**YOUTH CONFESSES HOLDUP**

Omaha.—Where rigorous police questioning had failed, a few gentle words from his 19 year old wife caused Sherwood A. Thompson, of Omaha, to admit that he helped burglarize a pharmacy here ten days ago. After his confession, his wife said she would be a Thompson's aide, to plead for clemency, when he appears in district court to plead guilty.

Three years ago this week, Mrs. Thompson, then Donna Dising, eloped with Ralph Swanson, 17, and was critically injured when she fell from a railroad trestle near Neosho, Mo. Returned here by her mother, she spent many months in bed with a broken back. She was granted a divorce.

**Congressional Chiefs Are More Hopeful After White House Conference With President.**

Washington, April 12.—Contrary to firm opinions held only yesterday, congressional leaders passed the word today that the chances are very good for enactment of a banking bill this session with a provision in it for some form of insurance of bank deposits.

Their views, however, are held subject to revision. Much of the confusion on the administration's attitude still prevailed, although the latest reports at the capitol had it that the president favored a clause "for the protection of depositors."

At the White house itself it was said that President Roosevelt had an open mind on the subject but the belief was strong in both houses that the president would agree eventually to some modified form of insurance of deposits.

President Roosevelt called the chairmen of the house and the senate banking committees, Representative Steagall (dem., Ala.) and Senator Fletcher (dem., Fla.), into conference during the day but apparently no definite decision was reached.

After the conference, however, Fletcher predicted a bank reform bill would be passed this session with some form of deposit insurance, but he said the president had not committed himself.—World-Herald.

**YOUTH ACCIDENTALLY SHOT**

Aurora.—Chester Anderson, 20, son of Mr. and Mrs. John Anderson of Aurora, was instantly killed Wednesday morning by accidental discharge of a shotgun, the charge striking him in the chest. The accident occurred in the basement of the Anderson home about 7 o'clock.

The boy's father was in the basement cleaning a shotgun, which he believed was not loaded. Young Anderson went down the stairs and just as he reached the knob of a closed door leading to the room in which his father was cleaning the gun, the weapon accidentally fired. The charge went thru the door and struck the young man in the chest.

The Anderson family formerly lived on a farm north of Hampton, but moved to Aurora about four years ago. He is survived by both parents and three sisters.

**WHAT TO DO WITH BEER**

Omaha.—What to do with 161 pints of 3.2 percent beer seized in a raid by his agents Wednesday night was troubling Harold "Three Gun" Wilson, Nebraska federal prohibition administrator Thursday. Lawrence Shaw, assistant United States district attorney notified Wilson that the seizure, as far as he could determine, was illegal. It is no longer a federal offense to have beer of this vintage in one's possession, Mr. Shaw opined. Wilson indicated he might try to pass the stuff over to the police for the filing of a state charge, Nebraska still being bone dry. But with the legislature apparently on the verge of legalizing the sparkling fluid, police also were in quandary as to what can be done. The beer was taken at the near beer depot conducted on Webster street by Harry Harkins.

**Woodrugh O K'd as the New Circuit Judge**

**Mrs. Ruth Bryan Owen Also Is Approved as Minister to Denmark.**

Washington, April 12.—Only a few hours after President Roosevelt broke precedent by naming a woman to the diplomatic corps, the senate tonight confirmed Ruth Bryan Owen of Florida as minister to Denmark.

It acted without debate after Senator Fletcher (dem., Fla.) had asked unanimous consent for Mrs. Owen's confirmation without the usual procedure of committee action. There was no objection.

At the same time the senate approved the nomination of Joseph W. Woodrugh of Nebraska to be judge of the Eighth circuit court of appeals.

Mr. Roosevelt tented the nomination of Mrs. Owen, former member of the house from Florida and daughter of William Jennings Bryan, to the senate together with the nomination of Mayor James M. Curley of Boston as ambassador to Poland.

The president also turned today to the selection of a successor to Eugene Meyer, jr., who has submitted his resignation as governor of the federal reserve board. He is continuing in office until a man to take his place is found.

The names of Walter W. Stewart, chairman of the board of Case, Pomeroy & Co., New York investment firm, and of Angus McLean, former governor of North Carolina, have been mentioned in the speculation over this job. The former has been mentioned also for undersecretary of the treasury.

Judge Woodrugh and Arthur Mullen, national committeeman from Nebraska, will visit the White house Thursday morning, where the judge will receive his commission from the hand of the president. "I cannot be too grateful to the president for this honor that has come to me," said Judge Woodrugh. "At the time I was nominated by President Wilson to the district bench I did not have an opportunity to thank him personally. I have always regretted it. Therefore, I am doubly grateful for the chance to thank President Roosevelt."

**Worshippers Ascend Holy Stairs on Knees—Cardinals at Service in Vatican City.**

Vatican City, April 14.—Pius XI, barely in his teens when a pope last carried the blessed sacrament in Good Friday procession, revived that custom today on the one thousand nine hundredth anniversary of the death of Christ.

He bore it reverently back to the Sistine chapel, from whence he had taken it yesterday to be exposed over Holy Thursday, and there said a special mass.

A colorful escort, including the highest dignitaries of the church, accompanied the 75-year-old pontiff from the Pauline chapel, where the sacrament had been left. His holiness was attired in spotless white. He walked the short distance with slow, but sure steps, appearing in excellent health.

**Americans Among Pilgrims**  
Eighteen cardinals and Vice-Chancellor von Papan of Germany, who has come to Italy for the holy week, witnessed the ceremony.

Black-vestmented priests prostrated themselves before the altars of Rome's four hundred churches in traditional Good Friday rituals. Holy year pilgrims, including many Americans, flocked to the temples for the services.

Organs and church bells were silent throughout the day. Between noon and 3 p. m., the hours when Christ hung on the cross, the city's streets were deserted. Everyone was either in church or at home.

Some of Christianity's most highly prized relics were on display this morning in the Church of St. Peter's, St. John's and Holy Cross.

**Ascends Stairs on Knees**  
A steady stream of worshippers ascended the holy stairs in St. Salvatore church on their knees, stopping on each step to recite a prayer. This is the only way the stairs, said to have been climbed by Christ after he was crowned with thorns, may be mounted. St. Helena, mother of Constantine, Rome's first Christian emperor, is reported to have brought them from Jerusalem, where they furnished access to the home of Pontius Pilate.

At the top of the stairs the devout knelt before the Sancta Sanctorum or holy of holies, which Vatican prelates say Pope Pius may open some time during the holy year. It is reserved to the popes, but none has visited it in the last four hundred years.

**MODELS CLAIM ABDUCTION**

White Plains, N. Y.—George Cooper, alleged to have lured two artists' models to his home on the pretext he wanted them to pose, was held in \$25,000 bail on charges of kidnaping and assault. The models, Mrs. Louise Croothoff and Miss Mary Harper, said Cooper engaged them thru an agency, drove them to his home from the railroad station and then took them to the attic and kept them bound and gagged four hours while he read a book. Later he untied them and drove them back to New York.

Cooper explained he was "too shy to ask a girl for a date" and just wanted their company. He expressed surprise when they brought charges against him, saying they were "perfectly friendly on the way to New York." The young man was named in four indictments, charging the kidnaping and assault of each model. Cooper was unable to raise the bail and was sent to jail.
