The following is a review on the past year's work: The first meeting of the club year was held in October at the home of Miss Grave Livingston. The meeting was called to order by the president, Mrs. E. H. Spangler.

At this meeting an interesting lesson on "Keeping Clothes Wearable," was presented by the leaders, Mrs. C. L. Wiles and Mrs. Elbert Wiles. Demonstrations in ways of cleaning and ways by which old clothes may be made over were very ably given.

The November meeting was held at the home of Mrs. Glenn Wiles. "Christmas Hand-craft" was shown by the leaders and each member was soon making wreaths, dolls, tinker toys, tree decorations and Xmas cards.

Discussions were entered into as to how the "Holidays at Home" might be made more pleasant such as dressing up a tree, gift suggestions and recreation.

At the home of Mrs. Sherman Cole was held the December meeting. The leaders instructed the members in "Aids in Home Nursing." This covered the sick room and its furnishings, daily routine in sick room, making the bed, bathing the patient, care of mouth, making bed with patient in it, cleaning the room, prevention of disease, etc. Ellen Louise Cole kindly consent to act as the patient so that the leaders might demonstrate the lesson.

"Home Preservation of Meats" was the lesson in January. Mr. Wainwright and Miss Baldwin conducted an instructive meeting at the Community Hall in Mynard. The members of the club joined the leaders at Mynard for this lesson.

The February meeting was held at the home of Mrs. Howard Wiles where the leaders demonstrated "Cheese Making in the Home." This was one of the most interesting lessons of the year.

In March the club met at the home of Mrs. Ralph Wiles. The leaders demonstrated very successfully the baking of various bread rolls, such as Swedish roll, Danish tea roll, parker house, crescent, cinnamon, pecan and fruit rolls. The club members were soon trying these methods as well as other breads and found them to be very good.

"Recreation was the lesson for April. This meeting was held at the home of Mrs. Myron Wiles. Games of various kinds were demonstrated.

Election of officers for the coming year was held. The following were elected: President, Mrs. E. H. Spangler; vice-president, Mrs. Ralph Wiles; secretary-treasurer, Mrs. Glenn Wiles; reporter, Mrs. Myron Wiles; social leader, Mrs. Sherman Cole; project leaders, Mrs. Elbert Wiles and Mrs. A. L. This completed the year's work but the members were loath to separate for the summer and decided to carry on thru the summer months.

In May the club met at the home of Mrs. Elbert Wiles where another bread demonstration was held. The leaders were glad of another opportunity to get this lesson.

This month the club expects to hold a picnic for the members and their families.

The two new members who have joined our club are Mrs. Roy Cole and Mrs. Paul Ambrose.

At each club meeting the songs of the month were sung under the leadership of Mrs. Sherman Cole. Refreshments were served by the hostess at each meeting which were very much enjoyed.

The club is very grateful to the project leaders, Mrs. C. L. Wiles and Mrs. Elbert Wiles for their patience and instruction so efficiently given.

RECEIVE NOTICES OF CUT

The notifications of the reductions that will be made in the pension allowances of the Spanish war veterans have commenced to be received by local veterans. The slashes that are made in the allowances will be effective of the date of July 1st with the veterans receiving the old allotment for the month of June. Notices have been received that those who have been receiving \$60 per month would be cut to \$30. While on non-service connected disabilities where the veteran is 55 or over the pay will be \$15 per month. Many of the veterans who have been receiving pensions under the former law will be dropped from the rolls entirely as the law becomes operative.

The reduction in compensation of the world war veterans will also come under the new law and they will soon be notified of the proposed changes and the ruling that cases will be reviewed to determine the question of service connection. The large number of the world war cases has made necessary the holding up of the changes until October 1st in order that the cases may be reviewed by boards in various sections of the country. A great many in this community will be affected by the ruling.

SAVES SON'S LIFE

Howard Seldon, 37, of Omaha, by dropping his son from the Platte river bridge north of this city Sunday, saved the life of his son, Robert, 10, whose clothing was aflame from burning gasoline.

Mr. Selden, who is a brother of Mrs. Howard Jackman of Louisville, with his family had started on a fishing trip to that place, but had abandoned it and later started for home, returning via Plattsmouth.

The Selden car had caught fire and Robert was burned when gasoline saturated his clothing. The father first crushed the boy to his chest to smother the flames. Then, seeing this was futile, rushed to the side of the bridge and dropped the lad (who cannot swim) into the water.

Robert landed in two feet of running water, extinguishing the fire. Getting a line of hose carried in the car, the father tossed one end to the boy and drew him safely to the bridge.

Mr. and Mrs. W. O. Troop have a wonderful plant growing in their yard, that is filled with white blooms. It is known as the Yucca plant or soap plant and has been there for more than forty years. It has a most peculiar characteristic, blooming only during dry seasons, and they say there have not been a dozen years in the forty that it has bloomed, this year being one of the few. It is a very beautiful plant when in bloom. The roots of the plant produce lather when placed in water not unlike that created by soap and they were used by the Indians in place of soap during the years that this rapidly vanishing race roamed the plains of the middle west.
