DENIES SHE KILLED CHILD

Nebraska City.—Miss Mary Warren of Nebraska City pleaded not guilty in district court here late Tuesday when arraigned on a charge of second degree murder in connection with the slaying of her baby last April 16.

She was remanded to the custody of Sheriff Ryder until the September term of court. Miss Warren pleaded guilty to the charge when arraigned recently in county court. She was not represented by counsel Tuesday, but efforts are being made to provide an attorney for her.

Miss Warren was arrested several weeks ago after a coroner's jury decided the child died of suffocation. The body was found in an outbuilding at the former home of the Warrens. Her father, with whom she lived, said he knew nothing of the child, and Miss Warren declined to reveal the name of the child's father.

Search for Missing Girl Near Lincoln

Mae Hohenshell of Near Greenwood, Who Left Home Last Week, Reported Seen in Lincoln.

Search for Mae Hohenshell, fourteen, who disappeared from the farm home near Ashland last Tuesday night, centered in Lincoln Saturday night upon the report that the girl was seen on the streets of Lincoln near 11th and O Friday morning by some Greenwood people who recognized her.

The state sheriff's office reported that the girl had been seen in Lincoln, but did not reveal the names of the Greenwood acquaintances who saw her. She was reported to have been accompanied by an older man.

A warrant for the arrest of Fred Mott, forty-five was issued in the county court here on Friday. The whereabouts of Mott, an uncle of the girl who was employed on the Hohenshell farm, is unknown.

Mrs. Archie Hohenshell, mother of the girl, and a niece, Vivian, were at the state sheriff's office Saturday night. After questioning by State Sheriff Endres and Deputy Sheriff Peters, Mrs. Hohenshell and the niece revealed that an older sister of the missing girl saw her leave the house last Tuesday night after reading and destroying a note believed to have been written by Mott.

Mott, who has a wife and three daughter living in Michigan, formerly lived at Marshall, Mich., and Cozad, Neb., and officers at both places have been asked to search for him. Deputy State Sheriff left for Cozad Saturday night.

W. C. T. U. MEETS

The W. C. T. U. were very pleasantly entertained on Monday afternoon at the home of Mrs. Guy C. White on North 11th street. The afternoon was one devoted to a fine program of discussion of the various phases of the prohibition question by members of the Union present.

Mrs. Charles Troop, president, called the attention of the ladies to the nation wide day of prayer on June 2nd, when the divine guidance will be asked for the leaders of the nation.

Mrs. Ona Lawton gave a short talk on "Wet Planks in Political Platforms May Lead to Social Wreckage."

Mrs. Mattie G. Wiles spoke on "No Saloons," a very impressive discussion of this problem.

Miss Elizabeth Spangler gave a few remarks on "Peace Posters Prove Popular," an interesting topic of the S. T. L. work of the Union.

Mrs. Leslie Niel spoke briefly on the subject, "Missouri Democrats Turn Down Wet Plank."

Mrs. Lois Troop read as her topic of the program, "General Butler Prayed During the Campaign."

Mrs. Fred G. Morgan gave as her part of the program "A Promise," touching along the lines of the prohibition work in the nation.

Mrs. W. L. Propst spoke on "Silence the Wets," a very interesting discussion of the plans for combating the attacks on prohibition.

Mrs. White also gave an interesting part of the program by a general discussion of the present situation in the nation as regards the prohibition question.

Two very delightful piano selections were given by Miss Louise Rishel and Miss Leona Meisinger, while Mrs. Lois Troop contributed a dramatic reading, "Memories of Childhood."

At the close of the afternoon dainty and delicious refreshments were served by the hostess.

STAGE CREW BUSY

The committee of the senior class of the high school having charge of the staging of the class play, "The Charm School," are a busy bunch. The production is to be staged at the Platz theatre on Friday evening and the stage workers are arranging the scenery. The play will require special sets which the theatre does not have and which are being made by the boys of the committee. This line of work of the class play is being handled by Henry Donat, Mott Frady, Keith Snyder and Clarence Forbes. The group has put in several extra hours after school on the work so that the members of the cast can have the proper settings for their dramatic offering.

The members of the cast are working each evening on the play and are ready for the final dress rehearsal of the play, one of the popular comedies of recent years.

PRESENT CLASS PLAY

Bernard Galloway, a graduate of the Plattsmouth high school, has been cast into one of the leading parts of the senior class play at the Peru State Teachers college where he will graduate this May.

Mr. Galloway has been very active in athletics and does equally as well in dramatic work. He will play the part of the butler in Mr. Latimer's home on "The Dover Road," and that is the title of the three-act comedy, to be produced in the college auditorium following the annual May Fete.

Mr. Latimer, a character in the play, is a millionaire who uses his money in an unusual way. His home is located on the Dover Road running from London to Dover, England. This road is used by couples eloping and Mr. Latimer forces them to stay at his home a week so they can become acquainted. Many interesting circumstances develop. It is around one such situation that the play is written.

Margaret Englekemier, another graduate from Plattsmouth High, is also in the cast and is a member of the butler's staff. She has been outstanding on the Peru campus in music and plays her role in the class play with the ease of a professional actor.

The play is directed by Professor D. J. Nabor, head of the speech department at the Peru college.

NEW COOKING CLUB ORGANIZED.

On last Saturday, May 14th, there was organized in the community west of Mynard, a new cooking club that will be under the leadership of Mrs. Carl Kraeger. It was decided that the name of the club shall be the "Peppery Cooking Club."

