Nebraska Municipalities Discuss New Beer Law

Meeting of Nebraska Municipalities at Lincoln Takes Up Matter of City Ordinances.

A "model" beer ordinance for Nebraska cities and villages was the subject of discussion at a meeting of the Nebraska League of Municipalities at a meeting held at the Hotel Cornhusker at Lincoln on Thursday afternoon.

The attendants were mayors, city attorneys and several of the councilmen of the various cities of the state. Attorney Paul F. Good was in attendance at the meeting and gave his views on the proposed ordinance that will be made necessary by the operation of the "beer law" effective on August 10th.

Among the topics contained in the ordinance are occupation taxes, sales zones and closing hours, according to C. E. Beals, of Crete, secretary and treasurer of the organization, who presided. Because of the "looseness" of the Nebraska beer bill, many questions as to the sale and handling of beer are optional with the individual municipality, Beals said.

R. P. Hutton, superintendent of the Nebraska Anti-Saloon League, was invited to take part in the discussion, but failed to make an appearance.

MURDOCK ITEMS

The east window of the Thimman Cafe presented a very beautiful appearance last week by reason of a very fine job of decorating which had been done.

Bert Menchau, of Elmwood, was a visitor in Murdock on last Friday, coming to look after some business matters and as well as a visitor with a very dear friend.

Chris Neben, residing a few miles west of Murdock and north of Alvo, has been in a very poor condition of health and has been kept to his bed at the home for a number of days.

Mrs. Lawrence Race and the kiddies were over to Auburn during the greater part of the past week, where they were enjoying a visit at the home of Mrs. Race's mother, Mrs. Margaret Falk.

Uncle Henry Gakemeier and wife were over to Greenwood, where they were visiting at the home of their daughter, Mrs. Rex Peters and husband. They were driven over by their daughter, Miss Peadie.

Paul Kupke, son of Mr. and Mrs. Charles Kupke, residing northeast of town, has been in a bad state of health for the past week or more and has been kept to his bed and under the care of the family physician, Dr. L. D. Lee. His many friends are hoping he may soon be able to be up and about again.

Misses Elizabeth and Geraldine Rikil, daughters of Dr. and Mrs. Arthur Rikil, who have been visiting in and about Murdock for the past two weeks and while here were the guests of relatives and friends, departed on Thursday of last week for their home, after enjoying the time very pleasantly.

The Royal Neighbors of America were meeting on last Wednesday afternoon with Mrs. L. R. Gorthey, where they looked after the affairs of the order and transacted what business there was to look after and following which they enjoyed a social time and were entertained with a delightful luncheon served by the genial hostess.

Make Short Visit Here

Francis Neitzel, son of Mr. and Mrs. Herman Neitzel, of Boise, Idaho, who has been attending school at South Bend, Indiana, with the conclusion of the school year visited for a time at Detroit, and following that for a time with his grandmother, Mrs. F. R. Guthmann, of Plattsmouth, and his aunt Miss Minnie Guthmann, departed on last Wednesday for his home at Boise, driving his car. He was accompanied by Miss Minnie Guthman, his aunt, and they stopped in Murdock for a short time as they passed through here last week.

Chicken Thieves Make Fat Haul

At the home of Mr. and Mrs. Alvin J. Neitzel on last Monday night, thieves looted the chicken house of Mr. Neitzel, stealing some fifty of his chicks. A shower of rain placed the roads in such a condition that the thieves were able to be tracked a considerable distance and their car tracks were plainly visible until they came to the gravelled road near South Bend, where they were blotted out by the tracks of other cars and the trail was lost. It is high time that something be done to apprehend the organized gang of thieves who loot the chicken houses over the country.

Enjoys His Pet Pigeon

Emil Lau, who has many pigeons on his farm presented one to his little friend, Larry Lee, son of Dr. and Mrs. L. D. Lee, and with the use of kindness, Master Larry has made a very close friend of the pigeon and they are close pals. Larry will ride on his kiddy car and the pigeon will fly, lighting on the boy's head, when he will ride along with all the stateliness of a king on his throne.

