Has Wonderful New Sign.

The ever popular restaurant and cafe of C. Wally Johnson has come out with a brand new sign which he has had placed over the entrance to his cafe, and which with the electric lights and Neon Gas makes a very attractive sign and will sure attract the attention of the people from without and direct them to the eating house. However Weeping Water is singularly blessed with three very fine eating houses and which are all pleased to serve the very best. Take a glimpse at the new sign and ask Wally or Bill and they will tell you all about it.

Weeping Water O. Valley O

The football game which was staged at Valley between the team of that place and the Weeping Water team was largely attended by people of Weeping Water and who enjoyed the very exciting game which resulted in a scoreless tie.

Mrs. Gorder Entertains O. E. S.

Mrs. Fred Gorder entertained the members of the Order of Eastern Star at her home in Weeping Water on last Tuesday. There was a very enthusiastic gathering of the members of the order, and a very fine program was had. Mrs. Gorder served lovely refreshments and provided a very charming afternoon for her friends. Mrs. Rudolph Bergman of Manly and a number of friends from Murdock were present at the gathering.

Very Successful Contest Ended

The subscription contest which has been under way for several weeks, conducted by the Weeping Water Republican, having for its main purpose the increase of circulation of this paper and the collection of delinquent subscriptions, was a very successful adventure. The contest came to a close Saturday night, and when all the votes had been counted, the following were found to be winners: Miss Clara Johnson, first, Chevrolet car; Miss Helen Lane, second, radio; Mrs. Frank Bergman, third, furniture set.

that place, being accompanied by the Rev. Ralph Pinkham, local minister. The meeting was held on last Friday evening.

Learns of Brother's Death

Mrs. E. F. Marshall, whose maiden name was Stratten, received the sad news that her brother, William D. Stratton, of Salem, Ohio, passed away Sunday morning, the funeral being held at the Methodist church of that place, of which he was a member. Mr. Stratton, who had just recently passed his 64th birthday, was a machinist by trade and was employed by the Buckeye Manufacturing company. He was a member of the I. O. O. F. The funeral was held on Wednesday and interment made in Salem. The deceased leaves to mourn his passing, a wife, one son and one daughter, the children being Alva Stratton, of Akron, Ohio, and Mrs. John Smith, of Johnstown, Ohio. Mrs. Marshall is the only surviving sister. The many friends of Mrs. Marshall sympathize with her in the loss of her brother.

Gets a New Car

Wm. Meyers, the cleaner, accompanied by John Cole, went to Omaha, where they secured a new V-8 Ford tudor car for Mr. Meyers. Mr. Meyers is a very ardent admirer of the Ford cars and especially the model A and the new V-8, which he considers the last word in modern motor cars.

Changes Made in Heating Plant

There is being a change made in the heating plant at the Cole Motor company, of Weeping Water, where they are installing a new steam boiler, which is to supply steam for the heating plant for the building. The plant otherwise is in good condition, and the addition of the boiler makes the plant new again and puts it in good condition for the heating of the building.

Found Hospital Filled

Edward W. Dowler was a visitor in Weeping Water from his home in Omaha last Sunday and again on Tuesday, coming down Tuesday to bring his father, Emerson Dowler, to his home here. He will take treatment for his health, which is very poor.

Improvements at the Cleaners

The cleaning establishment of R. S. Shields has been improved by the separation of the room which has been used as the reception room and that portion of the building where the work of pressing and alteration is handled, and the addition of a new floor covering of Congoleum, which with the railing has added much to the beauty of the place as well as making it more convenient.

W. H. Porter, the trucker, was in Omaha Tuesday with a pick-up load of stock, which he delivered to the South Omaha market.

W. B. Banning was looking after some business matters in Plattsmouth on Wednesday of last week, driving over to the county seat in his car.

Bert Frans and Wymore Fletcher were in Nehawka last Monday morning, where they were looking after some business matters for a short time.

Mrs. Henry A. Chilcott, who has been so ill for some time, is now reported as being much improved, but is still kept to her home. Her many friends are pleased to know that she is showing improvement.

Joe Banning was building a new crib in which to store the remainder of this year's corn crop, as the old cribs have proved inadequate. The bumper crop being harvested this year is greatly appreciated by the farmers despite the fact that prices are very low.

John G. Wunderlich, who is secretary of the I. O. O. F. at Nehawka, of which a large number of the people of Union are members, was over one day last week calling upon the members as well as visiting with his old time friend, Uncle Daniel Lynn.

Mr. Osborne Very Poorly

Mr. and Mrs. J. H. Osborne, parents of Mrs. H. W. Griffin, who make their home at Fairplay, Mo., write that Grandfather Osborne suffered a fall recently which bruised him up considerably, and as he has attained the age of 86 years, he is less able

who is kept to his bed at this time.

Former Deputy Sheriff Ray Becker arrived in Union last week and will make his home here until the first of the year, when it is understood he will return to Plattsmouth, where he has a position promised him. Ray was over to the county seat a short time last Monday looking after some business matters.

While Uncle G. S. Upton was busy working about the home, he stepped on a stick, which rolled under his feet and caused him to fall to the ground. He was so severely bruised that he was confined to his bed for two days, but is getting along nicely at this time. Mrs. Upton, who has been ill for so long is also showing improvement at this time.

