

A Fair Mermaid

It would be interesting to know what the wild waves are saying as they survey this beauty in the latest model "kerchief" bathing suit. She is Georgian Young, who finds this style ideal for tanning between dips at the ornamental beach in the World's Fair, Chicago.

A. M. SMITH GRAND MASTER

Omaha.—Archie M. Smith, Pender, was elected grand master of Nebraska Masons at the seventy-sixth annual meeting Tuesday. He will succeed Ralph A. Canaday of Hastings.

Other officers elected were Virgil Johnson, Beatrice, deputy grand master; William C. Ramsay, Omaha, grand senior warden; Chancellor A. Phillips, Cambridge, grand junior warden, and Lewis E. Smith, Omaha, re-elected grand secretary. The new officers will be installed Wednesday.

The new grand master is a graduate of the state university and served six years as county attorney at Pender and two as county judge.

DOING VERY NICELY

Attorney D. O. Dwyer, who is taking treatment at the Mayo clinic at Rochester, Minnesota, is reported as doing nicely and his condition was found to be all that could be desired. His previous operation and treatment has given him the best possible results and he has improved very much. He will remain for a short time at the clinic to receive further treatment and checking up before returning home to resume his law practice.

Urge Grand Island for Home Loan Office

Simmons Mentioned for Vacancy on Reconstruction Finance Corporation Board.

Washington, June 7.—The Nebraska congressional delegation and Arthur Mullen of Omaha, democratic national committeemen, met behind closed doors this afternoon and voted to recommend Grand Island as the location for the main office for state administration of the home loan act. The vote was four for Grand Island, two for Omaha and one for North Platte.

Personnel of the office was not decided, but was deferred to a later meeting. The group also voted to recommend branch offices in Omaha, Norfolk, Lincoln and Scottsbluff.

William Stevenson, chairman of the federal home loan bank board, said today the administration would be guided insofar as possible by the delegation's recommendation for a location, but would not follow it if the selection was considered unwise.

The belief was expressed by certain congressmen that Omaha might still have the main office. It was not definite that a branch office could be established in each district, Stevenson said.

The vacancy on the federal Reconstruction Finance corporation board caused by the resignation of Gardner Cowles of Des Moines was discussed. It is known that the post will go to a midwestern republican, but no definite action has been taken. The name of former Congressman Robert Simmons of Scottsbluff was mentioned.—State Journal.

MODERN WOODMEN CELEBRATE 50 YEARS

Detroit, Mich., June 6.—Modern Woodmen of America celebrate the golden anniversary of the order in their international convention opening here today.

The convention, known as the head camp, brings delegates from nearly every state in the union and four Canadian provinces, representing 12 thousand camps.

A. R. Talbot of Lincoln, Neb., head consul, and Rev. Harry E. Dunnack of Augusta, Me., head chaplain, have important roles in the convention program.

AID FOR SOUTH DAKOTA

Washington, June 8.—Initial grant of \$137,715 was made to South Dakota by Harry L. Hopkins, federal emergency relief administrator. Hopkins said the grant was based upon the incomplete report of public relief expenditures from all sources in South Dakota during the first three months of the present year.

GREENWOOD

Mr. and Mrs. Goodhart Vaut departed for California on last Tuesday, via the Burlington route, and will remain there for some three weeks, visiting with friends and relatives.

Goodhart Vaut was over to Plattsmouth last week, where he was looking after the Burlington station for a few days during the slight illness of the regular agent, who has since been able to return to his work.

Mr. and Mrs. Ira Mease and their son, Walter, were guests at the home of Mr. and Mrs. G. W. Lunciford, where they all enjoyed the occasion very much as they are old time friends.

Col. P. L. Hall was a visitor in Lincoln on last Wednesday, where he was looking after some business matters and during the time he was away, Earnest Laughlin was looking after matters at the bank.

A small child of Mr. and Mrs. Lloyd Grady has been very ill the past week and while everything possible was done for the little patient, it did not seem to show much rallying force during the early portion of last week.