Max Dusterhoff Visited Here

Max Dusterhoff, who was a painter and decorator in Murdock for a number of years, but who has been located in Los Angeles for the past seven years, was a visitor here for several days during the past week, calling on his old friends. He enjoyed renewing acquaintances with a great many of those he had known in the years gone by, but found a

considerable number who like himself have moved away and others who have answered the call of that grim old reaper. He left the latter part of the week for his home in the west.

Produce Station Changes Hands

Mr. and Mrs. E. J. Cooley, who resided here during the past month while engaged in the conduct of a produce business and cream station, have gone to Lincoln, while J. H. Warren has been sent here in their place and is conducting the station. He will move here as soon as they are able to find a home suitable for their needs.

Fished at Fremont

Messrs. A. J. Tool, Lacey and Bryan McDonald were over to Fremont for a few days, where they camped out and enjoyed the fishing at that place in the Platte river, which is considered to be one of the very best fishing grounds along this historic stream. While they were away, Mrs. Hannah McDonald conducted the drug store and Douglas Tool looked after the harness and hardware shop and the substitute carrier carried the mail.

Rob Deep Rock Station

The Deeprock bulk gas station was robbed on last Monday night and a large quantity of gas and oil taken, as well as a number of cans and some tools. Every precaution has been exercised to prevent the looting of this place, but to no effect, for the thieves were able to break the locks and loot the place in the middle of the night. It would seem that thieves would be inclined to give Murdock a wide berth since the killing of a burglar here a few months ago, but they evidently did not know of the other robbery and the killing of the man, or else they had no fear of the consequences. Deputy Sheriff Lancaster was out and looked over the grounds, obtaining as much information as possible, to be used in an effort to trail down the culprit.

Entertained in Honor of Friend

At the home of Mr. and Mrs. O. E. McDonald on Friday of last week the members of the Royal Neighbors of America, of which Mrs. William Meyer is a member, a reception and shower was given in honor of the young mother to be and a large number of her friends were present to help make the afternoon a most enjoyable one. Social conversation and a delightful luncheon contributed to the pleasures of the occasion and a goodly number of beautiful and useful gifts were presented to Mrs. Meyer as a testimonial of the friendship and love of those present for the guest of honor.

Give Showers for Coming Bride

Mrs. August Brunkelman at her home southwest of Murdock on last Wednesday entertained in honor of Miss Esther Haertal, who is soon to become the bride of Carl Meyerjudgen, and had a large number of the friends at the reception who enjoyed the afternoon and also the very fine luncheon which was served by Mrs. Brunkelman. Many useful and beautiful gifts were given.

Gave Very Fine Program

At the Murdock church on last Sunday was given a very fine presentation of Children's Day, when a fine program was presented and which was enjoyed by the large crowd who packed the church building and an overflow crowd who were able to hear through the open windows. A neat sum of over \$24 was realized for the work of the Missionary societies.

Miller-Frisbie Nuptials Thursday

On Thursday, June 22, occurred the wedding of Ruth O. Miller daughter of Mr. and Mrs. Otto H. Miller, of Murdock, Nebr., to Milo F.

Frisbee, son of Mr. and Mrs. George Frisbee, of Alvo, Nebr. The ceremony was solemnized at 8 o'clock in the evening at the Evangelical church in Murdock, Rev. H. R. Knosp officiating.

The setting for the ceremony was beautifully decorated with candleabra, ferns and garden flowers.

Preceding the ceremony, Charles Long, an uncle of the bride, played a cornet solo, "Perfect Day," followed by a vocal trio by the groom's three sisters, Mesdames Fischer, Linder and Coatman singing "At Dawning."

For the entrance of the bridal party, Mrs. Elmer Miller played the Lohengrin Wedding March and for the recessional she presented Mendelssohn.

