Case from Murdock Attracts Large Number

Charges Filed Against John Kruger by I. G. Hornbeck, Brings in Many to Hear Case.

Thursday afternoon the county court room was filled to its capacity by residents from the west part of the county who came here to hear a case originating at Murdock. This was the hearing of the complaint filed by I. G. Hornbeck against John Kruger for using language to provoke an assault and also to have Mr. Kruger placed under a peace bond.

There was a great deal of testimony offered in the case and the matter tried before a jury composed of Leo Boynton, James Persinger, R. Foster Patterson, John Wickman, C. C. Smith and Albert Olson. After the hearing of the evidence as brought forth in the case, the jury returned a verdict finding the defendant guilty as charged and accordingly the court assessed the fine at \$10 and costs and which was also settled at once. A peace bond in the sum of \$50 was also prepared and signed.

The complaint filed against E. M. Shatto was dismissed by the court for lack of evidence.

BIG FOUR SIGN 10-YEAR TRUCE

Rome, June 7.—The Mussolini four-power pact, whose aim is to assure European peace and open the way for world economic recovery, was signed Wednesday night by the Italian premier and the ambassadors of Great Britain, France and Germany.

In an address to the senate announcing the adherence of the four great European states to the latest draft in the agreement, Premier Mussolini hailed the accord as a 10-year guarantee of peace and security in Europe.

The duce's announcement was cheered by the senate and by diplomatic representatives of the other three participating governments who occupied seats in the gallery. Asserting that negotiations for the pact had met greatest difficulty over the article dealing with disarmament, Signor Mussolini declared that the document as finally approved assures disarmament of the four powers in case of partial or complete failure of the Geneva arms conference.

Alluding to fears of smaller states lest the new agreement institute a great-power directorate which would impose its will upon others, Premier Mussolini asserted that parties to it have no intention of forcing their decisions upon nations which are non-parties.

"The pact is intended to protect the interests of all rather than of single states and is designed to open the way for world reconstruction," Mussolini declared. "Collaboration is intended for all states, great or small, and above all with the United States, without which any durable work of political pacification and world economic restoration is not conceivable," he added.

Drys Plan a United Front Against Beer

Mass Meeting to Be Held June 20 at Lincoln, to Act on Referendum or Injunction.

Prohibitionists over the state led by Superintendent R. P. Hutton of the Anti-Saloon league of Nebraska are planning a mass meeting of drys to be held at St. Paul Methodist church at Lincoln the afternoon and evening of June 20.

The group plans to launch a statewide movement for remonstrance petitions in every city and community to prevent the issue of 3.2 beer licenses. It is also planned to launch a referendum on the beer and brewers' bills, order a court case seeking an injunction against the beer and brewers' bills, and launch a statewide campaign to get out stay at home voters in the November, 1934, election. Action will be taken either for or against these questions at the mass meeting.

Superintendent Hutton says that attempts are being made to secure a nationally known speaker for June 20, it being an aim of the drys to beat the anti-prohibitionists in organizing over the state. Announcement is made that James Farley, who managed the Roosevelt campaign, is coming to Nebraska for eight meetings in July.