Harry Manibek, who has been employed on the new bridge west of town, was overcome by the extreme heat last Tuesday and was in such condition that he was unable to work the following day. It is hoped that he will soon be able to resume his work again.

Mr. and Mrs. G. W. Holt were out to Aurora on last Sunday, where they took their nephew, who has been visiting here for a time and as well looked over their farm, where they found the crops looking fine, as there has been more rain in that section of the state than here.

Mesdames Dora Leesley and G. W. Lunciford entertained the members of the R. N. A. Kensington of Waverly and provided a wonderful meeting for the ladies of our sister town. A program was had and a social hour, and the visitors were entertained by a delightful luncheon as well.

Mrs. W. A. Armstrong, who has been ill at her home in Greenwood for some time past, still remains poorly and is kept to her bed, although all possible has been done for the patient. Her many friends, and they are many at that, are hoping she will soon be able to be out again.

Work on the bridge leading west from Greenwood has been pushed very rapidly and thus has gotten along so well that at this time the bridge can be used for crossing. This will be a great convenience to the farmers residing on the other side of the stream and is hailed with pleasure by the business men of Greenwood.

Ray Frederick, proprietor of the Murray Farmers Elevator, was a visitor in Murray on Tuesday of last week, where he had some business matters to look after as well as assisting with the receiving of corn while there. The elevator is managed by A. J. Weideman, who is proving an excellent man for the position.

Mrs. Andrew Swanda, wife of the Burlington agent at Brunswick, and her daughter were visiting in Greenwood for a number of days during the past week and were guests at the home of Mr. and Mrs. Ezra Kirk and as well at the home of J. J. Melford. Mrs. Swanda and daughter, Mary, returned to their home in the north on last Tuesday.

Mesdames Lulu Hurlbut and O. F. Peters, the delegates from the Methodist church of Greenwood, were meeting with the other members of the Home Missionary society, which were gathered at their convention in Lincoln on Thursday of last week. Much interesting work was looked after and with the very fine program and the good fellowship the ladies enjoyed the occasion splendidly.

Has House Elevated

C. A. McMartin, wishing his house raised and made higher from the ground, secured Frank Rouse, whose business is to move houses and other buildings as well as raise them, and thus got the services of a most excellent workman in this line.

Mr. Rouse was able to raise the house to the desired height and put a substantial foundation thereunder, letting the house down on its new supporting walls without causing a single crack in the plastering.

Plan Installation May 20th
The Greenwood Masonic lodge are planning the observance of the installation of the members recently elected and have set the date for the observance as June 20th. There will be the regular lodge meeting, with the installation and following which

CASH for CREAM

We pay real Cash for Cream and as high a price as can be secured in Lincoln. You get top price always, and in addition receive it in Cash.

Better Bring Your Cream to
E. L. McDONALD
Greenwood, Nebraska

a banquet will be held to properly celebrate the occasion. The officers elected are Charles Vant, W. M.; E. R. Feucher, S. W.; Ira Snyder, J. W.; C. D. Fulmer, treasurer, and Ben Howard, secretary—a very fine list of men for the officers.

Feared Appendicitis

Mrs. M. G. Wright was taken very seriously ill on last Sunday and as the pain which she suffered was very great, she was taken to the hospital at Lincoln, where she was placed under observation and treatment, and after a few days it was considered that the patient was some better, as she had taken some food that had not given her distress as was the case before. Mrs. E. A. Landon and Mr. Wright were over on last Sunday and visited with the patient, while on Tuesday she was visited by her son, Louis Wright and daughter, Miss Daisy Wright, they finding the mother much better. Hopes are entertained that she will get along without having to resort to an operation.

Hand Showing Improvement

J. J. Melford, who received an injury to one of his hands while at work some time since when a piece of timber fell on him, pinning the member down, and to further aggravate the injury a spike in the timber tore the flesh, is now improving quite rapidly. The wound was very severe and slow to heal for a time, later showing signs of infection, but now healing satisfactorily.

Mrs. Myra Howard Poorly

Mrs. Myra Howard, who has been visiting at the home of Mr. and Mrs. A. D. Findley, who make their home near Emerald, while there was taken very sick and has so remained, being so ill that she is compelled to remain at the Findley home for the present.

