D. A. R. Ladies Enjoy a Picnic at Nehawka

Jonathan Cass Chapter Holds Annual Event at Home of Mrs. Marion Tucker Wednesday

Wednesday evening the annual picnic of Jonathan Cass chapter of the Daughters of the American Revolution was held at the home of Mrs. Marion Tucker at Nehawka, to which event a group of the Plattsmouth ladies, members of the Fontenelle chapter were guests.

The settings were most attractive for the event and the ladies enjoyed to the utmost the delicious picnic supper served them on the lawn and in the pleasantness of an ideal summer afternoon.

A report of the continental congress held in April at Washington, D. C., was given by Mrs. E. H. Westcott, past state regent, as well as Miss Vestetta Robertson. Mrs. Westcott gave a very complete and interesting resume of the various highlights of the convention, the legislation urged and measures advocated in their program of national preservation and defense, while Miss Robertson, who had served as a Nebraska page, gave many interesting incidents of the national gathering.

Mrs. F. R. Gobelman, regent of Fontenelle chapter, gave a few remarks appreciative of the delightful event in which they had been invited to join.

The Jonathan Cass chapter is composed of ladies residing at Nehawka, Weeping Water and Avoca, and is one of the live and active chapters of the state.

The Plattsmouth ladies attending the picnic were Mrs. F. R. Gobelman, Mrs. E. H. Westcott, Mrs. F. G. Morgan, Mrs. Otto Keck, Miss Carolyn Baird, Miss Vestetta Robertson, Miss Pearl Staats, Mrs. Mae Morgan, Mrs. Geo. B. Mann and Mrs. L. O. Minor.

MARRIED IN CALIFORNIA

The marriage of Edward Mullen former popular Plattsmouth young man, and Miss Marie Martin, former Omaha girl, occurred on Wednesday morning at 8 o'clock at the church of the Immaculate Conception, Los Angeles, California.

The wedding was attended by the friends and relatives of the happy young people residing in the California city, and following the celebration of the nuptial mass of the church, the bridal party were entertained at a charming wedding breakfast at the Mona Lusa cafe.

Mr. and Mrs. Mullen departed after the breakfast for Santa Marie California, where they will enjoy a short honeymoon before returning to Los Angeles, where they will be at home to their friends at 1209 South Lake street.

The young people will receive the heartiest best wishes from the friends in this city on the new happiness that has come to them and for a future filled with success.

The groom is a son of Mr. and Mrs. Frank Mullen of this city and was for some time engaged here with his father and brother in the meat market and grocery, later going to the west coast a year ago, where he has since resided.

The bride is a native Nebraskan and formerly resided at Omaha, where they had a large circle of warm friends among her acquaintances. She also has made her home in Los Angeles for the past few years.

VISITS IN CITY

From Thursday's Daily

Mr. and Mrs. Henry Albert, residents of near Louisville, were in the city today to spend a few hours with relatives and friends and looking after some trading. While in the city Mr. Albert called at the Journal office and renewed his subscription to the semi-weekly edition of the paper. Mr. Albert reports that his section of the county had a slight rainfall the first of the week but a great deal more rain is badly needed.

This afternoon Mr. and Mrs. Albert with Henry Sanders, father of Mrs. Albert, departed for the state of Washington where they are to enjoy a visit with relatives.

GOES TO KANSAS CITY

Joseph E. Hartford, who graduated on June 12th from the Iowa State college at Ames, departed this morning for Kansas City, Missouri, where he has accepted a position. Mr. Hartford had accompanied his parents, Mr. and Mrs. C. E. Hartford, back from college and had expected to remain here several days but was called to take up his new work at once. He will enter the service of the U. S. Gypsum Co., where his brother, Willis Hartford, is also employed. Mr. Hartford has been a student in the college of engineering at the Iowa State college, one of the best known institutions of its kind in the country, and is well pleased that he has secured this excellent position so soon after his graduation.

Plan Work on Louisville State Park Grounds

Civilian Conservation Corps Will Establish Camp Roosevelt to Look After Work There.

Guy Spencer, Omaha; M. M. Sullivan, Spalding, and George Hastings, Grant, members of the fish and game commission, and Frank B. O'Connell, chief, accompanied by a landscape artist, were at Louisville, says the Courier, planning improvements to be made at the state recreation grounds this summer by the 200 members of the forestation camp to be stationed here by the first of July. The committee went from Louisville to the state fish hatcheries at Gretna and also to the recreation grounds at Memphis, these three points to be considered by workmen from the Roosevelt camp to be located near Louisville.

