Reserves Take One on the Chin from Murdock

Fast Basketball Team from West Part of County Win Over Locals 34 to 6.

The basketball team which Coach Francis Parish has trained at Murdock this year, is one that will give almost any team a great deal of trouble, this being demonstrated last night when they smothered the local Reserves by the score of 34 to 6.

The Murdock team comprises a tall and rangy quintet and who passed and re-passed over the heads of the locals almost at will, while their close guarding checked any attempt at a scoring rally by the Reserves.

The shooting of McHugh and Schewe for Murdock featured the game, McHugh making 11 and Schewe 13. For the Reserves Jensen was the only bright spot as he played an excellent floor game in the offense and defense as well as securing the only field goal of the locals.

Three of the six points of Plattsmouth were secured in the opening period when Jensen rang a field goal and Snodgrass a free throw. In the second period Dave Taylor and Snodgrass made a free throw alike. The Reserves scored but one point in the Reserves scored but one point in the by Taylor.

The Murdock team was consistent in their playing throughout the game and at the half had a 20 to 3 advantage over the Reserves which they proceeded to pile up.

A large number of the Avoca team were present to witness the game last evening, they being the forthcoming foes of the Murdock team in the near future.

The tabulated score of the game was as follows:

Francis Marion O'Neill, an Old Time Resident

Sketch of the Life of One of Members of Well Known Pioneer Family of Plattsmouth.

Francis Marion O'Neill, or Frank as he was known to family and friends, was born at Plattsmouth, Neb., July 31, 1859, and passed away Feb. 4, 1933, at the age of 73 years, 6 months and 4 days.

On Feb. 14, 1886, he was united in marriage to Harriett Isabelle Waters of Parkersville, W. Va., and to this union nine children were born, five girls and four boys. His wife and three children preceded him into the great beyond. It has been six years since the wife's death and the three children were small when they passed away.

Mr. O'Neill came of pioneer stock, who were among the earliest settlers of Mills county, Iowa, and Cass county, Neb. His father, James O'Neill, had the distinguished honor of helping to plat the city of Plattsmouth and building the first frame building in that city, which was the O'Neill home. The timbers and lumber for this house were cut and sawed on the Iowa side of the river and ferried across to the new town site.

Frank, who was born and married in this home, and all of his children, with the exception of two, claim this home as their birthplace, and it was their home for 20 years.

In November, 1909, he with his wife and family moved to Rock county, Neb., and settled on a homestead, where he lived until seven years ago, when he and his wife and two younger sons moved to the Black Hills region of South Dakota, which had been his home until the present time.

During the last week in November of last year, Mr. O'Neill came to Glenwood to visit for the winter with his daughters, Mrs. Fred Jeffreys and Mrs. Art Evans. He had not been in good health since his arrival and while visiting in the home of Mrs. Jeffreys he was stricken with a paralytic stroke, from which he never recovered.

As a young man Frank set out trees on tree claims for different home seekers of Nebraska, and had the distinction of setting out many hundred acres of trees on the barren plains of Nebraska, and lived to see the result of his labors, when many of these trees were cut and sawed into lumber to furnish the homes of many dwellings in that section of Nebraska.

He took pride in setting the trees in his own home site, planting fruit as well as shade trees. These furnish fruit for the home as well as protection from the severe winds in winter and severe sandstorms of the summer.

Mr. O'Neill was concerted and united with the Christian church in November, 1904, and brought his family up in this faith. He was a faithful husband and a good father. He sought to teach his children the better things of life.

He leaves to mourn his passing six children, Mrs. Blanche Hunter of Galesburg, Ill.; Mrs. Pearl Evans and Mrs. Emsie Jeffreys of Glenwood; laude Raymond O'Neill of San Francisco; Roy and David O'Neill of Rapid City, S. D.

With the exception of Claude Raymond O'Neill all were with him at the time of his passing.

TELLS OF COLD

From Thursday's Daily
While a group of local people were discussing the cold weather of the last few days, they were reminded that they "hadn't seen anything yet," when Phillip Harrison, pioneer resident of the city related some of his experiences. Mr. Harrison who came here in the late sixties, was relating the winter of 1871, when for weeks the mercury was not above twenty-five above zero. He related the experience of hauling sawdust to La Platte over the surface of the Platte river which in parts where the water was four to six feet deep, had frozen to the bottom of the stream. The cold was so intense that dirt roads in the country districts were cracked open and in many places fills were necessary to allow the farmers to get to town. In that year Mr. Harrison assisted in hauling ice cut from the Missouri river in April, the river at that time flowing just east of the present Burlington station. Mr. Harrison, however, in the present situation, holds out a ray of hope by stating that the full moon Friday will mean a warmer condition and the passing of the sub-zero weather.
