

Weeping Water

The American Legion gave a card party at their hall in Weeping Water for the benefit of the order.

Miss Agnes Rough was a visitor for the day on last Sunday with her brother and sister who make their home in Lincoln.

Guy Stokes of Louisville was a business visitor in Weeping Water on Wednesday of this week and was purchasing some farm horses.

Mrs. John M. Leyda of Plattsmouth was a visitor in Weeping Water, her old time home and was guest at the home of her sister, Mrs. George Olive while here.

I have a purchaser for an 80 or 40 acres of Cass county land, either improved or unimproved.—M. S. Briggs, Plattsmouth, Nebraska, P. O. Box 245 or phone 463.

The grand lecturer of the Order of Eastern Star, was a visitor at the meeting of the order in Weeping Water during the early portion of this week.

Perry Rector, who is at the Missouri Pacific hospital at St. Louis, where he underwent an operation for appendicitis, is reported as getting along very nicely.

County Agent D. D. Wainscott was a visitor in Murray on last Tuesday, where he was giving a demonstration at the Everett Spangler farm north of Murray. A large crowd of interested farmers were present.

The Able Stone company report the reception of an order for some eighty-five car loads of crushed rock for road work and at the same time Ole Olsen also reported the reception of a large order for sugar stone for the western portion of the state.

John Crozier who has been so seriously ill for some time, is reported as being somewhat improved and is now on the road to recovery. This fact is excellent news for the town which honors their mayor and are hoping the day soon comes when he will again.

Frank Baldwin, the veteran blacksmith, who has been hammering hot iron in Weeping Water for near a half century, said that business was already picking up and it looked like it would soon be good again.

Newton L. Grubbs and John E. Johnson testified that this was indeed a fact, and so there goes a unanimous vote in favor of prosperity which has gotten around the corner now for sure.

Home from the West.

Alba Hobson who has been in the west for the greater portion of the winter, arrived home last week from his stay at Fullerton, Calif., where he has been visiting at the home of Mr. and Mrs. Wm. R. Davis of that place and which is very close to Los Angeles where the earthquake occurred last Friday. Alba on his departure for home said, "I want to get out of here before an earthquake comes," and he did not beat it only by a few days.

Wm. Hobson in California.

Wm. Hobson, who was a visitor at the home of his parents, Mr. and Mrs. W. L. Hobson last summer and who departed for the west with the intention of spending the winter in South America, upon his arriving in California, found that there was trouble there, and did not continue his trip, but has been on a cruising vessel along the west coast. He writes the parents here recently telling of his work there.

Home from the East.

On last Tuesday morning Mr. and Mrs. C. E. Tefft arrived from their visit in New Jersey and Washington, D. C., also stopping on their return at Chicago, where they visited with their two sons, stopping at the home of Mr. and Mrs. Sheldon Tefft in Chicago. They enjoyed the visit very much, but admit that Weeping Water looked pretty good to them when they arrived home.

John S. Hall at Hospital.

John S. Hall, formerly of Plattsmouth, but for a number of years making his home at Davenport, Iowa, entered the hospital at Iowa City recently where he had a growth removed from his eye, which was grow-

ing over the ball and was threatening to obscure his vision. Less than a year since Mr. Hall had the same kind of a growth removed from the other eye. Mr. Hall is father of Mrs. W. H. Homan of this city. She also reported the death of her grandmother, Mrs. C. S. Armagast of Reynoldsville, Pa., which occurred a few weeks ago. The grandmother was 86 years of age.

HEAR FROM RELATIVES

The message of reassurance to anxious relatives are continuing to arrive from California where many former Nebraskans are located. The W. P. Rice family received a message from Mr. and Mrs. Harry Rice and Beuna Park, California, assuring them of their safety as well as that of Mr. and Mrs. Louise Heese, former residents here.

Mr. and Mrs. Phillip Thierolf have also received word of the safety of their daughter, Miss Elsa, who has been engaged in nursing on the west coast for the past several years.

Word also has been received by Mr. and Mrs. James Rebal of the safety of Mr. and Mrs. Fred Rebal, who were fortunately not in the earthquake swept section of the coast. So far no word has been received from Mr. and Mrs. Edward Rebal and family, located at Los Angeles.

