Schmidtman, of that place, in honor of Miss Ida Reynolds, who will, in the near future, wed Dr. Carl F. Schmidtman, of Omaha. A large number of the friends of these two popular young people were there and enjoyed the very pleasant evening which was had. Many beautiful and useful presents were given the bride-to-be, as well as wishes extended for a long and happy married life.

Thirty Years on the Road
Josey, known thus by all the people around this neighborhood, and always carrying his world famous valise, appeared in Union on last Monday and greeted his friends, wearing the same clothes, and making his way on foot passed on to Nehawka, where he is as well known as here. In conversation with the writer, he told us that he had been thirty years on the road without work, and had made his way and lived, though it looks like the living was a very precarious one. We know that during the past few years it has been difficult to secure a position, but in thirty years it looks like one could get a few days work—enough to make him healthy, anyway.

Highway Quarantine Lifted
The two towns of Nehawka and Union, which have been under quarantine of the motoring public for the past nine months while the work of grading and paving the O street road has been in progress, will with the coming week be free, as the latter part of the concrete slab, extending from the new Weeping Water bridge east to the juncture of this road with U. S. 75, will be uncovered, beginning today. The opening of the new road is indeed welcome after the long wait its building has necessitated, and during all of which time people have avoided coming this way.

There has been some talk of celebrating the event, but whether or not it will be done, we are unaware. It would surely be a nice thing to do so and to have news of the opening of the pavement published as widely as possible, that all may know access to these two towns is no longer cut off and there is no hindrance in the way of detours.

What do you think about it, boys? The paving is here and it would be a good time to celebrate!

Opens New Store
O. A. Gude, of Nebraska City, has opened a new store in the room where Mrs. Mabel E. Reynolds has been engaged in business for some years, prior to closing the business there a few weeks since. The new store will be known as the Gude Grocery and will be conducted as a grocery and market. This will make three stores of this nature and it looks like plenty for the town.

Preaching services each alternate Sunday at 11, and the other Sunday at Wyoming. The Epworth League meets at 7:30 Sunday evening, this service also being open to all who wish to come.

Our Funeral Home

IN planning our funeral home, we desired to provide a place where the funeral service, and the necessary preliminaries to it, may be conducted with the greatest efficiency and comfort in the quiet, dignified atmosphere of a home.

We believe that we have achieved this. The use of our mortuary is available to all our patrons, though we, of course, are willing to conduct the services from the church or residence when so desired.

Normal Board Cuts Salaries of All Employees

Reduction Will Average Twenty Percent in the Four State Normal Schools.

The state normal board Monday afternoon struggled with a proposed reduction of salaries to be applied to all state normal schools beginning with the new school year. The university had set an example with a reduction of 22 percent.

Edwin Crites of Chadron, proposed a straight reduction of 20 percent, which he said would come within the reduction made by the legislature in its appropriation for normal schools.

Edgar Ferneau proposed a reduction of 20 percent on all salaries, no cut to apply below \$1,000, which would also come within the legislative allowance and not reduce the pay of the small salaried employees, some of whom have families. Both proposals were voted down.

The board agreed to exempt the first \$500 and to cut the next \$1,000 by 20 percent and the balance over and above \$1,000 to be cut 30 percent. This method, it was shown, would cut a \$950 salary to \$860, \$600 salary to \$580.

J. R. Rohn of Fremont, compiled a statement showing that the present salaries at the four normals and the proposed reductions would be:

	Present	Proposed
Peru	\$151,216	\$122,465
Kearney	169,100	135,200
Chadron	132,541	102,714
Wayne	149,970	120,824
Totals	\$602,827	\$481,203

This makes a total reduction of \$121,622, or a little more than 20 percent.

Later the board will take up individual salaries under an agreement to raise or lower particular salaries to make them more equitable as between faculty members in each institution and as between the four colleges.

The presidents of the institutions as the highest salaried officials will take the biggest cut. Basing their present salary at \$5,600 they would receive a total cut of \$1,410 a year each, which is slightly more than 25.5 percent. Two of the presidents have been paid \$5,000 but were furnished homes but the board ordered the salaries considered as \$5,600 in determining the reductions.

Fred Miller and Carl Pierce, both excellent ball players, were over to Plattsmouth on last Sunday, when they played with the ball team of that place against one of the fast amateur teams of Omaha. It took eleven innings to decide the result, the Plattsmouth team winning by a score of 6 to 5.

Caroline, the little granddaughter of Mr. and Mrs. Nels Anderson, is making this excellent couple a prolonged visit and is bringing brightness and sunshine into their home. She has but recently returned from the hospital, where she underwent an operation, and is showing good improvement at this time.

The new O street paving is to be opened to traffic through Union in the next few days, doing away with the troublesome detours that have been necessary during the past nine months while grading, bridge building and paving required keeping the road closed most of the time. The west end paving had previously been opened to traffic and now the last of the troublesome barriers is to be removed.

The Plymouth factory is working at peak production to supply the demand for this popular line of cars, and dealers are having a hard time getting them in sufficient quantities.

Parker (Phillip Lord) of radio fame, came here recently and arranged to put on "An Evening at Jonesport." Among those appearing in the cast were Seth Parker, played by the man putting on the entertainment; Cephas, by Tommy Troop; Lizzie, by Lois Troop; Ma Parker by Joy Murdoch; Mollie, by Mrs. Henry Theille; Mary, by Miss Dorothy Sheldon; Jane by Mrs. Englebritsen; while Albert Anderson carried the part of the Captain in splendid manner. Besides the featured players named above, there was a large cast of excellent singers and all in all it was a most worthwhile production. After deducting a percentage for the promoter, the remainder of the money taken in went for the benefit of the church.

"Pal" is Back Again
"Pal," the dog that formerly belonged to the late Dr. D. E. Hansen, who was drowned here last August, with the passing of Dr. Hansen, became much attached to Walter J. Wunderlich, who had been a close friend of the lamented doctor, and so ownership of the dog passed to the Wunderlich family. He lived up to his name by being a real pal to the Wunderlich children, as he had been with his former master. About a month ago the dog turned up missing, his loss being keenly felt by the family. Walt just kept still and began working on the case, with the result that the dog was located on a farm some seven miles west of Om-

aha. When Pal saw Walter, there was no discussion, the dog coming to him immediately and saying in dog language, "Take me back home." And home he came, with Mr. Wunderlich. Just how the matter was settled with the man who had him has not been divulged, but the dog was so pleased to get back home that he will never go away again.