The improvements outlined by the landscape artist will consist of building scenic drives around the lakes, smooching a number of unsightly sand banks which surround the lakes, rimming trees and removing underbrush, planting ornamental trees in the fall and beautifying the grounds generally.

A great amount of work can be accomplished by this large force of men during the four or five months they will be stationed at Louisville, he good that will result is of inestimable value. The work they will do is such that could not have been secured through state appropriation channels for many years to come and will mean the placing of the recreation grounds on a par with any in the nation. In addition, the locating of the camp will bring in considerable money, both as regards that spent by the men themselves and the purchase of supplies for the camp by the government itself.

The forestation camp, which has been designated as Roosevelt camp, will be located just northeast of town. City water mains are being put in and everything will be in readiness when the men arrive.

BOARD TAKES ADJOURNMENT

From Friday's Daily

The county board of equalization composed of the county commissioners, county assessor and county clerk, which has been in session this week at the court house, has taken an adjournment. The board will reconvene on Monday, June 26th for the purpose of hearing complaints.

The board of education of school district No. 22, the city of Weeping Water, has filed objections to the valuation of the Peoples' Gas & Electric Co., which matter will be given a hearing by the board when the parties interested may appear and lay their case before the board.

HAS CAR SMASHED UP

Friday evening while Frank Aschenbrenner and family were visiting at South Omaha with relatives and friends, they had the car in which they were driving, badly damaged in a collision with another auto. The accident occurred at 20th and O streets, the other car suddenly driving out of O street and sideswiping the car of Mr. Aschenbrenner with the result that the fenders and running board on one side were badly damaged. The family was able to get home, however, by having the car temporarily repaired.

Washington to be Main Objective on Scout Tour

Entire Week in the Nation's Capital One of Outstanding Highlights of the 1933 Journey.

Scoutmaster Robert D. Murphree, of Louisville, accompanied by most of the members of his Scout troop and a few other Cass county youths, will leave early Monday morning, June 29, on the fourth annual "gypsy hike," a trip scheduled to cover the greatest number of miles of any taken to date, and with more boys than have heretofore gone.

A body has been built on the large trailer chassis secured in the south last year, and with their route almost entirely over paved roads, Rev. Murphree expects to take twenty-five or twenty-six boys, together with limited clothing and camping equipment. The seats are arranged down the middle of the trailer with the boys sitting back to back, instead of along the outer edges as last year.

Each boy pays the sum of \$5 for transportation, including their proportionate share of bridge tolls, and a like sum is estimated to be sufficient to cover the cost of food consumed on the trip. As heretofore on these trips, each boy will do his own food buying and cooking, Rev. Murphree acting as purser and distributing their money to them as needed for that purpose. A limited supply of canned goods will be taken, sufficient to last until their arrival in Washington and some more bulky items of foodstuff that have been donated will be shipped to that point, for use from there on. In addition, first day "lunch boxes" will be carried that will eliminate necessity of going to the "pantry" at least until their second day out.

The party will carry here to pick up five local boys who are to accompany them, and then head eastward across Iowa, Illinois, Indiana, Ohio, into Pennsylvania and southeasterly to Washington. They expect to reach the capital city Thursday afternoon, June 29th or some time the following day.

Their stay there will comprise an entire week, with short trips from their base camp to places of interest in that section of the country. The Fourth of July will be spent in viewing some of the imposing sights of that city, and they will not break camp before the 6th, or possibly one or two days thereafter.

They are looking forward to the opportunity of shaking hands with President Roosevelt unless the press of government business is too great to permit of spending a few moments welcoming the Nebraska boys. If so, they will have to console themselves with a visit to the White House on a pass secured for them through courtesy of Hon. John Morehead, congressman from this district.

From Washington they will head southward through Alexandria and Fredericksburg to Richmond for an overnight stop and possibly spend a day in the southern capital city, going on into the Carolinas, with Charleston, S. C., as their objective for the second week-end. This will be their only ocean shore point of stop and all are looking forward to another swim in the Atlantic, such as they enjoyed last year at Jacksonville, Florida.

