of the program was given to the consideration of Mothers Day, a subject most interesting to all and one which is appropriate as Mother's Day is the coming Sunday, May 8th.

George King Staats of Plattsmouth was visiting for the morning Tuesday of this week with his friends Phillip F. Rihn and Louis Kohrell, whom he had known for many years, having been born at the same place in Illinois as Mr. Kohrell and having known Mr. Rihn long and intimately in Plattsmouth. All enjoyed the visit very much.

The quilt show which was held at the Methodist church last Thursday was well attended and elicited a great interest as there were many quilts on exhibition covering many varieties as well as many beautiful ones and also many that had much work put thereon. The ladies were well satisfied with the success of their venture in the show. With the show was a wonderful dinner as well.

Find Stolen Car.

On December 18, 1931, while R. E. Foster was inside the stock exchange at Omaha one took his Chevrolet coach and drove it away. When Mr. Foster came from the building the car was gone. While everything was done possible the car was not discovered until April 14, some 18 miles below Akron, Iowa, the car was found in the roadway by the constable of Akron. After due process of investigating it was found that the car belonged to Mr. Foster and last Monday he and George A. Stites went to Akron where they found the car, but the battery was shot and after Mr. Foster had placed a new battery he started the car and to find that the transmission was shot and so he had to leave the car and have it repaired. Messrs. Stites and Foster returned home until the car should be repaired.

Mothers Day at Baptist Church

The coming Sunday the discourse which will be given by the Rev. W. A. Taylor at the Baptist church will be on the subject of Mother's Day and a very fine discourse has been prepared and also a number of songs appropriate to the occasion have as well been prepared. Better put this on your want list and be sure and be there.

Will Be Missed at Union.

Miss Russell, one of the teachers who has been a part of the faculty for some time will teach at Milford the coming year. While Miss Russell has taken much interest in the church work of the city and especially in the Baptist church, presiding at the piano and has always been a great worker in the church and Bible school. She will be greatly missed in the church and Bible school in Union. But what Union is losing Milford will be gaining.

L. F. Fitch Improving.

L. F. Fitch, better known as "Bud" Fitch, who was for so long time at the hospital at Nebraska City where he was taking treatment was so far improved that he was able to return home last week and since has been slowly gaining and is some better but while his improvement has not been so rapid it is hoped that the gain is permanent.

Doing Only Fair.

Charles Crowner who is in the hospital at Omaha where he is receiving treatment at the University hospital, is reported as getting along only fairly and is not responding to the treatment as desired.

Had Very Fine Meet.

The members of the Baptist Young Peoples Union which was held at the Baptist church last Sunday were well paid for their attendance in the very

fine program which was put on by the program committee, there being some twenty-eight of the members, and besides the program was a group of musical numbers which were also greatly enjoyed.

Will Address Meeting.

Hon. W. B. Banning who is a candidate for state senator, and George E. Nickles who is candidate for the position of representative of the Sixth district, are to both make addresses at the Fairview school this coming Friday. Better get out and enjoy hearing the political issues of the day discussed.

Government Wheat Distribution

On April 14th President Hoover released further allotment of 10,000,000 bushels of wheat from the stores of the government, to the Red Cross. Milling industry votes appreciation for equitable and fair dealing of Red Cross with mills.

Attended by members of the Miller's National Federation representing five-sixths of the capacity of the industry, a mass meeting was held in Chicago, April 1st. The following resolution was offered and adopted unanimously:

"The milling industry of the United States in mass meeting assembled in Chicago on April 1st, 1932, does hereby express its appreciation to the American Red Cross for the consideration which the organization has given to the welfare of the milling industry throughout the negotiations between industry and the Red Cross on milling arrangements for relief flour. This patient consideration and thoughtful co-operation is being continued through the operations of the Central Wheat Distribution Office of the American Red Cross.

"Without the fine spirit of understanding which the Red Cross has displayed toward the problems created for the milling industry in this new undertaking this project would have been disastrous to the industry.

"It is our feeling that the Red Cross has dealt and is dealing equitably and fairly with the mills in this large responsibility.

The degree team of Woodland Lodge No. 22 of Weeping Water were credited with doing the very best team work of all which were gathered there.

MOTH DAMAGE WIDESPREAD

"Injury caused by the infestation of upholstered furniture by moths is widespread. No section of the country seems free from such infestations. Most of the losses sustained are due to neglect or lack of information concerning the life history and habits of the moths. Frequently these insects are discovered too late to prevent some defacement of the covers of the furniture.

"Injury by moths is confined almost entirely to pieces of furniture having covers containing wool, such as wool tapestries and mohairs. The present popularity of these covers, because of their beauty and durability, need not be lessened because of the moth problem."

The above remarks made by Mr. F. L. Rea of the Iowa-Nebr. Light & Power company, in connection with the startling statement that every year moth damage in homes throughout the United States amounts to \$10,800,000, were taken from Farmers Bulletin No. 1655 issued recently by the U. S. Department of Agriculture at Washington, D. C.

"Frequent use of a good electric vacuum cleaner and a chemical known as Paradichlorobenzene (sold by druggists under the name Dichloride) are highly recommended by the Department of Agriculture," continued Mr. Rea, "to effectively combat moth damage."

"The best equipment yet devised, employing the use of Dichloride and providing a highly efficient and very inexpensive electric vacuum cleaner for upholstered furniture, mattresses, pillows, furs, clothings and the like, is known as the Premier Spic-Span.

"With its newly developed equipment, this handy little cleaner serves the dual purpose of vacuum cleaner and moth-killer. There are no end to its uses and it costs so little that every home should have one."

MOVE BACK TO THIS CITY
Mr. and Mrs. Fred H. Mumm, who have for the past two years been residing at North Platte, have returned to this city to reside. IN SERIOUS CONDITION

Richard Eppings, 14, son of Mr. and Mrs. John Eppings, of Murdock, formerly of this city, is critically ill at the Lincoln General hospital. The young lad was taken to Lincoln several days ago for a surgical operation which he stood in fine shape, but he has developed diphtheria and is in critical shape. There has been a great deal of the malady in the vicinity of Murdock but it was not known that Richard had been exposed to the disease. The young man is a nephew of Mrs. Virgel Arnold of this city, who left this afternoon for Lincoln to try and see the sick boy at the hospital if possible. Richard will be remembered by many of the young people as he attended school here for some time.

IN SERIOUS CONDITION

From Wednesday's Daily
Edward Jefferies, who came here from Central City with Mrs. Jefferies a few weeks ago to make their home here with Mr. and Mrs. J. B. Farnham, is very critically ill and his recovery is a matter of grave doubt. Mr. Jefferies has suffered a stroke and is now in a condition that has given little hope of a change for the better. Mr. Farnham of this city is a step-son of Mr. Jefferies. Mrs. Ada Rice and Mrs. Bessie Keller of Chapman and Miss Alice Jefferies of Central City, came today to be with the father in his last days.

SELECT COMMERCIAL TEACHER

From Tuesday's Daily
The board of education at their meeting last evening took up the matter of the selection of the teacher for the commercial department. The board sometime ago in their plans for cutting the operating cost of the schools, decided to eliminate one of the teachers in the commercial department, making it necessary to decide who of the present force should remain. At the session last evening Harold Jordan was selected as the teacher who would be given the contract for 1932-33.