The bride was attractively attired in a white ensemble, wearing a white turban and white accessories. She carried a corsage of white roses and baby breath. Miss Loretta Ruge, her attendant was dressed in a dark blue ensemble with white accessories. She carried a corsage of pink roses and sweet peas.

Dale Rumlind, of Lincoln, attended the groom as best man, and the ushers were Alvin Backemeyer, of Murdock, and Kenneth West of Elmwood. All wore white trousers and dark coats.

Following the wedding, a reception was held at the home of the bride's parents for seventy guests. Mesdames Bryan MacDonald and Edle Craig had charge of the serving, assisted by the Misses Meta Riekman and Hilda Schmidt.

The bride is a well known young lady of the Murdock vicinity, having graduated from Murdock High school in 1928. She then attended the University of Nebraska and North Central college at Naperville, Ill. The past year she has taught school near Murdock.

The groom graduated from Elmwood High school in 1927, later graduating from the Worsheim College of Undertaking in Chicago.

After a short wedding trip they will be at home near Alvo.

The Journal joins with the many friends in extending congratulations and best wishes.

Great Lakes is Linked to the Gulf of Mexico

Waterway Officially Given Dedication in Chicago Ceremony Yesterday.

Chicago.—The joining of the great lakes with the gulf of Mexico—1,000 miles away—by a 102 million dollar inland waterway was completed officially Thursday. Half a dozen squat freight barges were pushed up the Chicago river, a stream made to flow backward by man's engineering genius, and entered Lake Michigan. It was the first cargo of freight, enough of it to fill sixty railroad cars, to arrive in the northern lake waters from the southern states and from foreign ports via the waterway.

Officialdom of the federal government, of a score of cities and of a dozen Mississippi valley states greeted the barges from the deck of a sunboat. These officials, among them Secretary of War Derr, hailed the opening of the waterway as placing the land-locked midwest on a closer transportation parity with the coast states and as providing industrial stimulus for the entire nation.

The waterway proper extends ninety-six miles from Lake Michigan at Chicago to the Illinois river at Utica, Ill. In completing it, engineers used the channels of the Des Plaines and Illinois rivers and the Chicago sanitary district canal. Five powerful locks capable of lifting and lowering 30,000 tons of freight a day and separated by miles of virtual lakes make possible the operation of the channel. The locks make up for the difference of 129 feet in elevation at the ends of the waterway.

Bringing to the ceremonies a message from President Roosevelt, Secretary Derr said the president saw in completion of the waterway "the manifest destiny of the midwest."

"He (the president) knows that his valley is the storehouse of the nation," Derr said, "that it produces 70 percent of the country's agricultural products, 50 percent of its manufactured products and 60 percent of its exportable surplus; and that within its giant embrace repose 98 percent of its iron ore deposits, 82 percent of its coal and 70 percent of its petroleum stores."—State Journal.

From Saturday's Daily
 George E. Nickies, of Murray, representative from Cass county in the last legislature, was in the city today visiting friends and looking after some matters of business.

DROWNS AT MEADOW

Joe Sacco, 21, of Omaha, was drowned in one of the sandpit lakes along the Rock Island railroad tracks near Louisville shortly after 6 p. m. Friday. He had come to Louisville with his wife and friends on his vacation.

Sacco went in the lake ahead of the others in the party and was drowned while they were preparing for the water. He swam across the lake but was unable to gain the bank. None in his party saw him go down, but some people nearby saw him and called friends. Sheriff Muddell directed a group of men in a motor boat and the body was recovered with grapplink hooks an hour and a half later.

Besides his wife, Gertrude, there also was in the party a girl friend of Mrs. Sacco and two relatives, Joe G. Codinez and Angeles Rize, both of Omaha. Mr. Sacco was employed by a packing company.

Lukewarm men, declares Herr Hitler, don't make history. Nope. We fancy not. But half-baked ones now and then get a few lines.