Losses Business Hoop

The newly installed grocery that occupied the room where the Newkirk market was formerly located, and which was opened about a month ago, has closed its doors and the stock of goods was shipped to Crete, where the proprietor has a home. Mr. Thompson, the manager of the store, has accepted the management of a cream and produce station at Milford and has moved there to look after the business.

George Trunkenbolz Better

George Trunkenbolz, who has been on the sick list for nearly a week and who was kept to his bed for some four days, is up and about again, although he is as yet not able to resume his work at the store.

A Bargain—for Sure

The special \$1.50 per year price in effect for the Semi-Weekly Journal (good to July 1st) makes it a most unusual bargain. Not alone is the price good on paid-in-advance subscriptions, but by paying up all arrearages and one year in advance, the special offer will apply for the entire time. Better take care of this before the 1st of July rolls around and the special offer is withdrawn.

HOPPER INVASION IS FEARED

Brookings, S. D.—A warning that grasshoppers are hatching in large numbers in central South Dakota and at other scattered points and constitute a potential menace to this year's crops was sounded by A. L. Ford, extension entomologist at the state college. Virtually the whole south-central part of the state, Ford said, shows heavy infestation with a score of counties affected. He expressed fear of a widespread attack on field crops if present hot, dry weather continues for long. Soaking rains thru-out the area, he said, would aid in controlling the pests.

Particularly bad spots were reported by the entomologist in parts of Brule, Charles Mix, Mellette, Tripp, Lyman, Jones, Sully and Potter counties.

Serious damage to small grains and lesser injury to alfalfa, meadows and pasture in eastern South Dakota was reported by M. E. Blystone, meteorologist, as a result of excessive heat, strong winds and lack of moisture.

From Saturday's Daily
Frank J. Domingo, Weeping Water banker, with Arley Dowler of that city, were visitors here today for a few hours, attending to some matters of business.

Rock Island to Use New Bankruptcy Act

Asks Sanction for Reorganization as Result of Maturing Debts—Refused Further Loans.

Chicago.—The Rock Island lines, a major unit in the transportation scheme of the middle west, sought succor from maturing debts under the new federal bankruptcy act. The Railroad Credit corporation, the Interstate Commerce commission and the Reconstruction Finance corporation all had pulled the purse strings tight when the Rock Island solicited loans that would have averted receivership.

Directors of the 8,340 mile line, meeting at New York, found no other way out of its difficulties and authorized the filing of a voluntary petition in U. S. district court. It was filed here, shortly afterward, asking the court to give it the shelter of the new bankruptcy act, and sanction a reorganization without actually adjudicating the railroad as bankrupt. This was the second large carrier to petition the Chicago federal court under the new law.

The Rock Island had gone thru a reorganization period eighteen years ago, emerging from federal receivership in 1917. It was founded in 1880 as an amalgamation on small western lines and now operates in fourteen states from Illinois to Louisiana and New Mexico to South Dakota.

The immediate maturities to be met were principal and interest totaling \$2,100,000 due June 1, and other payments due October and January. The Reconstruction Finance corporation has loaned \$13,718,000 on collateral the Rock Island said was worth \$40,302,465. The R. F. C. refused to grant any further loan.

The directors, in a statement issued at New York, said that a reorganization might have been avoided were it not for the large maturities at a time when there is no public market for bond issues. They stated that total capitalization was only \$57,000 a mile. The railroad's earnings on its common stock were \$10.62 a share in 1926, improved to \$14.04 in 1929 and since have dwindled until the company failed by \$10,000,000 to earn its bond interest last year and is still running short of fixed charges this year.—State Journal.

CAR PLUNGES FROM BRIDGE

Sioux City.—The mystery girl, who was killed when the automobile in which she was a passenger plunged over a bridge northwest of the city, has been identified as Frances Walker, formerly of Grand Forks, N. D.

Identification was established by two members of the city detective force. Jack Cherry, alias Chirpakov, driver of the car, said he did not know the girl's name. He said he met her on a downtown street and invited her to go for a ride. He was only slightly injured.