From Charleston, the route will be westward to Atlanta, Georgia, at which point they expect to spend two or three days, thence to Chattanooga and its historic Look-out mountain, towering high above the beautiful Tennessee river valley. The third and concluding week-end of their trip will be spent in Chattanooga. On Monday morning, July 17th, they will start for home, going northward through Nashville, Bowling Green (the site of Mammoth cave) and Louisville, Kentucky. From Louisville the route will be westward to St. Louis and Kansas City and thence north through Kansas, for home. The date of their arrival here is planned for Friday, July 21st.

Due to congested traffic on northern highways radiating out of Chicago and the great responsibility of looking after so many boys at the World's Fair, Rev. Murphree concluded to abandon that part of the

trip that would have taken them to Detroit, into Canada, Niagara Falls and New York City and spend a greater length of time in Washington, which is known as the sight-seers' paradise. This arrangement also permits of a stop in Atlanta, which was passed hurriedly through last year.

It will be a great trip and like those heretofore taken under guidance of Rev. Murphree, will afford the boys privileged to go an opportunity of seeing more of this old nation of ours than falls to the average person in an entire lifetime.

The boys from Plattsmouth who are scheduled to make this year's trip include Billy Rosenkrans and Jimmie Webb, who went last year; John Bestor, Warren Reed and Frederick Fricke.

Paving on No. 24 Being Rushed to Completion

One Mile of Project Remains as Workers Push Laying Concrete on Eastward to Union.

The long period of dry weather has been most favorable for the contractors on the paving of Bryan highway, or No. 24, from Nehawka east to Union, there being now but a little over a mile of the highway to complete. When this is finished there will be paving from this city clear to the Nehawka corner and which will give the residents of that section a fine roadway into the county seat.

The work was started a mile west of the Nehawka corner and is now at a point near the bridge west of Union approaching the town through which the twenty-foot roadway will be laid to the junction of No. 24 and No. 75 east of Union.

Herbert Schwadron, engineer for the state is well pleased at the rate of progress and which should insure completion in ten days or two weeks from the present outlook. In one day 1,300 yards of paving was laid and at that rate there will be but a short time before the work is wound up.

With additional federal funds that will be available for the road work in the state, there has been hope that possibly the remaining stretch of the highway from Nehawka to the vicinity of Eagle might be completed this year, but nothing definite on this work has been announced as yet.

DIES IN KANSAS

Word has reached here from Wichita, Kansas, of the death in that city of Harold Manspecker, 26, son of Mr. and Mrs. Harry Manspecker, former residents of Plattsmouth several years ago. The deceased was taken with a sudden attack of appendicitis and hurried to the hospital, but the appendix had ruptured and peritonitis had set in and from the effects of which the patient was unable to recover and gradually grew worse until death. The many old friends of the family here will regret to learn of the death of the young man and extend to the family their deepest sympathy.

HAS CAR STOLEN

From Friday's Daily

William Ketelsen of this city, who is employed at the McFadden-Stuart garage in Omaha, yesterday afternoon had his car stolen from the vicinity of the garage building where it was parked. The car was reported to the police department of Omaha but so far has not been recovered. The theft of the car has proven a great inconvenience to Mr. Ketelsen who has been driving back and forth to his work from this city.

VISIT IN THE CITY

Miss Olive Gass has had the pleasure of a visit from a cousin and wife from Cleveland, Ohio, who are en route to Dakota for a short visit. The party comprised Mr. and Mrs. Edward Donahue, who have been attending the Century of Progress Exposition at Chicago and are now en route to South Dakota to visit the parents of Mr. Donahue. They will spend some time with the parents and then return home to Cleveland.

Four Die in Auto Wreck at Murray Grade Crossing

Party of Geneva Residents, Driving to Fort Crook, Have Car Smashed at Railroad Crossing.

Four persons are dead and two seriously if not fatally injured, as the result of a wreck last night at 10:45 at the Missouri Pacific railroad crossing at Murray, when the car driven by O. L. Bailor of Geneva, Nebraska, drove into a fast through southbound freight on the railroad.

The dead: O. L. BAILOR, 50. ROBERT BAILOR, 18. LAWRENCE MERRILL, 21. FRANCES BAUMGARTNER, 17. The seriously injured are: Mrs. O. L. Bailor. Miss Edith Bailor, 13.