Mrs. Glen Vallery, of this city, was much relieved Sunday to receive a message from her brother, Harry Shepherdson, residing at Long Beach, that he and his family were safe. The fact of the difficulty of communication with the west coast city had caused a great deal of worry to the residents of this section who had relatives in the stricken area and reports from there were eagerly awaited.

Miss Olive Gass Saturday evening received a message from Mrs. Alvin Gass, residing at Los Angeles, announcing that their family had escaped injury in the earthquake that swept that part of the west on Friday night. While residing in the earthquake belt they were fortunate in not suffering injury or property losses.

Quake Wreckage Being Cleaned Up; Death List at 116

Plan to Eliminate Jobless Situation in Southern California—Loss \$75,000,000.

Los Angeles, Cal., March 13.—Stricken southern California today was cleaning up its earthquake wreckage.

Continuing shocks of lesser frequency and intensity helped shake down loosened bits of brick and parts of buildings, as the yet incomplete survey indicated 116 dead, more than a thousand moderately and seriously injured, some four thousand more having had first aid treatment, and 75 million dollars damage done by Friday night's jolt.

With relief for the maimed, sick and hungry effectively organized, and the whole area under control, authorities turned to alleviate the fear among the civilian populace and their relatives and friends throughout the world.

Flay Rumor Spreaders.

Condemnation was voiced of those responsible for spreading rumors after the first great shock last Friday night.

Colonel C. W. Decker, medical coordinator of the stricken area, said: "There is no cause for alarm. Any alarmist reports should be discounted."

"Water, sanitation, hospitalization and all forms of relief are safely provided, and adequately administered under orderly control."

He said sanitary engineers throughout the entire district reported the domestic water supply is safe.

Colonel W. O. Wayman, in charge of the food situation in Long Beach, said he had an ample supply of every article. Sixty thousand persons were fed from the central relief kitchen Sunday.

At Long Beach, where death and damage was greatest, as well as in all other stricken communities, engineering forces were completing the condemnation of unsafe buildings. Long Beach damage was set at 50 million dollars.

Schools Inspected.

Schools generally throughout Los Angeles county, and in parts of Orange county, today were closed to permit inspection of every school building to ascertain its safety.

The first stage of reconstruction was under way in many sections as steam shovels and trucks removed debris.

In more than 100 thousand homes the work of rehabilitation was under way, ranging from painting and patching of cracks and repair of superficial damage to extensive rebuilding.

Plans were being completed that will virtually wipe out the unemployment situation in southern California, with restrictions against the employment of workers not resident in the communities affected.

The vast patrol forces of the navy, national guard, peace authorities and volunteers lent able hands in the cleanup work.

Care and feeding of some hundred thousand odd victims, of whom more than 60 thousand were in Long Beach, was on an orderly schedule.—World-Herald.

GREGG CLUB

On Tuesday evening occurred the regular meeting of the Gregg Commercial club at the high school auditorium. The evening was devoted to a program and the working of jigsaw puzzles which was planned by a committee composed of Leona Meisinger, chairman; Ordel Hennings, Kathryn Hough and William Highfield. The program consisted of a piano solo by Earl Lamberson which was greatly enjoyed. Anna Mae Sandin favored the group with a humorous reading, in a most effective manner. Glen Puls presented some vocal numbers, playing his own accompaniment on the guitar which were very much enjoyed. A humorous playlet was presented by Ruth Hait and Margaret Yelick. Dorothy Elliott rendered some vocal numbers in a very effective manner. Of main interest to the club was the talk given by Carroll Sutton on "Requirements of a Stenographer." This talk was of great interest to those who are planning on doing secretarial work upon graduation. Last but not least was a piano solo played by Virginia Samek, which was enjoyed very much. At the close of the program the group passed to another room and began to work on jigsaw puzzles until a very delicious lunch was served by a committee composed of Virginia Samek, chairman; Helen Amick, and Barbara Spangler. Mr. Harold Jordan, commercial teacher, is sponsor of the group.

Following their marriage, Mr. and Mrs. Thinggahn transferred their membership from the Lutheran church to the Evangelical of Louisville, Nebraska. When Mr. Thinggahn moved to Clay Center in the fall of 1918 he placed his membership in the Methodist church.