At the election of officers for the new organization Margaret Anne Valery was named president; Evelyn Meisinger, vice president; Frances Wetenkamp, secretary-treasurer, and Helen Ulrich, news reporter.

The members of the new club are Margaret Anne Valery, Evelyn Meisinger, Frances Wetenkamp, Ella Mae Ruffner, Dorothy Ruffner, Betty Anne Ruffner, Helen Louise Blotzer, Jacqueline Stratten and Helen Ulrich.

Our next meeting will be held at the home of our leader, Mrs. Kraeger, on Thursday, June 2nd. —Reporter.

HAPPY HUSTLERS

The Happy Hustler Pig club held their monthly meeting Wednesday evening. The lesson was discussed and decided to hold a meeting at Arthur Hansen's on Sunday morning to do some judging work.

One member of the club, John Hobschmidt, was a free trip to club week at Lincoln, and will represent the club this year.

The next meeting will be June 1, all members try and be present. —REPORTER.

Time for First Cover Spray

The hot weather of the past week has hastened the emergence of the codling moth. In the last two days the baited traps at Lincoln and at Shubert have yielded a heavy hatch of moths. The warm evenings during the latter part of the week have been conducive to egg laying. Within the next ten days the young worms will be showing up in large numbers if the weather remains warm.

The first cover spray should be applied within the next ten days. Scab has been very common in the orchards of eastern Nebraska this spring. If hot weather continues there will be little reason to worry about it. But if a rainy spell should follow shortly, serious damage to the foliage and fruit may result. The weather has also been favorable for black rot or frog eye. In view of this situation a fungicide should be included in this application.

Use 1 1/2 pounds of lead arsenate and 3/4 gallon liquid lime sulfur or three pounds of dry lime sulfur to 50 gallons of spray material. If blotch has become established use Bordeaux 2-4-50 instead of the lime sulfur.

Erosion Toll 21 Times That of Annual Crops.

The plant food removed from the fields and pasture of America every year by erosion is at least twenty-one times more than that removed by the crops harvested, says the United States Department of Agriculture.

The plant food taken by crops can be restored in the form of fertilizer, but that taken by erosion can not be restored, because this ruinous process takes the whole body of the soil, plant food and all. Land impoverished strictly by plant food depletion, as sometimes results from continuous growing of the clean-tilled crops, is not worn-out land; the only worn-out land is that which has been so badly washed by erosion that it would be entirely futile to undertake its reclamation.

Pasturing Sweet Clover.

One of the greatest difficulties in pasturing sweet clover is to keep it pastured down sufficiently to make it palatable over a long season. Farmers have resorted to two methods in trying to get around the difficulty. One is to use a temporary fence and run the livestock on only a limited acreage so they will keep the sweet clover pastured down, and the other method is to mow the sweet clover whenever it outgrows the livestock. Unlike alfalfa, sweet clover does not send up new shoots from the crown during the second summer of its growth. In a thick stand of second year sweet clover the buds on the stubble have been smothered out near the ground. In order not to kill the sweet clover by mowing, it may be necessary to raise the sickle bar on special shoes and cut the sweet clover high.

Even under the best of management second year sweet clover will not furnish much good pasture after the middle of July. Nebraska farmers have tried using a combination of first year and second year sweet clover or a combination of sweet clover and sudan grass to supply the stock with continuous temporary pasture through the summer months.

Dairy Field Day at the College of Agriculture, May 25th.

Leaders Day at Club Week.

The seventeenth annual Boys and Girls 4-H club week will be held at the Agricultural College, Lincoln, May 30-June 4. A special program is being arranged for 4-H local leaders for Monday, May 30th. Leaders who can arrange to spend one day at club week will find this a worthwhile and interesting day. Program from 10 a. m. to 9 p. m.

Project Clubs Entertain.

Extension Project club members will present the playlet, "Mr. and Mrs. Homemaker Take a Day Off" at various group achievement meetings. These meetings will be held at 1:30 p. m. at Weeping Water, May 24th; Elmwood May 25th, and Murray, May 26th. Arrange to attend the program in your community.

4-H Enrollment Goal Reached.

Some 600 boys and girls have signed up to carry various 4-H projects during the summer months. The time is growing short for enlisting new clubs as applications must be in by May 31st. Any individual or group interested in becoming 4-H'ers should get in touch with the farm bureau office at once.

MAKES FINE SHOWING

Miss Anna May Sandin, junior in the Plattsmouth high school, who was winner of second place in the state contest of the National Forensic league, has just returned from the national meeting at Sioux City. Miss Sandin, while not a winner at the national contest, made a fine showing in the large field of contestants from all parts of the nation. The local contestant was winner in the first two rounds and the

quarter finals, but was eliminated by one point.

The winning of the second place honors in the state event allowed her the privilege of entering the national meet and her showing is a real credit to the young lady as well as the local school.

Miss Sandin was entered in the humorous declamatory class in which she has been honored in many of the local and district contests in the past.

Don't Be Misled

It's not the QUANTITY you get, but the Quality that really determines whether you are buying your foodstuff "right" or paying a premium for an inferior brand. In these days, may we repeat, it is a pretty good rule to stick to the old reliable trade marks, such as you have known and bought of H. M. Soennichsen for years, rather than follow the will o' the wisp and try out one new brand after another, only to finally learn that, like Lindbergh, you have been defrauded. QUALITY still counts!