The Geneva party were en route to Fort Crook where they were returning Robert Bailor and Lawrence Merrill, who had been home for a Sunday visit and were en route back to the conservation camp at the fort. This information was given by other members of the Geneva group at the fort who came here when the news of the accident was first received.

The Bailor car had apparently driven on the tracks, not seeing the moving train, as the front part of the sedan was smashed very badly and the wreckage had been carried some distance. The bodies of Lawrence Merrill and Robert Bailor were hurled clear of the wreckage and very badly mangled as the result of the accident, they with Mr. Bailor being caught in the front seat of the car as it struck.

The injured were taken to Omaha and placed in the University hospital. The injured women were given stimulants and while their injuries were very severe, it was thought that possibly the mother at least might be saved as it was thought that she had a fighting chance for life.

The dead were brought on into Plattsmouth and prepared here, later being taken to Lincoln from where they will be sent on to Geneva.

The fast freight that struck the car had passed through this city at 10:30 and given a clearance through to Union and traveling at a high rate of speed.

Sheriff Homer Sylvester and several from this city responded to the call for assistance and assisted in caring for the dead and wounded.

The railroad train crew who were unaware of the accident until they reached Auburn, stated that the car had struck an oil tank car, twenty-eight cars from the locomotive of the train.

YOUNG PEOPLE MARRIED

Thursday afternoon Mr. and Mrs. Howard Clark of this city departed for the western part of the state where they are expecting to make their home in the future, Mr. Clark being engaged in farm work there.

The young people were married on Wednesday at Nebraska City, the bride being formerly Miss Velma Wright of this city.

The marriage lines were read by Rev. C. L. Long of the Christian church.

The bride is a daughter of Mrs. Elizabeth Wright and has grown to womanhood in this community and where she has a large circle of friends, while the room is a son of Mr. and Mrs. C. L. Clark and has made his home here for the past several years. Mr. Clark is one of the popular young men of the community and highly esteemed.

The friends will join in their well wishes to the estimable young couple who are now starting on life's journey together. In their new home in the west they will carry the desire of the friends for their future happiness and success.

A NEW ARRIVAL

Last Thursday, June 8th, the home of Mr. and Mrs. Louis Herrington was made happy by the arrival of an eight pound baby boy. The mother and baby are getting along nicely. Mrs. Herrington is the eldest daughter of Mr. and Mrs. Clyde Lovelless of this city and a granddaughter of Mr. and Mrs. C. F. Morton of Union.

ENJOYED AIR TRIP

From Thursday's Daily

H. A. Schneider returned last evening from the meeting of the committee of the state bankers' association at Norfolk, making the trip to and from Omaha in company with a group of the bankers and via the air route. The party found the morning trip excellent, although the air was not so good on the return. The trip was made in some fifty minutes as against several hours by the auto route and was a very delightful experience for the financiers.

While at Norfolk, Mr. Schneider had the pleasure of a visit with George K. and Ralph Petring, former Plattsmouth residents, who are now conducting the Ford agency at Norfolk.

Masonic Lodge Holds Installation Friday Evening

L. F. Terryberry Master of Lodge for New Term—W. A. Robertson, Grand Marshal, Installs.

Plattsmouth lodge No. 6, A. F. & A. M. held their installation of officers Friday evening at the lodge rooms in the Masonic building and despite the warm weather, a pleasing number of the members were in attendance.

The installation was conducted by William A. Robertson, past master and grand marshal of the grand lodge of Nebraska, assisted by L. L. Wiles as marshal.

The officers installed were as follows: W. M.—Leonard F. Terryberry. S. W.—Leonard Born. J. W.—Carl J. Schneider. Secretary—L. W. Niel.

Treasurer—Frank A. Cloyd. S. D.—Lester Meisinger. J. D.—R. Foster Patterson. S. S.—Anderson Lloyd. J. S.—Russell Reeder. Tyler—John E. Schutz.

The officers just installed will hold office until the first of the year, the recent grand lodge in session at Omaha, having changed the lodge year to conform with the calendar year. The next officers selected will take their office at the first of the year.

