of an 80 acres to Murray. Paid for year 1930 \$147.40 in taxes. \$85.50 was for school district tax and \$5.50 for high school, making a total of \$91.00 for one year school tax. \$20 went for community, \$11 for roads and only \$19 for state taxes.

His talk was most interesting and he mentioned several ways we might reduce our taxes.

Training for better citizenship was one for the enforcing of laws. Crime was costing a lot. He was strong for the enforcing of the 18th amendment.

"That Lawlessness Begets Lawlessness" and if we disregard one law it makes it much more difficult to enforce others.

More people should have attended, for it was an address worth while and brought out many more facts than mentioned here.
