

## Plattsmouth Lady Honored by C. D. of A.

Mrs. Frank Mullen Named as Treasurer of State Organization—Miss O'Connor Re-elected

The Catholic Daughters of America at their convention at Hastings, which has just closed, elected Mrs. Frank Mullen, of this city, as treasurer of the state organization. This is a well deserved recognition of the services of Mrs. Mullen in the order in the state and her long activity in the local order.

The new treasurer has served as regent of the local chapter for several terms and is just completing her service as grand monitor of the state organization, having been very active in the work of the order for a great many years.

Miss Veronica O'Connor, present grand regent, was re-elected to the office; Mrs. Loretta Trumbull, Lincoln, vice-state regent; Mrs. Ellen Meister, Norfolk, secretary; Mrs. Catherine Mullen, Plattsmouth, treasurer; Mrs. Malden Horn, Falls City, monitor. Miss Anna Donohue, of O'Neill, was named as the delegate to the national convention which will meet at Colorado Springs July 4th to 6th.

It was voted to hold the next state convention of the order at Norfolk in 1934.

Mrs. Mullen and Mrs. Fred I. Rea, local regent, represented the Plattsmouth court at the state meeting.

### CAPTURE STOLEN CAR

Sunday evening Deputy Sheriff J. E. Lancaster captured two young men, who had possession of a car bearing an Oklahoma license plate, who later acknowledged that they had stolen the car. The two young men had parked the car just off Elm street on North 11th street and as the deputy sheriff came along he was attracted to the scene. In the car was a set of Missouri license plates and which decided the deputy in taking the two men in custody for investigation. The men gave the names of Leonard Anderson and Earl Williams of Dewey, Oklahoma. They claimed that the car was owned by John Williams and uncle of Earl Williams and who had loaned the car to them for the trip north. This morning Anderson confessed that the car had been stolen in Pierce City and that he had picked Williams up along the highway while traveling north to Nebraska. The two men are being held here until the authorities in Missouri can arrive and take them back to face trial for their offense.

### 25TH WEDDING ANNIVERSARY

At the home of Mr. and Mrs. John Zatopek on Saturday evening, May 6th was observed the 25th wedding anniversary of Mr. and Mrs. Belohlovy, parents of Mrs. John Zatopek. It came to them as a great surprise when all of the Z. C. B. J. lodge members were at the house when Mr. and Mrs. Belohlovy arrived. The house was decorated in the early spring flowers. Mr. Fred Duda and Mr. Louis Kostka furnished the music as they entered into the house. A wreath was placed on the head of Mrs. Belohlovy as she stepped into the room. They were presented with a beautiful silver and green bed spread, and silverware. Dancing and card playing was the enjoyment of the evening. At a late hour in the night refreshments were served by Mrs. Frank Kalasek, Mrs. Leonard Davey, Mrs. John Zatopek and Mrs. Louise Smetana.

Those present to enjoy the event were: Mr. and Mrs. John Zatopek, and daughters, Mildred and Alice, Mr. and Mrs. Leonard Davey and son Leonard, Jr., Mr. and Mrs. Frank Kalasek and Florence and Frank, Mr. and Mrs. Joe Stodola and son, Harry, Mr. and Mrs. Tim Wester and daughters, Rose, Alice and Louise, Mr. and Mrs. Louis Smetana, Mr. and Mrs. Frank Kozak, Mr. and Mrs. Louis Kostka, Mr. and Mrs. Al Pendell, Mr. and Mrs. S. Krejci, Mr. and Mrs. Fred Duda, Mrs. Cheahul, Mrs. Davorak, Miss Thelma Davey of Norfolk, and the guests of honor Mr. and Mrs. Belohlovy.

### GRAND HIGH PRIEST HERE

From Tuesday's Daily  
Last evening Nebraska chapter No. 4, Royal Arch Masons, had the pleasure of a visit from Earl Barnett, of Holdrege, grand high priest of the grand chapter of Nebraska. This was a regular meeting and following the session the members had the pleasure of a short address by Mr. Barnett and also short talks by past high priests of the local chapter.

The evening was closed with a luncheon arranged and served by the members and which completed a most pleasant evening for the members of the fraternity.

### UNIVERSITY VISITORS HERE

Miss Ruth Sears and Miss Mary Jape Livermore, of Omaha, were here over the week end as guests of Miss Maxine Cloldt. The young ladies are all members of the Pi Beta Phi sorority at the state university. They motored to Lincoln Saturday evening where they were guests at an interfraternity dancing party held as one of the large social events of the closing school year. They returned to Plattsmouth this morning to resume their studies.

