Frank Root and wife and their daughter Mearle and their son Frank of Wood River, Mrs. Tapely, W. Faught of Cozad, were visiting in Nehawka for a short time on last Sunday, stopping to visit at the home of Mr. and Mrs. Mark Burton and family. The party had been in the Ozarks for the past few weeks where they were visiting with relatives and as well enjoying the novel scenery there. They departed after a short visit to Plattsmouth where they were to visit for a time before returning to their homes in the west.

The young lady was born at Omaha some two weeks since and as the mother is not very strong the attending physician advised that the baby be taken from the hospital. Will Open the Quarry
The Stone Quarry that is on the land of Carl W. Stone is soon to be opened and a crusher installed in town. It will furnish stone for the six miles of pavement which is to be laid from highway No. 75, west to past the Pollard brothers farm. The crusher is a powerful one and of the largest type with a capacity of doing much work. Mr. Ole Olsen of Weeping Water is the man who is installing the crusher and who is also going to operate the quarry.

Commence Grading of Road
With the near completion of the grading on the west end of O street road on highway running east from Lincoln, seven of the trucks which were used there were brought to Nehawka and early Monday commenced

grading on the road here. A force of men were also working just out of Union, tearing out some culverts and grading, preparatory to begin laying the concrete.

This is shutting off travel on O street road between Nehawka and Union and traffic is diverted via the road east of Nehawka and the new road which was made along the railroad between Union and Nehawka. As one approaches Union the road leads to the north and then east to highway No. 75, thence south to the Union corner east of town and then into town. This makes a long route but one that leads to the two cities.

Rev. Morey Leaves Weeping Water
For six years the Rev. George I. Morey of the Methodist church of Weeping Water has served faithfully the work here. He has made friends on every hand and has served the congregation of Nehawka, doing double work. The people of both places have learned to love this excellent pastor and his good wife. They have asked that he might remain for another year but the conference changed him. It has appointed instead the Rev. E. S. Pangborn who has ministered to two churches, one at Hooper and a country charge near Hooper called Bethel.

Rev. Morey and wife are now leaving for Hooper and Rev. Pangborn and wife are moving to Weeping Water. All the friends of Rev. Morey and wife are extending the wish that they will find a pleasant field in which to labor in their new home. We are hoping that we will find in the new pastor and wife as congenial servants of the church as has been Rev. Morey and wife.

REV. MURPHREE RETURNED TO LOUISVILLE PASTORATE
Members of the Louisville Methodist congregation and townspeople as well are pleased at announcement of the return of Rev. Robert D. Murphree to the pastorate of the church there. Rev. Murphree is entering upon his fourth year's ministry at the cement plant city, having served the congregation there ever since his transfer to the Nebraska conference from the state of Alabama, where he had previously held pastorates in a number of towns around Birmingham. His father is a district elder in the Methodist church organization of that state and a brother has also taken up the same calling.

Rev. Murphree's outstanding record in boys' work is well known over the state, he having served as Scoutmaster of Louisville Boy Scout troop during the entire period of his pastorate there. The erection of a fine modern paragon of sandstone construction to match the church building has also been accomplished and he has merited the good will of not alone members of his congregation, but the townspeople of Louisville.

His return to that pastorate means a continuation of the annual Scout trips, begun in a small way his first summer in Louisville and continued ever since. Already tentative plans are under consideration for the 1933 tour that may include Niagara Falls, Canada, New York City and Washington, extending as far southward as the sea coast city of Charleston, S. C., and back home through the picturesque states of Kentucky and Indiana, with a stop-over enroute to take in the World's fair at Chicago.

The securing of a large trailer chassis while in the south this year, will permit the taking of as many as twenty-six boys on the 1933 tour.

A steel super-structure is to be erected on the trailer chassis during the winter and everything made in readiness for next year's trip.

DUNBAR WINS GAME

The Dunbar baseball team came up to Murray Sunday and took a lurid contest from the Red Sox, 10 to 4. Many errors and wild pitches featured the game of Murray and their hitting was far below the usual slugging nature.

Dunbar had as their hurler, the veteran Harry Smith, who was a star some two decades back, playing in the state league with Claude Smith. The veteran, while not as youthful as in the bygone days, was plenty good in checking the attacks of the Sox and his team retained their undefeated record.

The game opened bad for the Sox as with one gone, Ganzel of the visitors singled, reaching first and Hewitt then was whiffed, errors at third and second allowed Paben and Frieberg to reach base safely while Ganzel came home on a wild pitch. McKissick closed the inning on a grounder to Hopkins. The Sox came back in great shape in their half to register two runs. Snavely was out on a fly to McKissick at third, Rodrigues was safe when Casey missed his hit at short. Newman was blanked by Smith and Stone given a pass to first while Spidell singled and both Rodrigues and Stone tallied.

In the second frame of the contest the Dunbar team swung into a strong lead by accumulating four runs for as many hits.

The Sox tied up the game in the third inning when Stone potted a triple and scored when Spidell doubled, "Spi" scoring as the visitors juggled the ball around the infield for errors.

The visitors scored one in the seventh and eighth to get well out in front while the Sox were unable to hit Smith effectively.

In the ninth the visitors proceeded to add three more for good measure, one hit, an error by Stone and two wild pitches helping complete the story.

MAN THROWN OUT OF CAR
Wahoo.—Belief that the body of a man found in a Cedar Bluffs pasture Sunday might have been thrown there from a car was expressed Monday by Sheriff Mengel of Saunders county. The man, thirty-five or forty years old, six feet tall and with sandy brown hair, had been dead a month or six weeks, Mengel said. The body has not been identified.

No trace of any skull wound was found. The sheriff said, however, that the body was in such condition that evidences of any possible body wounds had already disappeared. Clothing included a blue serge suit, a white shirt, a light gray hat, size seven, bearing a label "Adams Hat company," numbers 511 and 717 on the suit are believed tailor's marks, and another, 1358693, believed that of a cleaner. All teeth were sound. The body was buried in the potters field at Wahoo.

Frank Winchell, representative of the shows, said a number of persons were unaccounted for. Later it was shown all escaped death. The most seriously injured was Capt. Eiton Denham, of Gorton, O. OIL STATION ROBBED
From Monday's Daily
The Standard oil station at Louisville was again visited by robbers last night and with the result that some gas was taken as well as a battery out of the car of the operator of the station. This place seems to be a favorite target for the operations of persons who may be in need of gas. Sheriff Thimman was at the scene of the robbery today but there was little to furnish any clue to the possible identification of the robbers.
