LIVING WITH PEOPLE OF OTHER RACES

I Kings 8:41-43; Luke 10:25-37; John 4:5-10; Acts 10:9-19, 28-35; John 17:22-28.

One of the great virtues in a Christian is tolerance. As God is the Father of all men, so is the Christian a brother to all men. The Jew had developed into a bigot, a narrow-minded, intolerant person.

Here in America, the greatest melting pot of the nations, is the best place to practice this virtue of tolerance. It has been said that it is a most serious problem to live with men of other races.

It would be next to impossible, especially where men suffer from the "superior complex," like the Jew of Solomon's day. He recognized the capabilities of aliens and owns that they may hear of God's great name, and may come out of far lands for his name's sake.

So should we, the American people, who have been greatly blessed by God, receive joyfully into that circle of blessings, all foreigners who come into it.

Hatred, as the condition between Jews and Samaritans, was brought about in this manner: When the Assyrians bore off into exile the best of the inhabitants of the Northern kingdom, they sent thousands of their own people, idolaters, in their place.

These intermarried with the Jews, producing a mongrel race, unorthodox in religion (though they believed in the Pentateuch), having their own temple and priesthood and on that account not allowed to join in building of the second temple.

Here our Lord taught a lesson of true neighborliness. God in Christ made humanity his neighbor. Beholding humanity robbed of its true nature, wounded by its sin, unable to rise, he came down to it, entered it, healed and restored it. The incarnation made human nature its own.

All religious defections since the days of Christ on earth have been along the lines of (1) Ecclesiasticism; (2) Sectarism; (3) Bigotry, and (4) Ritualism. His was true liberality. Since Jesus knew the Samaritan woman better than she knew herself, he broke all traditions, prejudice fled before his approaching step.