The Woman's Auxiliary held a very interesting meeting at the home of Augusta Robb Friday afternoon, the 18th. This marked the bringing of fruit and vegetables for the Clarkson hospital. Twenty-five quarts of canned goods, potatoes, and honey were donated. Cask offering also went to the hospital. Study of the "Spirit of Missions," on Indian work and Miss Robbed talked of her visit to the National Cathedral.

In order to permit more people to work on the O street grading and paving project, each employee is being limited to three days a week. This spreads the work out among more people and gives all an opportunity to earn something for the support of themselves and their families. The paving project has been the means of furnishing much employment to the people of this vicinity who would otherwise have been out of a job.

While the price of gas at Union has been asked to be increased by the wholesale house, the local dealers do not wish to increase their prices, and a waiting game has been played for some time, but it is a question whether the local station operators can long keep the price from being increased. With the state and federal tax to be added, the price of gas is now plenty high, compared with the market value of farm products or the wages working men receive, and further increases will impose a burden on those who drive their cars. A great many car owners are already refraining from running their cars any more than necessary and there has been a marked decrease in the number on the roads during the past few months.

Thanksgiving at Plattsmouth

A spirit of thankfulness pervades the home of Mr. and Mrs. Horace W. Griffin at this time, as the sick are all getting along nicely. Miss Ella, while not strong enough to attend school as yet, is improving rapidly and will be able to resume her studies in a short time. On Thursday of this week (Thanksgiving day), the family of Mr. Griffin are enjoying the festive occasion in Plattsmouth, at the home of the parents of Mr. Griffin.

Mr. Osborne Very Poorly

Mr. and Mrs. J. H. Osborne, parents of Mrs. H. W. Griffin, who make their home at Fairplay, Mo., write that Grandfather Osborne suffered a fall recently which bruised him up considerably, and as he has attained the age of 86 years, he is less able

to stand the injury than if he was younger. He is improving slowly, however, which will be good news to the friends here.

Uncle Dan Lynn Still Poorly

Uncle Dan Lynn, who is past 80 years of age, has not been feeling well for nearly a year. Recently he was in Omaha for a number of days, where he underwent a clinic to determine the cause of his trouble. Returning home last week, he has been confined to his home since. While Uncle Daniel is suffering greatly, he is bearing his illness with the same great fortitude that has characterized his entire life and keeps in good spirits. His many friends are hopeful that he may soon be able to be out again and in his former good health.

Only One Case Now

The generally healthy condition in Union at this time is a source of satisfaction to the health officers and citizens who co-operated nicely to stamp out the spread of contagion here. The quarantine sign has been removed from the home of Elmer Withrow and placed on the home of C. H. Whitworth, where Mr. Whitworth and daughter, Miss Joy, were placed in a secluded apartment so as to be separated from the rest of the family, as Floy, another daughter is down with the scarlet fever. Every attention is being given and she is getting along nicely.

This arrangement allows Mr. Whitworth to continue with his work and thus keep things going. It is expected that Miss Floy will soon be over the disease and this will clear the town of contagious diseases. At one time it seemed that the disease had gained a foothold that would make it hard to stamp out, but the exercise of great care to prevent further spread has turned the trick and now all are congratulating themselves on the outcome.

Celebrated Birthday

As the birthday of Homer F. Comer came near last Sunday, his mother entertained the families of George W. Comer and Herman F. Comer at her home on that day. All enjoyed the occasion very much and the fine dinner that was served.

Obituary of Ross Dodson

The deceased was a son of William and Mollie Dodson, who resided in Union, where Ross grew to young manhood. He was also a nephew of Mrs. D. C. LaRue, of Blair.

He had been employed in railroad work for the past year. He leaves to mourn their loss a wife and three children, also two brothers and five sisters as well as a host of friends and more distant relatives.

The body was taken to Magnet, Nebraska, where it was laid to rest beside those of his parents who preceded him in death.

Residents of Union remember this young man and will be grieved to learn of his untimely death.

What Shall We Do?

The Red Cross roll call has not reached the goal we hoped for. We realize that everyone has to sacrifice this year in many ways.

The invitation to join has been made through press, pulpit and personal invitation. The reply to many invitations has been, we are giving at home where it is needed. A most admirable thing to do. But, my dear friends, do you not realize you are giving at home when you pay \$1 membership annual to your Cass county chapter Red Cross. 50 cents of that dollar stays in Cass county. The other 50 cents has come back to you in service, but perhaps you did not realize it.

Red Cross flour has gone to every state in the Union, and all but few counties in Nebraska benefited thereby. Eighteen families in Liberty precinct received from 1 to 3 and 4 sacks of flour up to Sept. 20. It has cost us nothing for it was hauled to Union by volunteer truck and workers. Now comes cotton distribution for garments. Do you want it?

The cost to the Red Cross national organization is heavy to ship flour and cotton to us. Here is your other 50 cents being returned to you, to take care of our own community.

We have depression but must we suffer on top of this a great disaster as a hurricane, tornado or flood to lessen the value of this work that is being carried on every day by millions of volunteers?

We lack courage and spirit of thanksgiving of our forefathers and if our efforts in caring for needy families are united much more can be done. Now is the time for united