Miss Mary Troop, of Farnum, Nebraska, is here to enjoy a visit at the home of Mrs. Robert Troop and other of the relatives in this city and county.

SEEK TO CONTINUE SCHOOL

Washington—Postponement of the announced suspension of the Genoa, Neb., Indian school was urged by Nebraskans in conference here with Secretary of Interior Ickes, who promised to give the matter careful consideration.

Senator Thompson, Congressmen Howard, Burke and Carpenter, and Sam Davis, former superintendent of the school, attended the meeting. It was pointed out that the school is more self sustaining than any other of its type because of its sale of livestock. Members of the Nebraska delegation said they will continue their efforts in behalf of the school.

Connie Mack to Lead American Loop Team

Leader of Philadelphia Athletics Will Again Renew Rivalry with John McGraw.

Chicago.—Connie Mack, dean of baseball managers, Saturday accepted the invitation of Will Harridge, president of the American league, to lead the junior circuit's forces against John McGraw and his National league stars in baseball's biggest game at Comiskey park July 6.

McGraw, manager of the New York Giants for thirty years, recently agreed to come out of retirement for one day to manage the nation's choice as National league standard bearers, and Mack's acceptance will renew the most famous individual rivalry in the game.

Mack, who has given Philadelphia nine American league championships and five world titles, and McGraw, winner of ten National league pennants with the Giants, met in three world series. In 1905 McGraw and his men defeated Mack's Athletics, four games to one. In 1911, however, the Philadelphia sages won the decision, four games to two, and repeated over the Giants, four games to one, in 1913.

The latest count on the National league vote Saturday night revealed these leaders:

First base: Bill Terry, New York, 35,261; Jim Bottomley, Cincinnati, 11,149.

Second base: Frank Frisch, St. Louis, 41,273; Bill Herman, Chicago, 7,642.

Third base: Pie Traynor, Pittsburgh, 46,026; Pepper Martin, St. Louis, 8,718.

Shortstop: Dick Bartell, Philadelphia, 26,828; Floyd Vaughan, Pittsburgh, 15,809.

Outfielders: Chuck Klein, Philadelphia, 47,978; Paul Waner, Pittsburgh, 29,178; Frank O'Doul, Brooklyn, 28,704.

Catchers: Gabby Hartnett, Chicago, 47,589; Jimmy Wilson, St. Louis, 14,891.

Pitchers: Carl Hubbell, New York, 45,518; Lon Warneke, Chicago, 40,067; Red Lucas, Cincinnati, 13,734; Bill Hallahan, St. Louis, 11,294.

From Saturday's Daily

W. H. Mark, one of the prominent residents of Union, was in the city for a few hours today looking after some business matters and meeting the many old time friends.

Mrs. Ogretta Austin and little daughter, of Union, were here today for a short time, looking after some matters of business and visiting with friends.

Our Funeral Home

IN planning our funeral home, we desired to provide a place where the funeral service, and the necessary preliminaries to it, may be conducted with the greatest efficiency and comfort in the quiet, dignified atmosphere of a home.

WE believe that we have achieved this. The use of our mortuary is available to all our patrons, though we, of course, are willing to conduct the services from the church or residence when so desired.

Sattler Funeral Home

4th and Vine Plattsmouth

PITS LOSE POPULARITY

The sand pits just south of the Platte river auto bridge, have lost a great part of their popularity in the last few days as the entrance to the grounds has been closed, a gate installed and a gate keeper present who collects the entrance fee to the grounds of ten cents per head. The fact that the pits have no facilities for bathing bench use has caused many to take their plunges in some other place.

The heated spell has shown the popularity of the bathing beaches and the fact that the Murray beach is not open has caused many to drive even to Omaha or Louisville for plunges in the cooling waters.

From Friday's Daily

Mr. and Mrs. Sherman Cole and son, Willis, of near Mynard, were in the city today for a short time, being en route to Council Bluffs, Iowa, where they were called to look after some matters of business and stopping for a visit with the friends here.