## Missouri River Makes Hard Work for Navigation

Steamers and Barges to Be Used in Work on Upper River Find Bars to Hinder Work.

The Missouri river which it is proposed to make navigable for steamers and barges engaged in commercial shipping, is resisting the efforts of the companies having contracts on the upper river work.

The low condition of the river and the forming of bars have made it difficult for the boats to reach as far as Omaha, where a part of the program of harnessing the river into a six-foot channel is now in progress. A few days ago the "Mark Woods," one of the boats used by the Woods Brothers Co., was stranded on a bar south of Nebraska City and required several days to get the boat afloat and on its way to the north.

Tuesday William Kriskey, who has been engaged as a fireman on one of the boats that has been engaged in the work near St. Joseph, Missouri, arrived here for a stay while the boat on which he is engaged is tied up at Atchison to await more favorable conditions. The boat had been started to Omaha but near Leavenworth encountered bars and low water and which caused the abandonment of the trip for the present and the tying up of the boat at the port of Atchison. It is hoped that the boat may be able to proceed on to Omaha in a short time.

### EXAMINING BANK

From Tuesday's Daily  
J. F. McLean and Fleming Robb, two of the members of the state banking department are in the city looking after the work of their office. They are making the regular examination at the Plattsmouth State bank and will then go on to the remainder of their territory. They have a large part of the state to cover in the regular examination trips. They are not examining the Farmers State bank as was stated in the Journal Monday.

Phone the news to No. 6.

### MORE COYOTES REPORTED

From Wednesday's Daily  
The office of the county clerk is a busy place with the receipt of increasing number of coyotes, both the old coyotes and puppies that are being brought in. This morning Nelson Berger of near Nehawka brought in a sack with five of the puppies and which were alive and very interesting little animals. The coyotes had been discovered in a den located in the hog pasture at the farm. Others who have brought in coyotes in the last few days are H. A. Manners, one old coyote, Arthur Hild of near Mynard, eight, Vilas Spangler of near this city, four, and John Nottleman, one.

### PAYS VISIT TO CITY

From Monday's Daily  
Fleming Robb, member of one of the prominent families of Cass county and well known over the county, is here today looking after some official matters. Mr. Robb is a member of the state banking department, having a position as bank examiner. Mr. Robb is on his official tour over the state in the routine work of bank examination and will make examination of the two banks of this city while here.

Mrs. Louvenia Comer, of Union, was here for a short time Monday afternoon and while in the city was called at the Journal office, renewing her subscription to the semi-weekly edition of the paper.

## Rooster Days in Plattsmouth Coming Week

Wednesday, Thursday, Friday, Saturday, May 17, 18, 19, 20 Set for Dates—Special Prices.

The retail section of the Chamber of Commerce voted Wednesday at their luncheon to have next week featured as special Rooster days in the city.

Starting on Wednesday, May 17th and continuing through Thursday, Friday and Saturday, there will be special prices offered on roosters that are brought to this city for sale. Co-operating with the retailers are the poultry dealers of the city, all planning on making this a great event for the chicken raisers of Cass county and the adjacent trade territory of this city.

The full announcement of the bonus prices will be given in the advertising to appear in the Journal on Monday and which should be watched for by the residents of the county as the prices will be exceptional.

The residents of the city and county can recall the great success of the rooster days last year and the committee in charge of the coming event hope to make this even a greater opportunity for the farmers and chicken raisers.

Watch for the further announcements of this big event.

## Next Week

### AWAIT CONCENTRATION ORDER

The thirty-six young men of Cass county who were selected as the quota of this county in the reforestation work to be undertaken by the U. S. government, are anxiously awaiting the command to get into action.

It is anticipated that the Omaha group of some 494 men that have been at Fort Crook for the past two weeks in preliminary training, will be sent to the scene of their work in the next few days and which will allow the calling of another group of the young men, among whom it is expected that the local group will be included.

The training at the fort will con-

sis of exercises as well as work details that will tend to get the muscles and bodies in proper shape for the heavier work that may be called for in the forest or road work that may be planned by the government.

It is hoped that it may be possible to have the men held in this state for work, but this has not been decided as the work called for in the plan is in national reserves and parks and of which there is but one in the state. The use of the men in erosion work and along state streams in reforestation programs has also been urged by the Nebraska officials and members of the congressional delegation at Washington.

The "gadget" is a little machine that shows the difference between ordinary cord, used in other tires, and Super-twist cord, used in Goodyears... That difference is in the stretch and come-back—you can see how Super-twist cord stretches and comes back, how the cord in other tires loses its life and elasticity... It takes about 3 minutes to tell the story—but as this customer said—"If every car owner could see that demonstration, there wouldn't be anything used but Goodyear Tires."
