Installing New Gasoline  
The Nehawka Farmers Oil company is installing a new gasoline known as D-X, that is said to be the last word in motor fuel and so peppy that one almost has to run with his brakes on after putting it in the tank, to keep from going too fast. We are expecting to try it out as we have just had our brakes relined. Watch for announcement of this new gas and what it will do in the advertising columns.

Pioneer Laid to Rest  
On last Sunday afternoon one of the oldest residents of this section, who had passed away a few days before, was laid to rest at the Otterbein cemetery some five miles north of Nehawka and but two miles from where he had resided during the greater part of his life.