RECEIVES TWO FINE DONATIONS

Rev. Murphree, who takes a group of Boy Scouts on long tours each summer at amazingly low cost, has received two fine contributions to aid in the making of this year's trip that convinces him the boys' work he is doing is appreciated by those familiar with it. The Plymouth Motor Corporation has provided for a complete check-up and overhaul of his car the fore part of next week in the garage of Andrew Murphy & Sons, of Omaha, who are Chrysler and Plymouth distributors in Nebraska. This will be the third year for this Plymouth car to pull the heavy load of boys, camping equipment and provisions, in 1931 through the Black Hills country and last year on the long trip to Jacksonville, Florida, and although the mileage is near the 40,000 mark, inspection of the gears shows no perceptible wear and only a limited amount of work will be required on the motor.

The second large donation received came yesterday, comprising \$30 in coupon books, redeemable at Sinclair gasoline stations along the way and contributed by that company who expressed great pleasure at the fine trip that seems to be in store for the boys this year.

Numerous contributions of medicinal and first aid supplies and foodstuffs, including one of two cases of canned goods by the Norfolk Packing company of this city, have also been received.

OPENS 100 PER CENT

The Home State bank of Louisville, which has since the bank moratorium been operating on a restricted basis, has now opened up 100 per cent, reports from that city state.

The bank received the authority of the state banking department Wednesday to open up for the regular transaction of business in all lines and is now operating unrestricted.

New Kittenball League is Now Fully Launched

Teams are Lined Up and Schedule of Games Arranged for Coming Week—Name Umpires

At a meeting of several managers and others interested in the formation of the Plattsmouth Kitty league Friday night, arrangements were worked out to start the league off on Tuesday night of next week. Thus far eight teams have prepared entry lists with the prospects that other teams will want to get in next week. There must be an even number of teams in order to work out a schedule and the ninth team in prospect now will be headed by the Chevrolet company. It will be admitted provided a tenth team can be found. If there are more teams made up, ample provision can be made for them, but the League must get under way next week.

The game has grown so popular that even the ladies are anxious to organize a league of their own, with two teams organized already. With a number of teams anxious to play and the playground limited due to the fact that the Red Sox also use the athletic field, further meetings will have to be held to work out the final plans. There are also a number who have not been signed by any team who want to play and these will be taken care of providing additional teams can be organized.

The following teams and managers have been certified so far: Krejci Wildcats (Henry Krejci); Fetzer Shoe Co. (Clement Wester); Red & White (Hilt Martin); M. E. Y. M. B. C. (Wilbur Hall); Ofe Eagles (Carl Ofe); American Legion (Jim Persinger); Presbyterian Church (Carl Schneider); BREX (Harry White).

The schedule as worked out for next week is as follows: Wednesday, Krejci Wildcats vs. Fetzer Shoe Co.; Thursday, Red & White vs. Methodist Y. M. B. C.; Friday, a double-header, beginning at six o'clock: Ofe Eagles vs. American Legion and Presbyterian Church vs. BREX. This will start the league off and further arrangements for additional teams, if they enter, can be made at another meeting Tuesday night. The league at this time is not a closed affair and as far as possible every one who desires to play will be taken care of.

The list of umpires includes the following: H. A. Schneider, E. G. Shellenbarger, Glen Woodbury, Jim Hoimes, Fred Lugsch, Henry Ofe, Roy Cavender, John Smith, O. Sandin, Frank Bestor and Joe Capwell.

EXILED FROM THE CITY

Robert Dickey, who has several times been arrested on charges of violation of the liquor laws, the last offense being a few days ago, is to be an exile from the city. This was the fourth offense of Mr. Dickey in law violations and which would permit of the filing of a complaint against him that under the laws of the state would earn him a term in the penitentiary. The age of the man was such that it was decided to give him the choice of leaving the city permanently or taking the sentence that the law prescribed for the fourth offense. Mr. Dickey agreed to take himself from the confines of the city and remain away and asked that he be given transportation to St. Louis, where he has relatives. It was agreed that he be provided with transportation and as soon as he can dispose of what household goods that he possesses, he will be on his way to the gate city of Missouri.

WALRADT REUNION

Mr. and Mrs. Henry Ahl entertained about 50 relatives at their home recently at the annual reunion of the Walradt family, of which Mrs. Ahl is a member. This is an event that is much enjoyed from year to year, and while all cannot attend each year, those who get together have a good time talking over olden times and those who come bring reports from others who are absent.

The big event of the occasion is the fine dinner which is enjoyed, each one bringing along something to add to the feast.—Louisville Courier.
